3-2-2020 Williams Creek Ditch Meeting.

Start at 6:05 p.m.

Present: Kevin Rice, Randy Capps, Jana Gattung, Roger Rife, Jason Beyler and Cindy from water resources.

Minutes: Read by approved by all at meeting.

Old business: None.

New business: Cindy talked to ditch members about forming one large water district. This way the ditch company would be able to afford a water master. It is still in the early stages of planning. Still a lot of bugs need to be worked out. Also talked about the water users to move their point of diversion if they decide to creek. They will need to apply for the transfer at the water resource office. Next meeting will be March 2021 at Randy Capps Ranch 87 Corbett Lane, Salmon Idaho 83467.

Financial statement: Balance is \$2528.96 of checking. No dues are due.

Election of officers: Motioned to retain current officers. Everyone agreed. Officers will remain the same.

President: Old Roger Rife. New Roger Rife

Secretary: Old Randy Capps. New Randy Capps

Water master: Old Kevin Rice. New Kevin Rice

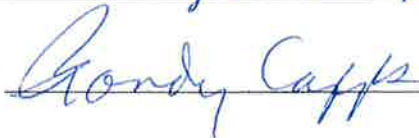

All approved.

Meeting adjourned at 6:30 p.m.

Roger Rife President

Randy Capps Secretary

WATERMASTER				ASSISTANT WATERMASTER, SECRETARY, STAFF, ETC.				OTHER EXPENSES		TOTAL COSTS	
YEAR	DAYS	SALARY	TOTAL	DAYS	SALARY	TOTAL					
			"0"			"0"					"0"
WATERMASTER'S PROPOSED BUDGET											
NEXT YEAR											"0"

Complete this proposed budget report form as follows:

- 1) Enter water right holder name, corresponding IDWR water right number or numbers, and corresponding diversion name and/or remarks on page 2;
- 2) If you wish to estimate next season's assessments based on the average delivery of past seasons, then enter the actual water deliveries to each user for the past two to five seasons on page 3. You have the option of using at least the past two seasons or up to five seasons for averaging. You also have the option of using last year's delivery or one year's delivery as a basis of determining assessments for the next season. Enter deliveries as total 24-hour second feet. Total 24-hour second feet is a flow rate expressed in terms of one day or 24 hours. For example, a continuous diversion of 2 cfs over 20 days would equal 40 24-hour second feet.
- 3) If using the averaging method, enter the average delivery for past seasons in column 6 of page 3. If you are not averaging, then enter each user's delivery from last year in column 5 and skip column 6.
- 4) In the work space provided at the top of this page, enter next year's proposed watermaster salary, secretary and/or staff salaries, and expenses. You may use the past season costs and expenses, or average past seasons' costs and expenses as an aid in determining next year's budget. A more detailed listing or itemization of expenses and salaries can be attached to this form.
- 5) Divide the total proposed budget amount for next year by the total past season delivery (total of column 5, page 3) or average past seasons deliveries (total of column 6, page 3) to obtain a unit cost factor.
- 6) Under column 7, page 3, multiply the unit cost factor by each user's past season or average past seasons deliveries to obtain the estimated billing for the next year.
- 7) Use column 8, page 3, to enter the adjusted billing amount if the district wishes to carryover debits and credits from the previous season. (Refer to the last watermaster report. If a user had a credit, subtract that credit from his or her estimated billing in column 7 of this report, and enter the difference or adjusted amount in column 8. If a user had a debit, then add that debit to his or her billing amount shown in column 7 and show as adjusted billing in column 8.
- 8) Sign the report and retain to present to the water users at the next annual meeting for the water district.
