

No. 10988.

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Idaho

1. Name of Applicant: William H. Ames.

Postoffice address: Treasureton Bannock Co. Idaho.

2. The quantity of water claimed is 1/50 of one cubic foot per second.

3. Source of water supply: Springs.

4. Location of point of diversion: On the E $\frac{1}{2}$ SE $\frac{1}{4}$ Sec. 17 Tp. 13 S. . . 40 E.

County of Bannock.

5. To be used for: Irrigating the garden.

I. Irrigation and domestic use:

(a) Amount of land to be irrigated: Three fourth acre.

(b) In the following legal subdivisions: SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 17, Three quarter of an acre
to be irrigated on the SW $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 17 Tp. 13 South of Range 40 E. B. M.

6. Estimated cost of works: \$15.00

7. Description of works for diversion:

I. Kind of works: Ditch.

II. Dimensions of works:

(d) Conduit Ditch, width at bottom One foot, width at water line One foot, depth of
water Four inches. Average grade per mile is Six feet. Length of conduit is 30
Rods and it crosses the following quarter sections: To used on the same quarter
that it springs upon.

8. The time required for the completion of the construction of such work is now made.

9. Time required for the complete application of the water to the proposed use is Now using it.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

Wm. H. Ames,

Applicant.

By....Joseph A. Ames.....Agent.

Remarks: The springs rise in the SE $\frac{1}{4}$ of SE $\frac{1}{4}$ Section 17-Township 13 S. of Range 40 E. B. M.
The land is embraced in Homestead Entry No. 010372 -Receivers receipt No. 774776 made June 5,
1911 at Blackfoot, Idaho by William H. Ames, the applicant for the spring.

APPROVAL OF STATE ENGINEER.

The number of this permit is 7567.

Date of first receipt at office of State Engineer: 9.00 a.m. June 30, 1911.

Returned to application for correction: July 1, 1911.

Corrected application received: July 20, 1911.

Recorded in Book 23 Page 7567 Approved August 12, 1911.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho and hereby approve the same, subject to the following limitations and conditions:

Work to begin on or before October 11, 1911, and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before November 12, 1911.

The whole of said work to be completed on or before February 12, 1912.

Beneficial use of water appropriated in accordance herewith, to be made on or before February 12, 1912.

Witness my hand this twelfth day of August, 1911.

A. E. Robinson,

State Engineer.

Notice of Proof of Completion of Works and of Application of Water to Beneficial use received February 7, 1912, fixing March 18, 1912, as date, and Preston as place of proof. Deposition blanks mailed February 9, 1912, to Geo. H. Carter. Publication notice mailed February 9, 1912, to the Soda Springs Chieftain. Depositions, Affidavit of publication and fees received April 13, 1912. Wm. C. McGregor authorized April 17, 1912 to make required examination Report of Engineer received June 6, 1912. Certificate and License issued June 6, 1912. License issued for 1/50th of one cubic foot per second.

Permit No. 7567

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom it May Concern:

This is to certify that WILLIAM H. AMES, of Treasureton, County of Bannock, and State of Idaho, the holder of Permit No. 7567, issued upon Application No. 10988, bearing date of Priority of June 30th, 1911, authorizing the diversion of 1/50th of one second foot of the waters of SPRING, County of Bannock, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 1/50th of one second-foot of the waters of SPRING, that the point of diversion of said waters is at a point in the East half of the Southeast quarter (E $\frac{1}{2}$ SE $\frac{1}{4}$), Section 17, Township 13 South, Range 40 East of the Boise Meridian, and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: Southwest quarter of the Southeast quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$), Section 17, Township 13 South, of Range 40 East of the Boise Meridian.

Witness my hand this 6th day of June, A. D. 1912.

Preston Oneida County Idaho

November 20 1911

A. E. Robinson

State Engineer

Boise City Idaho.

Dear Sir:

By request of William H. Ames I have assisted in filling out the notices, and presuming that you would assign the duty of taking the proof to me I have made the notices to read, however the matter is left to your judgement. If there be any other information you desire in this case please advise and I will assist in getting the same for you. Will you please send some suitable blanks, with instructions, upon which to make the proof providing I am to hear the case.

Thanking you for your consideration. And wishing you the seasons compliments.

Yours Truly

George H. Cannon

United States Commissioner.

February 3, 1912

Permit 7567

George H. Carver,
U.S. Commissioner,
Preston, Idaho.

Sir:-

I am today in receipt of your letter dated the 20th of November, inclosing notices of proof of completion of works and beneficial use of water under above permit. In reply would state that it will be perfectly satisfactory for the proof to be taken before you but the date for making such proof must be set far enough ahead to allow time for the required four weeks publication of notice prior to said date. I am, therefore, returning the notices in order that the date may be changed and set far enough ahead to allow for the publication of the notice. Deposition blanks will be furnished you in time for the hearing.

As the date for making proof will now be later than February 12th, the date set out in the permit for said proof, the notice should recite the fact that the works were fully completed by February 12th. This should be inserted in paragraph 3 after the date upon which proof should have been made.

Upon the return of the notices to this office, corrected as above set forth, the publication notice will be mailed direct from this office to the Soda Springs Chieftain.

Very truly yours,

7567

State Engineer.

Notice of Proof of Completion of Works

(This blank must be filled out by holder of permit and forwarded by registered mail to the State Engineer at least 60 days before the time set for completion of works.)

