

No. 5000.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: H. W. George.

Postoffice address: Pegram.

County: Bearlake State: Idaho.

2. The quantity of water claimed is one fifth (1/5) cubic feet per second.

3. Source of water supply: Spring.

County of Bear Lake Idaho.

4. Location of point of diversion: NW $\frac{1}{4}$ of the SE $\frac{1}{4}$ Sec. 32 Twp 14 So. 46 E.

5. To be used for:

I. Irrigation and domestic use:

(a) Amount of land to be irrigated: Ten acres.

(b) In the following legal subdivisions: NW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Sec. 32-Twp. 14 So. Range 36 N. B. M.

6. Estimated cost of works: Two Hundred Dollars \$200.00

7. Description of works for diversion:

I. Kind of works: Dam ditches & pipes.

II. Dimensions of works:

(a) Height of dam three feet, length of dam at top thirty feet, length of dam at bottom twenty five feet. Material used in construction: earth & stone.

(b) Capacity of reservoir: Ten acre-feet.

(c) Size of headgate: Width none.

(d) Conduit ditch, width at bottom one foot, width at water line one & one half foot, depth of water 1/12 foot. Diameter of pipe 3/4 inches. Average grade per mile is 100 feet. Length of conduit is 2/5 miles, and it crosses the following quarter sections: part of the NW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Sec. 32- Twp 14 So. Range 46 E. R. M. to land described in 5 I (b) above which is the point of intended use.

8. Time required for the completion of the construction of such work is one year.

9. Time required for the complete application of the water to the proposed use is one additional year.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

H. W. George,

Applicant.

Remarks: The spring is small and the water from it now looses itself in the ground before it reaches the land I want to irrigate.

APPROVAL OF STATE ENGINEER.

The number of this permit is 3602.

Date of first receipt of application 9.00 a.m. March 23, 1908.

Returned to applicant for correction March 23, 1908.

Corrected application received April 20, 1908.

Recorded in Book 10 Page 3602 Approved April 25, 1908.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho and hereby grant the same, subject to the following limitations and conditions:

Work to begin on or before June 24, 1908, and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before October 25, 1908.

The whole of said work to be completed on or before April 25, 1909.

The time for proof of beneficial use of water appropriated in accordance herewith, to extend to April 25, 1910.

Witness my hand this twenty-fifth day of April, 1908.

Jas. Stephenson, Jr.,

State Engineer.

STATE OF IDAHO. }
COUNTY OF ADA. } SS.

H. W. George, being first duly sworn, upon his oath deposes and says:

That he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 3602.

That he intends to change the point of diversion, as described in said decree or Permit, to the following described point: NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Sec. 32, Twp. 14 Sb. R. 46 E.B.M.

That such change will be made for the following reasons, to-wit: A mistake was made by a surveyor and when I discovered the mistake I found I could not water the land originally asked for.

That no one will be injured by such change and that deponent will make such change at his own risk.

And further deponent saith not.

H.W. George.

Subscribed and sworn to before me this 24th day of June.

Clara M. Brown.

My Commission expires May 23, 1915.

(SEAL)

Received and filed for record in the office of the State Engineer at Boise, Idaho at 11.30 A.M. May 24, 1913.

F.P. King.

State Engineer.

APPLICATION FOR AMENDMENT TO PERMIT TO
APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO.
NO. 3602.

Comes now H.W. George, and represents to the State Engineer of the State of Idaho, that he is the owner and holder of Permit to appropriate the Public Waters of the State of Idaho, No. 3602, and requests that the 1st of lands to be irrigated, as described in said Permit, be changed to read as follows: The SW $\frac{1}{4}$ of the NE $\frac{1}{4}$ of Sec. 32, Twp. 14 So, Range 46 E. B. M., making a total of 40 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Boise, Idaho, this 24 day of May, 1913.

H. W. George.

Date of receipt at Office of State Engineer May 24, 1913.

APPROVAL OF STATE ENGINEER.

I, F. P. KING, State Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to appropriate the Public Waters of the State of Idaho, No. 3602. This approval constitutes a new Permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Witness my hand this 9th day of June, 1913.

F. P. KING,
State Engineer.

Proof of completion of works made April 15, 1909.

