INSTRUCTIONS.

PROOF OF COMPLETION OF WORKS.

Harry Drury

Besse, September 1, 1906

DEAR SIR:

I enclose herewith the following forms to be used in connection with Proof of Completion of Works under your Permit No. 1067

~~NOTICE OF PROOF OF COMPLETION OF WORKS. and Beneficial Use~~
~~DEPOSITION OF PERMIT HOLDER.~~
~~DEPOSITIONS OF TWO WITNESSES.~~

In submitting this proof the following instructions should be CAREFULLY followed out; since failure to do so may result in the loss of your rights.

1. Fill out the Notice of Proof of Completion of Works and mail to the State Engineer's office at least sixty days before the date upon which you wish to submit proof, which proof must be on or before December 1, 1906. Upon receipt of this form, notice for publication will be sent to the paper direct from this office.

2. On _____, the date set for the proof of completion of works, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at _____, before someone authorized to administer oaths. (The proof may be at a place most convenient to permit holder and witnesses.)

3. To complete the proof, it is also necessary that an examination be made of the works as constructed, which examination must be under the authority of the State Engineer. It is the desire to make this expense as light as possible to the permit holder. Will you therefore give me the name of a competent engineer, or surveyor, in your neighborhood who could do this work with as little expense as possible to you. Upon receipt of such a name I will authorize him to do the work. The examination should be made on or before the date set for the proof.

4. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice and fee of \$_____. When these have been received, together with report of examining engineer, if everything is properly executed, Certificate of Completion of Works will issue.

Yours truly,

Permit No. 1604

Mr. Harry Drewery,

Soda Springs, Idaho.

Dear Sir:-

I am today sending the notice to the paper for publication in the matter of proof of completion of works and proof of application of water to beneficial use under your permit No. 1604.

Enclosed you will find deposition blanks for both proofs, which proofs are to be submitted at Soda Springs on November 10th, 1906, before H. Horsley, upon which date kindly take your two witnesses to the place named and submit your depositions.

The fee due the state for proof of completion of works is \$5.00, and for proof of application of water to beneficial use is \$2.00 for each 40 acre tract, or fraction, to which water has been beneficially applied.

I am writing Mr. C. B. Wilson to make the examination required by law.

Kindly have the Pocatello Tribune send me affidavit of publication of notice on or about the date of the proof.

Yours truly,

State Engineer.

Boise, Idaho, October 4, 1906.

Mr. C. B. Wilson,

Soda Springs, Idaho.

DEAR SIR:

The holder of Permit No. 1604, H. Drewery, residing at Soda Springs, which permit authorizes the diversion of second-feet of the waters of Bear River at _____, desire to make proof of the completion of works of diversion, at _____, on November 10, 1906.

Will you therefore please arrange with the holder of said permit for an examination of the works of diversion, ascertain whether or not they comply fully with the terms of said permit, and render me a report on the condition of such works before the date fixed for said proof of completion, in accordance with the provisions of Sections 4 and 5 of House Bill No. 146, passed by the Seventh Session of the Legislature, approved March 11, 1903.

Your report should be of sufficient detail to enable me to figure out the amount of water the works are capable of diverting and conveying to the place of use; giving also the description of the location of the point of diversion, and, in case of irrigation, the legal description of the land to be irrigated.

Will you also make a map on the enclosed plat, giving all the essential features of the works, such as point of diversion, route of ditch, place of use, etc.

You should also arrange with the holder of said permit for the payment of your fee for this service and such proper expenses as you will incur in making this examination and report.

Please advise me promptly of your receipt of this communication, and whether or not you will be able to make the examination and report requested.

Yours truly,

JAS. STEPHENSON, JR.,

State Engineer.

Mr. Drewery is also submitting proof of beneficial use of water. Under this proof will you kindly show the number of acres actually irrigated, and if the water has been used for irrigation of wild hay, etc. that fact should be shown.
