Dear Mr. Stoker:

The U.S. Forest Service has filed the above numbered applications for permit with the Department for appropriation of water within your water district. Because of the number of applications received from the U.S.F.S., we are not routing copies of their applications to the watermasters as in the past. However, they are being advertised in your local paper on May 7 and 14. In reviewing the published advertisements if you have questions concerning a specific application we will be glad to furnish copies upon request.

Applications from parties other than the U.S.F.S. will receive normal routing.

Respectfully submitted,

Dear Mr. Carlsen:

Your protest against the approval of the above referenced applications has been received and a copy has been sent to the applicant. The Department suggests you contact the applicant directly in an effort to determine what is proposed by the applications and to attempt to resolve the protest.

If you do not advise us within twenty (20) days that the protest has been resolved, the matter will be scheduled for conference and/or hearing. At such a conference and/or hearing, the following are the principle items the Department can consider in either approving or denying an application for permit (Section 42-203, Idaho Code):

1. Will the proposed use reduce the quantity of water under existing water rights?
2. Is the proposed water supply insufficient for the purpose intended?
3. Is the application made in good faith or for delay or speculative purposes?
4. Has the applicant sufficient financial resources with which to complete the project?
5. Will the proposed use under this permit conflict with the local public interest?

If this office can be of further assistance, please contact us.

Very truly yours,

Dear Mr. Hymas:

The Department is in receipt of your letter dated May 18, 1981, concerning applications for permit 11-7238 and 11-7239 by the U.S. Forest Service. Although it will be accepted as a protest against granting the applications, in order for the Department and the applicant to evaluate the situation, we need to be apprised of the reasons for your objection.

We would, therefore, appreciate receiving additional correspondence from you explaining your reasons for protesting the Forest Service applications.

Gentlemen:

Re: (See attached lists of water right numbers)

I acknowledge receipt of the statement of beneficial use postcards for the water rights listed on the attached pages.

Before a license can be issued, a field examination must be made by a representative of this department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our Eastern Regional office.

Sincerely,

RITA I. FLECK