Proof of beneficial use of water made June 28, 1913.

Certificate of completion of works and license issued August 23, 1913.

PERMIT NO. 3602.

C E R T I F I C A T E O F C O M P L E T I O N O F W O R K S .

To All Whom It May Concern:

This is to certify that H. W. George of Pogram, County of Bear Lake, and State of Idaho, the holder of Permit No. 3602, issued upon Application No. 5000, bearing date of priority of March 23, 1908, authorizing the diversion of 1/5 of 1 second foot of the waters of a spring, County of Bear Lake, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 1/5 of 1 second foot of the waters of a spring; that the point of diversion of said waters is at a point in the NE $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 32, T. 14 S., R. 46 E. B. M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: 10 acres in the SW $\frac{1}{4}$ of NE $\frac{1}{4}$ Sec. 32, T. 14 S., R. 46 E. B. M.

Witness my hand this 23rd day of August, A.D. 1913.

JAS. STEPHENSON, JR.,
ENGINEER

INSTRUCTIONS

Proof of Completion of Works.

Boise, Idaho, January 6, 1909.

H.W. George
Pegram, Idaho

Dear Sir:

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No.

3602.

This form should be filled out and mailed to the State Engineer at least 60 days before the date upon which proof is to be submitted, which proof MUST be on or before . . . Upon receipt of the blank properly filled out, notice for publication will be sent to the paper direct from this office, which notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place, convenient to you and two witnesses, where there is a notary public or other officer authorized to administer oaths.

One of the requirements of the law is that an examination of the works constructed shall be made under the authority of the State Engineer. In order to make the expenses as light as possible you are requested to furnish the name of a competent engineer, or surveyor, who can do this work for you at a reasonable cost. Upon receipt of name of such engineer or surveyor I will authorize him to make the examination and send me a report on or before the date set for the proof.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

JAS. STEPHENSON, Jr.,

State Engineer.

3602

Notice of Proof of Completion of Works.

(This blank must be filled out by holder of permit and forwarded by registered mail to the State Engineer at least 60 days before the time set for completion of works.)

(P. O.) Pegram, Ida
(Date) Feb. 6th 1909

TO THE STATE ENGINEER OF THE STATE OF IDAHO, BOISE, IDAHO:

DEAR SIR: Notice is hereby given that at 1 P. M. on the 15th day of April 1909 at Montpelier County of Beau Lake State of Idaho, before E. E. Harris, Notary Public

proof will be submitted of the completion of works for the diversion of one fifth cubic feet per second of the waters of a Spring in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is

H. W. George

2. The postoffice address of such such person or the place of business of such corporation is

Pegram

County of

Beau Lake

State of Idaho.

3. The number of such permit is 3602, and the date set for the completion of

such work is April 20, 1909

4. Said water to be used for irrigation & domestic purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is one fifth cubic feet per second.

6. The amount of lands for which said water is available is Two acres,

particularly described as follows: The N.E. 1/4 of the N.E. 1/4 of the S.W. 1/4 of 32. Twp. 14 N. Range 46 E. B.M.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the above notice are true.

Engineer.

desire that the above notice be published; according to law, in the

Montpelier

Examiner of Montpelier, Ida published in the county in which said works are situated; the expense of which publication will be borne by H. W. George

RECEIVED

FEB 11 1909

OFFICE OF STATE ENGINEER

Feb 10-1909

Mr. Jas. Stephensen Jr.

State Eng'r. Boise, Ida.

Dear Sir,

I inclose you herein notice of proof of completion of work on dam & ditch.

I name as engineers to examine said work E. Becker of Montpelier, Ida. and I name as witnesses as to my work done. Also E. Taylor & George Birtwistle both of Pogram, Ida. I may have to make my dam higher and longer than I first figured on. Can I amend my application to meet these requirements? Yours Truly

3602 H. W. George

February 12, 1909.

Permit 2602.

Mr. H. W. George,
Pogon, Idaho.

Sir:

In reply to your letter of the 6th inst. would say that the dam may be made larger than the permit called for without amending the application. However, if the dam is constructed over ten feet high it will be necessary for you to file plans and specifications of same.

Notice for publication will be mailed out in a few days, deposition blanks sent you and Mr. H. Busher authorized to make examination of works.

