Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Mr. O. E. Parker,

Dear Mr. Parker:

We are in receipt of the depositions and affidavit of publication for the above referenced permit.

It is noted you advertised to appear before Notary Public R. J. Larsen on the 31st of May, 1966. However, your deposition was taken on May 26, 1966, and the depositions of the two witnesses were taken before Steven B. Hymas on the 31st of May, 1966. Therefore, we will require an affidavit from Mr. R. J. Larsen stating why you did not appear on the advertised date, and why on the advertised date the two witnesses appeared before a different notary. Also, this affidavit must state that Mr. Larsen's office was open on the advertised date and that no protest was offered nor received.

If Mr. Larsen's office was not open on the advertised date so the public could offer any protest, you will be required to readvertise and make new depositions at your expense.

Please contact us if we may be of further assistance.

Dear Mr. McEldowney:

In answer to your letter to Mr. O. T. Parker dated June 7, 1966, the reason for the discrepancy in the advertised dates and notaries for the depositions and affidavit, were due to Mr. Ray J. Larsen going on vacation. Mr. Larsen and I work in the same office and for the same firm and due to Mr. Larsen's vacation he signed the deposition and notarized it on May 26th prior to leaving. Mr. Parker brought the depositions of the two witnesses in to me on the 31st of May as was advertised. We were open as an office and firm on both of the previously mentioned dates.

To my knowledge or the secretary of this office there were no protests made on either dates and everything was in agreeance with all of those considered.
