

No. 9944

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of applicant: William W. Williams

Postoffice address: Perry, Idaho

County: Bannock State: Idaho

2. The quantity of water claimed is 4 8/10 cubic feet per second.

3. Source of water supply: Bridge Creek

County of Bannock

4. Location of point of diversion: West half of Sec. 27, township 12 South, Range 41 East
Boise Meridian.

5. To be used for:

I. Irrigation and domestic use:

(a) Amount of land to be irrigated: 240 acres

(b) in the following legal subdivisions: NE $\frac{1}{4}$ and SE $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 20,

Tp. 12 S. R. 41 E. B.M.

6. Estimated cost of works: \$400.00

7. Description of works for diversion:

I. Kind of works: Ditch about 3 miles long, 4 ft. wide, at bottom and top

II. Dimensions of works:

(d) Conduit, width at bottom 4 feet, width at water line 4 feet, depth of water 2 feet. Average grade per mile is 8 feet. Length of conduit is 3 miles, and it crosses the following quarter sections: NW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 27, NE $\frac{1}{4}$ and NW $\frac{1}{4}$ Sec. 28, SW $\frac{1}{4}$ Sec. 21, SE $\frac{1}{4}$ Sec. 20, NE $\frac{1}{4}$ Sec. 20, T. 12 S. R. 41 E., to land described in 5 I (b) above which is the point of intended use.

8. Time required for the completion of the construction of such work is 2 years.

9. Time required for the complete application of the water to the proposed use is one additional year.

BE IT KNOWN, That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Wm. W. Williams,

Applicant

JONES BUREAU LEAF, PAT. FEB. 7, 1905

PIONEER BLDG. & PLY. CO., TACOMA, WASH.

APPROVAL OF STATE ENGINEER

The number of this permit is 6900

Date of first receipt of application: 9.00 a.m. November 23, 1910

Returned to applicant for correction: November 23, 1910

Corrected application received : November 28, 1910

Recorded in Book 20. Page 6900. Approved December 3, 1910

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho and hereby grant the same, subject to the following limitations and conditions:

Work to begin on or before February 1, 1911, and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before December 3, 1911.

The whole of said work to be completed on or before December 3, 1912.

The time for proof of beneficial use of water appropriated in accordance herewith, to extend to December 3, 1913.

Witness my hand this third day of December, 1910.

D.G. Martin

State Engineer

Notice of proof of Completion of Works and Beneficial Use of Water received November 22, 1911, fixing January 12, 1912, as date, and Bancroft, Idaho, as place of proof.
 Publication Notice mailed the Bancroft Dry Farmer November 29th, 1911.
 Deposition blanks mailed W. H. Jackson, Jr., H.P., at Bancroft, November 29th, 1911.
 Depositions, affidavit of publication and fees received January 15th, 1912.
 H. L. Bennett authorized April 20th, 1912, to make examination of works.
 Report of Engineer received May 4th, 1912.
 Certificate and License issued May 13th, 1912.
 License issued for 2.64 second-feet.

Permit No. 6900

CERTIFICATE OF COMPLETION OF WORKS

To All Whom it May Concern:

This is to certify that WILLIAM W. WILLIAMS, of Perry, County of Bannock, and State of Idaho, the holder of Permit No. 6900, issued upon Application No. 9944, bearing date of priority of November 23, 1910, authorizing the diversion of 4.8 second feet of the waters of BRIDGE CREEK, County of Bannock, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 4.8 second-feet of the waters of BRIDGE CREEK, that the point of diversion of said waters is at a point in the Southeast quarter of Northwest quarter (SE4 NW4) Section 27, Township 12 South, Range 41 East of Boise Meridian, and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: Northeast quarter (NE4), Southeast quarter of Northwest quarter (SE4 NW4) and Northwest quarter of Southeast quarter (NW4 SE4) Section 20, Township 12 South, Range 41 East of Boise Meridian.

Witness my hand this 13th day of May, A.D. 1912.

A. E. Robinson

State Engineer.

6900

Notice of Proof of Completion of Works

(This blank must be filled out by holder of permit and forwarded by registered mail to the State Engineer at least 60 days before the time set for completion of works)

(P. O.) Perry, Idaho

(Date) November 21, 1911.

