APPROVAL OF STATE ENGINEER

The number of this permit is 10600 Approved September 30, 1914.
Recorded in Book 55 Page 10600

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions.

Bond in the sum of to be filed on or before

Work to begin on or before November 29, 1914 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before March 30, 1915.

The whole of said work to be completed on or before September 30, 1915.
Beneficial use of water appropriated in accordance herewith, to be made on or before September 30, 1916.

Witness my hand this 30th day of September, 1914.

F. F. King,

State Engineer.

Remarks: The point of diversion and spring is located on land claimed by Russell Panting, and I have his consent for diverting the water thereon. This water was appropriated years ago, but the description of the lands therein was faulty, and in addition the land for which it was originally appropriated has been flooded since the construction of the Government Reservoir, making it necessary to use it on other lands than those for which it was appropriated.

APPLICATION FOR AMENDMENT

TO PERMIT TO APPROPRIATE THE PUBLIC WATERS

OF THE STATE OF IDAHO, NO. 10600.

Come now Louisa D. Horeley and represents to the State Engineer of the State of Idaho,

That he is the owner and holder of permit to appropriate the public waters of the State of Idaho, No. 10600, and requests that the list of lands to be irrigated as described in said permit, be changed to read as follows: The NE $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$, Section 13, NE $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 24, Township 8 South, Range 41 East, Boise Meridian, making a total of 240 acres.

That an additional amount of water is not asked for, and that the rights of others will not be adversely affected by such change.

Signed at Soda Springs, Idaho, this 19th day of December, 1914.

Louisa D. Horeley

Date of receipt at Office of State Engineer December 24, 1914.

APPROVAL OF STATE ENGINEER

I, HERBERT WING, Acting State Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to permit to appropriate the public waters of the State of Idaho, No. 10600. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Dear Sir:

We hand you herewith the papers in the matter of the proof of completion of works and Proof of Application of water to a beneficial use in connection with Permit No. 10600.

Mrs. Horsley has made Final Proof upon her Desert Entry sometime ago and has been allowed thirty days to furnish evidence that she owns this water. We are very anxious to get the license from you if possible within that period, and beg leave to ask you to kindly give the matter your kind consideration and let us have it if you can do so. If you cannot we would appreciate receiving from you some sort of certificate or statement which will suffice for the present time to assure the land office here that she has made her application and both proofs and complied with all the requirements necessary to the present time.

our check for \$17.00, the same being fees of \$12.00 in connection with the application of water to a beneficial use and \$5.00 for completion of works.

Permit No. 10600

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Thomas E. Horsley, age 50 years, occupation a farmer, and
P. O. Soda Springs, Idaho.

Ques. 2. Are you acquainted with Louisa D. Horsley, the
holder of Permit No. 10600? How long have you known him and where does he reside?

Ans. Yes. I have known her 40 years and she resides at Soda
Springs, Idaho.

Ques. 3. Have you read or heard read said Permit No. 10600, and are you familiar with its
provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water
from point of diversion to place of use.

Ans. Source of supply-- Formation Springs. Point of Diversion
is the S- $\frac{1}{4}$ S- $\frac{1}{4}$, Section 28, Township 8 South, Range 42 E. B. M.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of
use, and how much water have you seen being so conveyed?

I estimate that the ditch will carry about 10 cubic feet of
Ans. water and I have seen that much so conveyed.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each sub-
division in which water has been used and number of acres irrigated in each subdivision.) State whether
cultivated or natural meadow land and the nature of all improvements which have been made as a direct
result of said use.

Ans. Irrigation. In the NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec 13--30 acres; SW $\frac{1}{4}$ SE $\frac{1}{4}$ --30 acres;

NE $\frac{1}{4}$ Sec24-- 25 acres. Some of the land irrigated is meadow land and
some is cultivated land. Crops of hay and grain have been raised as
a result of and by the assistance of this irrigation.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what
extent.

Ans. The only use to which the water has been put is for irrigation.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate
of the amount of water required for its profitable cultivation.

