Agricultural Products Corp.
P. O. Box 37

Dear Mr. May:

We find it necessary to return your application for the following reasons, which may aid you in filing the enclosed application for permit:

- (1) In Item 3, please complete this section showing the well location to the nearest 40 acre subdivision.
- (2) In Item 4, this Department can only accept the rate of diversion in cubic feet per second or acre feet per annum. On the new application, the g.p.m. figure should be converted to 7.45 c.f.s. The acre feet designation will be made by this Department at the time of licensing. If you desire to file for 7.45 c.f.s., please put that amount in the appropriate blank. Also, since the work in the plant is continuous, the dates should be included, i.e., Jan. 1 to Dec. 31.
- (3) Item 5a should result in c.f.s., the total amount of water to be appropriated.
- (4) In Item 8c, if any other well will be tied into this system for an emergency or for combining your new well system, please indicate same.
- (5) In Item 9b, please show ownership of the place of use.
- (6) In the signature block, if you plan to sign the new application, also include a Power of Attorney form (form enclosed). However, if an elected official of the corporation, i.e., President, Vice President, etc., should sign the application, the Power of Attorney will not be needed.

The statutory filing fee for 7.45 c.f.s. is \$95.00. Please complete the new application, sign it on page 3 and return it with the statutory filing fee so processing can commence.

It has been a pleasure serving you in this matter. If you have any questions, please contact me at this office.

One of the conditions of approval of your water Permit No. 27-7038 (see last page of your approved permit) was that evidence of the extent of development be submitted as proof of application of water to beneficial use to this office on or before May 1, 1975. RE: Permit No. 27-7038

Dear Mr. Tuthill:

Reference is made to my letter dated June 4, 1982, copy enclosed. Nearly two weeks have elapsed since that letter, and given that the date now set for the Department's Order to Show Cause is fast approaching, I feel it is necessary to follow up. In order to properly respond to the Order to Show Cause, it is necessary that Beker have full notice and understanding of the basis for the Order in a timely manner. Therefore, I must ask that you forward a copy of the investigative material and examiner's report forthwith. This information is necessary to give Beker notice in clear and concise manner of the "reasons why the cancellation of said permit is proposed," pursuant to I.C. §42-311 and due process requirements. Please consider this letter a demand for the referenced material.

Further, it appears that additional time will be necessary to prepare a response to the Order to Show Cause. Given that the Examiner's Report is referenced therein and not attached thereto, and given further the delay in response to my June 4, 1982 correspondence, additional time is appropriate. I therefore request an additional thirty (30) days to respond to the Order to Show Cause, and ask that the Department extend the time to Show Cause accordingly. I might add that there is some logistical difficulty in preparing, given Conda's distance from Boise.

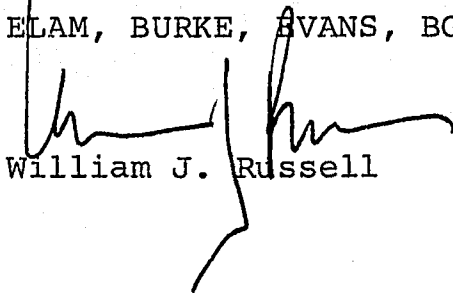

Mr. David R. Tuthill, Jr.
June 15, 1982
Page Two

Finally, I request, on Beker's behalf, a hearing on this matter pursuant to I.C. §42-311 and in accordance with I.C. §42-1701A(1) and (2).

Given the June 30, 1982 deadline now pending, I would greatly appreciate a prompt reply.

Very truly yours,

Re: Permit No. 27-7038

Dear Mr. Tuthill:

Enclosed for filing in this matter please find a Response to Order to Show Cause and Affidavit in Support of Order to Show Cause. This would constitute our written response to the subject Order to Show Cause.

I suspect it might be a good idea if you would give me a call after you have had a chance to review the documents. I would be interested in knowing whether this is sufficient to dispose of the matter, or whether we will need to go forward on some further basis. At any rate, it might be helpful if we could chat.

Sincerely,
