

APPLICATION FOR PERMIT

To appropriate the Public Waters of the State of Idaho.

1. Name of applicant - D. C. MOREHEAD

Postoffice address: P. O. - Lago

County - Bannock County, State of Idaho.

2. The quantity of water claimed is eight cubic feet per second.

3. Source of water supply - From the Middle Fork of Trout Creek, Bannock County, Idaho.

County of Bannock, State of Idaho.

4. Location of point of diversion in the SE $\frac{1}{4}$ of the SW $\frac{1}{4}$ Sec. 15, T. 11 S. of R. 41 E.

5. To be used for:

II. Mining, power, manufacturing or transportation purposes:

(a) To be used for Running a Saw Mill during the winter season.

(b) Amount of power to be generated 40 horse power.

(c) At what point at the Saw Mill now constructed in the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ Sec. 21, T. 11 S. of R. 41 E.

(d) Is water to be returned to any stream? - Yes.

(e) If so, name stream and locate point of return to the Middle Fork of Trout Creek about 2 $\frac{1}{2}$ miles southwest of the location of said mill, in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 31, T. 11 S. of R. 41 E.

6. Estimated cost of works - \$2500.00

7. Description of Works for Diversion:

I. Kinds of works - By means of the Sorensen Basset Canal.

II. Dimensions of Works:

(a) Height of dam.....feet, length of dam at top.....feet, length of dam at bottom.....feet, material used in construction earth and stone.

(c) Size of headgate, width 4 feet, height 3 feet.

(d) Ditch (flume or pipe) width at bottom 5 feet, width at water line 6 feet, depth of water six to eight inches. Average grade per mile is 40 feet. Length of canal is two miles, and it crosses the following quarter sections - SE $\frac{1}{4}$ of the SW $\frac{1}{4}$ and the SW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Sec. 15 and the SE $\frac{1}{4}$ of Sec. 16, and the NE $\frac{1}{4}$ and NW $\frac{1}{4}$ and SW $\frac{1}{4}$ Sec. 21, T. 11 S. of R. 41 E., to the NE $\frac{1}{4}$ of the SW $\frac{1}{4}$ Sec. 21, T. 11 S. of R. 41 E., which is the point of intended use.

8. Time required for the completion of the construction of such work is one day.

9. Time required for the complete application of the water to the proposed use is one day.

Remarks:

The object of this applicant is to secure a water power during the winter season, to run a Saw Mill. The water being all appropriated for irrigating purposes during the irrigating season, and the rest of the year the water runs to waste, being put to no beneficial use.

If the applicant is allowed to use the water as herein requested there will still

1777
be ample water for domestic and stock purposes for all who have the right to use the same.

The Saw Mill in question has been owned and run by the applicant for about eleven years.

Herewith is attached a written permit to use the Sorenson Bassett Canal.

Lago, Idaho, Dec. 23, 05.

We the undersigned owners of the Irrigating Ditch known as the "Sorrensen Irrigating Ditch" hereby agree to rent the same to D. C. Morehead for power purposes for the sum of \$50.00 per year, said ditch consists of five shares.

John P. Sorenson

W. H. Bassett

James Fowler

Andrew Ruud.

Approval of State Engineer.

The number of this permit is 1777.

Date of first receipt of application 9 a. m. December 16, 1905.

Returned to applicant for correction December 16, 1905.

Corrected application received January 13, 1906.

Recorded in Book 6, page 1777. Approved January 13, 1906.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho and hereby grant the same, subject to the following limitations and conditions:

Work to begin on or before March 14, 1906, and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before April 13, 1906.

The whole of said work to be completed on or before July 13, 1906.

The time for the proof of beneficial use of water appropriated in accordance herewith, to extend to July 13, 1906.

Witness my hand this 13 day of January, 1906.

State Engineer.

Blank Notice of Proof of Completion of Works and blank Notice of Proof of Application of water to Beneficial Use mailed applicant April 2, 1906.

Notice of Proof of Completion of Works and Notice of Proof of Application of Water to Beneficial Use received April 16, 1906.

