REMARKS: The purpose, at the present, is to develop this spring for watering stock pastured on private range. However, in the future, I would like to develop it to the extent that it could be used for some irrigation. I would like to dig out the spring, tile it and fence it. This spring is located on U. S. Forest property.

Dear Mr. Tappan:

Will you please send me an application or information to file claim for the use of water from a spring located near my dry land farm? The description of land and spring is as follows: Legal subdivision (10A), Spring located in SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Sec. 30, T10S, R-44EBM. The purpose for using this water would be to provide water for private range.

I would appreciate hearing from you, as quickly as possible, any details or information concerning this matter.

Sincerely yours,

Wilford W. Payne

Wilford W. Payne
Georgetown, Idaho 83239

Dear Mr. Payne:

Proof of completion of works and application of water to beneficial use for the above referenced permit is due not later than November 13, 1967.

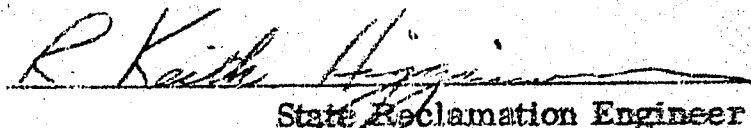

Under the terms of your permit, it is required that a notice be published once a week for four consecutive weeks in a local newspaper showing your intent to submit proof. The proof will consist of depositions which the permit holder and two disinterested witnesses must complete before the listed notary public, and must be accompanied by an affidavit of publication of the legal notice.

We have prepared the enclosed notice from the information on your permit. The complete name and address of a notary public of the State of Idaho must be entered together with a date for you to appear before the notary. Allow at least 40 days from the date the notice is mailed to this department for your appearance before the notary.

If you find any discrepancy in the notice or have made any changes, please advise this department and we will assist you in doing whatever may be necessary to assure correct publication.

If the enclosed notice is correct, complete the blank spaces and sign the form authorizing us to publish the notice at your expense and return all forms. At the time we send the notice to the newspaper, you will be supplied with further instructions.

If you do not desire to complete the proofs and obtain a license of water right, you are requested to complete the relinquishment portion of this form below and return it to the Department of Reclamation.

Permit No. 32133

This proof is for C/W & B/U

In Water District No. 3 47 0762

- Name of applicant Wilford W. Payne
- Source of water supply: spring
- Location of point of diversion: Is in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 30
T. 10 S. R. 44 E. County of Bear Lake
- Describe works as they exist, giving dimensions and capacities of same:

- Water is used for: private range (stock water)
- State whether or not water has been turned into works of diversion:

- List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if other than irrigation):

SW $\frac{1}{4}$, Sec. 31, T. 10 S. R. 44 E. B.M.

(Submit map on attached plat, showing location and details of above description.)

- What large stream would the water here appropriated finally reach?

Remarks: Contacted Mrs. Payne by phone. She indicated they have 35 Angus Cows and two horses. The cows start calving in Feb. and they sell calves in Spring. Assuming they have a 90% success on the calf crop this would add another 31 animals for about 6 months.

This examination was made on the day of 19