Very truly yours,

State Engineer.

Eg....

Boise, Idaho, February 23, 1909.

E. Bucher

Montpelier, Idaho.

DEAR SIR:

The holder of Permit No. 3602, H. W. George, residing at Montpelier, Idaho, which permit authorizes the diversion of .2 of 1 second-feet of the waters of Spring at , desire to make proof of the completion of works of diversion, and beneficial use of water, on April 15, 1909.

Will you therefore please arrange with the holder of said permit for an examination of the works of diversion, ascertain whether or not they comply fully with the terms of said permit, and render me a report on the condition of such works before the date fixed for said proof of completion, in accordance with the provisions of Sections 4 and 5 of House Bill No. 146, passed by the Seventh Session of the Legislature, approved March 11, 1903.

Your report should be of sufficient detail to enable me to figure out the amount of water the works are capable of diverting and conveying to the place of use; giving also the description of the location of the point of diversion, and, in case of irrigation, the legal description of the land to be irrigated. Give exact number of acres under cultivation in each forty acre tract.

Will you also make a map on the enclosed plat, giving all the essential features of the works, such as point of diversion, route of ditch, place of use, etc.

You should also arrange with the holder of said permit for the payment of your fee for this service and such proper expenses as you will incur in making this examination and report.

Please advise me promptly of your receipt of this communication, and whether or not you will be able to make the examination and report requested.

Yours truly,

JAS. STEPHENSON, JR.,

State Engineer.

State of Idaho
ENGINEERING DEPARTMENT
BOISE.

JAS. STEPHENSON, JR.
STATE ENGINEER

INSTRUCTIONS.

Proof of Completion of Works.

Boise, Idaho, February 23, 1909.

H. W. George

Pegram, Idaho.

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of completion of works under your permit No. 3602.

Depositions of Permit Holder,

Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On April 15, 1909, the date set for the proof of completion of works, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at Montpelier, Idaho, before C. E. Harris, N.P.

2. To complete the proof, it is also necessary that an examination be made of the works as constructed, which examination must be under the authority of the State Engineer. It is the desire to make this expense as light as possible to the permit holder. Will you therefore give me the name of a competent engineer, or surveyor, in your neighborhood who could do this work with as little expense as possible to you? Upon receipt of name of such engineer or surveyor I will authorize him to do the work. The examination should be made on or before the date set for the proof.

3. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$5.00. When these have been received, together with report of examining engineer, if everything is properly executed, Certificate of Completion of works will issue.

Yours truly,

JAS. STEPHENSON, Jr.,

State Engineer.

as requested.

Yours Truly
H. V. George

April 17, 1909.

Re permit 3602.

H. W. George,
Pegram, Idaho.

Sir:—

Am just in receipt of your letter, inclosing depositions of proof of beneficial use, affidavit of publication and fees under above permit. Inclosing herewith receipt for fee.

I note that the depositions are for final proof, or proof of beneficial use of water. This proof should have been for proof of completion of works and I inclose herewith blanks to be filled out in lieu of the final proof blanks. These should bear date of April 15, 1909, the same as depositions in beneficial use.

The report of Mr. Bucher is now on file and as soon as the inclosed deposition forms are filled out and returned the matter of issuing certificate of completion of works.

Very truly yours,

State Engineer.

The Depositions of two Witnesses, in this form, taken separately, required in each case.

PERMIT NO. 3602

Proof of Completion of Works

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Clarence D. Langford, 21 Wardboro, Idaho
Rancher, Wardboro, Idaho

Ques. 2. Are you acquainted with W. George, the

holder of Permit No. 3602 authorizing the diversion of 2 of 1 second-feet of the waters of

Spring, at Pegram, Idaho
for irrigation & domestic purposes? How long have you known him, and where does he reside?

Ans. yes - about 2 years, Pegram Idaho

Ques. 3. Have you read or heard read said Permit No. 3602, and are you familiar with its terms and conditions?

