

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 22476
Permit No. 15810
District No. 5-E

1. Name of Applicant:

George R. Corey,
Postoffice address: 514 Kearns Building,
Salt Lake City, County: Salt Lake, State: Utah

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (b) Treasury stock:
- (d) Other resources:
- (a) Cash on hand:
- (c) Bonds to be issued:

2. Quantity of water claimed: one-half

cubic feet per second from each of two springs

3. Source of water supply: two unnamed springs

which are tributary of to Bear River

4. Location of point of diversion: See Remarks "A" feet distant from the corner of Section T, R, B. M., and in the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 17, T. 9 S., R. 41 E., B. M., County of Caribou.

5. Water is to be used for: Domestic, water cooling and irrigation purposes.

6. If for mining, milling, power or manufacturing purposes, give:

- (a) Point of use of water: See remarks feet distant from T, R, B. M., in the of Section T, R, B. M., corner of Section
- (b) Amount of power generated: H. P., under feet head.
- (c) Water is to be returned to at a point feet distant from the corner of Section T, R, B. M., in the of Section T, R, B. M.

7. Estimated cost of works: \$ 2500.00

8. Kind of works: Open ditch, settling box and pipe

9. Height of dam feet; length of dam at top feet; length of dam at bottom feet; material used in dam

10. Size of headgate: width feet; height feet

11. Ditch: Width at bottom two feet; width at water line one feet; depth of water feet; dimensions of flume inches; length of conduit feet
Diameter of pipe 8
Average grade per mile miles

12. The time required for the completion of such work is two years.

13. The time required for the complete application of the water to the proposed use is two additional years.

14. The land to be irrigated is described in the following tabulation: See Remarks.

ASSIGNMENT OF WATER FILING.

THIS INDENTURE, made and executed this 17th day of August, 1925, by and between George R. Corey of Salt Lake City, Utah, party of the first part, and Utah Power & Light Company, a corporation, party of the second part, WITNESSETH:

That for and in consideration of the sum of One (\$1.00) Dollar and other valuable consideration to him in hand paid, receipt whereof is hereby acknowledged, said party of the first part does hereby transfer, set over, assign, bargain, sell and convey unto said party of the second part, its successors and assigns:

That certain application to appropriate the waters of Wilson Spring, a tributary of Bear River, for culinary and other purposes, which said application was filed in the office of the Commissioner of Reclamation of the State of Idaho, on the 9th day of June, 1923, and filed as application No. 22476, approved as Permit No. 15810 and recorded in Book 55, page 15810 of Water Permits, together with all right, title and interest in and to any and all permits, licenses or certificates of appropriation which may be issued under or in pursuance of said application.

And said party of the first part does hereby covenant and agree to execute and deliver to Utah Power & Light Company, its successors and assigns, such further evidences and assurances of title to rights acquired pursuant to said application, as the said party of the second part may require.

GEO. R. COREY

STATE OF UTAH)
) SS.
COUNTY OF SALT LAKE)

On the 17th day of August 1925, personally appeared before me George R. Corey, the signer of the foregoing instrument, who duly acknowledged to me that he executed the same.

Proof of Completion of Works made May 12, 1925.
Certificate of Completion of Works issued May 20, 1925.

Permit No. 15810

CERTIFICATE OF COMPLETION OF WORKS

To All Whom It May Concern

This is to certify that Utah Power & Light Company of Salt Lake City, County of Salt Lake, and State of Utah, the holder of Permit No. 15810, issued upon Application No. 22476, bearing date of priority of June 9, 1923, authorizing the diversion of 1.0 second feet of the waters of two unnamed springs, County of Caribou, State of Idaho, for domestic, culinary and irrigation purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 1.0 second feet of the waters of two unnamed springs; that the points of diversion of said waters are from spring No. 1 and spring No. 2, located respectively, as follows: S. 39° 27' West, 4853.5 feet and S. 40° 41' West 4238 feet from the Northeast corner of Section 17, Twp. 9 S., R. 41 E. B.M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: 25 acres in NW¼ Sec. 17, T. 9 S., R. 41 E., B.M.

The water will be used primarily for culinary and domestic purposes at the construction camp of the Phoenix Utility Company, and at the permanent camp of Utah Power & Light Company at the Soda Point power development, and elsewhere in Sections 7, 8, 17 & 18, Twp. 9 S., R. 41 E., for said purposes. It will also be used for the purpose of cooling machinery, bearings, etc., within the above mentioned power house in the Northwest quarter of said Section 17. Further the water will be used for mining purposes at the mining operations of C. B. Wilson in said Sections 17 and 18 as may be agreed upon between the parties.

