

No. 13484

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: Walter S. Crane.

County: Barrock State: Idaho

Postoffice address: Soda Springs

I. If applicant is a corporation, give

(a) Date and place of incorporation:

(b) The amount of capital stock:

(d) Names and addresses of directors:

(c) The amount paid in:

II. The financial resources of the applicant are: (a) Cash on hand:
 (b) Treasury stock:
 (d) Other resources:

cubic feet per second.

2. The quantity of water claimed is 2.9

3. Source of water supply: Soda Creek.

4. Location of point of diversion: SW $\frac{1}{4}$ SW $\frac{1}{4}$ Section 24, Twp. 8 South R. 41 E. B. M.

County of Barrock

5. To be used for: Domestic and Irrigation purposes.

I. Irrigation and domestic use: (a) Amount of land to be irrigated: 145 acres.
 (b) In the following legal subdivisions: Lots 1 and 2 and the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 31, Twp. 8 South, Range 42E. B. M.

II. Mining, milling, power, manufacturing, transportation or other purposes:

[a] At what point:

H. P. under
 (d) If so, name stream and locate point of

[b] Amount of power to be generated:
 [c] Is water to be returned to any stream?
 return:

6. Estimated cost of works: \$400.00

7. Description of works for diversion:

I. Kind of works: dam, ditch and flume

II. Dimensions of works:

[a] Height of dam 5

length of dam at bottom 75

feet, length of dam at top 75

feet. Material used in construction: rock

length of dam at bottom 75

feet,

[b] Capacity of reservoir

acre feet. [c] Size of headgate, width

width at bottom 4

Height

feet. (d) Conduit ditch

feet, depth of water 3 $\frac{1}{2}$

feet; diameter of pipe

width at water line 5

inches; average grade per mile is 3 $\frac{1}{2}$ feet. Length of conduit is 2 miles,
 and it crosses the following quarter sections: SW $\frac{1}{4}$ SW $\frac{1}{4}$: SE $\frac{1}{4}$ SW $\frac{1}{4}$ and SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 24, NW $\frac{1}{4}$
 of NE $\frac{1}{4}$: SW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 25, NW $\frac{1}{4}$ SE $\frac{1}{4}$: SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 25, NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 36.
 Twp. 8 South, Range 41 East B. M.

8. The time required for the completion of the construction of such work is 3

years.

9. Time required for the complete application of the water to the proposed use is 0

additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public

waters of the State of Idaho as herein set forth.

Walter S. Crane.. Applicant.

Agent.

By

Date of first receipt at office of State Engineer 9.00 a.m. December 4, 1912.

Returned to applicant for correction December 4, 1912.

Corrected application received December 7, 1912.

APPROVAL OF STATE ENGINEER.

The number of this permit is 8961
Recorded in Book 29 Page 8961 Approved January 28, 1913.
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions.
Bond in the sum of _____ to be filed on or before _____
Work to begin on or before March 29, 1913, and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.
One-fifth of the work above specified to be completed on or before July 28, 1914.
The whole of said work to be completed on or before January 28, 1916.
Beneficial use of water appropriated in accordance herewith, to be made on or before January 28, 1916.

Witness my hand this 28th day of January, 1913.

A. E. Robinson,
State Engineer.

Remarks:

The point of diversion herein mentioned is located on land belonging to August Miller Estate, and I have the consent of the said Estate, in writing, to divert the water thereon.

The flume mentioned above will be about 100 feet long, about four feet wide by four feet deep.

Upon proper request of the holders of the above numbered permit, I have this 24th day of September, 1915, extended the time for the completion of construct work thereunder, to September 28th, 1917.

J.H. Smith,

State Engineer.

Permit No. 8961. CERTIFICATE OF COMPLETION OF WORKS.

