

BEFORE THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES  
OF THE  
STATE OF IDAHO

IN THE MATTER OF CHANGING THE )  
BOUNDARIES OF WATER DISTRICT ) ORDER  
01, UPPER SNAKE RIVER. )  
\_\_\_\_\_ )

WHEREAS, Water District 01 is composed of the Snake River and its tributaries from the point where the Snake River enters the State of Idaho, downstream to Milner Dam, excluding Water Districts No. 25, Willow and Sand Creeks; No. 27, Blackfoot River; No. 29, Portneuf River; No. 41, Rock Creek; No. 43-A, Raft River; and No. 45-N, Dry Creek; and

WHEREAS, the Department of Water Resources has determined that there is a necessity to change the boundaries of Water District 01, to include Willow and Sand Creeks located in Water District 25;

IT IS, THEREFORE, ORDERED that effective February 1, 1976 the boundaries of Water District 01 be changed to include Willow and Sand Creeks and that Water District 01 be described as the Snake River and its tributaries from the point where the Snake River enters the State of Idaho, downstream to Milner Dam, excluding Water Districts No. 27, Blackfoot River; No. 29, Portneuf River; No. 41, Rock Creek; No. 43-A, Raft River; and No. 45-N, Dry Creek.

DATED this 27th day of February, 1976.

  
R. KEITH HIGGINSON, Director

Withdrawals require: Water Master signature ☐ Sec-Treas. ☐ Other \_\_\_\_\_  
specify

specify

[illegible]

WARNING: If withdrawals exceed budget, call or write Secretary of District for authorization to exceed before sending approved bill to County.

Claims must be in duplicate, one for Department and one for County.

County Claim Forms Check List:

- A) Signed by claimant or authorized signature
- B) Check number of signatures required
- C) Notorized (check claim form)
- D) Payable to proper party
- E) Amounts not in excess of those as provided by certified copy of minutes of annual meeting and adopted budget.
- F) Claims for salary must state number of days  $\times$  pay (Example: \$20 a day  $\times$  20 days = \$400.) if salary is set authorized in that manner

If O.K., send an original with an approval cover letter to County Commissioners.

Also, keep a copy of the letter for Department files and send a copy to Water Master.

WATER DISTRICT NO. 01  
SNAKE RIVER, IDAHO

ANNUAL REPORT FOR WATERUSERS

March 1, 1976

The annual meeting of Water District No. 01 was held at Idaho Falls on March 3, 1975. Arthur L. Larson was elected as Watermaster for the ensuing year.

The following were elected as members of the Committee of Nine:

Leonard Graham, Chairman; Alfred Peters, Vice-Chairman; Clifford Scoresby, Secretary; Reed Murdock, R. Willis Walker, Lester Saunders, Kenneth Anderson, Clyde Greenwell, and Lynn Loosli.

Alternate: Burdell Curtis

Advisory Members: Carlos Randolph, representing the Bureau of Reclamation; William Kerner, representing the Gooding Project; and Merle Kunz, representing Teton Basin.

Principal resolutions adopted at the annual meeting were as follows:

1. That the following transmission losses be charged on stored water:  
1.7% Moran to Palisades; 0.8% Palisades to Heise; 4.4% Heise to Lorenzo; 0.5% Lorenzo to Woodville; 6% Woodville to Blackfoot; 4% Henrys Lake to Island Park; 2.0% Island Park to Warm River; 0.5% Warm River to Ashton.
2. Adopted a budget of \$91,070 to cover the expense of operating the District during the 1975 budget year.
3. Recommended the continuation of a pool committee to obtain and allocate rental water.
4. Reaffirmed support of an integrated multipurpose Lynn Crandall Project, the Salmon Falls Division of the Upper Snake River Project, and the Lower Teton Project.
5. Opposed any legislation which would include any portion of the Snake River in a National Recreation or Scenic Area or any plans that would establish minimum flows that would demand the waters of Idaho.

Precipitation and runoff for 1975 was again above normal. The average precipitation for the nine representative weather stations for the water year ending September 30, 1975, was 18.87 inches, compared to a normal of 15.28 inches. The months of February through May were all about 150% of normal, contributing to the above normal water supply and supplementing the apparent deficient water supply of 80% of normal on January 1.

Snow surveys on April 1 indicated an accumulated snow pack of about 120% of normal, compared to 140% in 1974. Flood space was made in the upper reservoirs, and the late, cold spring caused the flood flows to last well into the summer,

with the reservoirs all being declared full on July 19. The river above Heise peaked June 8th at 35,000 cfs and was controlled to an observed flow at Heise on that date of 15,600 cfs. The maximum observed flow was 21,700 cfs on July 8.

The Jackson Hole area received maximum flood protection when the discharge from Jackson Lake was held to about 400 cfs at the time the inflow was peaking at about 8,000 cfs, holding the discharge at Wilson to a maximum of 11,800 cfs on June 8.

With the late, cold spring, diversions were at record low levels during May and June, with the seasonal totals well below normal. For instance, the Milner North Side diverted only 88% of normal for the season.

Stored water use began on July 22 in the lower valley and on July 26 above American Falls, and ceased on October 1 in the upper valley and October 10 in the lower valley. Total usable contents in the reservoir system on September 30 was 2,363,800 acre-feet, 144,000 acre-feet over the past ten-year average.

Construction of both the Teton and Ririe Dams was almost complete with storage beginning in Teton Reservoir on October 5, 1975, and in Ririe Lake early in December of 1975.

Mean daily discharge at the Minidoka Dam was not cut below the 2,700 cfs power right at any time during the year except briefly on December 23 when it dropped to 1,140 cfs when ice jammed the gates.

The annual reservoir holdovers in thousands of acre-feet on September 30, during the past ten years are shown in the following tabulation:

<u>Year</u>	<u>Jackson Lake</u>	<u>Palisades</u>	<u>American Falls</u>	<u>Lake Walcott</u>	<u>Henrys Lake</u>	<u>Island Park</u>	<u>Grassy Lake</u>	<u>Total</u>
1966	516.8	271	9	49.7	56.3	5.5	6.6	914.9
1967	558.8	828	494	95.8	75.6	80.8	9.6	2,142.6
1968	585.5	1,094	751	94.0	77.8	90.2	9.2	2,701.7
1969	569.7	648	239	92.3	72.6	52.1	7.0	1,680.7
1970	573.9	918	811	93.8	73.7	72.2	11.4	2,554.0
1971	598.3	1,066	1,285	93.7	83.5	93.7	12.8	3,233.0
1972	584.8	1,047	984	96.4	82.5	86.7	9.5	2,890.9
1973	607.4	629	82	82.4	79.9	71.8	9.7	1,562.2
1974	586.7	1,018	251	93.9	82.0	109.3	10.3	2,151.2
1975	577.0	1,070	428	97.6	76.8	104.5	9.9	2,363.8
Avg.	575.9	859	533	88.9	76.0	76.7	9.6	2,219.5

The Palisades figures are after deducting 201,000 acre-feet dead storage. The usable capacities of the above reservoirs total 4,082,000 acre-feet when American Falls is at its unrestricted capacity of 1,700,000. The 1975 holdover is slightly above the average for the past ten years.

