Re: Permit No. G-30608

August 20, 1962

Mr. D. E. Haddock,
Attorney at Law,
Paris, Idaho.

Dear Mr. Haddock:

We enclose Permit No. G-30608 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. G-7241 which was issued covering payment in the amount of \$5.25 for the filing fee of the above mentioned permit. ~~Enclosed also is a copy of the permit.~~

Well logs are an important part of your recorded water right and State Statutes require that well drillers' supply logs on all wells, whether irrigation, domestic, drain or stock wells, to be filed in the Department of Reclamation. In view of the rapidly increasing demand for ground water, the lowering of the ground water level, and the creation of critical ground water areas, it is important that you, as owner, make sure a log on your well is filed in this office.

Very truly yours,

GEO. N. CARTER

Dear Mr. Nelson:

~~This acknowledges receipt of the notice of intent to make proof of completion~~
of works and application of water to beneficial use for permit G-30608.

We have mailed the notice to the Montpelier News-Bronner
to be published once a week for four consecutive weeks prior to August 17, 1967
, which is the hearing date when the permit holder Rasmus K. Nelson

and two disinterested witnesses must appear before Ray Larsen,
772 Washington St., Montpelier, notary public, to complete the enclosed
depositions. The witnesses must be familiar with the works and permit.

After the hearing, the depositions and an affidavit of publication must be sub-
mitted to this office. The affidavit may be obtained from the newspaper when the
advertising bill is paid by Rasmus K. Nelson

Be sure all the forms have the
notary's seal and are signed.

Re: Permit No. G - 30608

Mr. Rasmus L. Nelson

Montpelier, Idaho
83254

Dear Mr. Nelson:

The date for proofs of Completion of Works and Application of water to beneficial use, as set out under terms of Permit No. G- 30608 are due not later than Aug. 13, 1967

Before these proofs can be made, the statutory requirement is that a notice of your intention of proof be published once a week for four consecutive weeks in a newspaper within the county in which the land is located. In completing the Notice of proof for publication, the information should be taken from your Permit, including any amendments made in connection with a change of point of diversion or land list, which has been recorded in this department. If changes have been made and no amendments are on record, we advise you request a form for this purpose before your Notice is published.

We enclose Form 36, in duplicate, which is to be filled out and returned to this department at least FORTY (40) DAYS BEFORE THE MENTIONED DATE, (allowing for four weeks publication). Please give the name of the town, the address of the place where the depositions will be executed, and, the name of the notary public before whom you will appear to make the depositions of proof (this may be at any place convenient for you and your two witnesses), the quantity of water filed; for what purpose it is used; the point, or points, of diversion; and the location of use or the lands which are irrigated - - all by legal land description.

Enclosed also is Form 11, which is the authorization for us to have the notice published in the designated county newspaper at your expense. This is to be returned with two Forms 36.

At the time we send the notice to the newspaper we will send to you the forms for the depositions of holder and two disinterested witnesses. It is important that the depositions be executed at the time, on the date set, at the place named, and before the notary public, as advertised in the publication notice.

Dear Mr. Nelson:

We are in receipt of your affidavit of performance of August 17, 1967; however, to complete your permit we will need depositions of witnesses. —
For this purpose we are enclosing blank forms for your use. Please have these completed as you did the original and return them to us.

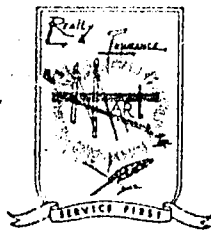

We also need a notarized affidavit from Ray Larsen, Notary Public, as advertised, stating that on August 17, 1967, at Montpelier, Bear Lake County, his office was open and he received no protests to your completion of works and application of water to beneficial use proofs. We will proceed with the processing of your permit as soon as we receive these items.

Dear Mr. Larsen:

We are in receipt of your letter of September 11, 1967, on the above referenced permit.

Since our letter of August 23, 1967, we have received the depositions in question and were dated in on August 28. However, because the depositions were not taken on the advertised date of August 17, 1967 as required, but were taken on the 23rd of August, the notary public was required to submit an affidavit stating why the depositions were not taken on the advertised date and whether or not his office was open and whether or not any protest was offered or received. This affidavit is to be of the notary public's origin and no form is available from this department for the affidavit.

If we do not receive an acceptable affidavit, we will reject the depositions. Your prompt attention to this matter will be appreciated.

Montpelier, Idaho 83254

Dear Mr. Larsen:

We are in receipt of your letter of September 11, 1967, on the above referenced permit.

Since our letter of August 23, 1967, we have received the depositions in question and were dated in on August 28. However, because the depositions were not taken on the advertised date of August 17, 1967 as required, but were taken on the 23rd of August, the notary public was required to submit an affidavit stating why the depositions were not taken on the advertised date and whether or not his office was open and whether or not any protest was offered or received. This affidavit is to be of the notary public's origin and no form is available from this department for the affidavit.

If we do not receive an acceptable affidavit, we will reject the depositions. Your prompt attention to this matter will be appreciated.

Very truly yours,

A handwritten signature in cursive script, reading "C. Stephen Alfred".

Dear Mr. Haddock:

We acknowledge receipt of the depositions and affidavit of publication in the
News-Examiner submitted as proof of com-
pletion of works and beneficial use on Permit G-30608.

Before a certificate and license of water right can be issued, a field examination must be made by a representative from this department. We cannot tell just when this examination will be made, but our field examiner will try to contact you at the time he makes the examination so that you may show him the system.

Very truly yours,

Donald W. McEldowney