To All Whom It May Concern:-

This is to certify that Walter S. Crane of Soda Springs, County of Bannock, and State of Idaho, the holder of Permit No. 8961, issued upon Application No. 13484, bearing date of priority of December 4, 1912, authorizing the diversion of 2.9 second feet of the waters of Soda Creek, County of Bannock, State of Idaho for irrigation and domestic purposes has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for the diverting and conveying to the place of intended use 2.9 second-feet of the waters of Soda Creek; that the point of diversion of said waters is in the SW $\frac{1}{4}$ of SW $\frac{1}{4}$ Sec. 24, T. 8 S., R. 42 E. B.M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit; Northwest quarter (NW $\frac{1}{4}$) of Section 31, Township 8 South, Range 42 East of the Boise Meridian, containing 145 acres.

Witness my hand this 8th day of February A.D. 1916.

J.H. Smith,
State Engineer of the State of Idaho

The State Engineer of Idaho,
Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice of my intention to make proof of completion of works and proof of application of water to a beneficial use, under my permit No 8961, advertised for four consecutive weeks in the Bancroft Dry Farmer at Bancroft, Idaho, and I hereby agree to pay for such publication.

Sincerely,

Walter S. Crane,
Holder.

1961

NOTICE OF PROOF OF COMPLETION OF WORKS
AND
APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 A.M. on the 22nd
day of January, 1916, at Bancroft, County of
Bannock, State of Idaho, before N.P.--Wm. H. Jackson, Jr.,
proof will be submitted of the completion of works for the diversion of 2.9
cubic feet per second of the waters of Soda Creek,
and of the application to beneficial use of said water in accordance with the terms and conditions
of Permit No. 8961 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person, ~~corporation~~ holding said permit, are
Walter S. Crane, Soda Springs, Bannock Co., Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and
the amount of water which said works are capable of conducting to the place of use, in accord-
ance with the plans accompanying the application for such permit, is 2.9
cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic
purposes, and the amount applied to beneficial use is 2.9 cubic feet per second.

4. The place where said water is used is Lots 1 & 2 and the E 1/2 of NW 1/4,
Section 31, Twp. 8 South, Range 42 E.B.M.

5. The date of priority which said user is prepared to establish is Dec. 4, 1912.

INSTRUCTIONS

Walter S. Crane, Proof of Completion of Works
c/o Wm. H. Jackson, Jr., and
Pocatello, Idaho. Proof of Beneficial Use of water.

Boise, Idaho, January 6, 1916.

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of completion of works and beneficial use of water under Permit No. 8961.

Deposition of Permit Holder,
Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On January 22nd, 1916, the date set for proof, the enclosed forms (two for permit holder and two each for two disinterested witnesses) should be filled out and sworn to, at Bancroft before Wm. H. Jackson, Jr., N.P.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fees as follows: Fee for proof of completion of works is \$5.00 for ten second feet or less. Over ten second feet a charge of 30 cents a second foot is made. The fee for beneficial use of water, for power purposes is \$5.00; if for irrigation, \$2.00 for each 40-acre tract, or fraction, to which water has been beneficially applied.

When these have been received, together with report of the Water Commissioner, if everything is properly executed, Certificate of Completion of Works and License will issue.

Yours truly,

J. H. SMITH, ~~A. E. ROBINSON~~

State Engineer.

DEPOSITION OF HOLDER

RECEIVED

JAN 8 1916

OFFICE OF STATE ENGINEER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Walter S. Crane, age 34 years. Res. Soda Springs, Idaho.

Occupation, a farmer.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. I am acting in my own behalf.

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. Number 8961. Date December 4, 1912. Amount of water

2.9 cu. ft. Source: Soda Creek. Pt. of diversion: SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec 24, T. 8 S. R. 41 E. S. M.

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Irrigation purpose. Amount of land 125 acres, in the Lots 1 and 2 and E $\frac{1}{2}$ NW $\frac{1}{2}$ Sec 31, Twp 8 S. R. 42 E. S. M.

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. Yes. The water to the extent of about 125 inches in 1914, and about 50 inches in 1915, has been used in irrigating said lands.

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. Yes, except a narrow place or two, which have to be widened.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. They do comply.