Witness my hand this 20th day of May, A. D. 1925.

W. G. SWENDSEN
Commissioner of Reclamation

By: GEO. H. CARTER,
Assistant

State of Idaho
DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Mr. Geo. R. Core,
514 Kearns Bldg.
Salt Lake City, Utah
Dear Sir:—

Boise, Idaho, April 7, 1925

Under the terms of your permit No... 15810... you are required to complete your diversion works on or before ~~July 31, 1925~~ I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

W. C. SWENDSEN
Commissoner of Reclamation.

KEARNS BUILDING
SALT LAKE CITY, UTAH

April 6,
1925

Mr. W. G. Swendsen,
Commissioner of Reclamation,
Boise, Idaho.

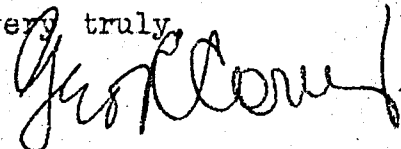

Dear Sir:

I desire to make Proof of Completion of Works and Proof of Application of water to Beneficial Use under Permit No. 15810.

I believe that the statute does not require publication of notice as to making Proof of Completion of Works but that publication is required as to Proof of Beneficial Use.

Will you please advise me in this regard; also send me two copies of each of the forms used in submitting proofs where the quantity does not exceed six (6) second feet.

Yours very truly,

Assistant Attorney.

Re: Permit No. 15810.

Mr. Geo. R. Corey,
Assistant Attorney,
Utah Power & Light Co.,
Salt Lake City, Utah.

Dear Sir:-

Per your request we are enclosing blanks, in duplicate, for proof of completion of work and beneficial use of water under the above numbered permit.

The statute does not require notice of proof of completion of works to be published where the amount of water claimed does not exceed six and four-tenths (6.4) second feet. All that is required for such proof is the affidavit of the holder, together with the regular fee of \$5.00.

Very truly yours,
E. G. SWENDSEN,
Commissioner of Reclamation.

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 11:00 a. m. on the 11th day of July, 1925,
at Soda Springs, County of Caribou, State of Idaho,
before S. E. Matthews, Notary Public, proof will be submitted
of the application to beneficial use of one cubic feet per second of the
waters of two springs in accordance with the terms and conditions of
Permit No. 15810 heretofore issued by the Commissioner of Reclamation
of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
Utah Power & Light Company, Salt Lake City, Utah.

The use to which said water has been applied is Domestic, Culinary and Irrigation pur-
poses.

The amount applied to beneficial use is not more than one cubic foot per second

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) In Utah Power & Light Company's Soda Power Plant, in the dwellings at
or near said plant and for watering lawns and gardens in the Northwest Quarter of
Section 17, Township 9 South Range 41 East, B. B. & M.

The name of the canal or ditch or other works by which said water is conducted to such place of use
is --Pipe line is used to convey the water.

The right to take water from such works is based upon Permit No. 15810

The source of supply from which such water is diverted is Two Springs

The date of the priority which said user is prepared to establish is

June 9th, 1923.

W. G. Swendsen,

Commissioner of Reclamation.

Permit No. 15810.

STATE OF IDAHO, DEPARTMENT OF RECLAMATION

PROOF OF COMPLETION OF WORKS.

AFFIDAVIT OF HOLDER.

STATE OF UTAH)
) SS.
COUNTY OF SALT LAKE)

Jubal A. Hale, being first duly sworn upon his oath, deposes and says that he is the Assistant Chief Engineer of Utah Power & Light Company, and by resolution of the Board of Directors of said Company, is authorized on its behalf to make this affidavit:

First: That said Company is the holder and owner of Permit to appropriate the public waters of the State of Idaho, No. 15810, and that its principal place of business in Idaho is at Idaho Falls, Bonneville County.

Second: That said water is to be diverted from two springs located in the Northeast Quarter of the Southwest Quarter of Section 17, Township 9 South, Range 41 East B. B. & M.

Third: That the points of diversion of the water are from spring No. 1 and spring No. 2, located respectively, as follows: South 39°27' West, 4853.5 feet and South 40°41' West 4238 feet from the Northeast corner of Section 17, Township 9 South, Range 41 East B. B. & M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed July 3, 1925.

Fifth: That the use for which said water is intended is domestic, culinary and irrigation purposes.