# DIVERSIONS DURING 1975 IRRIGATION SEASON BY SNAKE RIVER CANALS

May thru September for upper valley canals; April 15 thru September  
for lower valley canals.

Milner Low Lift	51,910	13,470(j)	3.9
Gooding	<u>423,500</u>	<u>63,700</u>	<u>6.6</u>
TOTAL	6,391,337	1,052,415	6.1

- (a) Received additional water from Willow and Sand Creeks.  
(b) Used additional water from Willow Creek early in the season.  
(c) Water pumped from wells for about 600 acres of this land.  
(d) In cooperation with the New Sweden District, their major return flow spilling back to the river near the end of the Oakland Drain was gaged by a continuous recorder and the following data collected:

<u>Month</u>	<u>Acre-feet</u>	<u>Month</u>	<u>Acre-feet</u>	<u>Month</u>	<u>Acre-feet</u>
May 16-31	5,330	July	3,850	Sept.	5,600
June	7,270	Aug.	6,740	Oct. 1-18	3,260

For the months May through September, 28,800 acre-feet were returned to the river. There are several other small spills which were not measured.

- (e) Includes 7,780 acres outside New Sweden District to which water was delivered.  
(f) Supplements main supply from the Blackfoot River.  
(g) Observed return flow was about 417 acre-feet for August and 336 acre-feet for September.  
(h) Includes 8,072 acre-feet pumped from wells.  
(i) Acreage includes 235 acres of non-project land supplied from canal. An additional 209 acres is supplied from wells by private users and 3,597 acres of project land were irrigated by pumping 7,150 acre-feet from wells.  
(J) Also delivered water to 645 acres outside the district.

These main river canals diverted about 12½% less water than in 1974. Of the 3,172,700 acre-feet diverted by lower valley canals (below Neeley), 952,555 acre-feet, or 30% was stored water. Upper valley main canals diverted 4,160,700 acre-feet, of which 209,681 acre-feet or 5.0% was stored water.

to September, from Falls River, Henrys Fork and Lower Teton River

## RESOLUTIONS

Resolution No. 1. That the following transmission losses be charged on stored water: 1.7% Moran to Palisades; 0.8% Palisades to Heise; 4.4% Heise to Lorenzo; 0.5% Lorenzo to Woodville; 6% Woodville to Blackfoot; 4% Henry's Lake to Island Park; 2% Island Park to Warm River; 0.5% Warm River to Ashton.

Resolution No. 2. That an attempt to establish pre-reservoir conditions, stored water when released from reservoirs shall be charged a reasonable amount to cover lag and river bank storage, said amount to be repaid to stored water by natural flow before the close of the irrigation season.

Resolution No. 3. We recommend that Arthur L. Larson be elected Watermaster for the ensuing year, including a staff of an assistant and a clerk for an aggregate annual salary of \$36,350, which amount is 50% of the salary and benefits obligation for the three-member staff. The remainder of the salaries of these employees as determined by Federal Civil Service and Geological Survey regulations shall be paid from non-Water District funding sources.

Resolution No. 4. Resolved that the duties of Watermaster shall begin on this date and continue for a full period of one year.

Resolution No. 5. Proposed budget for Water District No. 01 for year beginning April 1, 1976:

### Hydrographers:

Teton Basin	4 mo. @ \$675 each*	\$2,700	
Idaho Falls Area	4½ mo. @ \$675 each*	3,040	
Lower Valley	3 mo. @ \$675	2,025	
Henrys Fork	150 days @ \$ 30 each**	4,500 <sup>1/</sup>	
Falls River	100 days @ \$ 30 each**	3,000	
Teton River	50 days @ \$ 30 each**	<u>1,500</u>	\$16,765
TOTAL			

### River Riders

Heise Division	120 days @ \$ 19 each**	2,280 <sup>2/</sup>	
Rigby Division	120 days @ \$ 18 each**	2,160	
Blackfoot Division	120 days @ \$ 18 each**	2,160	
Swan Valley	75 days @ \$ 14 each**	1,050

1/ Paid into Federal-State Cooperative account to be used to pay that portion of the Geological Survey employees salaries chargeable to the Watermaster function. The remainder of the salaries of these employees, as determined by Federal Civil Service and the Geological Survey regulations, paid from non-Water District funding sources. The Federal fiscal year begins on Oct 1 each year beginning in 1976.

2/ Proportionate share of streamgaging operations and maintenance paid into Federal-State cooperative account with allowances for streamflow data needed in the Federal-State Cooperative Program and collected by WD hydrographers.

Resolution No. 6. RESOLVED that the watermaster shall prepare a report in accordance with Idaho Code Section 42-614, which shall become the official billi. to the individual water users, canal companies, and irrigation districts, and is hereby authorized to collect all of the expenses of delivering the waters of the District, including his salary and that of his assistants, and shall make all disbursements necessary to the conduct of the business of administering and delivering the waters of the District.

RESOLVED that no ditch, canal company, or other water user shall have the right to demand and receive water, and the watermaster shall not deliver to such person until receipt of the amount due and payable from such user.

RESOLVED that copies of the minutes of the annual meeting, the budget as approved, all resolutions approved, and the report prepared in accordance with Section 42-614, shall be filed with the county clerks of Bonneville, Madison, and Teton Counties.

Resolution No. 7. We recommend that the Committee of Nine be continued with nine regular members. The members representing the Burley and Minidoka Irrigation District are to be alternated between the two districts as they may arrange. In addition, advisory members representing the Bureau of Reclamation, Teton Basin, Gooding Canal, and a member from the Burley or Minidoka District, whichever is not currently represented on the regular committee, be included. Any canal company or district desiring to have representatives attend meetings of the Committee of Nine should notify the Watermaster, who will then advise them of dates and times of Committee meetings so that they may have an opportunity to attend such meetings.

Resolution No. 8. WHEREAS, in the operation of the Water District No. 01, it is necessary to borrow money at times to meet expenses of operation prior to collections from the canal companies at the close of the irrigation season,

THEREFORE, BE IT RESOLVED, that the Watermaster, or Acting Watermaster in case of his absence, is hereby authorized to borrow from time to time during the year ending March 31, 1976, such sums as are necessary to pay outstanding bills, signing notes as authorized officer of District No. 01 as security therefore, the total amount of any such outstanding indebtedness at any one time not, however, to exceed \$35,000.

Resolution No. 9. WHEREAS, the operation of the storage pool committee in past years has proved to be of valuable assistance to the Watermaster in providing an orderly distribution of rental water,

THEREFORE, BE IT RESOLVED, that a pool committee again be appointed by the Chairman of the Committee of Nine for the following purposes:

1. To determine general policy regarding source of rental water;
2. To assist the Watermaster in the allocation of rental water;
3. To consult with the Watermaster on ways to most fully utilize available storage water.

