**PRELIMINARY ORDER
CORRECTING TRANSFER
APPROVAL**

FINDINGS OF FACT

1. On March 7, 1924, Water Right Nos. 11-911, 11-919, 11-920, 11-922 and 11-923 were decreed in the case Preston-Montpelier Irrigation Company, vs. Dingle Irrigation Company as agricultural rights with a period of use for irrigation of April 15 through September 30.
2. On April 12, 1995, Fern Keetch (applicant) filed Application for Transfer No. 4594 (transfer) to add a point of diversion and to change the place of use for the following water rights:

11-910	11-911	11-912
11-918	11-919	11-920
11-921	11-922	11-923
3. On October 13, 1995, the Department approved the transfer showing the period of use for irrigation for Water Right Nos. 11-911, 11-919, 11-920, 11-922 and 11-923 as April 15 through October 15.

CONCLUSIONS OF LAW

1. The transfer approval should accurately describe each established water right as changed by the transfer pursuant to Section 42-222, Idaho Code.
2. The transfer approval incorrectly describes the period of use for irrigation for Water Right Nos. 11-911, 11-919, 11-920, 11-922 and 11-923 as April 15 through October 15.
3. The Department should correct the transfer approval to show the previously decreed period of use for the water rights.

ORDER

IT IS THEREFORE HEREBY ORDERED that Transfer Approval No. 4594 is **CORRECTED** by changing the period of use for irrigation for Water Right Nos. 11-911, 11-919, 11-920, 11-922 and 11-923 to the previously decreed period of April 15 through September 30.

Jeff,

While reviewing and preparing a list of water rights for the Bear River watermaster for the area above Bear Lake (Preston-Montpelier Decree) I noticed that several rights subject to a 1995 transfer had their irrigation season extended from that given in the decree. The decree specifies a season of use of 4/15 to 9/30 for agricultural rights. I believe the ag rights included in the transfer may not have had a season of use identified in the water right database. However, through the transfer process it appears that the old IDWR standard season of use from 4/15 to 10/15 was applied. The rights in question are: 11-911, 11-919, 11-920, 11-922 and 11-923.

I can not see from review of the transfer that the applicant sought to change the season of use. In the list I am providing to the watermaster I have changed these dates back to 4/15 to 9/30. To be consistent with the decree and IDWR's water right accounting program and records, I would suggest that the season of use for these rights be corrected to reflect what is in the decree.

**EXPLANATORY INFORMATION
TO ACCOMPANY A
PRELIMINARY ORDER**

The accompanying order or approved document is a "Preliminary Order" issued by the department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action of the Department of Water Resources (department) unless a party petitions for reconsideration, files an exception and brief, or requests a hearing as further described below:

PETITION FOR RECONSIDERATION

Any party may file a petition for reconsideration of a preliminary order with the department within fourteen (14) days of the service date of this order. The department will act on a petition for reconsideration within twenty-one (21) days of its receipt, or the petition will be considered denied by operation of law. See Section 67-5243(3) Idaho Code.

EXCEPTIONS AND BRIEFS

Within fourteen (14) days after (a) the service date of a preliminary order, (b) the service date of a denial of a petition for reconsideration from this preliminary order, or (c) the failure within twenty-one (21) days to grant or deny a petition for reconsideration from this preliminary order, any party may in writing support or take exceptions to any part of a preliminary order and may file briefs in support of the party's position on any issue in the proceeding with the Director. Otherwise, this preliminary order will become a final order of the agency.

REQUEST FOR HEARING

Unless a right to a hearing before the department or the Idaho Water Resource Board (Board) is otherwise provided by statute, any person aggrieved by any final decision, determination, order or action of the Director of the department and who has not previously been afforded an opportunity for a hearing on the matter may request a hearing pursuant to section 42-1701A(3), Idaho Code. A written petition contesting the action of the Director and requesting a hearing shall be filed within fifteen (15) days after receipt of the denial or conditional approval.

ORAL ARGUMENT

If the Director grants a petition to review the preliminary order, the Director shall allow all parties an opportunity to file briefs in support of or taking exceptions to the preliminary order and may schedule oral argument in the matter before issuing a final order. If oral arguments are to be heard, the Director will within a reasonable time period notify each party of the place, date and hour for the argument of the case. Unless the Director orders otherwise, all oral arguments will be heard in Boise, Idaho.

CERTIFICATE OF SERVICE

All exceptions, briefs, requests for oral argument and any other matters filed with the Director in connection with the preliminary order shall be served on all other parties to the proceedings in accordance with IDAPA Rules 37.01.01302 and 37.01.01303 (Rules of Procedure 302 and 303).

FINAL ORDER

The Director will issue a final order within fifty-six (56) days of receipt of the written briefs, oral argument or response to briefs, whichever is later, unless waived by the parties or for good cause shown. The Director may remand the matter for further evidentiary hearings if further factual development of the record is necessary before issuing a final order. The department will serve a copy of the final order on all parties of record.

Section 67-5246(5), Idaho Code, provides as follows:

Unless a different date is stated in a final order, the order is effective fourteen (14) days after its issuance if a party has not filed a petition for reconsideration. If a party has filed a petition for reconsideration with the agency head, the final order becomes effective when:

- (a) the petition for reconsideration is disposed of; or
- (b) the petition is deemed denied because the agency head did not dispose of the petition within twenty-one (21) days.

APPEAL OF FINAL ORDER TO DISTRICT COURT

Pursuant to sections 67-5270 and 67-5272, Idaho Code, if this preliminary order becomes final, any party aggrieved by the final order or orders previously issued in this case may appeal the final order and all previously issued orders in this case to district court by filing a petition in the district court of the county in which:

- i. A hearing was held,
- ii. The final agency action was taken,
- iii. The party seeking review of the order resides, or
- iv. The real property or personal property that was the subject of the agency action is located.

The appeal must be filed within twenty-eight (28) days of this preliminary order becoming final. See section 67-5273, Idaho Code. The filing of an appeal to district court does not itself stay the effectiveness or enforcement of the order under appeal.

RE: Transfer No. 4594

Dear Water Right Holder:

During a review of our water right database, we discovered an error in the period of use for Water Right Nos. 11-911, 11-919, 11-920, 11-922 and 11-923 as shown in the transfer approval referenced above. The period of use for those water rights was incorrectly described as April 15 through October 15 on the transfer approval document rather than the decreed period of use of April 15 through September 30. The purpose of the enclosed order is to correct that error. We have also enclosed a computer-generated report for the water rights showing the corrected period of use.

The enclosed **PRELIMINARY ORDER CORRECTING TRANSFER APPROVAL** is issued by the Department pursuant to section 67-5243, Idaho Code. It can and will become a final order without further action by the Department unless the water right owner petitions for reconsideration or files an exception and/or brief within fourteen (14) days of the service date as described in the enclosed information sheet.

Please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.