Ans. The place has some lava rock thereon in places, and the land
actually irrigated and to be irrigated is a lava ash formation, and I
think the amount applied for will be needed to irrigate the same. 10600

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have a one-fifth interest in the ditch above mentioned, for conducting water on lands which I own near by.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the water used thereon as needed for the crops during all of the last three or four years.

Dear Sir:

A day or so ago you advised us that if Louisa D. Horsley, of Soda Springs would send to you the name of some person to examine her works of diversion and report that you would send to the person named the necessary blanks to prepare such report to be sent you. Mrs Horsley advised me this day by telephone that she would like the works examined by C. B. Wilson, of Soda Springs, Idaho. Mr Wilson is a surveyor and has done considerable work of this kind, and we hope that you will be kind enough to send the blanks at once.

Very truly,

DEAR SIR:

Mrs. L.D. Horsley, residing at Soda Springs
County of _____, State of Idaho, has requested that
you make examination required under Permit No. 10600. Will you
therefore, arrange with the holder of said Permit to make such examination as will
enable you to answer the questions on the enclosed blank? Also, make a sketch on
the enclosed blank plat showing source of supply, point of diversion, route of ditch
and place of use. You should, also, arrange with the holder of said Permit for the
payment of your fee for your services, and such proper expenses as you will incur in
making this examination and report.

Please advise me promptly of receipt of this communication, and whether or not
you will be able to make the examination and report as required.

Very truly yours,

Herbert Wing, ~~A. E. ROBINSON~~,
Acting State Engineer.

Dear Sir:

Herewith Affidavit of Louisa D. Horsley in connection with her permit No. 10600, to appropriate waters in the State of Idaho. In connection with this affidavit beg to advise that the writer has a personal knowledge that the statements made in this affidavit are true. In fact, the error in the permit, was made at the time of making the application and evidently was over-looked by your office when checking over the matter. We have had the Soda Springs Chieftain publish the notice giving the correct description of the lands and trust that under the circumstances you will feel justified in issuing license to Mrs. Horsley when the report of the examining engineer is received, which we believe will be today.

Gentlemen:

We are just in receipt of your letter enclosing affidavit relative to description of lands under above permit. In reply would say that the application for amendment should be filed upon our regular form, copy of which is herewith enclosed. This application will then be approved and recorded and become a part of the original permit. Duplicate maps will not be required as the maps filed with the application show the land in R.41 and not 42. I am herewith returning the affidavit.

NOTICE FOR PUBLICATION.

Notice of Proof of Application of Water to Beneficial Use.

NOTICE is hereby given that at 10 a. m. the 27th day of November, 1914, at Bancroft, County of Bannock, State of Idaho, before Wm. H. Jackson, Jr., a Notary Public, proof will be submitted of the application to beneficial use of three cubic feet per second of the waters of Formation Springs, in accordance with the terms and conditions of Permit No. 10600 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are Louisa D. Horsley, Soda Springs, Idaho.

2. The use to which said water has been applied is domestic and irrigation purposes.

3. The amount applied to beneficial use is three cubic feet per second.

4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated) NW $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$, Section 13, N $\frac{1}{2}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 24, T. 8 South, Range 41 East, Boise Meridian.

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is from Formation Springs, by a dam and ditch.

6. The right to take the water from such works is based upon Permit No. 10600.

7. The source of supply from which such water is diverted is Formation Springs.

8. The date of the priority which said user is prepared to establish is August 29, 1914.

Dear Sir:

We hand you herewith the papers in the matter of the proof of completion of works and Proof of Application of water to a beneficial use in connection with Permit No. 10600.

Mrs. Horsley has made Final Proof upon her Desert Entry sometime ago and has been allowed thirty days to furnish evidence that she owns this water. We are very anxious to get the license from you if possible within that period, and beg leave to ask you to kindly give the matter your kind consideration and let us have it if you can do so. If you cannot we would appreciate receiving from you some sort of certificate or statement which will suffice for the present time to assure the land office here that she has made her application and both proofs and complied with all the requirements necessary to the present time.

You will also find enclosed herewith our check for \$17.00, the same being fees of \$12.00 in connection with the application of water to a beneficial use and \$5.00 for completion of works.