Resolution No. 10. WHEREAS, it has long been the policy of Water District No. 01 to urge and promote orderly development of the water resources of the State of Idaho and the commencement, when practicable, of development of the upper stretches of our rivers to prevent waste by flooding and to obtain maximum use of the water as it flows through our state; and

WHEREAS, the Bureau of Reclamation has considered a plan for multiple-purpose project at the Lynn Crandall site on the South Fork of the Snake River to provide, among other things, much needed supplemental water for irrigation of lands now under cultivation, as well as to provide water for arid lands which are not now irrigated, and at the same time to serve as a regulating reservoir for the Palisade Project;

NOW THEREFORE, BE IT RESOLVED, that Water District No. 01, meeting in Idaho Falls, Idaho, this 1st day of March, 1976, re-affirms its long standing position favoring a multiple-purpose project at the Lynn Crandall site on the South Fork of the Snake River.

Resolution No. 11. WHEREAS, Water District No. 01 has consistently endorsed the early authorization and construction of the Salmon Falls Division Project; and

WHEREAS, Idaho water users appreciate the authorization of the project in 1972;

NOW, THEREFORE, be it resolved, that Water District No. 01 meeting this 1st day of March, 1976, in the city of Idaho Falls, Idaho, urges early appropriation of funds to initiate construction of the project.

Resolution No. 12. WHEREAS, Water District No. 01 has long supported the Lower Teton Project, and

WHEREAS, the project has been authorized after full consideration by all interests and is now under construction,

THEREFORE, BE IT RESOLVED, that we re-affirm our support of the Lower Teton Project on the Teton River and urge that all steps be taken necessary to fund and complete on schedule the construction of the project.

Resolution No. 13. WHEREAS, the states downstream from Idaho have proposed to establish minimum flows on the Columbia River, and

WHEREAS, the water users of Water District No. 01 of the State of Idaho have always favored multi-purpose development and upstream storage, and have opposed plans which would interfere with established water rights and limit or prevent orderly use and development of water resources within the State of Idaho;

NOW, THEREFORE, BE IT RESOLVED, that the water users of Water District No. 01 are opposed to any plan which would establish minimum flows in any of the rivers or streams carrying the waters flowing out of the State of Idaho; and are particularly opposed to any unilateral establishment of a minimum flow by a downstream state which demands the waters of Idaho.

Resolution No. 14. WHEREAS, E.P.A. is presently in the process of promulgating new regulations concerning irrigation discharges under N.P.D.E.S., Section of P.L. 92-500; and

WHEREAS, the new regulations correct certain inequities originally asserted by E.P.A. in their enforcement program,

NOW THEREFORE BE IT RESOLVED that E.P.A. be commended in their continuing efforts to amend the law so that its effect and the enforcement thereof will not be detrimental to agricultural irrigation within the State of Idaho.

Resolution No. 15. BE IT RESOLVED that the South Side water users of the North Fork Water Users' Association oppose any minimum stream flow legislation that would in any way infringe on or be detrimental to existing natural flow or storage rights and to future agricultural development.

BE IT FURTHER RESOLVED that any such minimum stream flow legislation also require up-stream multi-purpose storage to provide the minimum flow.

W.D.O. 1976  
INTER-DEPARTMENT MEMO — 1

FROM Dave Tuthill

DATE 3-9-76

TO Ron Carlson

SUBJECT RESERVOIR REGULATION SPECIAL DEPUTY.

Please appoint Art Larson as special deputy to regulate the reservoirs listed in the attached request.

RECEIVED

IN REPLY  
REFER TO: 405 MAR 8 1976 March 5, 1976  
511. Department of Water Resources

Mr. Keith Higginson, Director  
Department of Water Resources  
State Capitol  
Boise, Idaho 83720

Dear Mr. Higginson:

Pursuant to the provisions of Chapter 7, Section 41-701 and 41-702 of the Idaho Compiled Statutes, notice is hereby given that the United States, as the owner of Jackson Lake Reservoir, Grassy Lake Reservoir, Island Park Reservoir, Palisades Reservoir, American Falls Reservoir, and Teton Reservoir, desires to use the bed of the Snake River and its tributaries, natural water courses in the State of Idaho, for the purpose of carrying the stored water from said reservoirs to the several projects entitled to use the same, and requests that a special deputy be appointed as provided in said sections to adjust the headgates of the various canals diverting from said stream in such a manner that the parties having the right to the use of such stored water shall secure the volume thereof to which they are entitled.

The dates when the stored water will be discharged, its volume in acre-feet and rate of flow in cubic feet per second will depend upon climatic and runoff conditions and cannot be determined at this time. Stored water released from Island Park and Grassy Lake Reservoirs during the season of 1976 will be for the benefit of the Fremont-Madison Irrigation District.

It has been the custom in the past for the Watermaster of District No. 01 to act in the capacity of the special deputy under appointment by your office. The continuation of this custom is requested for the current year.

Sincerely yours,

*Carlos C. Randolph*

MINUTES OF MEETING OF COMMITTEE OF NINE MAR 11 1976  
WATER DISTRICT NO. 01

Idaho Falls, Idaho

February 29, 1976

Department of Water Resources  
Eastern District Office

The Committee of Nine, Water District No. 01, State of Idaho, met at the Westbank Restaurant, Idaho Falls, Idaho, at 7:30 P.M., February 29, 1976, with Leonard Graham presiding.

Committee members present were: Leonard Graham, Al Peters, Clifford Scoresby, Reed Murdock, Lester Saunders, Kenneth Anderson, Willis Walker, and Lynn Loosli.

Advisory members present: Carlos Randolph and William Kerner.

Committee members absent: Burdell Curtis and Merle Kunz.

Others present at the meeting were as follows:

Water District No. 01: Arthur L. Larson and C. Michael Bennett

Idaho Department of Water Resources: Kenneth Dunn and Ronald Carlson,

U. S. Geological Survey: Albert M. LaSala, Jr.

U. S. Bureau of Reclamation: Carlos Randolph, William Burpee, John Walker, John Mangan, Norman Moore, Terry Gulley, and Leo Busch.

Attorneys: Norman Nielsen, Kent Foster, Roger Ling, and John Rosholt.

There were also about 20 interested waterusers present.

Clifford Scoresby presented 15 resolutions for consideration. All were approved for presentation at the general meeting on March 1.

Mr. John Rosholt requested endorsement by the Committee of Nine of a proposed reservoir and river operations plan for the period of Sept. 15 to Nov. 1, 1977, as outlined in Article 10 of the proposed contract between the U.S. and the American Falls Reservoir District.

Mr. Greenwell moved that the Committee of Nine consider the matter in executive session. Seconded by Willis Walker. Carried.

No further business being presented, the meeting adjourned at 8:20 P.M.

