Ken Campbell

Meeting called to order at 6:10

Chairman, annual meeting, nomination of Hans Hayden by Barry Williams, second by Vance Ward. Vote unanimous.

Secretary nomination of Darrel Ward (temporary for Richard). Vote unanimous.

Water master nomination of Richard Curry to continue was made. Motion by Barry Williams, second by Ken Campbell. Vote unanimous.

Minutes of 2013 Annual Meeting (first organization meeting) read, motion to accepted by Bill Curry, second by Barry Williams. Vote unanimous.

Typed minutes of annual meetings will be available at next meeting. Explained internet location of all meeting minutes, formal communications, orders, etc.

Billing information for 2013 read from resolutions, discussion and explanation followed.

First year, where as no history was present, the Assessment was based on water right size in CFS totals. (Generally it is on actual water use for the past year.) Formula of diversion rate x 85 dayd).

This year, where no formal metering was collected, the assessment will be the same, except those that do not use any water from diversion location will only be assessed the minimum fee (\$50.00) for each water right. At least two larger rights were not used last year and at least one will likely not be used this year as no water exists in

the creek at that point. Several minimum fee rights were also not used, but at that rate, there will be no change in the fee assessed.

Five assessments (all at minimum levels) were not collected; one abstaining and four could not be contacted. The water master will continue to follow up on ownership and address changes (one has deceased) and find a resolution.

Unanimously agreed that that assessment for rights where no water is used will be assessed the minimum fee. This includes surface water that did not exist, wells that were not pumped, and surface water that was allowed to flow without diversion.

The assessment is generally on the measured amount of diverted water used the preceding year. Where as there are no records for 2013, this assessment method will begin in 2014 and the license amount will still be used for 2014.

A change to the typed resolutions was made as to assessments as mentioned.

Resolution to reduce assessment, but still assess the minimum for those not using water was moved by Jeff Stewart, second by Stu Adams. Vote unanimous.

Budget Discussion: As of March 6, 2014 the bank balance was \$987.57. (2013 Budget was \$5000.00). The water master had records of each month's bank statement, copies of checks, a calendar of hours, travel miles, expenses, and major duties for review.

A need for an annual summary of income and expenses was discussed.

Copies of assessment tables were available for review.

A motion for the Budget to remain at \$5000.00, the mileage to remain at \$0.52/mile, and the water master wage to remain at \$15.00/hour was made by Lyle Woodberry, second by Lynn Anderson. Vote unanimous.

(Tim Luke will check on the legal status of \$.52 as IRS has posted a top rate of \$.56.)

Advisory committee: A motion for Vance Ward, Hans Hayden, Ryan Cranny, Barry Williams to continue and for Ken Campbell to replace Dale Bollingbroke was made by Lynn Anderson, second by Barry Williams. Vote unanimous.

Discussion to allow some way of water use estimate for the small water users on Michaud Creek in place of costly meters, etc. followed. Advise water master to follow up and find a solution that will fill the needs of IDWR, water master, and the users.

Those with 5 to 15 acres may request a variance (advisory committee can help) for the required measuring devices. Present this plan to IDWR.

Tim Luke said they have added more economic measuring 'accepted' devices to IDWR list in December. These are for 2 to 3 inch pipe systems.

Tim also announced that the maximum 'minimum assessment' was raised by the Legislature this year to \$200.00. There is no requirement to change from our \$50.00.

Motion to adjourn by Lyle Woodberry, second Darrel Ward. Vote unanimous.

Adjournment at 7:26 pm.

## ACTION ITEMS:

### Next Year: Annual meeting

#### Agenda-printed

Vote in meeting chair, sec

Vote in next year's water master

Minutes, passed out and read, accepted

Go over resolution list,

Wage, mileage reimbursement, etc

Budget: set amount for next year, check annual summary of last year

Consider list of those assessed, note those not using water right

Re assign advisory committee

Water master's report of the past year, significant items

Any business brought by members

Ask in notice letter for things to consider

Annual expense / budget report (summary on one page)

Typed Minutes

Advisory committee meeting before the annual meeting if needed

(Resolutions—annual meeting is on the 2<sup>nd</sup> Tues of March)

May not be a big deal, if we can accommodate Tim Luke better.

#### Other items for Richard to follow up:

Talk to Ivan Bingham, he is only watering about 3 acres --not need metering

Talk to all on Michaud Creek; find solution to metering and payment problems.

Some may need alternative (pressure x nozzle size as variance-If IDWR approves.)

Some may not be using 5 acres and need not meter or pay fee

Find the assessments owners that have not been contacted. Advisory committee could help with problems as they arise.