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. One ditch about 3 miles long, 4 ft wide in bottom, and 25 feet (125) deep. Capacity 125 inches. Cost about \$1000.00

(Sign here.)

Walter S. Crane

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, in Bancroft, Idaho, County of

PERMIT NO. 8961.

Proof of Completion of Works

DEPOSITION OF WITNESS

RECEIVED

JAN 8 1916

OFFICE OF STATE ENGINEER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Hyrum M. Lau, age 44 years. Residence and P. O. Soda Springs,
Idaho. Occupation, a farmer.

Ques. 2. Are you acquainted with Walter S. Crane, the
holder of Permit No. 8961, authorizing the diversion of 2.9 second-feet of the waters of
Soda Creek, at near Soda Springs
for irrigation purposes? How long have you known him, and where does he reside?

Ans. Yes. Have known him 8 years. He resides about 1 1/2 miles north
of Soda Springs, Idaho.

Ques. 3. Have you read or heard read said Permit No. 8961, and are you familiar with its
terms and conditions?

Ans. Yes.

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated
under said permit? If so, describe same, state its character, and give your estimate of the amount of water
required for its profitable cultivation.

Ans. Yes. The soil is a sage brush soil, of a lava ash for-
mation. It would take at least an inch of water per acre for the suc-
cessful irrigation of that class of land.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire
amount of water set out in the permit from point of diversion to place of use?

I am not sure it is fully completed, though I have seen it.
Ans. I think it would carry at least 2 cu. ft of water.

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. The ditch is about 3 miles long, and I think it is about 4 ft
wide in most places, and 2 1/2 ft. deep. There may be places where it is not
quite so wide. For capacity, see No 5 above.

(Sign here.)

Hyrum M. Lau

Proof of Completion of Works

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Nels E. Peterson, age 46 years, residence and P. O.

Soda Springs, Idaho. Occupation:-- a farmer.

Ques. 2. Are you acquainted with Walter S. Crane, the holder of Permit No. 8961, authorizing the diversion of 2.9 second-feet of the waters of Soda Creek, at near Soda Springs

for irrigation purposes? How long have you known him, and where does he reside?

Ans. Yes. Have known him 5 years. He resides near Soda Springs, Ida.

Ques. 3. Have you read or heard read said Permit No. 8961, and are you familiar with its terms and conditions?

Ans. yes. At least I have read the notice, and know the works of diversion.

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes. Soil: a sort of a black loam. I think it should have an inch per acre for its successful irrigation.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. I think not. There are a few narrow places to be widened out. I think at present the ditch will carry about 160 inches of water.

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. He has a wing dam; and a ditch about 3 miles long, 4 ft. wide 2 1/2 ft. deep, with a flume about 30 ft. long, 4 ft wide and 3 ft. deep, where it crosses the Soda Creek. See above for capacity.

PERMIT No. 8961

Proof of Application of Water to Beneficial Use

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Walter S. Crane, age 34 years. Residence and P.O.: Soda Springs, Idaho. Occupation: A farmer.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. I am acting in my own behalf.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 8961. Date December 4, 1916. Priority, same date.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source: Soda Creek. Pt. of diversion: In SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Sec. 24, Twp. 8 S., Range 41 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. The works of diversion are unnamed. I have a flume 32 ft. long; 4 feet wide and 3 feet deep. Ditch: 3 miles long, 4 ft. wide and 2 $\frac{1}{2}$ feet deep, with capacity for carrying 2 $\frac{1}{2}$ cu. ft. of water.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation of parts of each of the following subdivisions: Lots 1 and 2; E $\frac{1}{2}$ NW $\frac{1}{4}$ Sec 31, Twp 9 S. R. 42 E. B. M. In Lot 1: 32 acres; Lot 2: 38 acres; SE $\frac{1}{4}$ NW $\frac{1}{4}$: 20 acres. The land is cultivated land. I have irrigated and raised crops of alfalfa and oats with this water.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. Irrigation and domestic purposes only.

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. To irrigate the land properly it would take at least 125 inches of water.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the same person who received the permit.

