We enclose Permit No. G-30698 in which we direct your attention to the limitations and conditions as given on the fourth page under approval of the State Reclamation Engineer.

We also enclose Departmental Receipt No. G-7368 which was issued covering payment in the amount of \$5.50 for the filing fee of the above mentioned permit. ~~was handed to you~~

Well logs are an important part of your recorded water right and State Statutes require that well drillers' supply logs on all wells, whether irrigation, domestic, drain or stock wells, to be filed in the Department of Reclamation. In view of the rapidly increasing demand for ground water, the lowering of the ground water level, and the creation of critical ground water areas, it is important that you, as owner, make sure a log on your well is filed in this office.

Dear Sir:

On July 27, 1967, you furnished Mr. H. R. Keil with an assignment to be completed in connection with the captioned permit. Mr. Keil has asked that I reply.

The change in ownership was not accomplished by means of a conveyance. The change was accomplished by a merger and subsequent change of name. You are being furnished herewith a Certificate of Ownership and Merger, whereby Kermac Nuclear Fuels Corp. was merged into Kerr-McGee Oil Industries, Inc. effective December 31, 1964.

In addition, you are being furnished with a Certificate of Amendment to the Certificate of Incorporation of Kerr-McGee Oil Industries Inc., whereby its name was changed to Kerr-McGee Corporation on October 28, 1965.

Dear Mr. Keil:

In reviewing the Report of the Field Examiner, I find that some additional information is required before a Water License may be issued.

I need to determine the volume of water used annually by your corporation, both from the well specified on this permit and all other wells used by the company. If recorded data is not available, estimates of the volume of water used each month will suffice. If estimates are submitted, please state your method of arriving at these estimates. Also, provide any facts and figures that would help to substantiate these estimates.

If you will provide this information, we shall continue to process your permit. If we can be of any assistance, please advise.

Dear Mr. Dudley:

O We have reviewed the matter of your assignment with our counsel. We have not established a procedure for changing water licenses, in as much as normally an abstract of title or title insurance would have to be furnished.

O Due to the nature of your proposed conveyance in connection with this water license, the Department will place your assignment on file and our records will show that you are the present holders of this water license.

P Your patience in this matter is appreciated.