Respectfully submitted,

/s/ Clifford N. Scoresby

COMMITTEE OF NINE EXECUTIVE SESSION - FEBRUARY 29, 1976

The Committee of Nine, Water District No. 01, State of Idaho, met in executive session at the Westbank Restaurant, Idaho Falls, Idaho, at 8:30 P.M., February 29, 1976, with Leonard Graham presiding.

The question for consideration was the endorsement of a proposed reservoir and river operation as presented to the Committee at the preceeding open meeting by Mr. John Rosholt.

After discussion, the consensus of the Committee was that members did not have enough information to endorse the proposal. The Chairman then set another meeting to be held following the general meeting the following day, March 1, and adjourned the session at 9:00 P.M.

Respectfully submitted,

/s/ Clifford N. Scoresby

COMMITTEE OF NINE EXECUTIVE SESSION - MARCH 1, 1976

The Committee of Nine met in executive session at 3:30 P.M. as set forward at the conclusion of the meeting, February 29, 1976.

Members present were Leonard Graham, Al Peters, Cliff Scoresby, Kenneth Anderson, Willis Walker, Reed Murdock, Lynn Loosli, Lester Saunders, Clyde Greenwell, William Kerner, and Art Larson.

Discussion resumed on the matter of a proposed river and reservoir operation as noted in the proposed contract between the United States and the American Falls Reservoir District, Article 10. Copy of the proposal is attached to the original minutes.

After serious deliberation and by unanimous consent, the committee agreed to defer action on the proposal.

Reorganization of the committee was as follows:

Leonard Graham, Chairman; Alfred Peters, Vice-Chairman; Clifford Scoresby, Secretary.

Mr. Graham reappointed the 1975 members of the storage pool committee to serve again for 1976, namely, Leonard Graham, John Walker, Carlos Randolph and Art Larson.

It was suggested and agreed the committee should meet on a quarterly basis.

Meeting adjourned at 4:15 P.M.

Respectfully submitted,

/s/ Clifford N. Scoresby, Secretary

**MINUTES OF ANNUAL MEETING OF WATER DISTRICT NO. 01**  
**Idaho Falls, Idaho, March 1, 1976**

The 1976 Annual Meeting of Water District No. 01 was called to order at 10:00 A.M. in the Westbank Restaurant, Idaho Falls, Idaho, by Watermaster Arthur L. Larson, with about 200 waterusers present.

Motion by Walt Chopple and seconded by L. C. Anderson that Leonard Graham be elected temporary chairman. Motion carried.

Clifford Scoresby was elected temporary secretary.

Minutes of the March 3, 1975, annual meeting were read by Clifford Scoresby. Moved by Reed Oldham and seconded by George Jacobs that the minutes be approved as read. Motion carried.

Chairman declared a recess for selection of the Committees on Organization and Order of Business, Credentials, and Committee of Nine. The following nominations for committees were presented and duly elected.

Committee of Nine: Leonard Graham, Al Peters, C. N. Scoresby, R. Willis Walker, Lynn Loosli, Lester Saunders, Kenneth Anderson, Reed Murdock, and Burdell Curtis.

Alternate Member: Clyde Greenwell.

Advisory Members: William Kerner, Merle Kunz, and Carlos Randolph.

Order of Business: Russell Wooley, Murray Hammond, Grant F. Stucki, Edward Rindlisbacher, Bill Rudd, Glen Larson, Norman Hiliam, Carlos Neilsen, and James Lovell.

Credentials: Neal Erickson, Don Rydalch, Bill Watts, Ferria Young, Earl Stanger, Spence Harris, Bud Morris, Morris Sharp.

The Committees on Organization and Order of Business and for Credentials were excused to conduct their business.

The roll call of canals entitled to vote was read by C. N. Scoresby. Of 110 canals with a total vote of 179,762, 54 canals with total votes of 148,084, were represented. (Voting members attending caucuses were polled after their return to the floor.)

1975 Report of Committee on Organization and Order of Business:

"We, your Committee on Organization and Order of Business, desire to report the following:

"We recommend that the temporary organization be made permanent and the following be adopted as the order of business of this meeting:

1. Appointment of a temporary organization.

2. Reading of minutes of previous meeting, omitting the resolutions.
3. Recess for caucus.
4. Roll Call of canals shall be held while Committee on Organization, Order of Business and Committee on Credentials are in caucus.
5. Report of committees.
6. That the temporary organization be made permanent.
7. Financial report of District.
8. Election of Committee of Nine.
9. Resolutions.
10. Election of Watermaster.
11. Unfinished Business.
12. New Business.
13. Committee of Nine shall serve as a permanent resolution committee and anyone desiring to present a resolution be requested to present it to the Committee of Nine prior to District No. 01 meeting.

/s/ Grant Stucki, Chairman"

Upon motion by Grant Stucki, seconded by Walt Chapple, the report of the Committee on Organization and Order of Business was adopted.

**1975 Report of Committee on Credentials:**

"We, your Committee on Credentials, recommend the following for your consideration:

1. That the representatives of different rights be determined by roll call in advance of voting.
2. That the companies or other organizations owning decreed water rights shall be entitled to vote through their duly elected officers or by written proxy. Each stockholder or any company not represented by duly elected officers or by written proxy shall be entitled to vote the stock held by them.
3. That in case two or more officers are present from any canal company, they shall select one man to vote the stock of said company.
4. That power rights be not recognized in the voting.

5. That no person be elected to membership and service on the Committee of Nine, Committee on Organization and Order of Business, or Credentials Committee unless he be a landowner and wateruser in the canal company or irrigation district which he represents during the term of his office.

/s/ Don Rydalch, Chairman"

Motion presented by Don Rydalch and seconded by Max Mortenson to approve the report and recommendations of the Credentials Committee. Motion carried.

Arthur L. Larson, Watermaster, read the Annual Report to the Waterusers. Moved by L. C. Anderson and seconded by Don Rydalch that the report be accepted. Motion carried.

Reed Oldham moved that the recommendations of the Committee for selection to the Committee of Nine be accepted and the committee be elected by acclamation. Second by Don Rydalch and motion carried.

Kenneth Dunn, Idaho Department of Water Resources, Boise, presented the Committee of Nine members with advance copies of the State Water Plan, Part II. He also announced the consolidation of Water District 25 (Willow Creek) with Water District No. 01 on February 1, 1976.

Meeting recessed for lunch at 11:35 P.M., and reconvened at 1:00 P.M.

The program portion of the afternoon session included the following guest speakers:

Chairman Graham introduced Carlos Randolph, Minidoka Project Supt., USBR, Burley, who in turn introduced the other Bureau of Reclamation speakers as follows:

Terry Gulley, Reservoir and River Operations Superintendent, reported on the 1975-76 operations and the anticipated schedule for the coming year. His written report is attached to the original minutes. Terry concluded by announcing his retirement from government service on April 10. The audience awarded him a standing ovation in appreciation of his outstanding service to the irrigators in the District.

