WHEREAS, on August 1, 1968, the Department of Reclamation adopted Rules of Practice and Procedures for the processing of such permits issued prior to May 31, 1967; and,

NOW THEREFORE, the requirements for completion of the above-numbered permit are hereby modified to conform to the adopted Rules of Practice and Procedures as follows:

Re: Permit No. 32954

Ralph E. Stephens
502 North 2nd Street
Montpelier, Idaho

Dear Mr. Stephens:

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a person to make proof and relieve the permit holder from making separate proofs of completion of works and beneficial use of water.

The enclosed order modifies your permit to comply with these rules and regulations. As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a paper as prescribed by the Department, stating that you have been issued a permit and are now submitting proof of beneficial use. Previously, a permit holder had to publish a notice for four weeks when he submitted proof under his permit.

If you will complete the enclosed forms, we will cause the notice to be published. Should you require additional forms or information, we will be glad to supply it upon request at any time.

Dear Mr. Stephens:

We acknowledge receipt of your affidavit submitted as proof of beneficial use for permit 32954.

However, there seems to be a question as to the lands being irrigated. Your proof form lists 7 acres in the NW $\frac{1}{4}$, Sec. 17; whereas permit 32954 lists 15 acres in the NW $\frac{1}{4}$, Sec. 17. Which description is correct?

If you are irrigating land in the NW $\frac{1}{4}$ of Sec. 17, you will need to complete the enclosed application for amendment in order to amend the land list on the permit. The application for amendment must be accompanied by a \$5.00 filing fee.

We will hold up advertising the legal notice on this permit until we have received an answer from you on the above matter.