8961

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

(125)

Ans. The water to the amount of about 125 inches was used on the place all the season, beginning about June first, during 1914 and about 50 inches during 1915, beginning about June first.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None besides water covered with this permit.

(Sign) Walter S. Brown

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Bancroft, Bannock, County xx

State of Idaho, on this 22nd day of January

A. D. 1916.

Permit No. 8961

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Nels J. Peterson, age 46 years. Residence and P.O. Soda Springs, Idaho. Occupation:-- A farmer.

Ques. 2. Are you acquainted with Walter S. Crane, the holder of Permit No. 8961? How long have you known him and where does he reside?

Ans. Yes have known him about 5 years, and he resides near Soda Springs, Idaho.

Ques. 3. Have you read or heard read said Permit No. 8961, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source: Soda Creek. Place of diversion on SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec 24. Twp 8 S. R. 41 E.B.M.

Ques 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Capacity: and amount I have seen conveyed 2 cu. feet.

Ans.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for irrigation and domestic purposes.

In Lot 1, Sec 31, T. 8 S. R. 42; 30 acres irrigated; Lot 2-- 20 acres; SE $\frac{1}{4}$ NW $\frac{1}{4}$; I am not sure of the amount and I think none on the other subdivision. Used on cultivated land, and he has irrigated crops of oats and alfalfa during the years on 1914 and 1915.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. None, except watering stock.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Character of the land: Black loam. Amount of water necessary: 1 inch per acre.

8961

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen it used to the extent of about 100 inches during the seasons of 1914 and 1915. From June to October, each year. In 1915 the amount was a little less than in 1914.

8961

Permit No. 8961

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

OFFICE OF STATE ENGINEER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Hyrum W. Lan, age 44 years, Residence and P. O. Soda Springs, Idaho. Occupation: a farmer.

Ques. 2. Are you acquainted with Walter S. Crane, the holder of Permit No. 8961? How long have you known him and where does he reside?

Ans. Yes. Have known him about 8 years, and he resides at Soda Springs, Idaho.

Ques. 3. Have you read or heard read said Permit No. 8961, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source: Soda Creek. Place of diversion: SW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 24, Twp 8 S. R. 41 E. B. M. He has a dam about 30 ft. wide and about 5 ft. high, with a ditch about 3 miles long.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I estimate the ditch would carry at least 2 cu. ft. I have seen about 1 cu. ft. being conveyed therein.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigation purposes. I am not sure as to the amount of land on each subdivision which has been irrigated, but most of the NE $\frac{1}{4}$ SW $\frac{1}{4}$ Said section has been irrigated, and most all of the entire place is under cultivation. He has used the water for the successful irrigation of crops of hay and oats, during 1914 and 1915.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. I think he has used it for irrigation and domestic purposes only.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is of a lava ash formation, and my estimate of the amount neces sary for its successful irrigation would be one inch per acre.

8961

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None whatever.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I am not sure as to the length of time the water was used,
but I saw it being used on the land to the extent of about 1 cu. ft.
during July of both 1914 and 1915.

Office of the State Engineer

Battle, Idaho, Jan. 15, 191⁶

Mr. C. B. Wilson,
Soda Springs, Idaho.

DEAR SIR:

~~Walter S. Crane~~, residing at Soda Springs
County of _____, State of Idaho, has requested that
you make examination required under Permit No. 8961. Will you
therefore, arrange with the holder of said Permit to make such examination as will
enable you to answer the questions on the enclosed blank? Also, make a sketch on
the enclosed blank plat showing source of supply, point of diversion, route of ditch
and place of use. You should, also, arrange with the holder of said Permit for the
payment of your fee for your services, and such proper expenses as you will incur in
making this examination and report.

Please advise me promptly of receipt of this communication, and whether or not
you will be able to make the examination and report as required.

Very truly yours,

J. H. SMITH,

Mr. Walter S. Crane,
Soda Springs, Idaho.