TO THE STATE ENGINEER OF THE STATE OF IDAHO, BOISE, IDAHO:

DEAR SIR: Notice is hereby given that at 2 P. M., on the 12th day of January, 1912, at Bancroft, County of Bannock, State of Idaho, before Wm. H. Jackson, Jr. Notary Public, proof will be submitted of the completion of works for the diversion of 4-8/10 cubic feet per second of the waters of Bridge Creek in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is William W. Williams
2. The postoffice address of such person or the place of business of such corporation is Perry, County of Bannock, State of Idaho.
3. The number of such permit is 6900 2, and the date set for the completion of such work is December 3, 1912
4. Said water to be used for Irrigation and Domestic purposes.
5. Said works of diversion will be fully completed on the day set for such completion, and the amount of water which said works are capable of conducting to the place of intended use in accordance with the plans accompanying the application for such permit is 4-8/10 cubic feet per second.
6. The amount of lands for which said water is available is 240 acres, particularly described as follows: NE 1/4 and SE 1/4 NW 1/4, NW 1/4 SE 1/4, Sec. 20, Township 12 South, Range 41 N. B. H.

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the above notice are true.

Engineer.

He desires that the above notice be published according to law, in the Bancroft Dry Barter of Bancroft published in the county in which said works are situated; the expense of which publication will be borne by William W. Williams

Permit No. _____

Notice of Proof of Application of Water to Beneficial Use

(This blank must be filled out by holder of permit and forwarded to the State Engineer at least 60 days before the time set for application of water.)

(P. O.) Perry, Idaho(Date) November 21, 1911.

TO THE STATE ENGINEER OF THE STATE OF IDAHO, BOISE, IDAHO:

DEAR SIR: Notice is hereby given that at 3 P. M., on the 12th day of January, 1912, at Bancroft, County of Bannock, State of Idaho, before Wm. H. Jackson, Jr., Notary Public, proof will be submitted of the application to beneficial use of 4 8/10 cubic feet per second of the waters of Bridge Creek in accordance with the terms and conditions of Permit No. 6500 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are

William W. Williams, Perry, Idaho2. The use to which said water has been applied is irrigation and domestic3. The amount applied to beneficial use is 4 8/10 cu. feet per second

4. The place where said water is used is (if for irrigation, give full and accurate description of the lands irrigated) the NE 1/4 and SE 1/4 NW 1/4, NW 1/4 SE 1/4 Sec. 20
Township 12 South, Range 41 East, Boise Meridian

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is Bridge Creek

6. The right to take the water from such works is based upon Permit No. 65007. The source of supply from which such water is diverted is Bridge Creek8. The date of the priority which said user is prepared to establish is November 23, 1910

I desire that the above notice be published, according to law, in the Bancroft Dry Farmer of Bancroft, Idaho, published in the county in which said water is to be used; the expense of which publication will be borne by me.

WATER APPLICATIONS

Bozate, Idaho

November 21, 1911.

Mr. A. E. Robinson, State Engineer.

Boise, Idaho.

Dear Sir:

Herewith the notices to the Completion of Works and Proof of Application of Water to Beneficial Use, in the case of William W. Williams, under permit No. 9944. You will notice that we have left the date when this proof is to be taken blank, and request that you fill the same in at your office. We have done this for the reason that Mr. Williams is desirous of making proof on his Desert Entry and as the date allowed him to make said proof expired on January 14, he desired to have the date of this proof set before that date. If it is possible for you to do so both Mr. Williams and ourselves would appreciate having both of these proofs set to be taken on January 12 or 13.

Trusting that this can be done consistently we are,

Very truly yours,

The Junior Real Estate Co.

By

Manager.

P. S.

Please combine these two notices so as to save the claimant the expense of extra publication.

**NOTICE OF PROOF OF COMPLETION OF WORKS
AND
APPLICATION OF WATER TO BENEFICIAL USE**

Notice is hereby given that at 2 P.M. on the 12th day of January, 19 12, at Bancroft, County of Bannock, State of Idaho, before William H. Jackson, Jr., N.P., proof will be submitted of the completion of works for the diversion of 4.6 cubic feet per second of the waters of Bridge Creek, and of the application to beneficial use of said water in accordance with the terms and conditions of Permit No. 6900 heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person, or corporation, holding said permit, are William W. Williams, Perry, Bannock County, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of use, in accordance with the plans accompanying the application for such permit, is 4.6 cubic feet per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is 4.6 cubic feet per second.

