10. Explain fully your reasons for requesting an extension of time within which to resume the use of your water right and reasons for non-use LORENZO Hemmert died in 1994. As a result of his death, the recreation resort was closed to the public and the recreation use of the water was reduced by approximately 25%. The heirs to Mr. Hemmert are closing the estate and are in the process of selling the business. It is anticipated that the resort will be renovated and reopened to the public and 100% use of the recreation water will resume. If the business does not sell, then the family will renovate and reopen the resort. All irrigation and stock water has been continuously used. This application is BEING filed to Partial forfeiture of the recreation right.
The information contained in this application is true to the best of my knowledge.

MEMORANDUM

To: Harold Jones, Eastern Region
From: Paul Meyer, Eastern Region
Date: 7 October, 1998

RE: Verification of 11-04239 (Hemmert/Bear Lake Hot Springs)

Per your request, I conducted an onsite field investigation of 11-04239 on October 1, 1998.

It is evident that there has been considerable use of 11-04239 over the years at Bear Lake Hot Springs. There is presently a large pool in place that was built somewhere around the late '40s to early '50s. I observed several head of stock onsite at the time of the exam. There is evidence of historic domestic use onsite other than the resort itself.

The pool was not filled at the time of the exam, but there is evidence that work has been done to maintain the facility within the past five to ten years. It is obvious that the facility has not been open for business in quite some time, but the pool area was in reasonable repair indicating that it has been used over the years for personal use.

I was able to access two of the three hotsprings that are the claimed sources for the facility. These are located in Section 13, T15S, R44E. Both springs had pipelines in place to divert the water to the resort. The diversion works could be put back "into shape" with reasonable repair and cleaning. I was unable to access the diversion in Section 24, although there was quite a bit of water available for the stock from what appeared to be this diversion.

There is considerable evidence showing that the facility has been used over the years. I would feel it is valid to grant the Application for Extension of Time to Avoid Forfeiture of a Water Right that Mrs. Hemmert has filed with the Department.

NOTICE TO RESUME WATER USE

Re: Water Right No. 11-4239

Dear Applicant(s):

On December 16, 1998, the department approved your Application for Extension of Time to Avoid Forfeiture of a Water Right as submitted to the department for 0.180 cfs for recreational purposes under the water right 11-4239. One condition of approval was that diversion and use of water must resume on or before **October 1, 2003**. Failure to resume use of the water and to notify the department of the resumed use would be cause for the water to revert back to the state and again be subject to appropriation.

Therefore, I am enclosing a form to notify the department of the resumption of use of the water right. Please complete the form and return it to my attention at the above address.

If you have questions, please feel free to contact me at (208) 327-7953.

Re: Water Right No. 11-4239, in the name of Lorenzo H. Hemmert

According to the records of the Bear Lake County Assessor's office you are the current owner of the property located in Sections 13 & 24 of Township 15 South, Range 44 East, in Bear Lake County, formally known as Bear Lake Hot Springs. According to the Department of Water Resources' records the previous owner filed an Application for Extension of Time to Avoid Forfeiture, which held the water right in abeyance until use began again on or before October 1, 2003. No response was received to the department's Notice to Resume Use from the Estate of Lorenzo Hemmert, therefore the water right is in jeopardy of being forfeited and acquired by the state. If you did purchase or receive the property with the understanding that a water right was part of the sale, then a response from you is urgently requested. I have enclosed a Notice of Change of Ownership form and a Resumption of Use form. Also enclosed for your information is a copy of the Application for Extension of Time to Avoid Forfeiture. If you are the new owner of the subject property and a water right is part of the real estate sale, it is important the department receive these documents from you.

If I have contacted you in error, then please disregard this request for response. If you have any questions, my phone number is (208)327-7953, or you may complete the Ownership Change form and Resumption of Use form and return them to me at the above-address with the appropriate filing fee.
