

No. 8246.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: Edward T. Patterson

Postoffice address: Bloomington

County: Bear Lake

State: Idaho

2. The quantity of water claimed is 1/10 of 1 cubic foot per second.

3. Source of water supply: Bloomington Dry Canyon Springs

County of Bear Lake

4. Location of point of diversion: 1/40 ft. NE4 Sec. 29, 1/40 ft. NW4 SW4 Sec. 28, 1/40 ft. SE4 SW4 Sec. 28, T. 14 S.R. 43 E.

5. To be used for:

I. Irrigation and domestic use:

(a) Amount of land to be irrigated: five acres

(b) In the following legal subdivisions: S2 SW4 Sec. 28, Township 14 S.R. 43 E.

6. Estimated cost of works: \$50.00

7. Description of works for diversion:

I. Kind of works: Small ditch

II. Dimensions of works:

(a) Conduit small ditch, width at bottom $2\frac{2}{3}$ foot, width at water line one foot, depth of water $1\frac{1}{2}$ foot. Average grade per mile is 30 feet. Length of conduit is $1\frac{1}{5}$ mile, and it crosses the following quarter sections: S2 SW4 Sec. 28, Township 14 S. Range 43 E. Boise Meridian, to land described in 5 I (b) above which is the point of intended use.

8. The time required for the completion of the construction of such work is two years.

9. Time required for the complete application of the water to the proposed use is five additional years.

BE IT KNOWN, That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth,

Edward T. Patterson,
Applicant

Remarks: The remaining portion of the water not given under points of diversion is divided into 4 small springs located as follows: One in East side of SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 28, and one in East side of NW $\frac{1}{4}$ NW $\frac{1}{4}$ Sec. 28, and one in South side of SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 29, Township 14, S. Range 43 E. The flow above are for watering domestic animals. From each of the first three is claimed 2/40 of ft. and from the last 3/40 of ft.

Time asked for in section 9 above is hereby reduced to 1 year.

 APPROVAL OF STATE ENGINEER.

The number of this permit is 5710.

Date of first receipt of application: 9.00 a.m. January 28, 1910
 Recorded in Book 17. Page 5710. Approved February 1, 1910

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho and hereby grant the same, subject to the following limitations and conditions:

Work to begin on or before April 2, 1910, and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before February 1, 1911.

The whole of said work to be completed on or before February 1, 1912.

The time for proof of beneficial use of water appropriated in accordance herewith, extended to February 1, 1913.

Witness my hand this first day of February, 1910.

Jas. Stephenson, Jr.
 State Engineer

Office of Proof of Completion of Works received November 23, 1911, fixing February 1, 1911, as date, and Bloomington, Idaho, as place of proof.

Deposition blanks mailed Joshua Jarvis, J. P. December 30, 1911
 Depositions, Affidavit of Publication and Fee received February 9, 1912.

Edward V. Bucher authorized April 24, 1912, to make required examination.

Report received May 28, 1912.

Certificate issued June 5, 1912.

Permit No. 5710

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom it May Concern:

This is to certify that EDWARD T. PATTERSON, of Bloomington, County of Bear Lake, and State of Idaho, the holder of Permit No. 5710, issued upon Application No. 8246, bearing date of priority of January 28th, 1910, authorizing the diversion of 1/10th of one second foot of the waters of BLOOMINGTON DRY CANYON SPRINGS, County of Bear Lake, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 1/10th of one second-foot of the waters of Bloomington Dry Canyon Springs, that the points of diversion of said waters are in the Northeast quarter (NE $\frac{1}{4}$), Section 29, Northwest quarter of the Southwest quarter (NW $\frac{1}{4}$ SW $\frac{1}{4}$), and Southeast quarter of the Southwest quarter (SE $\frac{1}{4}$ SW $\frac{1}{4}$), Section 28, Township 14 South, Range 43, East of the Boise Meridian, and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: South half of the Southwest quarter (S $\frac{1}{2}$ SW $\frac{1}{4}$), Section 28, Township 14 South, Range 43, East of the Boise Meridian.

Witness my hand this 5th day of June, A. D. 1912.

A. E. Robinson,

State Engineer of the State of Idaho

A. E. ROBINSON
STATE ENGINEER

ENGINEERING DEPARTMENT
BOISE

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Edward T. Patterson,
Bloomington, Idaho.