4. The place where said water is used is NE $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 20,
Tp. 12 S., Range 41, E., B.M.

5. The date of priority which said user is prepared to establish is Nov. 23, 1910.

INSTRUCTIONS

Proof of Completion of Works.

Wm. W. Williams, and
c/o Wm. H. Jackson, Jr., N.P.,
Bancroft - Idaho. Proof of Beneficial Use of water.

Boise, Idaho, Nov. 29th, 1911.

Dear Sir:

I enclose herewith the following forms to be used in connection with proof of completion of works and beneficial use of water under Permit No. 6900.

Deposition of Permit Holder.

Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On January 12th, 1912, the date set for proof, the enclosed forms (two for permit holder and two each for two disinterested witnesses) should be filled out and sworn to, at Bancroft, Idaho, before Wm. H. Jackson, Jr., N.P.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fees as follows: Fee for proof of completion of works is \$5.00 for ten second feet or less. Over ten second feet a charge of 30 cents a second foot is made. The fee for beneficial use of water, for power purposes is \$5.00; if for irrigation, \$2.00 for each 40-acre tract, or fraction, to which water has been beneficially applied.

When these have been received, together with report of the Water Commissioner, if everything is properly executed, Certificate of Completion of Works and License will issue.

Yours truly,

A. E. ROBINSON

State Engineer.

Depositions must be received in
this office by Jan. 27th, 1912.

Mr. A. H. Robinson, State Engineer,
Boise, Idaho.

Dear Sir:

Mr. William W. Williams who holds Water Permit No. 6900, duly approved by your office November 28th, 1910, is desirous of submitting Proof of Completion of Works and Proof of Application of Water to Beneficial Use. He desires, if possible, to submit this proof as soon as the same can be advertised and his reasons for so doing are as follows: He holds a Desert Land Entry and four years from the date of his application or the time when he is required to make his Final Proof on the lands will expire on the 14th of January, 1912. He, therefore, desires that his publication be commenced at once. If there is any reason why this matter can not receive immediate attention and be published now, please advise us so that we may prepare an application for extension of time in connection with the Proof upon his land. Please send us the necessary blanks for Mr. Williams to advertise his notice.

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. William W. Williams, 36 years old, Res. Perry, Idaho, Occupation farmer, Residence and P. O. Address, Perry, Idaho

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. Im acting in my own behalf.

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. Number and date of permit are 6900, date November 23, 1910

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Water to be used for irrigation. I irrigate 120 acres

Description of the land I intend to reclaim: parts of the Ne¹/₄; SE¹/₄ NW¹/₄; NW¹/₄ SE¹/₄ Sec. 20, T. 12 S. R. 41 E. B. M.

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. The water has been turned into the ditches during the last three seasons and has been used when ever I have needed it to irrigate my crops.

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. The works are fully complete but don't comply in every particular with terms of the permit.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. The works comply in every respect with the exception that my ditch is about two feet wider at the top than specified and the cost of same is \$431.58 instead of \$400.00. Also the length of the main ditch is a little more than 2 miles except 3 miles long.

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. The main ditch is a little more than 2 miles long, about 4 ft. wide at bottom and 6 ft. wide at the top. My laterals are just small ditches, blow furrows, except one which is about 2 or 2 1/2 feet wide and about 18 to 20 inches deep. The largest lateral will carry about 100 inches of water, the other laterals about 50 inches and the main ditch I judge will carry at least 300 inches. I cannot tell exactly as I have not measured the water flow.

The Depositions of two Witnesses, in this form, taken separately required in each case.

Permit No. 6900

Proof of Completion of Works

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Clarence Hord age 26 years, Res. Perry, Idaho

Occupation, farmer P. O. Address, Perry, Idaho

Ques. 2. Are you acquainted with William T. Williams, the

holder of Permit No. 6900, authorizing the diversion of 4.8 second-feet of the waters of

Bridge Creek, at Perry, Idaho

for irrigation & domestic purposes? How long have you known him, and where does he reside?

Ans. Yes. I have known him 11 years and he lives at Perry, Idaho.

Ques. 3. Have you read or heard read said Permit No. 6900, and are you familiar with its terms and conditions?

Ans. Yes

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes I am acquainted with the land. The soil to be irrigated is a clay soil and I think an inch to the acre would be required for the profitable irrigation of the land.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes.

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Works of diversion consist of one main ditch about 2 miles long.