John Mangan, Regional Planning Officer, reviewed briefly the status of project investigations in Eastern Idaho, noting specifically that Salmon Falls is in the advance planning stage; Oakley Fan feasibility study has been reviewed; Teton second phase is being studied by private consultants prior to USBR approval; Ririe reservoir storage allocations are currently under consideration; and Lynn Crandall Dam studies are inactive.

Robert Robison, Construction Engineer for Teton Dam, reported Teton Dam was topped out last fall and the reservoir is expected to fill by mid-July, 1976. Generating units, pumping plant and pipe lines are currently being constructed with first generation of power expected by mid-July.

Norman Moore, Assistant Regional Director, USBR, reviewed the negotiations to date for rebuilding American Falls Dam and noted that representatives of the Burley and Minidoka Districts and other space holders are to confer in the office of the Secretary of the Interior in Washington, D.C., on Wednesday March 4th.

Routine inspection of older dams has resulted in a program of reinforcing Jackson Dam to resist possible earthquake stresses and revealed deteriorating concrete in the Island Park Dam.

On the Teton Project, identification of mitigation versus enhancement of wildlife benefits is to be determined in court on April 26, in Idaho Falls.

Mr. Moore announced his retirement as of February 28, 1976.

Mr. Randolph introduced Leo Busch who will replace Terry Gulley; John Walker, Regional Supervisor of Irrigation, USBR, Boise; and William Burpee, Department of Interior Solicitor, Boise; before returning the program to Chairman Graham.

Chairman Graham then introduced the following speakers:

Bill VanStone, Acting Resident Engineer for Ririe Dam, U. S. Corps of Engineers, reviewed the present status of Ririe Dam, stating that the embankment is virtually complete and some of the phases remaining to be completed are the spillway gates and the downstream flood channel. The reservoir can store up to 50,000 A.F. this season.

John Rosholt, Attorney, spoke on the National Pollutant Discharge Elimination System (NPDES). Referring to objections to the permits required by EPA under the NPDES, Rosholt noted hearings have been held on the Water Quality committee reports and that it was his understanding that the revised regulations would eliminate the requirement of responsibility of each irrigation system to police its own program. Instead, there would perhaps be one permit for southern Idaho unless testing proved to require certain individual permits. He also noted there are to be meetings of officials of the National Water Users Association from the western states to discuss the regulations and to determine if a uniform stand can be adopted by each of these western states.

Jack Wilson, Soil Conservation Service Snow Survey Supervisor, reported the snow pack is above normal at about 125% on the Snake River, 116% on Henrys Fork, and 113% on Willow Creek. He stated two automatic isotopic snow gages are now in operation on Willow Creek drainage, with the one on Lewis Lake Divide to be operational April 1, and numerous others planned as funds become available in the future.

Marlow Freckleton, local SCS Conservationist presented a slide talk illustrating the finer points of furrow irrigation.

Arthur L. Larson, Watermaster, Water District No. 01, concurred with previous speakers that the 1976 season should be another good water year. He introduced Mr. Albert M. LaSala, Jr., Acting District Chief, USGS, Boise; Mike Bennett, Assistant Watermaster, Water District No. 01, and Lola Dunn, clerk for the Water District.

Business meeting resumed with the report of the resolutions, by Clifford N. Scoresby, as approved by the Committee of Nine at their meeting held the previous evening, February 29. Resolutions are as follows:

Resolution No. 1. That the following transmission losses be charged on stored water: 1.7% Moran to Palisades; 0.8% Palisades to Heise; 4.4% Heise to Lorenzo; 0.5% Lorenzo to Woodville; 6% Woodville to Blackfoot; 4% Henry's Lake to Island Park; 2% Island Park to Warm River; 0.5% Warm River to Ashton.

Resolution No. 2. That an attempt to establish pre-reservoir conditions, stored water when released from reservoirs shall be charged a reasonable amount to cover lag and river bank storage, said amount to be repaid to stored water by natural flow before the close of the irrigation season.

Resolution No. 3. We recommend that Arthur L. Larson be elected Watermaster for the ensuing year, including a staff of an assistant and a clerk, for an aggregate annual salary of \$36,350, which amount is 50% of the salary and benefits obligation for the three-member staff. The remainder of the salaries of these employees as determined by Federal Civil Service and Geological Survey regulations shall be paid from non-Water District funding sources.

Resolution No. 4. Resolved that the duties of Watermaster shall begin on this date and continue for a full period of one year.

Resolution No. 5. Proposed budget for Water District No. 01 for year beginning April 1, 1976:

#### Hydrographers

Teton Basin	4 mo. @ \$675 each*	\$2,700	
Idaho Falls Area	4½ mo. @ \$675 each*	3,040	
Lower Valley	3 mo. @ \$675 each*	2,025 <sup>1/</sup>

Resolution No. 13. WHEREAS, the states downstream from Idaho have proposed to establish minimum flows on the Columbia River, and

WHEREAS, the water users of Water District No. 01 of the State of Idaho have always favored multi-purpose development and upstream storage and have opposed plans which would interfere with established water rights and limit or prevent orderly use and development of water resources within the State of Idaho;

NOW, THEREFORE, BE IT RESOLVED, that the water users of Water District No. 01 are opposed to any plan which would establish minimum flows in any of the rivers or streams carrying the waters flowing out of the State of Idaho; and are particularly opposed to any unilateral establishment of a minimum flow by a downstream state which demands the waters of Idaho.

Resolution No. 14. WHEREAS, EPA is presently in the process of promulgating new regulations concerning irrigation discharges under NPDES, Section of PL 92-500; and

WHEREAS, the new regulations correct certain inequities originally asserted by EPA in their enforcement program,

NOW THEREFORE BE IT RESOLVED that EPA be commended in their continuing efforts to amend the law so that its effect and the enforcement thereof will not be detrimental to agricultural irrigation within the State of Idaho.

Resolution No. 15. BE IT RESOLVED that the South Side water users of the North Fork Water Users' Association oppose any minimum stream flow legislation that would in any way infringe on or be detrimental to existing natural flow or storage rights and to future agricultural development.

BE IT FURTHER RESOLVED that any such minimum stream flow legislation also require upstream multi-purpose storage to provide the minimum flow.

Upon motions duly made and seconded, each of the above resolutions was adopted as presented for the coming year.

Motion presented by Willis Walker and seconded by George Jacobs that Arthur L. Larson be elected watermaster for the ensuing year. Motion carried.

There being no further business, meeting adjourned at 3:25 P.M.