Sir:--

The report of the examining engineer, Mr. C.B. Wilson, has been received and is satisfactory. Receipt for fees for proof of completion of works has been issued and is herewith enclosed. I am returning you \$4.00 in currency, as no additional fees are charged for the proof of beneficial use of water where the expense of the examination has been paid by the holder of the permit. The certificate and license will be issued and mailed to you soon.

Kindly acknowledge receipt of the money refunded.

Very truly yours,

Re: Permit No. 8961.

Mr. L. S. Marriott,
Soda Springs, Idaho.

Dear Sir:

Am in receipt of your letter of the 18th inst. enclosing application for extension of time, approved September 24, 1915. In regard to this permit would say that the records show the same to be held by W. S. Crane alone, and certificate and license have been issued under this permit.

Your additional extension mentioned in your letter must have been intended for some other permit. Am therefore returning you your application for extension.

Upon further advise from you, after looking up your other water rights, we will be glad to see what can be done in regard to giving an extension of time.

Very truly yours,

J. H. Smith,

State Engineer.

Re. Permit 8961
L. S. Marriott et al

Dear Sir:

It will be necessary to ask extension of time for a period of one year in this case as it is impossible to get labor to finish this matter to a final completion. We have done what we were able to perform and respectfully ask an extension of one year more.

Sincerely yours

L. S. Marriott et al

P.S. We have large crops coming on and cannot get help and cannot possibly finish this year

Re: Permit 8961.

Mr. L. S. Marriott,
Soda Springs, Idaho.

Dear Sir:

Replying to your letter of the 25th requesting extension of time under above permit, we find that this permit is held by Walter S. Crane of Soda Springs, and claims 2.9 second foot from Soda Creek. Both the proofshavebeen made, however, the certificate of completion of works having been issued February 8, 1916, and license has been issued for 2.74 second foot.