Ans. about 4-foot-wide-at-bottom, about 6-foot-wide-at-top and with a capacity, I should judge of 6 second feet; one lateral about 2 or 2 1/2 feet wide and about 11 feet deep, with capacity of perhaps 100 inches. He also has three small lat erals with a capacity of about one foot each.

(Sign here.)

Clarence Hord

I hereby certify that the foregoing testimony was read to the above subscriber before his signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Sanerott, County of Sanerott,

State of Idaho, on this 12th day of January

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Thomas J. Panter Age 44 years, Res. Perry, Idaho,

Occupation, farmer P. O. Address, Perry, Idaho

Ques. 2. Are you acquainted with William T. Williams, the

holder of Permit No. 6900, authorizing the diversion of 4.3 second-feet of the waters of

Bridge Creek, at Perry Idaho

for irrigation & domestic purposes? How long have you known him, and where does he reside?

Ans. Yes. Have known him 20 years and he resides at Perry, Idaho.

Ques. 3. Have you read or heard read said Permit No. 6900, and are you familiar with its terms and conditions?

Ans. Yes Yes.

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes. Character of the soil, clay. I think the same could be irrigated profitably with 7 of an inch to the acre.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. Yes the works are fully completed and are of sufficient capacity to carry the amount of water applied for in said permit.

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. The main ditch is about 2 miles or a little more in length, about 4 feet wide at bottom and about 6 ft. wide at the top, with a carrying capacity of perhaps 300 inches of water. One main lateral is a little more than 1 mile long, about 2 1/2 feet wide and about 1 1/2 feet deep, with capacity of about 100 inches. He has three small laterals perhaps a little less than 1/4 mile long with a capacity of about 50 inches each.

Notary Public

Permit No. 6900

Proof of Application of Water to Beneficial Use

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. William T. Williams, age years, Res. Perry, Idaho

Occupation, farmer P. O. Address, Perry, Idaho

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. I am acting in my own behalf.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Number 6900; date of permit and date of priority November 23, 1910.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Source of water supply; Bridge Creek. Location of point of diversion SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 27, Twp 12 S. R. 41 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. My works of diversion consist of: first, one main ditch a little more than a mile long, four feet wide at bottom and 6 ft. wide at top, with a carrying capacity of about 300 inches of water; second, lateral about $\frac{1}{4}$ mile long about 2 or 2 $\frac{1}{2}$ feet wide and about 18 to 20 inches deep, with a capacity of about 100 inches; third, three other smaller laterals a little less than $\frac{1}{4}$ mile long each and having a capacity of perhaps 50 inches each. The name of the ditch is Stalker Ditch.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Use: irrigation. I have irrigated about 20 acres of each of the following subdivisions; NE $\frac{1}{4}$ NE $\frac{1}{4}$; NW $\frac{1}{4}$ NE $\frac{1}{4}$; SW $\frac{1}{4}$ NE $\frac{1}{4}$; SE $\frac{1}{4}$ NW $\frac{1}{4}$; NW $\frac{1}{4}$ SE $\frac{1}{4}$ and about ten acres in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, all in Section 20, Twp 12 S. R. 41 East Boise Meridian. All the land irrigated as above mentioned is cultivated land and I have raised thereon wheat, and some vegetables.

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. I do not use the water for other purposes than irrigation.

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. I think an inch of water to the acre would be the minimum. 6900

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the person to whom the permit was originally issued.

OFFICE OF STATE ENGINEER

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I have used the water during the last three irrigating seasons. I had my ditch full, but cannot give the exact amount of water therein. During the season of 1911 I used the water at one time for a period of ten continuous days and nights, and I think I had sufficient water to irrigate the crop raised on the amount of land mentioned in question number 6, above.

Ques. 11 State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. I have used no other water for irrigating the lands mentioned above except the waters mentioned in this permit.

(Sign) William A. Williams

I hereby certify that the foregoing testimony was read to the above subscriber before its signing; that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Bancroft, County of

Bannock, State of Idaho, on this 12th day of January

Purpose Irrigation

Place of use NE 1/4, SE 1/4 NW 1/4

SE 1/4 Sec. 20, T. 12 S. R. 41 E

Boise Meridian.

Date of Priority Nov. 23, 1910.

