INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,

Thomas T. Gunnell.
Alexander, Idaho

May 6, 1919

Dear Sir:—

Under the terms of your permit No. 11555 you are required to complete your diversion works on or before Aug. 25, 1919. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. Swendsen.

Commissioner of Reclamation.

Dear Sir:-

I enclose you Deposition of Permit Holder, Permit No. 11555, and also Deposition of two Witnesses. the reason that

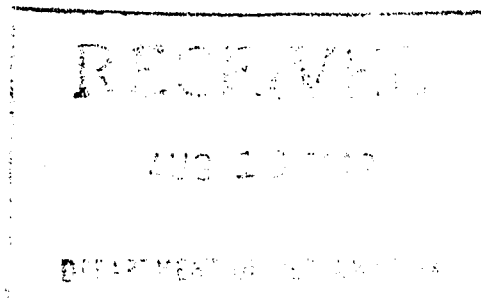

they were not forwarded soon, was because C B Wilson and Wilford Scott, were not able to be here until to-day, having been unavoidably detained at Grey 40 miles North of here.

I also enclose Affidavit of Publication.

I would suggest that you appoint Mr C B Wilson as examining Engineer, as he is quite competent, and would refer you former State Engineer Fred Wilkie, as to his ability.

Very Respectfully Yours

Dear Sir:

This will acknowledge receipt at this Department of depositions showing proof of beneficial use under the above numbered permit.

Our records show that this proof should have been submitted on the 12th day of July, 1919; I note that the same was submitted on the 16th day of August, 1919. It will be, therefore, necessary for you to forward to us a certificate signed by Mr. Horsley to the effect that he was in his office on the 12th day of July, during office hours. That no one appears on that day to protest the taking of the proof of the issuance of the license thereunder, nor did anyone appear at any time prior to that date or subsequent thereto.

Dear Sir:

This will acknowledge receipt at this Department of the certificate requested by our letter of the 19th.

I note that you request us to appoint Mr. Wilson of Soda Springs, to make this examination. Mr. Wilson will be permitted to make this examination, but it will be necessary for you to arrange with him for his charges, which charges must be paid by you to Mr. Wilson.

The Attorney General has recently rendered a decision to the effect that this Department cannot issue a license under a permit unless the statutory fees of \$2.00 for each forty, or fraction thereof, is paid to us. This being the case you would not only have to pay Mr. Wilson's charges to him, but it would be necessary for you to submit to this Department, the statutory fees above referred to.

Under these circumstances, if you desire to employ Mr. Wilson, kindly advise this office and we will authorize Mr. Wilson to make the examination.

C. B. Wilson,
Soda Springs, Idaho.

Dear Sir:

At the request of Thomas B. Gunnell, of Alexander, Idaho, I am authorizing you to make the statutory examination under the above numbered permit.

Find enclosed, herewith, blank to be used for that purpose, together with map form. I desire to call your attention to the fact that the point of diversion and the lands to be irrigated, as described on the blank, are not necessarily correct and should be carefully checked. Kindly shade in on the map the location of the lands irrigated.

Yours very truly,

W. C. SWENDSEN,
Commissioner of Reclamation,

Re: Permit 11555.

Thomas P. Gunnell,
Alexander, Idaho.

Dear Sir:

In looking over your papers, preparatory to making out a license on final proof under the above numbered permit, I do not find your affidavit for proof of completion of works. This proof was due on the same date of proof of beneficial use of water. I am enclosing, herewith, affidavit form for this purpose. If such an affidavit has been submitted by you, together with statutory fee of \$5, please advise us, as the same does not appear in our files. Your proof of beneficial use of water was made before Herbert Horsfloy, at Soda Springs, on the 16th day of August, 1919, but I take it the affidavit for proof of completion of works was not filled out at the time. If this affidavit for proof has not been made the enclosed blank should be filled out by you, at your earliest convenience, and submitted to this office, together with \$5 fee. We can then issue you certificate of completion of works upon this proof and license under proof of beneficial use of water, but until this ~~proof~~ is received the license could not be issued upon the second proof. Please advise us, at once, in regard to this matter as no further action can be taken at this time.