Yours very truly,

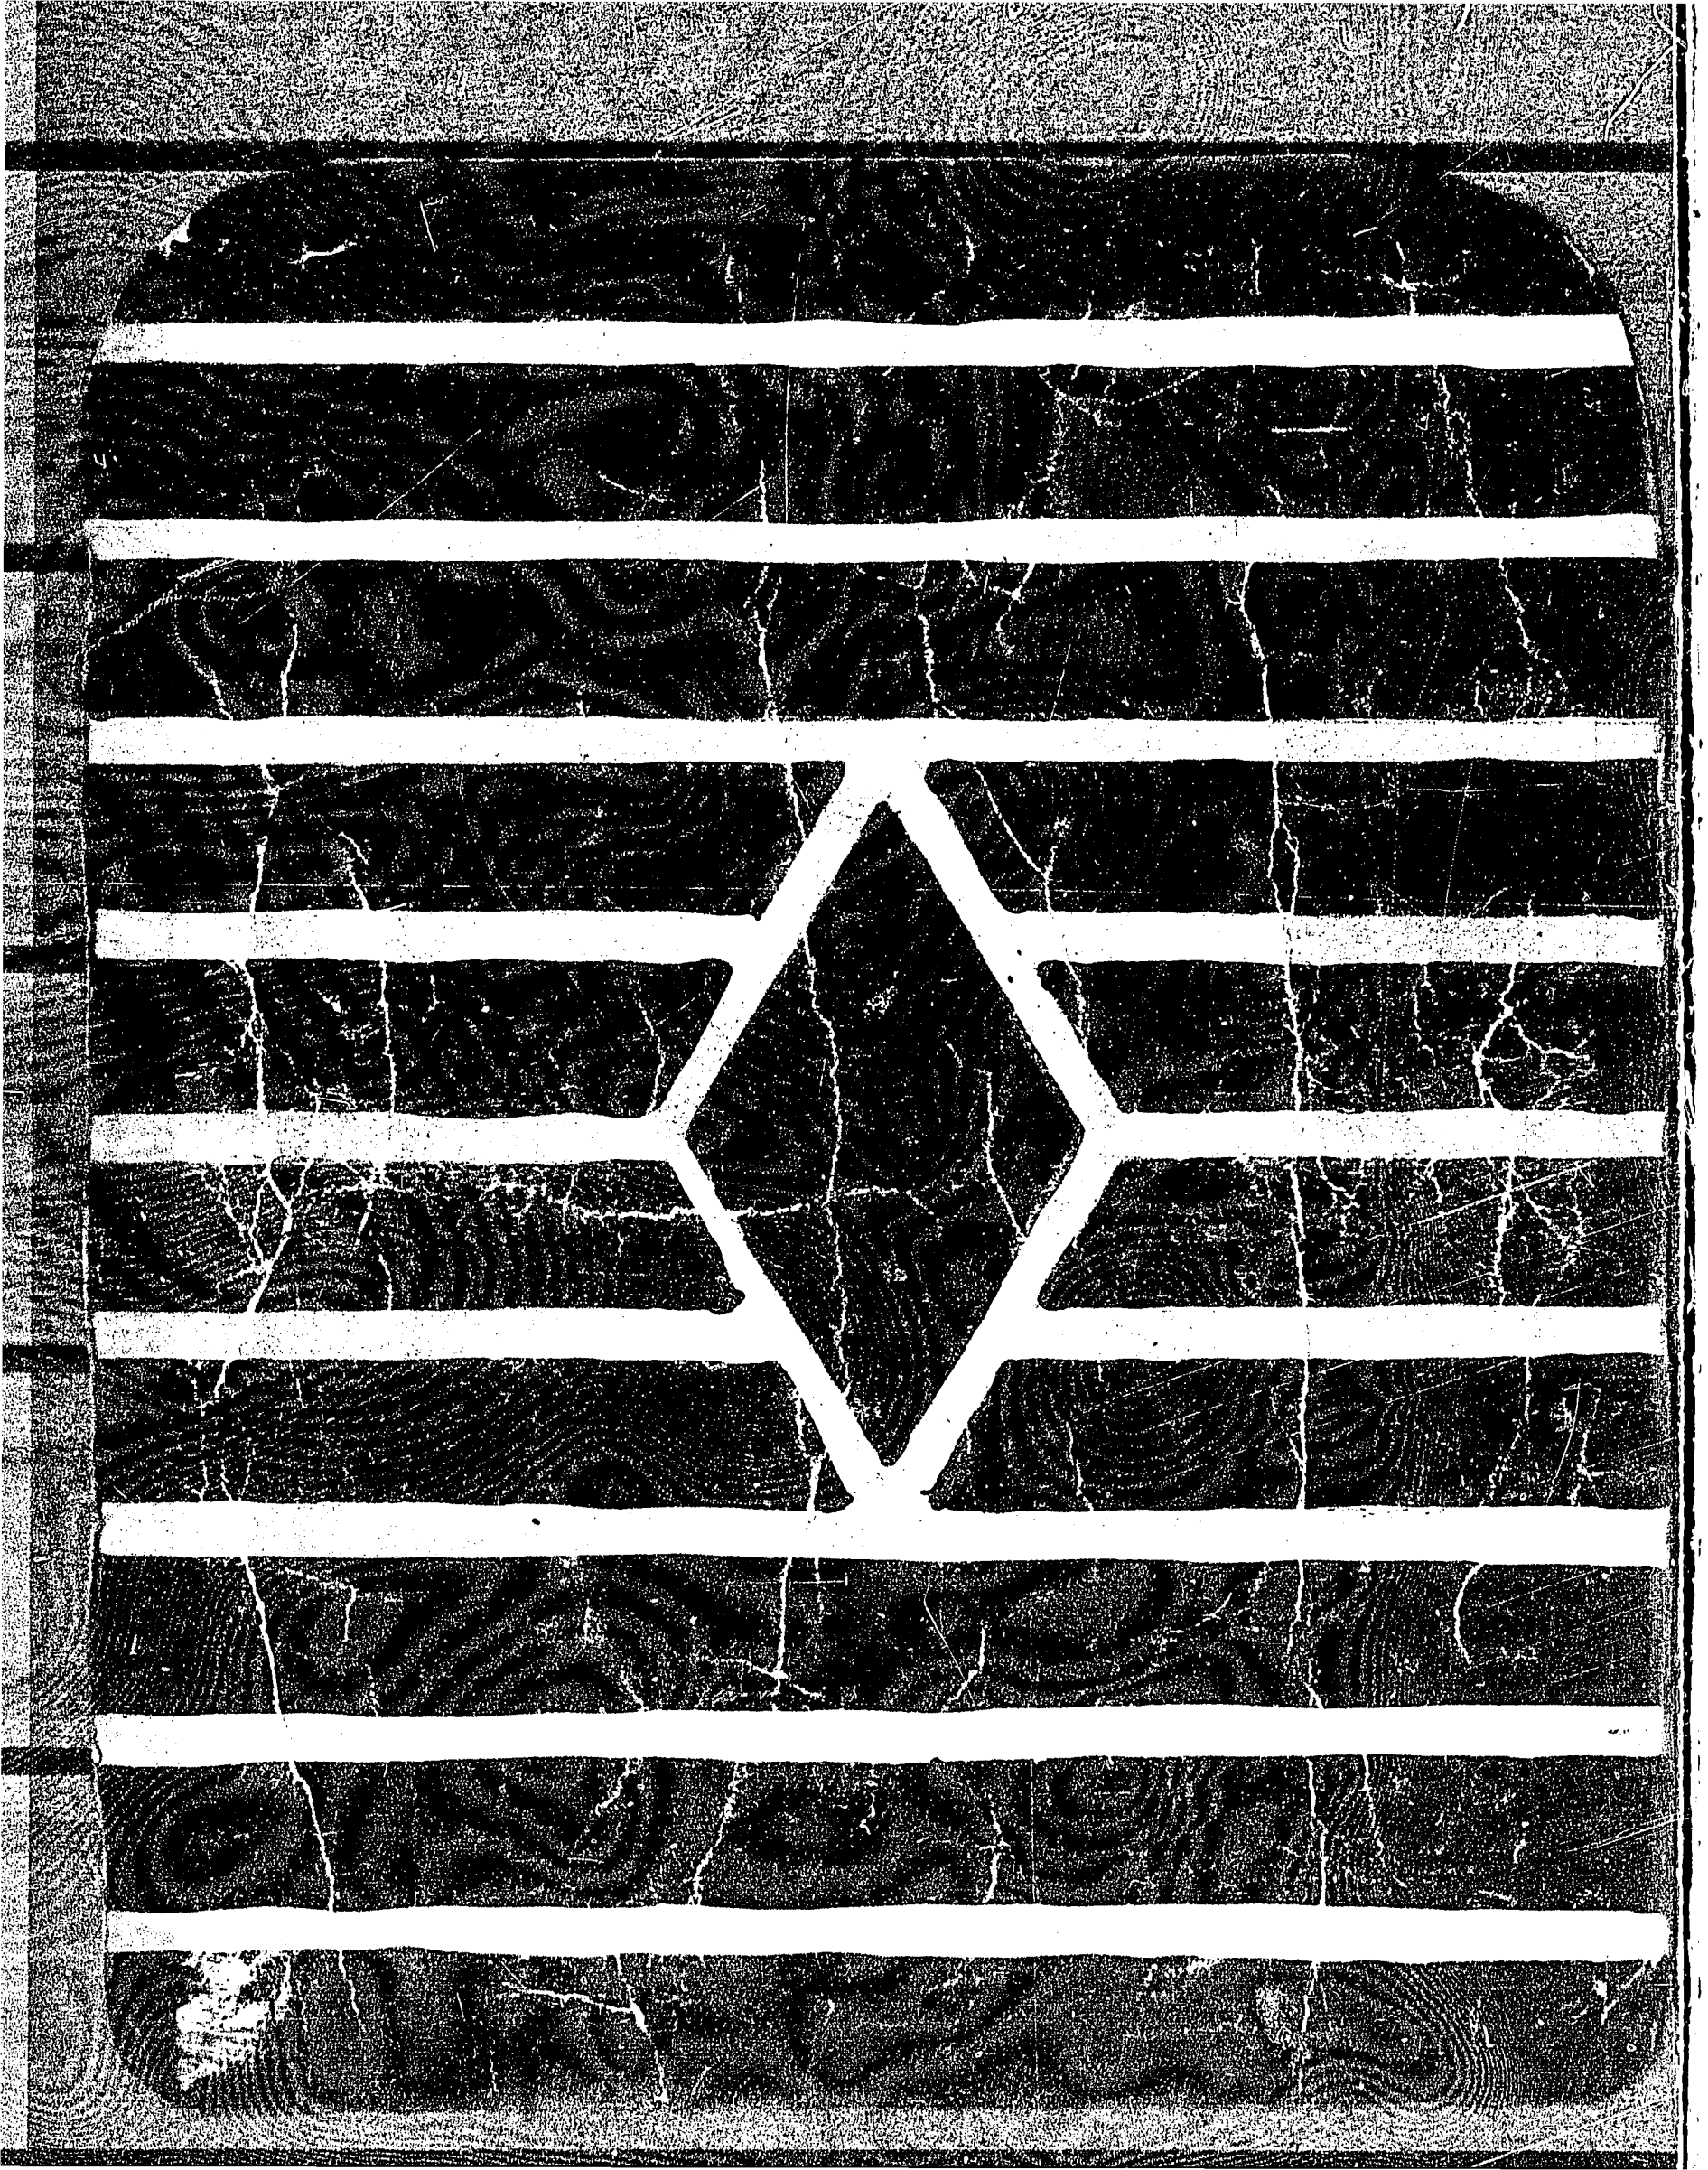

J. H. Smith,

State Engineer.

 Amount: 2.34 cu.ft.
 Use: irrigation & domestic
 Priority: Dec.4, 1912.

STATE OF IDAHO

Water License No. 8961

Received

WHEREAS, On the 4th day of December, A. D. 1912 Walter S. Crane,

of Soda Springs, County of Bannock State of Idaho, duly made application (No. 13484) to me for a permit to use 2.9 cubic feet per second of the waters of Soda Creek

County of Bannock, State of Idaho, for irrigation and domestic purposes, and,

WHEREAS, On the 28th day of January, A. D. 1913, Permit No. 8961 was issued to said applicant for the diversion of said water and providing for the completion of the works of diversion therein described on or before the 28th day of January, A. D. 1916, and for the application to beneficial use of said water on or before the 28th day of January, A. D. 1916, and,

