NAME OF PARTY Paul Etchevery, Watermaster

RE: Applications for Permit Nos. 11-7189, 11-7190, 11-7191, 11-7192, 11-7193,
11-7194 and 11-7195 - U. S. Forest Service

While performing final regional review of the above captioned applications for
permit I contacted Mr. Etchevery by telephone to determine whether or not as water
master he regulated the use of water from Preuss Creek. After some discussion
it was determined he did regulate diversions from Preuss Creek. I advised him
of the seven applications which the U.S.F.S. had submitted for stockwater
developments. Mr. Etchevery stated the only possible problems would occur late
in the irrigation season when the reduced flows occur.

I indicated we would condition the applications to be subject to regulation by
the watermaster and to provide a lockable device on the diverting works.