Received and filed

THE TRIBUNE & POCATELLO, IDAHO

Permit No. 6900

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Clarence Herd Age 26 years, Res. Perry, Idaho
 Occupation farmer P. O. Address, Perry, Idaho

Ques. 2. Are you acquainted with William H. Williams, the holder of Permit No. 6900? How long have you known him and where does he reside?

Ans. Yes. Have known him 11 years and he resides at Perry, Idaho.

Ques. 3. Have you read or heard read said Permit No. 6900, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source, Bridge, Creek. Place of diversion SW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 27, Twp 12 South, Range 41 East B. M. The works consist of one main ditch about 2 miles long, 4 ft. wide at bottom and 6 ft. wide at top; one lateral about 2 or 2 $\frac{1}{2}$ ft. wide and about 1 $\frac{1}{2}$ ft. deep; three smaller laterals about $\frac{1}{2}$ mile long with a capacity of perhaps 50 inches each.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed.

Ans. I think the works of diversion would safely carry 6 second feet of water.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for irrigation. It has been actually used on about 20 acres of the NE $\frac{1}{4}$ NE $\frac{1}{4}$; NW $\frac{1}{4}$ NE $\frac{1}{4}$; SW $\frac{1}{4}$ NE $\frac{1}{4}$; SE $\frac{1}{4}$ NW $\frac{1}{4}$; and about 10 acres of the SE $\frac{1}{4}$ NE $\frac{1}{4}$ of section 20, Twp 12 S. R. 41 E. B. M. Cultivated land has been irrigated and the claimant has raised crops of wheat and vegetables as a result of this irrigation.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. The water has been used for irrigation only.

6900

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is of a clay formation, and I think it would require about 1 inch to the acre for its profitable irrigation.

JAN 11 1912
OFFICE OF STATE ENGINEER

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen a ditch full of water, the exact amount I cannot give, but I know it was a good sized irrigation stream, being used on the lands above described during the last three years. These waters have been used enough so that a successful crop of wheat and potatoes has been raised as a result thereof.

(Sign *L. Lawrence Mearl*)

Permit No. 6900

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Thomas J. Panter, 44 years old, Res. Perry, Idaho,
Occupation farmer P. O. Address, Perry, Idaho

Ques. 2. Are you acquainted with William W. Williams, the
holder of Permit No. 6900? How long have you known him and where does he reside?

Ans. Yes. Have known him 20 years and he resides at Perry, Idaho.

Ques. 3. Have you read or heard read said Permit No. 6900, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source, Bridge Creek. Place of diversion SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 27, Twp 12 S. R. 41 East B. M. He has one main ditch about 2 miles long 4 feet wide at bottom and 6 feet wide at top, with capacity of about 300 inches; one main lateral with capacity of about 100 inches, and 3 small laterals with capacity of about 50 inches.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed.

Ans. I think the works will convey about 6 second feet. I cannot tell the exact amount of water conveyed, but I have seen the ditch full, and the water being used.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Used for irrigating, about 20 acres in the following subdivisions; NE $\frac{1}{4}$ NE $\frac{1}{4}$; NW $\frac{1}{4}$ NE $\frac{1}{4}$; SW $\frac{1}{4}$ NE $\frac{1}{4}$; SE $\frac{1}{4}$ NW $\frac{1}{4}$; NW $\frac{1}{4}$ SE $\frac{1}{4}$ and about 10 acres in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ all of section 20, Twp 12 S. R. 41 E. B. M. Cultivated land has been irrigated and claimant has raised wheat and potatoes as a result of his irrigation.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. Water has been used for irrigation only.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Character of the land is clay soil. I think 15 ENGINEER
From 2 of an inch to one inch to the acre for profitable irrigation.

6900

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have seen the claimant using a good sized irrigation stream on his claim during the last three seasons, in fact all his ditch would hold. I have seen him use the water when he needed it to irrigate his crops.

The Junior Real Estate Company

Boise, Idaho

January 13, 1912.

Hon. A. E. Robinson,
State Engineer,
Boise, Idaho.

Dear Sir:

We hand you herewith the papers in the matter of the proof of completion of works, and proof or application of water to beneficial use of William W. Williams, of Perry, Idaho, Permit no. 6900. You will find also herewith proof of publication in same case.

Regarding this proof will say that the claimant has offered final proof upon his Desert Entry and needs to have title to this water to get his title to his land. He would therefore appreciate your kindness if you could pass upon this matter immediately. We are informed that Mr. Sam Rich has made an examination of the main ditch in connection with the water proofs of Alice Bennett, But the same has been enlarged since that time.

