INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Dear Sir:

Under the terms of your permit No. 8310, you are required to complete your diversion works on or before May 15, 1915. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

F. P. KING,
State Engineer

Sir:-

At the last session of the legislature a law was passed doing away with publication of notice of proof of completion of works where the permit calls for 6.4 second feet or less. We are herewith inclosing letter of instructions and affidavit required in such cases. Your notice for proof of beneficial use of water will be sent to the Soda Springs Chieftain in due time for the required publication prior to May 15th, deposition blanks will be sent to Mr. Harry Drewery, J.P. and Mr. C. B. Wilson will be authorized to make examination and report.

Very truly yours,

Water License No. 8310

WHEREAS, On the 10th day of May, A. D. 1912, FREDERICK W. CHRISTENSON,

of Soda Springs, County of Bannock, State of Idaho, duly made application (No. 12411) to me for a permit to use 2/10 of 1 cubic foot per second of the waters of Unnamed Springs

County of Bannock, State of Idaho, for irrigation and domestic purposes, and,

WHEREAS, On the 3rd day of June, A. D. 1912, Permit No. 8310 was issued to said applicant for the diversion of said water and providing for the completion of the works of diversion therein described on or before the 3rd day of June, A. D. 1913 and for the application to beneficial use of said water on or before the 3rd day of June, A. D. 1913, and,

WHEREAS, On the 15th day of May, A. D. 1913, FREDERICK W. CHRISTENSON,

the holder of said permit, duly made proof of the completion of adequate works for the diversion of 2/10 of 1 cubic foot per second of said waters, as evidenced by my Certificate No. 8310 dated June 21, 1913, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use 2/10 of 1 cubic foot per second of said waters, with date of priority of May 10, 1912, and

WHEREAS, On the 15th day of May, A. D. 1913, FREDERICK W. CHRISTENSON,

the holder of said permit, duly made proof of the application to beneficial use of .005 of 1 cubic foot per second of said water:

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to FREDERICK W. CHRISTENSON,

of Soda Springs, County of Bannock, State of Idaho, the holder and owner of said Permit No. 8310, a perpetual right, dating from May 10, 1912, to the use of .005 of 1 cubic foot per second of the waters of Unnamed Springs,

in the County of Bannock and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted at a point 485 ft. S. from NW Cor. Lot 3, Sec. 18, T. 9 S., R. 42 E. B. M.,

and conducted to and upon 1/4 of an acre on Lot 3, Sec. 18 T. 9 S., R. 42 E. B. M.

for the purpose of Irrigation and domestic use, subject, however, to the laws of the State of Idaho, applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this 21st day of June, A. D., nineteen hundred and thirteen.

F. P. King,

(Seal)

State Engineer.
