Gentlemen:

In reference to a letter from your department, dated May 3, 1983, stating that canal companies must record and properly file on additional acres that water is to be supplied to.

Dingle Irrigation is now providing water to 1721 acres below the main canal. It is our request to include an additional 440 acres to the 1721 acres, thus making a total of 2161 acres.

Is there a proper form to fill out or can this letter be considered as proper application?

The additional acres are listed below:
