OF THE
STATE OF IDAHO

IN THE MATTER OF PERMIT	)	
NO. 11-7075 IN THE NAME	)	ORDER ADVANCING
OF MARJORIE W. THATCHER	)	DATE OF PRIORITY

This matter having come before the Department of Water Resources (Department) as a result of preparing Permit No. 11-7075 for the issuance of a license, the Department makes the following Findings of Fact, Conclusions of Law, and Order pursuant to the provisions of Idaho Code.

FINDINGS OF FACT

1. On January 9, 1975 the Department approved Application for Permit No. 11-7075 to appropriate the public waters of the State of Idaho with a priority of November 28, 1974.
2. On December 8, 1986 the Department sent the permit holder a notice that a license examination fee was required before an examination could be conducted to confirm the extent of use developed under the permit. The notice required that an examination fee information sheet along with the appropriate fee be submitted within 60 days.
3. The fee information sheet was due on February 6, 1987, 60 days from the date of the notice; however, the fee information sheet was not received until June 3, 1987, 117 days late. The examination fee information sheet listed a total rate of diversion of 0.04 cubic feet per second for which no fee is required nor was submitted.

CONCLUSIONS OF LAW

1. The Director may advance the priority date of the permit one day for each day the fee information sheet was late, pursuant to the provisions of Section 42-217, Idaho Code.

2. The date of priority of Permit No. 11-7075 should be advanced 117 days.

ORDER

IT IS HEREBY ORDERED that the date of priority of Permit No. 11-7075 is advanced to March 25, 1975.

Dated this 3rd day of November, 1988.

This is to certify, that MARJORIE W. THATCHER
92 N. 100 W.

KAYSVILLE, UT 84037 has complied with the terms and conditions
of the permit issued pursuant to Application for Permit dated November 22, 1974, and
has submitted proof to the Department of Water Resources on February 22, 1985, that
water has been applied to a beneficial use; an examination by the Department indicates
that the works have a diversion capacity of .070 cfs of water from a GROUNDWATER
source and that a water right has been established as follow:

<u>BENEFICIAL USE</u>	<u>PERIOD OF USE</u>	<u>RATE OF DIVERSION</u>	<u>VOLUME</u>
DOMESTIC	01/01 to 12/31	0.04 CFS	1.2 AFA

LOCATION OF POINT OF DIVERSION(S): LOT 1(SESE), Sec. 2, Township 16S, Range 43E
BEAR LAKE County

PLACE OF USE: DOMESTIC

TWN RGE SEC

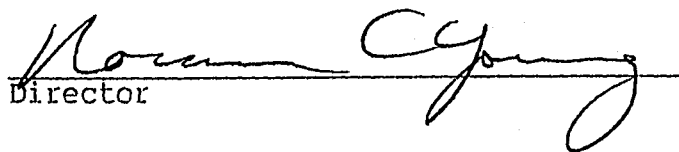

16S 43E 2 LOT 1(SESE)

CONDITIONS/REMARKS:

1. The right to the use of water hereby confirmed is limited to the amount which can actually be beneficially used and is restricted and appurtenant to the lands or place of use and to the purpose herein described, as provided by the laws of Idaho.
2. This right is subject to all prior water rights and may be forfeited by five years of non-use.
3. Modifications to or variance from this license must be made within the limits of Section 42-222, Idaho Code, or the applicable Idaho law.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code.
Witness the seal and signature of the Director, affixed at Boise, this 8TH
day of DECEMBER, 1988.

EXAMINATION FEE NOTICE

Dear Permit Holder:

Department records show that proof of beneficial use has been submitted for the above-referenced permit, but that a field examination has not yet been conducted to determine the extent of beneficial use of the water for licensing purposes.

House Bill 671 (effective April 4, 1986) enacted by the 1986 Idaho Legislature requires the payment of a fee before this Department can conduct the field examination needed to issue a license confirming use of water under the permit. This letter is notification that the license examination fee is due within sixty (60) days of the date of this letter. The examination fee information sheet (enclosed) must be returned with the fee.

As an alternative to submitting the fee, the Department will accept a field examination report completed by a certified water right examiner from the private sector. If you choose to have the examination done by a certified water right examiner, you need not submit the license examination fee to the Department, but you must within sixty (60) days of the date of this letter return to the Department, the examination fee information sheet showing appropriate information together with a statement from the certified examiner to verify that you have retained a certified examiner to conduct the field examination. If you choose this alternative, a completed field examination report must be submitted within one year of the date of this letter. You cannot later change your decision to use this alternative and submit the fee needed for the Department to conduct the field examination, but you may change to another certified examiner.

Certified water right examiners are licensed engineers, geologists, or land surveyors certified by the Department to conduct water right examinations. The procedure for certifying examiners results from the recently enacted HB 671 and is being developed at this time. A listing of certified water right examiners will be available from this Department when examiners have been certified.

If your permitted use, in fact, has already been examined by the Department and you have not asked to have the examination repeated, the fee requirement is not applicable to your permit. If you believe this is the case, please contact the Department.

The license examination fee is to be based on the amount of water you indicate you have developed, as listed in item 6 on the examination fee information sheet. The amount of water on which the examination fee is based can be less than the permitted amount, if less water has been diverted and beneficially used. The licensed amount of water, however, will not exceed the amount you claim on the examination fee information sheet. The enclosed license examination fee schedule shows a listing of applicable fees.

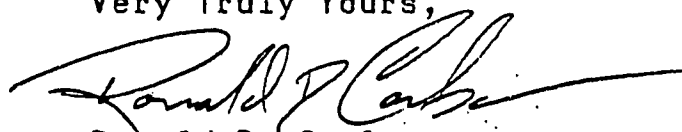

FAILURE TO SUBMIT WITHIN THE SIXTY (60) DAY PERIOD THE FEE OR THE STATEMENT THAT A CERTIFIED EXAMINER HAS BEEN RETAINED TO MAKE THE FIELD EXAMINATION WILL BE CAUSE TO ADVANCE THE PRIORITY OF THE PERMIT ONE DAY FOR EACH DAY THAT THE FEE SUBMITTAL IS LATE.

FAILURE TO SUBMIT THE FEE OR THE COMPLETED FIELD EXAMINATION REPORT WITHIN A YEAR WILL BE CAUSE TO CONSIDER THE PROOF OF BENEFICIAL USE TO BE INCOMPLETE AND TO LAPSE THE PERMIT.

The attached examination fee information sheet and the fee may be submitted to the following Department office:

Dear Permit Holder:

On December 9, 1986 this Department sent you a certified letter explaining the recent statutory changes in the licensing procedure that will pertain to the above referenced permit. The new statutes provide the permit holder with a choice of who will perform the licensing field examination. You may either choose a certified water rights examiner from the private sector, or select the Department. If you elect to have the examination done by the Department there is now a fee for this service based on the amount of water being diverted.

The letter advised you had a period of 60 days to notify the Department of your decision. You were to notify the Department by returning the examination fee information form which accompanied the certified letter and the appropriate examination fee, provided you wanted the Department to do the examination. As indicated in the certified letter, failure to return the form and submit the examination fee, within 60 days would cause the priority of your permit to be advanced.

Our records indicate you did not respond within the 60 day period. Starting with February 9, 1987 the priority of your permit will be advanced one day for each day your response is late. Failure to submit a completed examination fee information form, with the examination fee, by February 9, 1988 will result in the permit being lapsed.

As always our staff is available to assist you or answer questions concerning the above matter. For your convenience, we have enclosed another examination fee information form.

Respectfully submitted,

Ernest Carlsen
Assistant Regional Manager