Notice for publication mailed The Tribune, Pocatello, Idaho, June 2, 1906, and deposition blanks mailed applicant same date.

Mr. E. J. Turner, Cove, Idaho, authorized June 18, 1906 to make examination and report to the State Engineer.

1777

Affidavit of publication of notice, depositions in the matter of both proofs, fee of \$5.00 for proof of completion of works and fee of \$5.00 for proof of application of water to beneficial use, received July 19, 1906.

Report of E. J. Turner received August 25, 1906.

Report and depositions show that works have been completed of a capacity to divert and convey to the place of intended use the amount of water for which application was made and that the full amount has been applied to beneficial use..

Certificate of Completion of Works and License issued August 25, 1906..

Messrs Holzheimer & Holzheidmer,
Pocatello, Idaho.

Gentlemen:-

I enclose herewith Permit No. 1777 in favor of
Mr. D. C. Morehead. The dates of proofs are July 13, 1906.
The enclosed notices should be filled out and mailed to me at
least 60 days before the date upon which it is desired to sub-
mit proofs, which proofs must not be later than July 13, 1906.

Yours truly,

State Engineer.

1777

INSTRUCTIONS.

1906 PROOF OF COMPLETION OF WORKS.

DEAR SIR:

Lugo, Idaho

Bosse Idaho April 2, 1906

I enclose herewith the following forms to be used in connection with Proof of Completion of Works under your Permit No. 1777

NOTICE OF PROOF OF COMPLETION OF WORKS.

~~DEPOSITION OF PERMIT HOLDER.~~

~~DEPOSITIONS OF TWO WITNESSES.~~

In submitting this proof the following instructions should be CAREFULLY followed out; since failure to do so may result in the loss of your rights.

1. Fill out the Notice of Proof of Completion of Works and mail to the State Engineer's office at least sixty days before the date upon which you wish to submit proof, which proof must be on or before _____. Upon receipt of this form, notice for publication will be sent to the paper direct from this office.

2. On _____, the date set for the proof of completion of works, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at _____, before someone authorized to administer oaths. (The proof may be at a place most convenient to permit holder and witnesses.)

3. To complete the proof, it is also necessary that an examination be made of the works as constructed, which examination must be under the authority of the State Engineer. It is the desire to make this expense as light as possible to the permit holder. Will you therefore give me the name of a competent engineer, or surveyor, in your neighborhood who could do this work with as little expense as possible to you. Upon receipt of such a name I will authorize him to do the work. The examination should be made on or before the date set for the proof.

4. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice and fee of \$ _____. When these have been received, together with report of examining engineer, if everything is properly executed, Certificate of Completion of Works will issue.

Yours truly,

JAS. STEPHENSON, JR.,

State Engineer.

1777

*P.S. Also enclose blank notice
of Proof of Application of Water*

Notice of Proof of Completion of Works.

(This blank must be filled out by holder of permit and forwarded by registered mail to the State Engineer at least 60 days before the time set for completion of works.)

(P. O.)

(Date)

Lago Bannock County Idaho
April 5th 1906

To the State Engineer of the State of Idaho, Boise, Idaho.

Dear Sir:

Notice is hereby given that at 10 A. M. on the 7th day of July — 1906, at Bancroft County of Bannock State of Idaho, before Fred S. Caldwell proof will be submitted of the completion of works for the diversion of ~~8 cubic feet per second~~ ~~water sufficient to generate a horse power~~ of the waters of ~~The Middle Fork of Mount Creek~~ in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is

D. C. Groshead

2. The postoffice address of such person or the place of business of such corporation is

Lago, County of Bannock, State of Idaho.

3. The number of such permit is 1777, and the date set for the completion of such

work is

July 13, 1906

4. Said water is to be used for Power for Saw Mill purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is ~~Eight~~ ~~cubic feet per second~~ ~~sufficient to generate a horse power~~

6. The amount of lands for which said water is available is

acres, particularly described as follows:

(In case of all canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the above notice are true.

Engineer.