Respectfully submitted,

/s/ Clifford N. Scoresby, Secretary

INTER-DEPARTMENT MEMO — 1

FROM DAVE TUTHILL

DATE 12 MAR 76

BEFORE THE DIRECTOR OF THE DEPARTMENT OF WATER RESOURCES  
OF THE  
STATE OF IDAHO

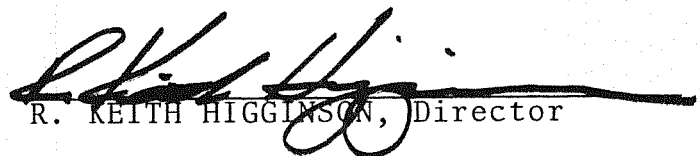

IN THE MATTER OF CHANGING THE )  
BOUNDARIES OF WATER DISTRICT ) ORDER  
01, UPPER SNAKE RIVER. )  
\_\_\_\_\_ )

WHEREAS, Water District 01 is composed of the Snake River and its tributaries from the point where the Snake River enters the State of Idaho, downstream to Milner Dam, excluding Water Districts No. 25, Willow and Sand Creeks; No. 27, Blackfoot River; No. 29, Portneuf River; No. 41, Rock Creek; No. 43-A, Raft River; and No. 45-N, Dry Creek; and

WHEREAS, the Department of Water Resources has determined that there is a necessity to change the boundaries of Water District 01, to include Willow and Sand Creeks located in Water District 25;

IT IS, THEREFORE, ORDERED that effective February 1, 1976 the boundaries of Water District 01 be changed to include Willow and Sand Creeks and that Water District 01 be described as the Snake River and its tributaries from the point where the Snake River enters the State of Idaho, downstream to Milner Dam, excluding Water Districts No. 27, Blackfoot River; No. 29, Portneuf River; No. 41, Rock Creek; No. 43-A, Raft River; and No. 45-N, Dry Creek.

AGREEMENT

THIS AGREEMENT made this 17th day of March, 1976,  
by and between CITY OF REXBURG, IDAHO, a municipal corporation  
of the State of Idaho, lessor, and TETON PIPE LINE ASSOCIATION,  
lessee,

WITNESSETH:

WHEREAS, the City of Rexburg has certain decreed  
water rights which at the present time are not being fully used  
by the City and the lessee is desirous of leasing 6.05<sup>50</sup> cfs of  
such water to the lessee for farm land irrigation.

NOW, THEREFORE, in consideration of the mutual cove-  
nants and agreements herein contained, the City of Rexburg hereby  
leases to the said lessee 6.50 cfs of the decreed water rights  
belonging to the City of Rexburg for a period of 3 crop years  
commencing April 1, 1976, and ending December 31, 1978, for the  
sum of \$3600.00, payable as follows: \$1200.00 April 1,  
1976, and \$1200.00 on the 1st day of April each and every year  
during the term of this lease. The lessee is hereby given the  
option to extend the term of this lease for an additional two  
years, at the annual rental payment of \$1200.00 a year.

It is understood and agreed that the lessor does not  
guarantee priority of water right and that water will be avail-  
able for the lessee. The lessee releases the lessor from all  
responsibility or liability in furnishing water to the lessee.

The lessee further agrees that it will assume the  
responsibility and expense necessary for the delivery of such  
water from its point of diversion from the Teton River to its  
proposed place of use. The lessee will assume all responsibility  
for necessary changes of point of diversion.

In the event the lessee does not pay the rental at  
the times herein set forth, the lessee will not be permitted to

take delivery of such water at said point of diversion or elsewhere until such rental has been paid.

IN WITNESS WHEREOF, we have subscribed our names to the within instrument the day and year first above written.

CITY OF REXBURG

By  
Mayor.  
Lessor.

## DEPARTMENT OF WATER RESOURCES

WATER DISTRICT NO. 1

Cecil D. Andrus  
Governor

R. Keith Higginson  
Director

P. O. Box 1099  
Idaho Falls, Idaho 83401  
(208) 522-5404

March 16, 1976

Mr. L. C. Anderson, Deputy Watermaster  
Fremont-Madison Irrigation District  
St. Anthony, Idaho 83445

Mr. O. J. Neeley  
P.O. Box 425  
Rexburg, Idaho 83440

Mr. J. Wayne Stevens  
P.O. Box 147  
Teton, Idaho 83451

Mr. Ronald Carlson, District Engineer  
Idaho Department of Water Resources  
1515 Lincoln Road  
Idaho Falls, Idaho 83401

Gentlemen:

As you know, a situation exists on Canyon Creek regarding an involved series of water rights, permits, and storage rights. The rights to be considered are as follows:

American Falls Storage right	1921		
Teton Reservoir	1960		
Canyon Creek Canal Co.	June 1, 1900	16	cfs
	June 1, 1902	54	
J. Wayne Stevens	April 9, 1973	0.4	cfs
	April 19, 1973	2	
	Sept. 3, 1974	8	
	Nov. 20, 1974	20	
O. J. Neeley (Pony Creek)	June 15, 1900	8.7	
	Dec. 5, 1974	8	

The rights to be resolved are those of Mr. Stevens and Mr. Neeley. Both have applied for inclusion in the Fremont-Madison Irrigation District and have been assured they will be included before the coming irrigation season. This is essential before Fremont-Madison stored water can be used on their lands.

RECEIVED

MAR 17 1976

Department of Water Resources  
Eastern District Office

The allocation of Teton Reservoir storage has not yet been finalized; therefore, the following plan of operation is for the 1976 season only:

1. An adequate measuring device, stilling well, and instrument shelter is to be installed on Pony Creek by Mr. Neeley. Water District No. 01 will furnish a weekly recorder and will rate the measuring section.
2. Mr. Neeley can pump as long as Pony Creek water reaches Canyon Creek in sufficient quantity to supply his demand while the June 15, 1900, decrees are in effect.
3. When 1974 rights are cut, Neeley and Stevens will have equal priority on available storage water under exchange privileges (provided they are included in Fremont-Madison District). When natural flow recedes to a point insufficient for both pumps to operate simultaneously, use will then be on a rotational basis with equal time for each user, the schedule to be determined by mutual consent or by the Watermaster of District No. 01 or his authorized deputy.
4. It is recommended that serious consideration be given before planting late maturing crops that will be dependent upon Canyon Creek water.

Very truly yours

  
Arthur L. Larson, Watermaster  
Water District No. 01

March 25, 1976

RE: WATER DISTRICT NO. 01

Department of Water Resources

KNOW ALL MEN BY THESE PRESENTS:

That we, Arthur L. Larson  
of Idaho Falls, Bonneville County, State of Idaho,  
as Principal, and FIDELITY AND DEPOSIT COMPANY OF MARYLAND, of Baltimore, Maryland, as Surety, are jointly  
and severally held and firmly bound unto State of Idaho

in the penal sum of Five Hundred and no/100 (\$500.00) \* \* \* \* \* Dollars,  
for the payment of which, well and truly to be made, we bind ourselves, our heirs, executors, administrators,  
successors and assigns, jointly and severally, firmly by these presents.

Sealed with our hands and seals and dated this 2nd day of March 19 76

THE CONDITION OF THE ABOVE BOND IS SUCH, That, WHEREAS,

The above bound Principal was on the ~~day of~~ 10th day of March, duly  
elected to the office of Watermaster of Water District No. 01  
of the State of Idaho in the State of Idaho.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH,

That, if the said Arthur L. Larson  
shall well, truly and faithfully perform all the duties of his said office now required of him by law, and  
also all such additional duties as may be hereafter imposed upon him by any law enacted and in force in the  
State of Idaho, for the term of one (1) year, beginning on the 2nd day of  
March 19 76, and ending on the 2nd day of  
March 19 77.