Ans. yes

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. yes - sandy soil about 1 inch deep
or perhaps more

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. yes -

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. Small dam and reservoir small
ditch about 800 feet long - will carry
about 10 or 12 inches of water

(Sign here.) Clarence D. Langford,

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Montpelier, County

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 11 a. m. on the 28th day of June, 1913,
at Montpelier, County of Bear Lake, State of Idaho,
before Charles E. Harris, W.P., proof will be submitted
of the application to beneficial use of one-fifth of one cubic foot per second of the waters of
a Spring, in accordance with the terms and conditions of Permit No. 3602,
heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are
~~XXXXXXXXXX~~
H. W. George, Pogram, Bear Lake County, Idaho.
2. The use to which said water has been applied is
irrigation and domestic use.
3. The amount applied to beneficial use is
one-fifth of one cu.ft.per sec.
4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated)
SW4 of NE4, Sec. 32, T. 14 S., R. 46 E.B.M.
5. The name of the canal or ditch or other works by which said water is conducted to such place of use is
~~XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX~~
6. The right to take the water from such works is based upon Permit No.
5 3602
7. The source of supply from which such water is diverted is
6 unnamed spring.
8. The date of the priority which said user is prepared to establish is
7 May 23, 1911.

F. P. KING,
State Engineer.

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date)

May 24/13

(P. O.)

To the State Engineer,

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the

Examiner of Montpelier, published in the
county in which the works are situated.

H. W. George

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

INSTRUCTIONS.

Proof of Beneficial Use.

H. W. George,
c/o Charles E. Harris,
Montpelier, Idaho.
Dear Sir:

Boise, Idaho, June 5, 1913.

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your permit No.

3602. 1, Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On June 28th, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at

Montpelier, before Charles E. Harris, H.P.
2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received, together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

A. E. ROBINSON

P.P.KING, State Engineer.

Permit No. 3602

Proof of Application of Water to Beneficial Use

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. H. W. George 58. Piquette Idaho, P. O. address.
same, farmer & stock grower

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. —

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 3602 - (Date Apr 25th 1908) - March 25 1908

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Spring in N E 1/4 Sec 32 T4P14 R46 E13M
Diversion at Spring

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Small dam, with headgate - and ditch
to land -

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Irrigation S. W 1/4 N E 1/4 of sec 32 T4P14 R46 E
40 acres - cultivated - also domestic purposes.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. —

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. one inch to acre

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

STATE OF IDAHO

Water License No. 3602.....

WHEREAS, On the 23rd day of March, A. D. 1909, H. W. GEORGE,

of Pegram, County of Bear Lake, State of Idaho, duly made application (No. 5000) to me for a permit to use 1/5 of 1 cubic foot per second of the waters of a Spring,

County of Bear Lake, State of Idaho, for irrigation and domestic purposes, and,

WHEREAS, On the 25th day of April, A. D. 1908 Permit No. 3602, was issued to said applicant for the diversion of said water and providing for the completion of the works of diversion therein described on or before the 25th day of April, A. D. 1909, and for the application to beneficial use of said water on or before the 25th day of April, A. D. 1910, and,

WHEREAS, On the 15th day of April, A. D. 1909 H. W. GEORGE,

the holder of said permit, duly made proof of the completion of adequate works for the diversion of 1/5 of 1 cubic foot per second of said waters, as evidenced by my Certificate No. 3602 dated August 23, 1913, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use 1/5 of 1 cubic foot per second of said water, with date of priority of March 23, 1908, and

WHEREAS, On the 28th day of June, A. D. 1913 H. W. GEORGE,

the holder of said permit, duly made proof of the application to beneficial use of 1/5 of 1 cubic foot per second of said water:

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to H. W. GEORGE,

of Pegram, County of Bear Lake, State of Idaho, the holder and owner of said Permit No. 3602, a perpetual right, dating from May 23, 1911, to the use of 1/5 of 1 cubic foot per second of the waters of a spring,

in the County of Bear Lake and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted at a point in the NE $\frac{1}{4}$ of the SE $\frac{1}{4}$ Section 32, T. 14 S., R. 46 E.B.M.,

and conducted to and upon 10 acres on the SW $\frac{1}{4}$ of NE $\frac{1}{4}$ Section 32, T. 14 S., R. 46 E.B.M.,

for the purpose of irrigation and domestic use, subject, however, to the laws of the State of Idaho, applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this 23rd day of August, A. D., nineteen hundred and thirteen.

F.P. King,

(Seal)

State Engineer.