Boise, Idaho, Nov. 1st, 1911.

Dear Sir:

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. 5710.

This form should be filled out and mailed to the State Engineer at least 60 days before the date upon which it is to be submitted, which proof MUST be on or before February 1, 1912.

Upon receipt of this blank properly filled out, notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a Notary Public or other officer authorized to administer oaths.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

A. E. ROBINSON
State Engineer.

5710

Notice of Proof of Completion of Works

(This blank must be filled out by holder of permit and forwarded by registered mail to the State Engineer at least 60 days before the time set for completion of works.)

(P.O.) Bloomington Idaho

(Date) November 20 1911

TO THE STATE ENGINEER OF THE STATE OF IDAHO, BOISE, IDAHO:

DEAR SIR: Notice is hereby given that at 11 A M., on the first day of February, 1911, at Bloomington, County of Bear Lake State of Idaho, before Joshua Jarvis (Justice) proof will be submitted of the completion of works for the diversion of 1/40 of 1 cubic feet per second of the waters of Bloomington Dry Canyon Springs in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is

Edward T. Patterson

2. The postoffice address of such person or the place of business of such corporation is

Bloomington, County of Bear Lake, State of Idaho.

3. The number of such permit is 5710

and the date set for the completion of such work is February 1, 1912

4. Said water to be used for Irrigation and Domestic purposes.

5. Said works of diversion will be fully completed on the day set for such completion, and the amount of water which said works are capable of conducting to the place of intended use in accordance with the plans accompanying the application for such permit is 1/40 of 1 cubic feet per second.

6. The amount of lands for which said water is available is five acres, particularly described as follows: S 2 S.W. 4 Sec 28

Township 14 S. R. 43 E.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the above notice are true.

Engineer.

and desires that the above notice be published according to law, in the Paris Post of Paris published in the county in which said works are situated; the expense of which publication will be borne by Edward T. Patterson

(Signature) Edward T. Patterson

Dear Sir: Will you please furnish me
with the information necessary to
make final proof and get a perpetual right
to the use of water for which application
was made.

Yours truly

Edward F. Patterson

57/2

November 23, 1911.

Permit 5710

Edward F. Patterson,
Bloomington, Idaho.

Sir:-

Am today in receipt of your letter of the 20th inst. inclosing notice of proof of completion of works under above permit. The publication notice will be mailed out in due time for the required four weeks publication prior to February 1st.

When you have the land under cultivation the final proof can be made and license will be issued for the amount of water actually used, allowing one inch to the acre.

Very truly yours,

State Engineer.

NOTICE OF PUBLICATION

Notice is hereby given that at 11 A.M. on the 1st day of February,
 19 12 at Bloomington, County of Bear Lake, State of Idaho,
 before Joshua Jarvis, (Justice) proof will be submitted of the completion of works for the
 diversion of 1/10 of 1 cubic foot per second of the waters of Bloomington Dry Canyon
Springs in accordance with the terms and conditions of a certain permit
 heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is:

Edward T. Patterson.

2. The postoffice address of such person or the place of business of such corporation is

Bloomington, County of Bear Lake, State of Idaho.

3. The number of such permit is 5710, and the date set for the completion of such work is Feb'y 1, 1912.

4. Said water to be used for Irrigation and Domestic purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water
 which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the
 application for such permit, is 1/10 of 1 cubic feet per second.

6. The amount of lands for which said water is available is five (5) acres,
 particularly described as follows: S2 SW4, Sec. 28, Township 14, S. R. 43 E.

INSTRUCTIONS.

Proof of Completion of Works

Edw. T. Patterson,
c/o Joshua Jarvis, J.P.

Bloomington, Ida.

Boise, Idaho, Dec. 30, 1911.

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of completion of works under your permit No. 5710.

Deposition of Permit Holder,

Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On Feb. 1st, 1912, ... the date set for proof of completion of works, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at Bloomington before Joshua Jarvis, J.P.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$5.00. When these have been received, together with report of the examining engineer if everything is properly executed, Certificate of Completion of Works will issue.

Yours truly,

D. G. MARTIN,

State Engineer.