I desire that the above notice be published, according to law, in the Prater Tribune a Newspaper of Prater City, published in the county in which said works are situated; the expense of which publication will be borne by me

Laga, Blainock County - Idaho

(Date)

April 5th 1906

To the State Engineer of the State of Idaho, Boise, Idaho:

Dear Sir—Notice is hereby given that at 10 A. M. on the 7th day of July 1906, at Boncroft County of Blainock State of Idaho,

before Fred G. Caldwell proof will be submitted of the application to beneficial use of water sufficient to generate 40 horse power 8 cubic feet per second of the waters of the Middle Fork of Grand Creek in accordance with the terms and conditions of Permit No. 1777

heretofore issued by the State Engineer of the State of Idaho.

1. The name and post-office address of the person or corporation holding said permit are

L. C. Morehead, Laga, Blainock Co

2. The use to which said water has been applied is

to generate power to run a Saw Mill

3. The amount applied to beneficial use is

8 cubic feet per second sufficient to generate 40 horse power

4. The place where said water is used is (if for irrigation, give full and accurate description of the

lands irrigated)

5. The name of the canal or ditch or other works by which said water is conducted to such place

of use is Lorman and Bassett Canal

6. The right to take the water from such works is based upon Permit No. 1777

7. The source of supply from which such water is diverted is

The Middle Fork of Grand Creek, Blainock County, Idaho

8. The date of the priority which said user is prepared to establish is

December 16th 1905

I desire that the above notice be published, according to law, in the

Blainock Tribune of Blainock City, published in the county in which said water is to be used;

the expense of which publication will be borne by me,

Dear Sir:

Yours of June 2 received.
I will name Mr. E. J. Turner
to examine the works in permit
No 1777 Truly yours

D. C. Morehead

1777

Boise, Idaho, June 18, 1906

Mr. E. J. Turner,

Coe, Idaho.

DEAR SIR:

The holder of Permit No. 1777, D. C. Morehead, residing at Lago, Idaho, which permit authorizes the diversion of 8 second-feet of the waters of Middle Fork of Trout Creek for power at _____, desire to make proof of the completion of works of diversion, at _____, on July 7, 1906.

Will you therefore please arrange with the holder of said permit for an examination of the works of diversion, ascertain whether or not they comply fully with the terms of said permit, and render me a report on the condition of such works before the date fixed for said proof of completion, in accordance with the provisions of Sections 4 and 5 of House Bill No. 146, passed by the Seventh Session of the Legislature, approved March 11, 1903.

Your report should be of sufficient detail to enable me to figure out the amount of water the works are capable of diverting and conveying to the place of use; giving also the description of the location of the point of diversion, and, in case of irrigation, the legal description of the land to be irrigated.

Will you also make a map on the enclosed plat, giving all the essential features of the works, such as point of diversion, route of ditch, place of use, etc.

You should also arrange with the holder of said permit for the payment of your fee for this service and such proper expenses as you will incur in making this examination and report.

Please advise me promptly of your receipt of this communication, and whether or not you will be able to make the examination and report requested.

Yours truly,

1777

JAS. STEPHENSON, JR.,

State Engineer.

Mr. Morehead is also submitting proof of application of water to beneficial use. Please advise to what extent the water is being used.

PERMIT NO. 1777

Proof of Completion of Works.

DEPOSITION OF HOLDER.

Question 1.—State your name, age, residence, occupation and postoffice address.

Answer. *D. C. Morshead, aged 36 years, residence Lago, Bannock County, Idaho, P. O. Lago, Idaho, Lumberman*

Ques. 2.—If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. ☒

Ques. 3.—State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. *Permit #1777, July 13-1906, Eight (8) cubic feet per second, St. Joe Div. Sec 15 Tp. 11 S. R. 41 E.*

Ques. 4.—State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. *Powder purposes.*

Ques. 5.—State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. *Yes, have been using about 8 cu. ft. for the past ten years.*

Ques. 6.—State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. *Yes.*

Ques. 7.—If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. ☒

Ques. 8.—Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. *Dam, lumber 30 ft. long, and 4 ft. high. Head gate 11 ft high and 5 ft wide. Ditch 6 ft wide and 4 ft. deep and about 1 3/4 miles in length.*

(Sign here.)

