Shyrl A. Barker, being first duly sworn, deposes and says
as follows:

1. Duane A. Barker, Richard A. Barker and Shyrl A. Barker
do business as Barker Bros., a partnership, of Star Route, Soda
Springs, Idaho, and do hereby protest and take exception to the
above-named claim submitted by Maple Canyon Creek Water Association.

2. Barker Bros. are the owners of approximately 1,400
acres of farm land lying in Sections 5 and 6 of Township 12 South,
Range 44 East, B.M., and in Section 31 of Township 11 South, Range 44
East, B.M., Bear Lake County, Idaho, which property lies approximate-
ly two miles west of the proposed diversion point of the claimants
and at a lower elevation in the natural drainage from Maple Creek
toward the Bear River to the west.

3. Barker Bros. are the owners of certain water rights in
three unnamed springs arising upon the above-described property,
which water rights are appurtenant to the described property for
irrigation purposes and are evidenced by License Nos. 11-2045 and
11-2155 issued by the State of Idaho Department of Water Resources.

4. The waters which the claimants, Maple Canyon Creek
Water Association, intend to divert and use have historically sunk
and disappeared completely into certain sinks located at the mouth of
Maple Canyon, which waters may in fact be hydrologically connected

and feed the protestants' springs as well as other springs arising upon neighboring property immediately to the west. As a result, the proposed diversion and use by the claimants may in fact diminish or terminate the flows from the springs arising upon protestants' property which could interfere with their water rights.

5. Further exception is taken to the proposed quantity of water of 12.80 cfs to be diverted and used to irrigate 354 acres, which amount is far in excess of the "duty of water" or maximum allowable amount for irrigation purposes under Idaho law which is one cfs for 50 acres.

6. Further exception is taken to the claimed priority date, quantity of use, time period of use and acres irrigated set forth in said Claim No. 11-4087.

7. The protestants, Barker Bros., hereby give notice and make record of their exception to the claim and proposed diversion and use by Maple Canyon Creek Water Association to the extent that it may interfere with their established water rights.

COMES NOW the protestant, J. Reed Crane of 384 North 5th,
Montpelier, Idaho 83254, and protests and takes exception to the
above-named claim as follows:

1. That he is the owner of approximately 346 acres of
fertile farm and pasture land lying in Sections 29, 31 and 32 of
Township 11 South, Range 44 East, B.M., Bear Lake County, Idaho,
which property lies approximately two miles west of the proposed
diversion point of the claimants and at a lower elevation in the
natural drainage from Maple Creek toward the Bear River to the west.

2. J. Reed Crane is the owner of certain water rights
which are appurtenant to the real property described above, which are
evidenced by Water Right License No. 11-7024 issued by the State of
Idaho Department of Water Resources as well as other water rights
established under the Idaho Constitution by continuous diversion and
application to a beneficial use over many years from numerous springs
arising on his property. These waters have been used for many years
for irrigation purposes, stockwatering and fish propagation by this
protestant and his predecessors in interest.

3. The waters which the claimants, Maple Canyon Creek

4. The protestant, J. Reed Crane, hereby gives notice and makes record of his exception to the claim and proposed diversion and use by Maple Canyon Creek Water Association to the extent that it may interfere with his established water rights described above.

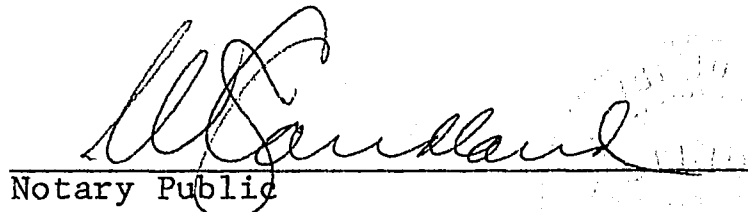

5. Further exception is also taken to the proposed quantity of water of 12.80 cfs to be diverted and used to irrigate 354 acres, which amount is far in excess of the "duty of water" or maximum allowable amount for irrigation purposes under Idaho law which is one cfs for 50 acres.

6. Further exception is taken to priority date, place of use and quantity of use stated in the claim, as this protestant is of the opinion that claimants have not historically used the waters as claimed.