5710

Notice of Publication

Notice is hereby given that at 11 a. m. on the 1st day February, 1912, at Bloomington, County of Bear Lake, State of Idaho, before Joshua Jarvis, Justice) proof will be submitted of the completion of works for the diversion of 1-10 of 1 cubic foot per second of the waters of Bloomington Dry Canyon Springs in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is Edward F. Patterson.

2. The postoffice address of such person or the place of business of such corporation is Bloomington, County of Bear Lake, State of Idaho.

3. The number of such permit is 710, and the date set for the completion of such work is Feb'y 1, 1912.

4. Said water to be used for Irrigation and Domestic purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 1-10 of 1 cubic foot per second.

6. The amount of lands for which said water is available is five (5) acres particularly described as follows: S2 S W 4, Sec. 28, Township 14, S. R. 43 E.

A. E. ROBINSON,
State Engineer.

February 3, 1912.

Permit 5710

Edward T. Patterson,
Bloomington, Idaho.

Sir:-

I am just in receipt of yours of the 1st inst. enclosing depositions for proof of beneficial use of water under above permit, also, your check for \$5.00 fee for proof of completion of works. In reply would state that the proof required was for completion of works and not beneficial use of water. It will, therefore, be necessary for the depositions to be transferred to the inclosed blanks. I am also returning your check for fees until the depositions are returned on the correct forms.

The affidavit of publication can be obtained from the publisher of the paper upon payment to him of the advertising fees. The slip attached to your letter could not be accepted in lieu of the affidavit of publication required.

Very truly yours,

State Engineer.

Re: Permit #5710.

Edward T. Patterson,
Bloomington, Idaho.

Sir:

Owing to the increased amount of work required of the water commissioners, it will be impossible for them to make the examinations in the matter of proof under the small water rights. It will, therefore, be necessary for you to have this work done by some one whom you know to be competent to make such examination and report. If you will send the name of such a party, instructions and blanks will be furnished him. A licensed surveyor is preferred where one can be conveniently obtained.

Very truly yours,

State Engineer.

5710

REPORT OF ENGINEER

1. State name of applicant and number of permit: Edward T. Patterson - Permit 5710

2. State source of water supply: Bloomington Dry Canyon Springs.

3. Location of point of diversion: NE4 Sec.29, NW4 SW4 and SE4 SW4 Sec.28,

Tp. 14 S., R. 43 EBM

4. State whether or not the works of diversion are *fully* completed and in accordance with terms of

permit: *Most of the follows a natural channel leading to garden.*

5. Describe works as they exist, giving dimensions of same as follows:

(a) Width of conduit at bottom: One Foot

(b) Width at water line: One Foot

(c) Depth of water: Two inches.

(d) Grade per mile: Twelve feet

(e) Capacity of ditch: 2 second feet.

6. State whether or not water has been turned into works of diversion and if so, to what extent:

Water was turned on garden on time of inspection

7. Give exact location of lands to be irrigated. ~~Give exact number of acres under cultivation in each~~

forty acre tract: 32 SW4 Sec.28, Tp. 14 S., R. 46 EBM

8. Submit map on enclosed plat, source of supply, point of diversion, route of ditch or ditches and cross hatch lands to be irrigated.

Remarks: The two principal springs furnish enough water for domestic purposes and the irrigation of a small garden. The other springs are of practically no use except to water a few head of stock on the Rancho.

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that on the ~~XXXXXX~~ First. day of February. 1913., at Bloomington., County of Bear Lake., State of Idaho/proof will be submitted of the application to beneficial use of 1/10 of 1 cubic feet per second of the waters of Bloomington Dry Canyon Springs. in accordance with the terms and conditions of Permit No. 5710., heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Edward T. Patterson. Bloomington Idaho.
2. The use to which said water has been applied is Domestic and Irrigating
3. The amount applied to beneficial use is less than 1/10 of 1 cubic feet.
4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated) A small strip land in S. 2 SW 4 Sec. 28. Township 14 E. SR. 43. E.
5. The name of the canal or ditch or other works by which said water is conducted to such place of use is Patterson Brothers Ditch.
6. The right to take the water from such works is based upon Permit No. 5710
7. The source of supply from which such water is diverted is Bloomington Dry Canyon Springs.
8. The date of the priority which said user is prepared to establish is Jan. 1. 1910.

A. E. Robinson,
State Engineer.

5710

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE.

(Date) November.25.1912.

