I am writing this letter in regards to the Geneva Cemetery District Water Application.

I am sixty nine (69) years old and have lived here in Thomas Fork Valley all but 4 or 5 years of my life.

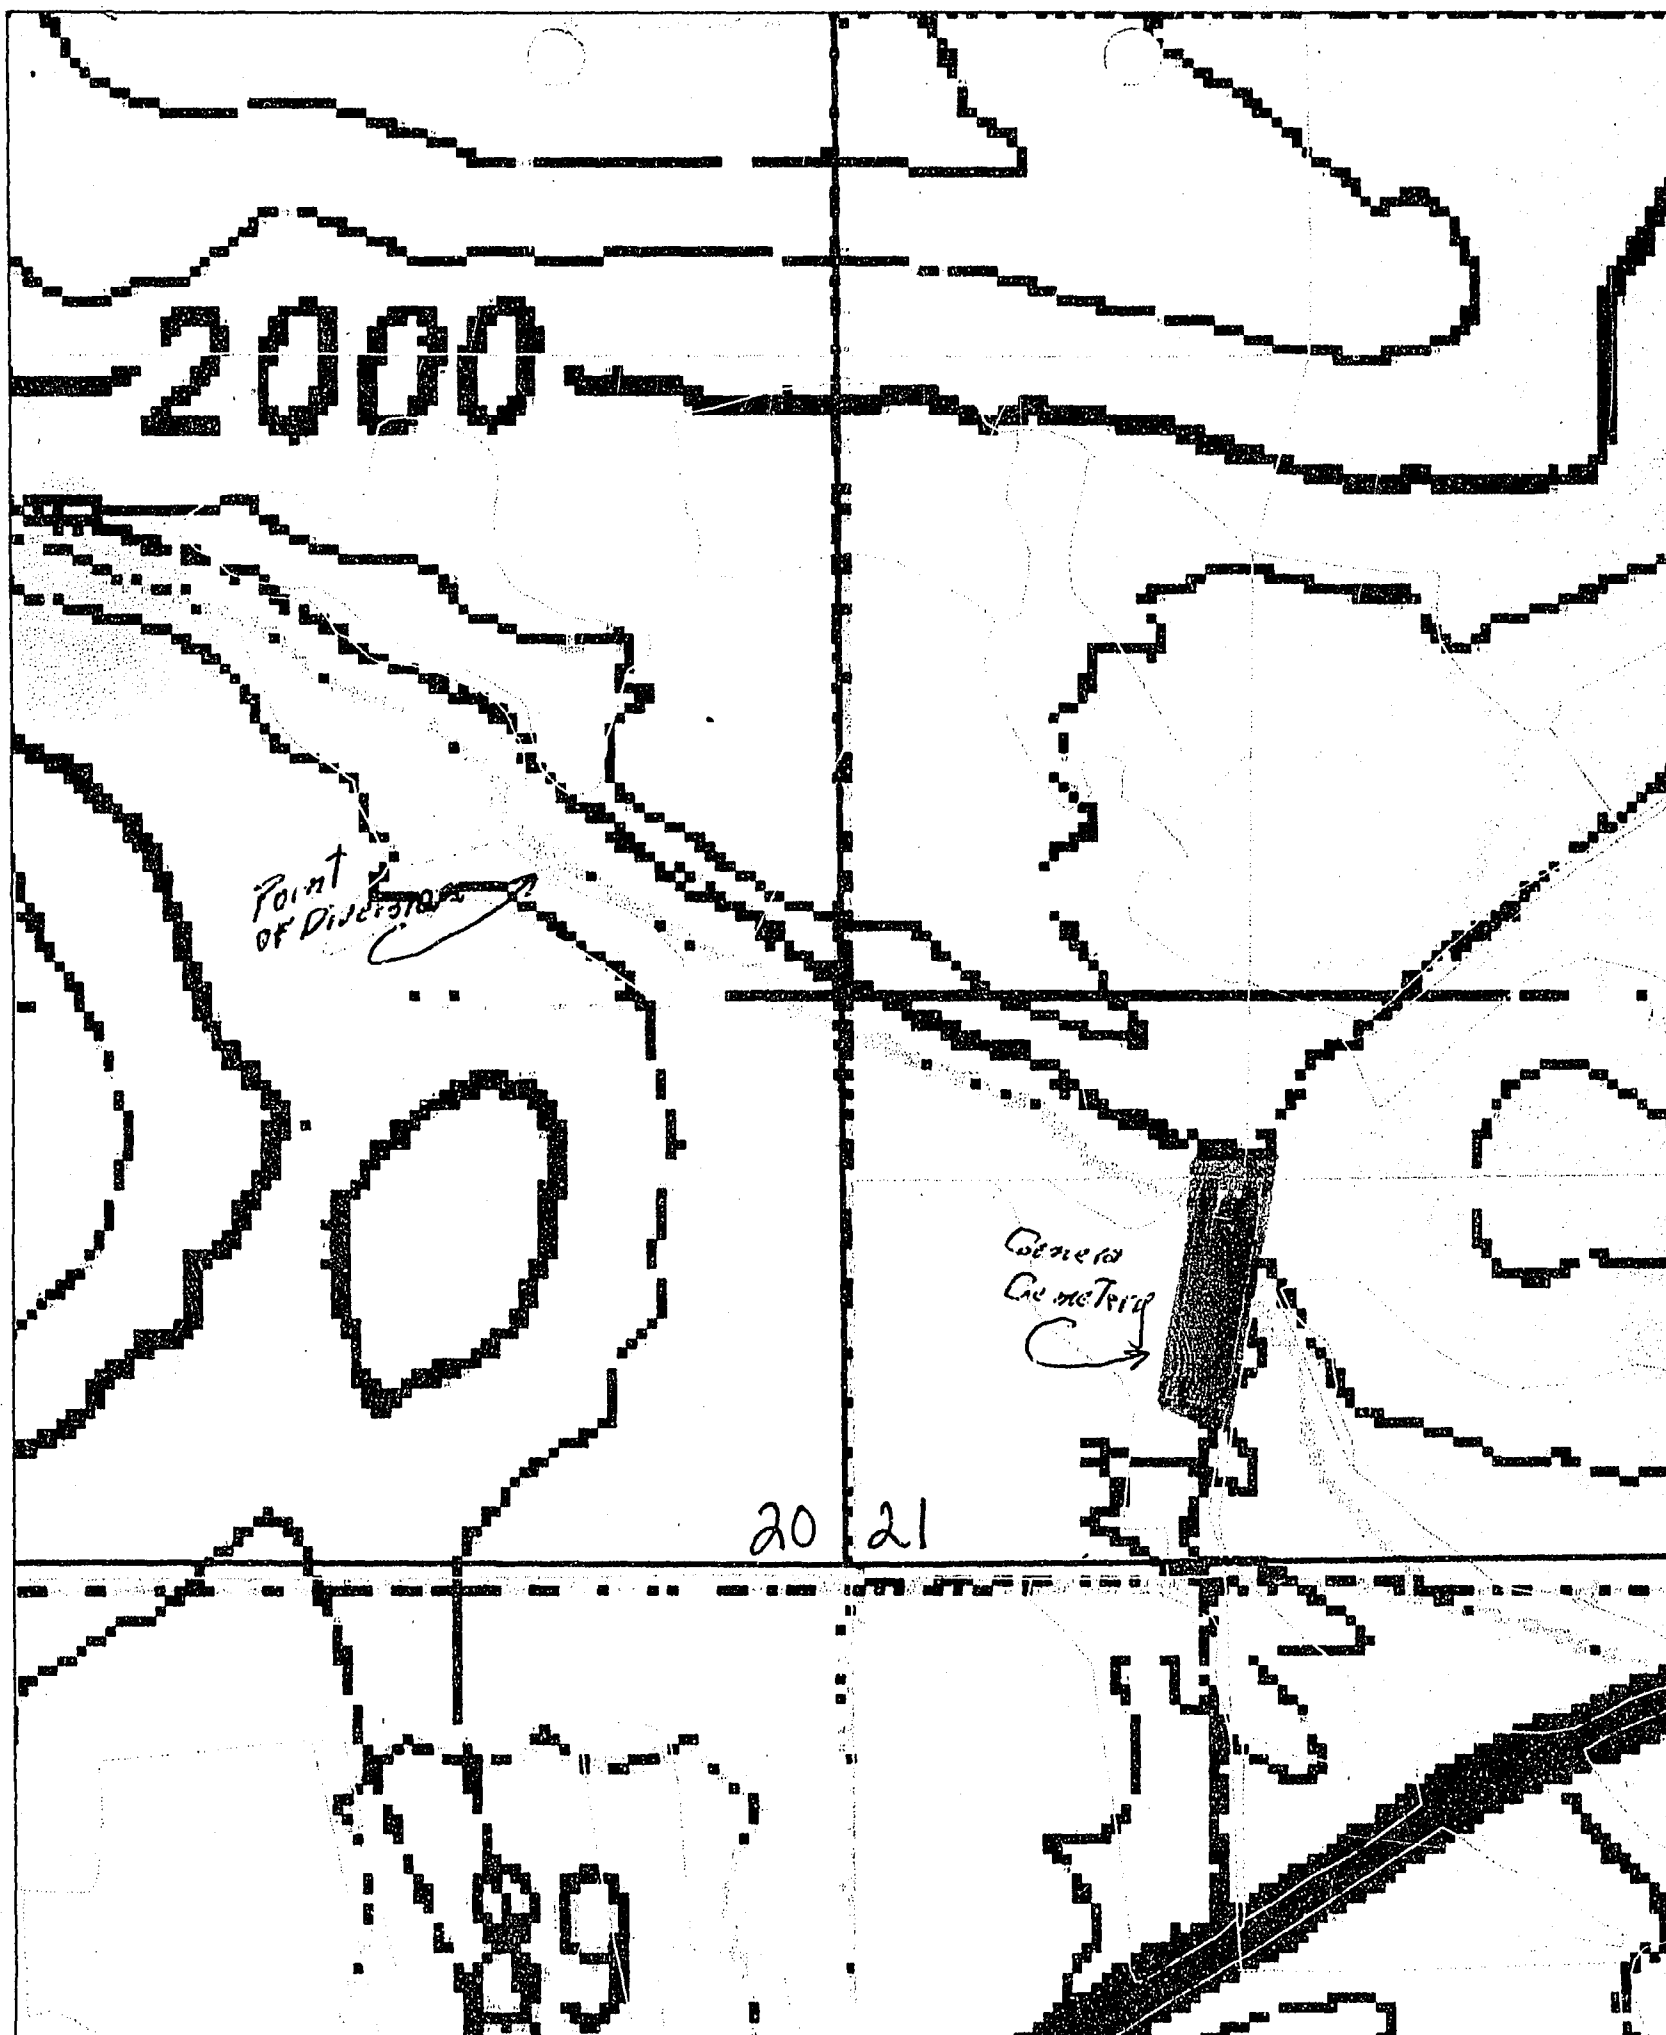

In 1969 a spring was improved with the hopes of running water to the Geneva Cemetery. This was successful, so a ditch was cleaned and enough water got to the Cemetery to water shrubs and sprinkle it a few times in the summer.

This was done with a little gasoline engine and pump which was very costly, inefficient and time consuming.

In 1988 an underground main line and gravity flow sprinkler was put in and this has been in use since that time.
