INSTRUCTIONS.

Proof of Completion of Works
and
Proof of Beneficial Use of Water.

Boise, Idaho, June 5, 1907.

Sam L. Lewis
Montpelier, Idaho.

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of completion of works and proof of application of water to beneficial use under your permit No. 2547.

Depositions of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On August 9, 1907, the date set for the proof of completion of works, the enclosed deposition forms (two for permit holder and two each for two witnesses) should be filled out and sworn to, at Montpelier, Idaho, before DeMeade Austin, U.S. Com.
2. To complete the proof, it is also necessary that an examination be made of the works as constructed, which examination must be under the authority of the State Engineer. It is the desire to make this expense as light as possible to the permit holder. Will you therefore give me the name of a competent engineer, or surveyor, in your neighborhood who could do this work with as little expense as possible to you. Upon receipt of name of such engineer or surveyor I will authorize him to do the work. The examination should be made on or before the date set for the proof.
3. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$5.00 for completion of work and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received, together with report of examining engineer, if everything is properly executed, Certificate of Completion of Works and License will issue.

Yours truly,

Dear Sir: - I am enclosing you herewith
proof of water matter. favor from S. Lewis.
I delayed the sending of this proof a few
days waiting for the engineer to come home,
but I now find that he has not been
authorized to make the examination. In
this particular Mr. Lewis made a mistake,
he merely engaged Mr. E. V. Bucher to do
the work but failed to suggest his name

To your office, Mr. Bucher informed me last night that he made an examination before date of proof, but was waiting for his authorization. Mr. Lewis explains to me that he was ignorant of this kind of business, and supposed that I was looking after that as I do some legal work for him. Will you kindly allow Mr. Bucher to make the necessary report, as Mr. Lewis has been already put to considerable expense, having made a second application in this case and you will note that it is a small holding, but important to his ranch.

Permit 2547-Sam I. Lewis.

Deleade Austin, U.S. Commissioner,
Montpelier, Idaho.

Sir:

I received by this morning's mail depositions in proof of completion of works and proof of beneficial use in above permit, also, fee of \$5.00.

As per your instructions I herewith enclose authority for Mr. E. V. Bucher to make the examination of works and shall be pleased to receive his report whenever same is ready.

The fees due to the State, being water is used for domestic purposes, are Five Dollars for proof of completion of works and Five Dollars for proof of beneficial use. It is also necessary for you to obtain from the Examiner at Montpelier the affidavit of publication.

When these have been received certificate and license will be issued.

Mr. E. V. Bucher

Montpelier, Idaho

DEAR SIR:

The holder of Permit No. 2547, Sam L. Lewis, residing at Montpelier, Idaho, which permit authorizes the diversion of .0015 second-feet of the waters of Small Spring, Bear Lake Co. at _____, desire to make proof of the completion of works of diversion, at _____, on August 2, 1907.

Will you therefore please arrange with the holder of said permit for an examination of the works of diversion, ascertain whether or not they comply fully with the terms of said permit, and render me a report on the condition of such works before the date fixed for said proof of completion, in accordance with the provisions of Sections 4 and 5 of House Bill No. 146, passed by the Seventh Session of the Legislature, approved March 11, 1903.

Your report should be of sufficient detail to enable me to figure out the amount of water the works are capable of diverting and conveying to the place of use; giving also the description of the location of the point of diversion, and, in case of irrigation, the legal description of the land to be irrigated. Also the amount of land in each 40 acre tract to which water has been applied. ~~When you also~~ make a map on the enclosed plat, giving all the essential features of the works, such as point of diversion, route of ditch, place of use, etc.

You should also arrange with the holder of said permit for the payment of your fee for this service and such proper expenses as you will incur in making this examination and report.

Please advise me promptly of your receipt of this communication, and whether or not you will be able to make the examination and report requested.

Yours truly,

2547

Through an oversight we failed to enclose this in our letter of the 15th ult. to Mr. DeMeade Austin. Kindly send in report as soon as possible.

Sir:

Your report under above permit was received today. In looking over the papers and comparing them with the permit I find that the location of the place of use differs from the permit. The permit gives it as in the Southeast of the Southwest of Section 9 while your map shows it to be in the Southeast of the Northeast of Section 17. Please correct this discrepancy.

WHEREAS, On the 4th day of February, A. D. 1907, SAM L. LEWIS, of Montpelier, County of Bear Lake, and State of Idaho, duly made application (No. 3589) to me for a permit to use .0015 cubic feet per second of the waters of Small Spring, County of Bear Lake, State of Idaho, for domestic purposes, and

WHEREAS, On the 9th day of February, A. D. 1907, Permit No. 2547 was issued to said applicant for the diversion of said water, and providing for the completion of the works of diversion therein described on or before the 9th day of August, A. D. 1907, and for the application to beneficial use of said water on or before the 9th day of August, A. D. 1907, and,

WHEREAS, On the 9th day of August, A. D. 1907, the holder of said permit duly made proof of the completion of adequate works for the diversion of .0015 cubic feet per second of said waters, as evidenced by my Certificate No. 2547, dated October 3, 1907, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use .0015 cubic feet per second of water, with date of priority of February 4, 1907, and,

WHEREAS, On the 9th day of August, A. D. 1907, proof was duly made of the application to beneficial use of .0015 cubic feet per second of said water;

NOW, THEREFORE, By virtue of the authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to SAM L. LEWIS, of Montpelier, Idaho, the holder and owner of said Permit No. 2547, a perpetual right, dating from February 4, 1907, to the use of .0015 cubic feet per second of the waters of Small Spring in the County of Bear Lake and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned; to be diverted at a point in the Southeast quarter of Southeast quarter of Section 8, Township 14 South, Range 46 East of Boise Meridian, and conducted to the Southeast quarter of the Southwest quarter of Section 9, Township 14 South, Range 46 East of Boise Meridian, for the purpose of domestic use, subject, however, to the laws of the State of Idaho applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this
3rd day of October, A. D. Nineteen Hundred and seven.