(P. O.) Bloomington, Idaho.

To the State Engineer,

Boise, Idaho.

Dear Sir,

You are hereby authorized to have the attached notice published at my expense in the

Paris Post., of Paris Idaho., published in the

county in which the works are situated.

E. S. Patterson

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the attached notice are true.

A. E. ROBINSON
ENGINEER

DEAR SIR:

Before your proof can be accepted, it will be necessary that an examination and report be made to this office concerning the same. This examination preferably should be made by an engineer, but in the event that one cannot be secured, the report of any other person competent to determine the capacity of the works, and the area irrigated, will be satisfactory.

Will you, therefore, advise this office whom you wish to be instructed to make this examination for you?

Very truly yours,

A. E. ROBINSON,
State Engineer.

Edward V. Bucher, County Surveyor has examined my works and the amount of water used and will give you the information desired.

Respectfully yours,

Edward V. Bucher

Bloomington Idaho.

Dear Sir:-

Please find inclosed Notice of publication ect.
as required.

Last Year You sent the rong papers to me Proof of
Application in place of Completion of Works and I
had them filled and sworn to and later the Papers
for completion of works.

I am sending these papers with this letter
will they be all thats necessary? Or will they
have to be sworn to again? If so please return them
to me and advise me if they are made out O.K.

Very truly yours.

Office of the State Engineer

Boise, Idaho, Dec. 24, 1912

Edward V. Bucher,
Montpelier, Idaho

DEAR SIR:

.....Edward T. Patterson....., residing at Bloomington.....
County of, State of Idaho....., has requested that
you make examination required under Permit No. 5710..... Will you
therefore, arrange with the holder of said Permit to make such examination as will
enable you to answer the questions on the enclosed blank? Also, make a sketch on
the enclosed blank plat showing source of supply, point of diversion, route of ditch
and place of use. You should, also, arrange with the holder of said Permit for the
payment of your fee for your services, and such proper expenses as you will incur in
making this examination and report.

Please advise me promptly of receipt of this communication, and whether or not
you will be able to make the examination and report as required.

Very truly yours,

A. E. ROBINSON,
State Engineer.

State of Idaho
ENGINEERING DEPARTMENT
BOISE

JAS. STEPHENSON, JR.,
ENGINEER

INSTRUCTIONS.

Edward D. Patterson, Proof of Beneficial Use.
c/o Thos. R. Ward,
Bloomington, Idaho

Boise, Idaho, Dec. 24, 1912.

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your 5710 permit No.

Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On February 1st, 1913, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and two each for two witnesses) should be filled out and sworn to, at Bloomington, before Thos. R. Ward, J.P.

2. To complete the proof, it is also necessary that an examination be made of the works as constructed, which examination must be under the authority of the State Engineer. It is the desire to make this expense as light as possible to the permit holder. Will you therefore give me the name of a competent engineer, or surveyor, in your neighborhood who could do this work with as little expense as possible to you. Upon receipt of name of such engineer or surveyor I will authorize him to do the work. The examination should be made on or before the date set for the proof.

3. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received, together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

JAS. STEPHENSON, JR.

State Engineer.

5710

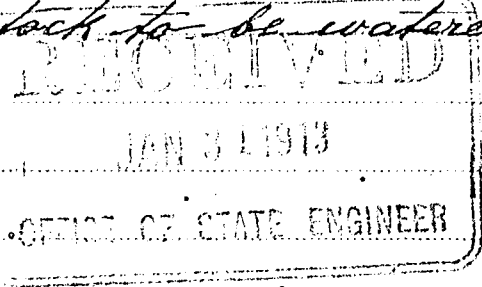

REPORT OF ENGINEER

5710

1. State name of applicant and number of permit: *Edward J. Patterson No. 8246*
2. State source of water supply: *Small springs*
3. Location of point of diversion: *S.E. 1/4 of S.W. 1/4 Sec. 28, N.E. 1/4 of S.E. 1/4 Sec. 29, Tp. 14 S. R. 43 E.B.M.*
4. State whether or not the works of diversion are fully completed and in accordance with terms of permit: *Ditches are built amounting to approx. 1000 feet in length*
5. Describe works as they exist, giving dimensions of same as follows:
 - (a) Width of conduit at bottom: *One foot*
 - (b) Width at water line: *One foot*
 - (c) Depth of water: *Four inches*
 - (d) Grade per mile: *Approx. 100 feet*
 - (e) Capacity of ditch: *2-3* second feet.
6. State whether or not water has been turned into works of diversion and if so, to what extent: *The available water has been used for domestic use and irrigating small garden.*
7. Give exact location of lands to be irrigated. Give exact number of acres under cultivation in each forty acre tract: *1/2 acre in S.E. 1/4 of S.W. 1/4 Sec. 28, Tp. 14 S. R. 43 E.B.M.*

