Dear Mr. Sheppard:

We must return your claim and check No. 92-112 in the amount of \$10.00, because the amount of water was incorrectly converted to cubic feet per second. The 288 inches of water is equal to 5.76 cubic feet per second.

We have taken the liberty of retyping your claim and making some revisions to bring it into accordance with Department procedures for processing claims. The amounts shown for domestic and stockwater purposes are those usually claimed for a single family dwelling and up to 200 head of beef cattle.

Please examine the revised claim and indicate in Item 6b, the number of families served with domestic water and the number and kind of livestock watered.

If the revised claim is satisfactory, please sign before a notary and return it to this office with the statutory \$10.00 filing fee.

If we may be of any further assistance, please do not hesitate to contact us.

Dear Mr. Forsgren:

Please find enclosed the protest you submitted against the above referenced claim to a water right. We find it necessary to return your protest because there appears to be some misunderstanding on the part of Utah Power and Light, since the claimant is not requesting to appropriate water from Copenhagen Creek, but rather wishes to record a record of a right which he feels has been established through the diversion and beneficial use of the water commencing May 24, 1887.

If you have evidence that this right as claimed is incorrect, then you may wish to submit an exception stating the errors that you believe to be present. An exception must be submitted in affidavit form.

RE: Claim to a Water Right No. 11-4047

Mr. Edward G. Shepherd
P.O. Box 160
Georgetown, Idaho 83239

Dear Mr. Shepherd:

The Department of Water Resources has completed the processing of your claim to a water right and no further action is authorized under Section 42-225a and 42-225b, Idaho Code. Your claim will be retained in our files and will be available at any time for use by you or the court.

As you are aware, the filing of your claim does not, in itself, guarantee you a water right; it only records and preserves the information and the evidence which you included in your claim.

If, at a later date, you find that you have additional information or supporting evidence that you would like to have included in your claim file, you may have that information or evidence added at any time. Please refer to your claim number when corresponding with this office.

We are enclosing, for your records, a copy of your claim. If you have any questions or if we can be of further assistance, please feel free to call upon us.

Very truly yours,

RONALD D. CARLSON
