Dear Sirs -

JUL 11 1974

We were happy to receive your offer for "extension of time" in giving proof of water usage on our property.

This project was started with good intentions, but was rudely interrupted by the Utah Power and Light flooding with deep, long-standing water. After the water receded the land was dense with Canadian thistle weeds and debris. It has taken some time to clean up, finance and replant. One third is planted back into Alfalfa this year. The remainder will be soon, and we will finish this project.
