Dear Mr. Parker:

In reviewing the claim that you submitted, I realized that I overlooked the amount of water used. To file for 0.14 cfs, would exceed the 13,000 gallons per day limit that allows the claim to be filed for \$30.00. Therefore, there are two options that are available. The first is to file for 0.14 cfs and pay the \$100.00 filing fee (before June 30, 1984) or second to reduce the amount to 0.04 cfs and in item 8 add that "this use will not exceed 13,000 gallons per day."

I realize that 0.04 cfs (13 gallons per minute) is less than the capacity of the sprinkler system, however; 0.04 cfs is sufficient water to irrigate 2 acres. Since only one half acres is being irrigated, 0.04 cfs should be sufficient.

Enclosed is the claim that was submitted and check #92-286 for \$30.00. After review of the claim, return to this office along with the appropriate filing fee.

Feel free to contact this office for any additional assistance that may be needed.

Sincerely,

KEITH C. WILSON

Dear Mr. Parker:

I have been notified that a church cannot be considered under the domestic exemption; therefore, the filing fee should have been \$100. Since this is the case, I suggest that the church amend their claim to reflect the system capacity for irrigation (0.14cfs = 63 gal. per/min) of the half acre.

Enclosed is a typed amended claim that will need your review, completing items #3 and #4 on amounts reflecting system capacity and signature in front of a notary.

Please return the completed signed notarized claim and the additional filing fee of \$70 (\$100-\$30=\$70).

Feel free to contact this office for any additional assistance that may be needed.

Sincerely,

KEITH C. WILSON