And the said Arh Arthur L. Larson  
shall pay over, in accordance with the requirements of the statutes of the State of Idaho, all moneys that may  
come into his hands by virtue of his said office and shall deliver to his successor in such office  
all writs, papers and other things pertaining to his said office, which may by law be required to be so turned  
over, then the above bond shall be void otherwise to be and remain in full force and effect.

This bond is executed by the Surety upon the following express condition, which shall be a condition  
precedent to the right of recovery hereunder:

That regardless of the number of years this Bond shall continue or be continued in force, or be renewed,  
and of the number of annual premiums that shall be payable or paid, the Surety shall not be liable hereunder  
for more in the aggregate than the above named penalty.

## NEWS RELEASE

April 27, 1976

FOR IMMEDIATE RELEASE

Art Larson Reappointed Watermaster of Water District 01

IDAHO FALLS -- Arthur L. Larson, Idaho Falls, was recently reappointed watermaster of the Upper Snake River, Water District 01, for the upcoming irrigation season by the Idaho Department of Water Resources, according to A. Kenneth Dunn, IDWR administrator.

"Larson has responsibility for distributing the waters of the Upper Snake and its tributaries according to water right priorities from the Idaho-Wyoming border to Milner Dam. He was also appointed Special Deputy in charge of delivering the stored waters of Jackson Lake, Grassy Lake and Palisades, American Falls and Island Park reservoirs," explained Dunn.

The department also appointed several deputy watermasters to assist Larson. They are: C. Michael Bennett, Water District 01; Howard Hatfield, Swan Valley area; Arthur W. Wilson, Upper Teton basin; and Leonard C. Anderson, North Fork Fall and Lower Teton rivers.

JUN 28 1976

Department of Water Resources  
Eastern District Office

Dear Sir:

In your June 1, 1975 to September 30, 1976 Willow Creek Watermaster's report, on page one under 1880 Rights - 120 Days of Delivery you have posted a charge for Progressive Irrigation District for the amount of \$33.61. Due to the water rights to Progressive Irrigation District the county is unable to post this amount to the rolls, because in this case the water rights are not tied to real property.

As the amount of \$33.61 will be subtracted from the amount the county will be collecting, I thought you should be informed on this matter, so you will be able to handle the charge to Progressive Irrigation District some other way.

Should you have any questions about this matter please contact me:

Geri Keele  
Roll Clerks Department

RESOLUTION

WHEREAS, at all times prior to June 5, 1976, the Teton Dam and Reservoir was a very necessary multi-purpose project, and

WHEREAS, the collapse of the Teton Dam which occurred June 5, 1976, has not in any manner altered the necessity for the Teton Dam and Reservoir, and

WHEREAS, in 1977 there was an extreme drouth condition and it appears that in 1978 there might be a flood condition, both of which could have been controlled by the Teton Dam and Reservoir, and

WHEREAS, future increased demand for water, flood control, power and recreation can only be met by adequate upstream storage which the Teton Dam and Reservoir would supply.

NOW, THEREFORE, BE IT RESOLVED that the Congress of the United States be urged to immediately commence the reconstruction of the Lower Teton Project in order that the benefits to be derived therefrom may be utilized as soon as possible.

BE IT FURTHER RESOLVED that a copy of this Resolution be presented to Water District No. 1 at its annual meeting in Idaho Falls, Idaho, March 6, 1978, for its endorsement and concurrence.

BE IT FURTHER RESOLVED that copies of the Resolution be sent to each member of Idaho's Congressional delegation.

## RESOLUTION

WHEREAS, the Committee of Nine has long been the advisory body whose judgment and advice has influenced water decisions in Water District No. 1 and the State of Idaho; and

WHEREAS, LEONARD GRAHAM has demonstrated outstanding service to his area neighbors, the Committee of Nine and Water District No. 1 for thirty (30) years; and

WHEREAS, LEONARD GRAHAM has distinguished himself among his peers for his additional involvement in water matters, including the Palisades Dam Project, the Idaho Water Resource Board, the Upper Snake River Waterusers' Protective Union, the American Falls Replacement Dam Project, and the Teton Dam Project; and

WHEREAS, LEONARD GRAHAM has been acclaimed for outstanding service by the Idaho Waterusers Association and the United States Department of Interior; and

WHEREAS, LEONARD GRAHAM has long served Water District No. 1 and its waterusers as a distinguished Chairman of the Committee of Nine; and

WHEREAS, LEONARD GRAHAM has gained the respect of all Idaho citizens for his distinguished career as a judge, and for those attributes of honesty, friendship and warmth he demonstrated to all his friends;

NOW, THEREFORE, BE IT RESOLVED, that this body here assembled as Water District No. 1 at their annual meeting on this 6th day of March, 1978, do hereby extend their heartfelt thanks and appreciation to LEONARD GRAHAM for thirty (30) years of distinguished service and leadership to the Water District and the State of Idaho;

BE IT FURTHER RESOLVED, that certified copies of this Resolution be forwarded to the Idaho Congressional Delegation, the Governor of Idaho and the Idaho Legislature.

BE IT FURTHER RESOLVED, that the members of this body here assembled now rise in standing ovation as a token of thanks to LEONARD GRAHAM for his friendship and service to us all.

## RESOLUTION

WHEREAS, R. WILLIS WALKER has served the Committee of Nine for thirty (30) years as a loyal representative of his area; and

WHEREAS, R. WILLIS WALKER has been honored by the Idaho Waterusers Association and the Department of Interior for his tireless efforts on behalf of water resources development, including the Palisades and Teton Projects; and,

WHEREAS, R. WILLIS WALKER has long sparked interesting discussions and debates at meetings of waterusers in Idaho and was always willing to confront governmental agencies to the benefit of Idaho waterusers;

NOW, THEREFORE, BE IT RESOLVED, that the users of Water District No. 1 assembled in annual meeting this 6th day of March, 1978, hereby express their thanks to R. WILLIS WALKER for his thirty (30) years of faithful service to Idaho waterusers.

July 27, 1976

Mr. Arthur L. Larson, Watermaster  
Water District 01  
P.O. Box 1099  
Idaho Falls, Idaho 83401

Dear Art:

I am very concerned about the situation that has developed between Owen J. Neeley and J. Wayne Stevens on Canyon Creek. Our records show that both Neeley and Stevens have some high water rights and a small amount of storage water that they have attempted to transfer through the Fremont-Madison Irrigation District. Once the natural flow rights have been cut and the volume of storage water has been pumped, both systems should be shut down for the season.

I am very concerned about the position it would put you in as watermaster if these pumps are allowed to operate on Canyon Creek while earlier priority rights downstream have been cut. If provisions have been made by Stevens and/or Neeley to obtain additional water through exchange, transfer, or rental agreement, then this transaction should be carefully documented in your records before you make any deliveries.

