OCTOBER 14th

Heather waste this morning to let me know Alfonso was using water from the # 8 ditch. Alfonso's water is in # 4, 5, 10. We talked about putting water into # 8 for him ~~is~~^{BUT} decided that since lucky his her pump put away, we would put it into # 10 instead. Lynn-Heather has water in # 8.

I tried to call Alfonso twice before noon and once at noon without any luck.

12:15 pm

Finally got ~~hold~~ hold of Alfonso, he said he thought that was his water and said he was sorry and if it would make things right, to put his 20" from # 10 into # 8 to make up for it.