D. C. Morshead

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in

Received and filed

July 19, 1906

The Depositions of two Witnesses, in this form, taken separately, required in each case.

Permit No. 1777

Proof of Completion of Works.

Deposition of Witness.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Joseph Turner, aged 38 years, Residence Niter
Idaho, occupation farmer, P.O. Niter IdahoQues. 2. Are you acquainted with S. C. Morehead, the
holder of Permit No. 1777, authorizing the diversion of 8 second-feet of the waters of
Middle Fork Great Creek, at Lago Idaho
for saw purposes? How long have you known him, and where does he reside?Ans. Have known him 11 years. Resides at Lago IdahoQues. 3. Have you read or heard read said Permit No. 1777, and are you familiar with its terms and conditions?Ans. Yes.

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Water is used for developing power
for the purpose of operating a saw mill.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes.

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. I saw the works about two years ago, dam, each end
stone, 30 ft long & 3 ft high. ditch, 6 ft wide and 11 ft
deep and 1 3/4 miles long. Will carry 1200 inches of
water.

Ans. ✓

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit #1777, dated May 13-1906, June 1896.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Middle Fork of Great Green. Diverted in
N^W 1/4 Sec 15 Tp. 11 S. R. 41 E. D. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Lumber Dam 30 ft long 11 ft high, Head gate 4 ft
high 5 ft wide. Ditch 6 ft wide and 4 ft deep
about 1 3/4 miles in length. "Sorenson Irrigating Ditch."

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have ACTUALLY been irrigated with said water.)

Ans. ✓

Ques. 7. If for other than irrigation purpose, state how applied, amount of horse power generated, etc.

Ans. Generating power for running a saw mill and
develop about 11 1/2 H.P.

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. Eight (8) cu. ft.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. ✓

Boise, Idaho, June 2, 1906.

Permit No. 1777.

Mr. D. C. Morehead,

Lago, Bannock County, Idaho.

Dear sir:-

I am today sending the notice to the Pocatello Tribune for publication in the matter of proof of completion of works and proof of application of water to beneficial use under your permit No. 1777.

Enclose herewith deposition blanks for both proofs, consisting of one blank for you for both proofs, and one each for two witnesses for both proofs. Please take these blanks to the office of Mr. F. G. Caldwell, Bancroft, Idaho, on July 7th, with your two witnesses.

The fee for each proof due the state is \$5.00.

It will also be necessary, according to law, to have an examination made by a competent engineer or surveyor, under the direction of this office, the expense of said examination to be paid by you. I am willing to authorize a man suggested by you, in order that the expense may be as light as possible. Kindly let me hear from you in regard to this.

Yours truly,

state engineer

1777

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. *Have used the water for developing about 110 H.P. for the purpose of operating a saw mill and have been using it for the past ten years.*

(Sign.)

DC Morshead

PERMIT No. 1777

Proof of Application of Water to Beneficial Use.

Deposition of Witness:

Question 1. State your name, age, residence, occupation and postoffice address.

Answer. Joseph Turner, aged 38 years, residence Niter
Lake, occupation farmer, P.O. Niter Lake

Ques. 2. Are you acquainted with D. C. Morehead
the holder of Permit No. 1777? How long have you known him, and where does he reside?

Ans. Yes. Have known him for 11 years and
he resides at Lago Lake

Ques. 3. Have you read or heard read said Permit No. 1777, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Middle Fork of Grant Creek, N.E. 1/4 Sec
18 T. 11 S. R. 41 E. 6 M. A dam 30 ft long 3 ft high
diverts the water, and a ditch 4 ft wide on the bottom
and 3 ft deep and 1 1/4 miles long conveys the water to the
place of use.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 20 CFS per foot. Have seen 20 sec. ft. in ditch

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.)

Ans. Grain

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Has used about 8 second feet of water for
past ten years, for generating power to operate
a saw mill

Ques. 8. (If for irrigation) State character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. ✓

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. ✓

1777

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of the water diverted under said permit.

Ans. I have worked at the saw mill for two years and have seen at least 8 cu. ft. of water being used for running the mill.

