INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Inez H. Beavers,
Pegram, Idaho.

Boise, Idaho,
May 3, 1923.

Dear Sir:—

Under the terms of your permit No...15281....you are required to complete your diversion works on or before Aug. 29, 1923. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. G. SWENDSEN.

Gentlemen: In re: Permit No. 15281-Inez H. Beavers.

Yesterday proof was submitted as to completion
of work under the above permit.

The waters that Miss Beavers is trying to appropriate
was appropriated ~~by~~ Charles E. Taylor, January 18, 1898, and has
been used ever since by him and his successors in interest.

We thought it useless to appeal ⁱⁿ the proceedings
yesterday as we were informed the only matters to be considered
by the officer before whom the proof was taken was whether
applicant had performed the work outlined in the permit.

Now if it is proper for us to submit evidence as
to the ownership of this water we would like to have the matter
set for hearing before the certificate is issued. This water is
now owned by Mrs. Carry Hill and she has claimed and used same for
many years past and the water has always been used since it was
appropriated in January, 1898.

I am herewith handing you certified copy of notices
of appropriation ~~for~~ this water.

once.

I should be very pleased to have a reply from you at
yours very truly,

Re: Permit No. 15281-Inez H. Beavers.

Mr. D. C. Kunz,
Attorney at law,
Montpelier, Idaho.

Dear Sir:-

Referring to the protest against the proof of beneficial use of water under the above permit would say that a protest must come from a subsequent appropriator and not from a prior right, as all licenses are issued subject to all prior rights on a stream. The license in this case will, therefore, be issued, but the holder will be advised that the right is subject to all prior rights on the stream.

Very truly yours,
W. G. SWENSON,
Commissioner of Reclamation.

Mr. W. G. Swendsen,
Com. of Reclamation,

Dear Mr. Swendsen;

Enclosed, herewith, is
the water license which was
issued to me, a short time ago.
Both places in the license
where it reads, "Point of Diversion"
are incorrect according to my permit
No. 15281, and also according to my
Certificate of Completion of Works:
each reads $S. E. \frac{1}{4} N. W. \frac{1}{4}$ and $N. E. \frac{1}{4} S. W. \frac{1}{4}$ Sec. 4.

I suppose this should
be corrected; if so, will you
kindly give it your attention?
Very truly,

Ernest H. Beavers