Sixth: That on the date of this affidavit, the works constructed under said permit are fully completed and consist of the following:

Rec'd. May 15, 1925

15810

A collecting basin 6X8X5 feet deep, built of concrete in which the water from the two springs is collected and from which the water is carried in a 10-inch spiral riveted iron pipe, 750 feet long, to a wood stave tank with a capacity of 20,000 gallons; from this tank the water is conducted through a 3-inch wrought iron pipe, 3,500 feet long to the Soda Power Plant from which point it is distributed by means of smaller pipes to residences located in said Section 17.

Seventh: That said works are capable of conducting to the place of intended use, approximately one second foot of water.

Eighth: That water appropriated under said permit is available for domestic and culinary purposes and for the irrigation of about one acre of lawns.

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO,

July 6, 1925.

Utah Power & Light Co.,

c/o S. E. Matthews,

Soda Springs, Idaho.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 15810

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On July 11, 1925, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Soda Springs before S. E. Matthews, notary public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly.

W. G. STENDRE,

Commissioner of Reclamation.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. A. collecting basin 6X8X5 feet deep, built of concrete in which the water from the two springs is collected and from which the water is carried in a 10-inch spiral riveted iron pipe, 750 feet long, to a wood stave tank with a capacity of 20,000 gallons; from this tank the water is conducted through a 3-inch wrought iron pipe, 3,500 feet long to the Soda Power Plant from which point it is distributed by means of small pipes to residences located in Section 17.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivate or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for domestic and culinary purposes by five families living at and near UP&LC's Soda Hydro-Electric Plant, located in said Section 17, by the employees in and around said plant and for the sprinkling of about one acre of lawn at said dwellings

Ques. 7. If for other than for irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. See answer to question 5.

15810

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. Approximately One (1) cubic feet per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

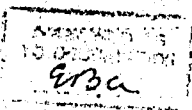

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Continuously since August 1, 1924, water has been used through the above mentioned works to the extent of more than .035 cubic feet per second.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and right claimed thereunder.

Ans. None

PERMIT No. 15810

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Charles S. Ebenstein, Age 28, Residence Alexander, Idaho.

My Occupation is: Operator (Electric)

Ques. 2. Are you acquainted with Utah Power & Light Company, the holder of Permit No. 15810? How long have you known him and where does he reside?

Ans. Yes. I have known of such Company for 2 years. Its principal place of business in Idaho is located at Idaho Falls, Bonneville County.

Ques. 3. Have you read or heard read said Permit No. 15810, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. A collecting basin 6X8X5 feet deep, built of concrete in which the water from the two springs is collected and from which the water is carried in a 10-inch spiral riveted iron pipe, 750 feet long, to a wood stave tank with a capacity of 20,000 gallons; from this tank the water is conducted through a 3-inch wrought iron pipe, 3,500 feet long to the Soda Power Plant from which point it is distributed by means of smaller pipes to residences located in said Section 17.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Approximately one cubic foot per second.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for domestic and culinary purposes by Five families living at and near UP&LOO's Soda Hydro-Electric Plant, located in said Section 17 by the employees in and around said plant and for the sprinkling of about one acre of lawn at said dwellings.

15810

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. See answer to question six.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. See answer to question six.

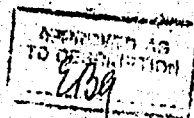

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. None whatever.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. On the 28th day of June, 1925, by personal observation and examination, I witnessed the application to beneficial use in the manner described in answer to question 6 herein, of more than .039 cubic feet per second of water.

NOTICE FOR PUBLICATION.

Office of Proof Application of
Water to Beneficial Use.

Notice is hereby given that at 10:00 a. m. on the 11th day of July, 1925, at Soda Springs, County of Caribou, State of Idaho, before S. E. Matthews, Notary Public, proof will be submitted of the application to beneficial use of one cubic foot per second of the waters of two springs in accordance with the terms and conditions of Permit No. 15810 heretofore issued by the Commissioner of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Utah Power & Light Company, Salt Lake City, Utah.

The use to which said water has been applied is Domestic, Culinary and Irrigation purposes.

The amount applied to beneficial use is not more than one cubic foot per second.

The place where said water is used is Utah Power & Light Company's Soda Power Plant, in the dwellings at or near said plant and for watering lawns and gardens in the Northwest Quarter of Section 17, Township 9 South, Range 41 East, B. B. & M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Pipe line is used to convey the water.

The right to take water from such works is based upon Permit No. 15810.

The source of supply from which such water is diverted is Two Springs.

The date of the priority which said user is prepared to establish is June 9th, 1923.

W. G. SWENDSEN,
Commissioner of Reclamation.
