2017 Annual Report Summary

On the morning of May 1, 2017 the reservoir content was 16620 acre feet which is 37.9% of capacity. Natural inflow was 351 cfs with 316 cfs of water going past the Mackay Dam. The seepage coming through the dam was 213 inches which was credited as part of the dam outflow.

Water delivery calls all the way down to the Arco diversion were available at the beginning of the irrigation season at the river headings. The Big Lost River Irrigation District did not use any storage water for a flush due to a live river already at the Arco diversion at the start of the season. The water priority date at the beginning of the year was 5-1-1916, but then went to all priorities on starting on May3, 2017.

The Howell gage above the reservoir exceeded 750 cfs for three consecutive days which connected the river on May 7, 2017 making all river rights administered together. On July 6, 2017 water started spilling over the spillway on the reservoir. On August 5, 2017 the Howell gauge had dropped below 450 cfs for three consecutive days which disconnected the river making the reaches above and below the reservoir administered separately for the rest of the irrigation season.

The last day of surface water irrigation season was on October 15, 2017. On October 16, 2017 the day after the last surface water irrigation rights were delivered the volume in the dam was 38140 acre feet which was 86.98% of capacity. Total Surface water delivered was 151,145 cfs and total ground water pumped was 24,990 cfs. The total recharge for the year was 64,259 cfs.

WATER DISTRICT #34

Dear Watermaster:

Enclosed herewith is a copy of the Watermaster's Annual Report for the past season.

The same has been prepared by the watermaster and approved by this Department in conformity with Sections 42-610, 42-614 and 42-615, Idaho Code.

During the 1993 legislative session, the legislature enacted a new law which amends Section 42-619(9), Idaho Code and removes the independent financial audit requirement for most state water districts. The new law, referenced by Section 67-450B, Idaho Code (copy enclosed) identifies minimum audit requirements for all local government entities. Under the new statute, the governing body of any local government entity (i.e.; water district) whose annual budget does not exceed one hundred thousand dollars ($100,000) has no minimum audit requirements under this section. This means that any district which handles its own money and whose budget is one hundred thousand dollars ($100,000) or less does not have to have an independent public account firm conduct a financial audit every few years as previously required by Section 42-619(9).

Please note that only the statutory requirement regarding the independent financial audit has been changed. Districts handling their own fund (i.e.; districts who collect and / or disburse their own funds) must still submit their own statement of the water district's financial affairs at the end of each fiscal year. As recommended in the Department's February 16, 1993 letter and the 1993 Watermaster Handbook, a copy of the financial statement may be submitted either with the annual water masters report or with the minutes of the annual meeting for the ensuing year. An example of an annual financial statement may be found in Appendix C of the 1993 Watermaster Handbook.

The purpose of this letter is to remind all water districts that workers compensation insurance is required for all water district employees. This requirement applies to all water districts in Idaho, regardless of annual budget. Insurance should be applicable at least to all paid water district staff, including the water master as week as well as watermaster assistants, advisory committee, secretary and treasurer. The costs associated with workers compensation insurance is paid directly by the water district and should be considered an expense of the district. For information about obtaining insurance costs etc., please contact the Idaho State Insurance Fund. The State Insurance Fund has offices in Boise, Coeur d'Alene, Idaho Falls, Pocatello and Twin Falls. Water Districts are also reminded that all paid water district staff may be subject to state and federal taxes. These tax requirements will vary depending on salaries and total income of each watermaster or employee. In many water districts, particularly smaller districts with part-time staff, payment of watermaster or each employee. Districts may wish to contact the State Tax Commission or the Internal Revenue Service for information about state and federal withholding taxes.

Sincerely,

Sharla Cox
Administrative Assistant