As watermaster you need to be extremely careful of entering into agreements which have the appearance of partiality or are not consistent with the priority system of delivering water rights.

Very truly yours,

RONALD D. CARLSON  
Supervisor,  
Eastern Region

Dear Watermaster:

In accordance with Chapter 6, Section 42-614 of the Idaho Code, and department regulations, the watermaster of each district is required to submit an annual report in TRIPLICATE for each county served, to the Department of Water Resources. The department will forward one copy to the County Treasurer, another copy will be sent to the secretary of the water district, and the third copy will be retained in the files of the Department of Water Resources. Please be certain all of the report is complete.

In accordance with Chapter 6, Section 42-615 of the Idaho Code, and department regulations, the watermaster is required to submit a watermaster's Proposed Budget. The budget is to be made up from the deliveries for the past irrigation season or seasons. This budget must be made in DUPLICATE for each county served, and ALL copies forwarded to the Department of Water Resources.

We are enclosing sufficient forms for making out the Watermaster's Report and the Proposed Budget.

Do not fail to send the Watermaster's Daily Record Books along with the report and budget.

Very Truly Yours,

LOY H. JOHNSON  
Senior Water Resource Agent

Enclosures

THIS AGREEMENT, made and entered into this 22nd day of December, 1975, by and between TETON IRRIGATING AND MANUFACTURING COMPANY, hereinafter called "Lessor", and TETON PIPE IRRIGATION ASSOCIATION, hereinafter called "Lessee",

WITNESSETH:

1. Property Leased.

Lessor does hereby lease to Lessee and Lessee does hereby lease from Lessor the following described water rights in the Teton River, to-wit:

6 cfs with priority of July 1, 1891 and  
7.68 cfs with priority of July 1, 1892.

2. Term of Lease; Option.

The lease shall run for a term of two irrigation seasons, namely, 1976 and 1977.

Lessee is granted the option to renew the lease for an additional term of two irrigation seasons, namely, 1978 and 1979, upon the same annual rental. To exercise the option Lessee must give Lessor notice in writing on or before the end of the initial lease.

3. Rental.

Lessee shall pay to Lessor the sum of \$5,472.00 for each irrigation season. Rent for the first irrigation season has been paid down on execution hereof, receipt of which is hereby acknowledged, and for the subsequent season of the lease, and of any renewal, rent shall be paid on or before the 22nd day of December of the year prior to the irrigation season.

4. Diversion and Expenses.

Lessee shall divert the water from the Teton River at its own expense. Lessor shall have no obligation to divert nor to convey the water.

5. Default.

If Lessee shall fail to pay any rent when due, Lessor

shall not excuse the Lessee from damages for breach of the lease.

Lessee shall pay to Lessor all reasonable attorney's fees that are incurred by Lessor in enforcing the covenants and agreements of this lease or collecting damages for the breach thereof, with or without suit.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be executed this 22nd day of December, 1975.

PRECIPITATION

	<u>Last Week</u>	<u>Month to Date</u>	<u>Normal for Feb.</u>	<u>Snow Depths</u>	
				1977	1976
Moran	0	0	2.28"	18"	42"
Island Park	0	0	3.47	21	47
Palisades	0	0	1.59	8	15

Some comparable snow survey data for past dry years on the Upper Snake River watershed on Feb. 1 are:

<u>Year</u>	<u>Snow Depth</u>	<u>Water Content</u>	<u>Percent of Normal</u>
1931	30"	6.2"	39
1934	35	12.9	82
1960	37	7.7	49
1961	36	9.3	59
1973	43	12.3	78
1977	23	<u>5.0</u>	<u>32</u>

In 1934, Palisades and Island Park dams were not yet built. Storage was limited to Jackson and American Falls, with each filling about 50 percent.

The dry year of 1961 followed the low year of 1960 when the snowpack was not sufficient to fill the reservoirs. For instance, Jackson Lake filled 62 percent, Palisades 51 percent, American Falls 94 percent, and Island Park 70 percent.

This season will start with all reservoirs full, and with careful water management, the Upper Snake River Valley users should have enough water.

Arthur L. Larson

For the three-month period October through December, the normal amount of precipitation at Moran, Wyoming is 5.69". To date this year the accumulated total is 1.66", compared to 2.73" for October through December 1933. Therefore, 1.07" of precipitation must fall during the remainder of December to equal the comparable period of the dry water year 1933-34.

MINUTES OF MEETING OF COMMITTEE OF NINE  
WATER DISTRICT NO. 01  
WESTBANK RESTAURANT - IDAHO FALLS, IDAHO

OCTOBER 14, 1976

RECEIVED

OCT 27 1976

Department of Water Resources  
Eastern District Office

The Committee of Nine of Water District No. 01 met at the Westbank Restaurant, Idaho Falls, Idaho, October 14, 1976, for a luncheon meeting.

Committee members present were Leonard Graham, Al Peters, Clifford Scoresby, Reed Murdock, Lynn Loosli, Burdell Curtis, Lester Saunders, and Carlos Randolph. Also present were Leo Busch, Art Larson, and Kent Foster.

Chairman Graham called the meeting to order at 1:30 P.M., asking for a report on the Teton flood as it affected the various areas of Committee responsibilities. Mr. Walker and Mr. Anderson were not present to comment on the areas most directly affected. Mr. Randolph summarized much of the Bureau of Reclamation's involvement in the flood.

Mr. Randolph indicated that reconstruction of the American Falls Dam is proceeding on schedule. Mr. Randolph noted that since the Committee's May 6 meeting, all irrigation companies and districts have signed the operation procedure, except Falls Irrigation District, and will participate equally in the available water supply passing American Falls Dam during the latter part of the 1977 irrigation season. Those above American Falls reservoir will be asked to use their water efficiently, keeping return flow to the main river to a minimum and bearing in mind that the river must be kept as low as possible below Blackfoot.

Leo Busch reviewed the river and reservoir operation for 1976, and proposed operations for 1977, taking into account the need for minimum flow through the American Falls Dam during September, 1977. He emphasized that water supplies below American Falls would be reduced beginning the middle of August as falling reservoir levels and restricted gate capacity would limit the outflow from the reservoir.

Kent Foster spoke briefly on the status of the State Water Plan, NPDES permits, minimum streamflow legislation, and the ultimate status of the Teton Dam. He urged that the Committee of Nine should make themselves heard on these issues and keep in close contact with the legislators and governor.

Respectfully Submitted

s/Clifford N. Scoresby, Secretary  
Committee of Nine

The Milner spill voids what might otherwise be some minor storage charges. No storage being charged at this time, and unless diversions increase substantially soon, it would appear no more storage will be chargeable this year.

REMINDER: The annual USBR sponsored reservoir tour is being held this Thursday and Friday, with busses leaving from the Westbank at 8:00 A.M. and Pocatello Airport at 9:30 A.M. to visit American Falls and Palisades Dams the first day, overnight at Jackson and back on Friday with stops at Jackson Dam and Teton Dam.