(Sign) Joseph Turner

PERMIT No. 1777

Proof of Application of Water to Beneficial Use.

Deposition of Witness:

Question 1. State your name, age, residence, occupation and postoffice address.

Answer. P. A. Bass, aged 19 years, Residence
Niter, Idaho, occupation laborer, P. O. Niter IdahoQues. 2. Are you acquainted with D. C. Morehead
the holder of Permit No. 1777? How long have you known him, and where does he reside?Ans. Yes, have known him for 8 years. He
resides at Lago Idaho

Ques. 3. Have you read or heard read said Permit No. 1777, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Middle Fork of Trent Creek, N. W. 1/4 Sec 5 Tp.
11 S. R. 11 E. Dam 3 ft. long 3 ft. high, ditch
1 3/4 miles long, 4 ft. wide at bottom 3 ft. deep.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Ditches will carry 1200 inches of water. He is carrying about
500 inches

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.)

Ans. ✓

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. I knew the water has been used for operating
the saw mill for the past 8 years. About
8 second feet.

Ques. 8. (If for irrigation) State character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. ✓

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

1777

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of the water diverted under said permit.

Ans. I have been working at the mill for the past two months and have seen the water in use for the past 8 years.

THE IVY PRESS, BOISE

PROOF OF PUBLICATION

STATE OF IDAHO,

COUNTY OF BANNOCK

ss.

Notice of Proof of Completion of Works and Notice of Proof of Application of Water to Beneficial Use.

Notice is hereby given that at 10 a. m. on the 7th day of July, 1906, at Bannock, County of Bannock, State of Idaho, before Fred G. Caldwell, proof will be submitted of the completion of works for the diversion of eight cubic feet per second of the waters of the Middle Fork of Trout Creek, and of the application to beneficial use of said water in accordance with the terms and conditions of Permit No. 1777 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person holding said permit is D. C. Morehead, Lago, Bannock County, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is eight cubic feet per second.

3. The use to which said water has been applied is to generate power to run a sawmill, and the amount applied to beneficial use is 5 cubic feet per second.

4. The place where said water is used is NE $\frac{1}{4}$ of SW $\frac{1}{4}$ of Sec. 21, Tp. 11 S., R. 41 E., B. M.

5. The name of the canal by which said water is conducted to such place of use is Sorenson and Bassett Canal.

6. The right to take the water from such works is based upon Permit No. 1777.

7. The source of supply from which such water is diverted is the Middle Fork of Trout Creek.

8. The date of the priority which said user is prepared to establish is December 16, 1905.

JAS. STEPHENSON,

1777

Boise, Idaho, July 19, 1906.

Permit No. 1777

Mr. E. J. Turner,
Coe, Idaho.

Dear sir:-

I return herewith your report under permit No. 1777.

The permit was issued for 8 cubic feet per second, but according to the dimensions and grade you give it will carry only about 5 cubic feet. I notice you state the depth is 8 inches, while the depositions say the depth is 3 to four feet. I desire to have this discrepancy straightened out, and would like a confirmation from you as to the actual depth of the ditch and grade.

Yours truly,

State Engineer

Mr. H. C. Christensen,

Lago, Idaho.

Dear Sir:-

Replying to your letter of the 23rd instant will say there is no record in this office of any water filing made by D. C. Morehead on the water of any spring or stream in Bannock County prior to 1903.

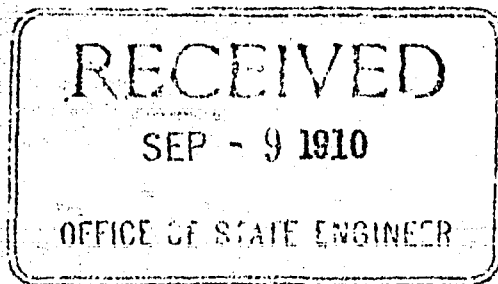

Since that year the State Engineer has had charge of water filings and we do not know anything about such matters as everything pertaining to water passes through his office. If you will write the State Engineer at Boise he can advise you of any filing made by Mr. Morehead since 1903.

Yours truly,
