Dear Mr. Maughan:

One of the conditions of approval of your water Permit No. 11-7060 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before June 1, 1979. Enclosed is an affidavit form which must be used to submit the required proof of beneficial use.

If you have not fully completed your project, and you have not previously received an extension of time, you may request an extension of time provided the delay is for reasonable cause as indicated in Section 42-204, Idaho Code, amended. If you have been prevented from proceeding by a governmental agency or by litigation, more than one extension of time can be granted.

Either the beneficial use affidavit or a request for an extension of time must be received by this Department on or before the above mentioned date, otherwise, the permit will lapse and be of no further force or effect.

Re: 11-7060

Mr. Maughan called today and said that he was not interested in filing an extension but to go ahead & send license based upon what he had completed at this time. He doubted if he would ever inaugurate the S.4 acres with his present system.