Please let us hear from you as to what you can do for Mr. Williams along this line.

Check for \$17.00 to pay the fees is also herewith.

Very truly yours,

Wm H Jackson
Manager

January 17, 1912.

Permit 6900 W.W.Williams

Junior Real Estate Co.,
Pocatello, Idaho.

Gentlemen:

Your letter of the 13th inst. to hand,
together with depositions, affidavit of publication
and fees for proof of completion and beneficial use
of water under above permit. Am inclosing herewith
receipts for fees.

Before the license can be issued it will be necessary
for the water commissioner, Mr. Chas. H. DeCamp, to
submit a report on condition of works, etc. Mr. DeCamp
has received notice of the proof but will probably not
be able to make the examination until weather conditions
are more favorable. However, a certificate from this
office can be furnished the holder, showing that the
holder is not delinquent in the matter of proof required
by the laws of the State and that, upon receipt of sat-
isfactory report from the water commissioner, the cer-
tificate of completion of works and license will issue.
Such a certificate will, no doubt, be accepted at the
Land Office until the final license can be issued.
A charge of \$1.00 is made for issuing such a certificate.

Very truly yours,

State Engineer.

STATE ENGINEER

April 6th, 1912.

Re: Permit #6900.

William W. Williams,
Perry, Idaho.

Sir:

Owing to the increased amount of work required of the water commissioners, it will be impossible for them to make the examinations in the matter of proof under the small water rights. It will, therefore, be necessary for you to have this work done by some one whom you know to be competent to make such examination and report. If you will send the name of such a party, instructions and blanks will be furnished him. A licensed surveyor is preferred where one can be conveniently obtained.

Very truly yours,

State Engineer.

S T A T E O F I D A H O

Water License No. 6900

WHEREAS, On the 23rd day of November, A.D. 1910, WILLIAM W. WILLIAMS of Perry, County of Bannock, State of Idaho, duly made application (No. 9944) to me for a permit to use four and eight-tenths (4.8) cubic feet per second of the waters of BRIDGE CREEK, County of Bannock, State of Idaho, for irrigation and domestic purposes, and,

WHEREAS, On the 3rd day of December, A.D. 1910, Permit No. 6900 was issued to said applicant for the diversion of said water, and providing for the completion of the works of diversion therein described on or before the 3rd day of December, A.D. 1912, and for the application to beneficial use of said water on or before the 3rd day of December, A.D. 1913, and,

WHEREAS, On the 12th day of January, A.D. 1912, WILLIAM W. WILLIAMS, the holder of said permit, duly made proof of the completion of adequate works for the diversion of four and eight-tenths (4.8) cubic feet per second of said waters, as evidenced by my Certificate No. 2900, dated May 13, 1912, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use four and eight-tenths (4.8) cubic feet per second of water, with date of priority of November 23, 1910, and,

WHEREAS, On the 12th day of January, A.D. 1912, WILLIAM W. WILLIAMS, the holder of said permit, duly made proof of the application to beneficial use of 2.64 cubic feet per second of said water:

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to WILLIAM W. WILLIAMS of Perry, County of Bannock, State of Idaho, the holder and owner of said Permit No. 6900, a perpetual right, dating from November 23, 1910, to the use of two and sixty-four hundredths (2.64) cubic feet per second of the waters of BRIDGE CREEK, in the County of Bannock and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted at a point in the Southeast quarter of Northwest quarter (SE4 NW4) Section 27, Township 12 South, Range 41 East of Boise Meridian, and conducted to and upon 132 acres, divided as follows: (30 acres in Northeast quarter of Northeast quarter (NE4 NE4), 35 acres in Northwest quarter of Northeast quarter (NW4 NE4), 15 acres in Southeast quarter of Northeast quarter (SE4 NE4), 20 acres in Southwest quarter of Northeast quarter (SW4 NE4), 20 acres in Southeast quarter of Northwest quarter (SE4 NW4) and 12 acres in Southwest quarter of Southeast quarter (SW4 SE4), All in Section 20, Township 12 South, Range 41 East of Boise Meridian, for the purpose of irrigation and domestic use, subject, however, to the laws of the State of Idaho applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this 13th day of May, A.D. Nineteen hundred and twelve.

(SEAL)

A. E. Robinson
State Engineer.