8. Submit map on enclosed plat, source of supply, point of diversion, route of ditch or ditches and cross hatch lands to be irrigated.

Remarks: *There are 2 small springs located in S.W. 1/4 of N.E. 1/4 and Sec. 28 and S.E. 1/4 of S.E. 1/4 Sec. 29, Tp. 14 S. R. 43 E.B.M. but serve only a few heads of stock to be watered on the pasture.*

Proof of Application of Water to Beneficial Use

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans..... Edward T. Patterson. Age, 38. residence, Bloomington, Idaho.....
 Occupation, Farmer.....

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.....

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans..... No. 5710. January, 1. 1910.....

Ques. 4. State source of supply and give exact location of point of diversion.

Ans.. Bloomington Dry Canyon Springs.... commencing at S.W. corner.....
 S.W. 4. Sec 28. running North 10 rods thence East 40 rods to point of diversion.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans... A small ditch made with a plow, will carry a stream 3 in. at....
 bottom 6 in, deep 12 in. wide at top.....
 name Patterson Brothers Ditch.....

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have *actually* been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans... For Domestic use, and Irragating a small strip of land.....
 about 5 acres in S. 2. S. W. 4. Sec. 28. S. R. 43 E. B. H.
 cultivated land.....

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse-power generated, etc.

Ans.....

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans... 1/10 of 1 Cubic ft.....

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.....

RECEIVED

FEB 3 1913

OFFICE OF STATE ENGINEER

5710

Ques. 10. State when, how, in what amount, and to what extent the water diverted under above mentioned permit has been used.

Ans. Have used water for domestic use over 17 years, and for irrigating a few fruit trees one year.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations, and rights claimed thereunder.

Ans.

STATE OF IDAHO

Water License No. 5710

WHEREAS, On the 28th day of January, A. D. 1910 Edward T. Patterson

of Bloomington, County of Bear Lake, State of Idaho, duly made application (No. 8246) to me for a permit to use 1/10 of 1 cubic foot per second of the waters of Bloomington Dry Canyon Springs,

County of Bear Lake, State of Idaho, for irrigation and domestic purposes, and,

WHEREAS, On the 1st day of February, A. D. 1910, Permit No. 5710 was issued to said applicant for the diversion of said water and providing for the completion of the works of diversion therein described on or before the 1st day of February, A. D. 1912, and for the application to beneficial use of said water on or before the 1st day of February, A. D. 1913 and,

WHEREAS, On the 1st day of February, A. D. 1911, Edward T. Patterson

the holder of said permit, duly made proof of the completion of adequate works for the diversion of 1/10 of 1 cubic foot per second of said waters, as evidenced by my Certificate No. 5710 dated June 5, 1912, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use 1/10th of 1 cubic foot per second of water, with date of priority of January 28, 1910, and

WHEREAS, On the 1st day of February, A. D. 1913, Edward T. Patterson

the holder of said permit, duly made proof of the application to beneficial use of 1/10 of 1 cubic foot per second of said water:

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to Edward T. Patterson

of Bloomington, County of Bear Lake, State of Idaho, the holder and owner of said Permit No. 5710, a perpetual right, dating from January 28, 1910 to the use of 1/10th of 1 cubic foot per second of the waters of Bloomington Dry Canyon Springs

in the County of Bear Lake and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted in the SE4 of SW4 Sec. 28 and NE4 of SE4 Sec. 29, T. 14 S., R. 43 E. B. M.

and conducted to and upon 1/2 acre in the SE4 of SW4 Sec. 28, T. 14 S. R. 43 E.B.M.,

for the purpose of irrigation and domestic use, subject, however, to the laws of the State of Idaho, applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this 15th day of February A. D., nineteen hundred and thirteen
