STATE OF IDAHO

Department of Water Resources

Application for Extension of Time to Avoid Forfeiture of a Water Right

Total number of acres to be irrigated 127.395

9. Give last date when water was applied to beneficial use June 3, 1980
Length of extension of time requested five (5) years, or until June 23, 1990
(Date)

10. Explain fully your reasons for requesting an extension of time within which to resume the use of your water right and reasons for non-use A new subdivision was developed along a portion of the Lau ditch in 1979 and 1980. Residents began threatening suit alleging seepage from ditch into basements. Water users voluntarily shut off water pending resolution of problem and involved city officials. The matter has dragged on, but is being pursued with more vigor again. Users do not wish to get involved in legal action if a reasonable solution can be worked out. They believe it would be better to maintain status quo until resolution which will hopefully occur in the very near future.

I hereby assert that no one will be injured by such extension. The information contained in this application is true to the best of my knowledge.