WHEREAS, On the 22nd day of January, A. D. 1915, Walter S. Crane,

the holder of said permit, duly made proof of the completion of adequate works for the diversion of 2.9 cubic feet per second of said waters, as evidenced by my Certificate No. 8961 dated February 8, 1916, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use 2.9 cubic feet per second of said water with date of priority of December 4, 1912, and

WHEREAS, On the 22nd day of January, A. D. 1916, Walter S. Crane,

the holder of said permit, duly made proof of the application to beneficial use of 2.34 cubic feet per second of said water:

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to Walter S. Crane

of Soda Springs, County of Bannock, State of Idaho, the holder and owner of said Permit No. 8961, a perpetual right, dating from December 4, 1912, to the use of 2.34 cubic feet per second of the waters of Soda Creek,

in the County of Bannock and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted in the SW $\frac{1}{4}$ of SW $\frac{1}{4}$ Sec. 24, T. 8 S.,

R. 41 E., B.M.

and conducted to and upon 117 acres as follows; 28 acres in Lot 1, 37 acres in Lot 2, 12 acres in the NE $\frac{1}{4}$ of NW $\frac{1}{4}$ and 40 acres in the SE $\frac{1}{4}$ of NW $\frac{1}{4}$, Sec. 31, T 8 S., R. 42 E., B.M.

for the purpose of Irrigation and domestic use, subject, however, to the laws of the State of Idaho, applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this 8th day of February A. D. nineteen hundred and Sixteen