(P.O.) Treasuraton Idaho

(Date) November 20 1911

TO THE STATE ENGINEER OF THE STATE OF IDAHO, BOISE, IDAHO:

DEAR SIR: Notice is hereby given that at 10 A. M., on the 18 day of March, 1912, at Preston, County of Bannock, State of Idaho, before George H. Carver U.S. Commissioner proof will be submitted of the completion of works for the diversion of 1/50 of one cubic feet per second of the waters of Spring in Bannock Co. Idaho in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is

William H. Ames

2. The postoffice address of such person or the place of business of such corporation is

Treasuraton, County of Bannock, State of Idaho.

3. The number of such permit is 7567, and the date set for the completion of

such work is February 12, 1912 works fully completed by February 12 1912.

4. Said water to be used for Irrigating purposes.

5. Said works of diversion will be fully completed on the day set for such completion, and the amount of water which said works are capable of conducting to the place of intended use in accordance with the plans accompanying the application for such permit is 1.50 one cubic feet per second.

6. The amount of lands for which said water is available is Three fourths of an acre, particularly described as follows: Three quarters of an acre, garden, on the NW 1/4 SE 1/4 Sec 17 Township 13 South of Range 40 E.B.M. In homestead No. 010372 made June 5th 1911 at Blackfoot Idaho by applicant William H. Ames

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well known and competent engineer.)

I hereby certify that the facts set forth in the above notice are true.

Engineer.

I desire that the above notice be published according to law, in the Boise Spring Chief of Code Spring published in the county in which said works are situated; the expense of which publication will be borne by

INSTRUCTIONS

Proof of Completion of Works and

Wm. H. Ames, Proof of Beneficial Use of water.
c/o Geo. H. Carver, Boise, Idaho. Feb. 9, 1912.
U.S. Commissioner
Dear Sir: Preston, Idaho.

I enclose herewith the following forms to be used in connection with proof of completion of works and beneficial use of water under Permit No. 7567.

Deposition of Permit Holder, Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On March 1912 the date set for proof, the enclosed forms (two for permit holder and two each for two disinterested witnesses) should be filled out and sworn to, at Preston before George H. Carver, U.S. Com.
2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fees as follows: Fee for proof of completion of works is \$5.00 for ten second feet or less. Over ten second feet a charge of 30 cents a second foot is made. The fee for beneficial use of water, for power purposes is \$5.00; if for irrigation, \$2.00 for each 40-acre tract, or fraction, to which water has been beneficially applied.

When these have been received, together with report of the Water Commissioner, if everything is properly executed, Certificate of Completion of Works and License will issue.

Yours truly,

A. E. ROBINSON

State Engineer.

OFFICE OF STATE ENGINEER

Proof of Completion of Works

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. William H. Ames, 21 years, Treasureton, Idaho, Occupation, Day, Farming, Post Office Address, Treasureton, Bonanza Co. Idaho.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business, your position with reference to same, and your authority for appearing in its behalf.

Ans. I am acting in my own name and not for any other person nor corporation.

Ques. 3. State number and date of permit, amount of water you are authorized to divert, source, and point of diversion.

Ans. Permit number 7567, dated July 2, 1911, Amount of water, one-fiftieth of one cubic foot per second, from springs on the 1/2 Sec 17, Township 13 South of Range 40 E.B.M.

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. To be used for garden purposes, three-quarters of an acre to be irrigated on the 1/4 of Sec 17, Township 13 South of Range 40 E.B.M.

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. The water has been turned in and used during June, July, and August, 1911, the full amount was turned in and used on above dates.

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. The works are fully completed and comply with the requirement of the permit.

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. The works comply with the permit in every particular, having finished the same as required and used the water on the land during June, July, and August of 1911.

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. Clearing the right-of-way by grubbing the brush, blocking the ditch, clearing the rocks away and opening the spring. The ditch is about eight inches wide and six inches deep, three hundred yards long, costing twenty dollars.

Permit No. 7567

Proof of Application of Water to Beneficial Use**DEPOSITION OF WITNESS.**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Asa B. A. Mes. 54 years of age Perry, Idaho

..... By occupation a rancher Post office address is Perry Idaho

Ques. 2. Are you acquainted with William H. Mes., the holder of Permit No. 7567? How long have you known him and where does he reside?

Ans. Yes, sir. I am acquainted with him have known him twenty one years and he resides at Treasureton Bannock County Idaho

Ques. 3. Have you read or heard read said Permit No. 7567, and are you familiar with its provisions and conditions?

Ans. I am familiar with the land, its provisions and conditions

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The water is taken from springs, and conducted to the garden ... through a ditch about three hundred yards long.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed.

Ans. The works will safely carry thirty two inches to place to be used --- I have seen about all the water he claim in the ditch

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for irrigation only on cultivated land

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. The water is used for irrigation purposes only and not ... for power.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The character of the land is what we call "Wash Land" --- And ... will require more water than the permit calls for

7567

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans.....I have no interest in the works, water nor land.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans....I saw water in the place in June, July and August of 1911
...Running through the ditch on to the land--Amount about one fifth
...ath of one cubic foot per second---I have seen the water on the
...place many times---The garden produced corn, potatoes, carrots, onions
squash, radishes, and cucumber.

Notary Public.

My Commission expires.....

Permit No. 7567.....

Proof of Application of Water to Beneficial Use**DEPOSITION OF WITNESS.**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Byron J. Ames--- 26 Years of age/ Residence Treasuraton Idaho..

..... by occupation a farmer and my post office address is Treasuraton Bannock County Idaho

Ques. 2. Are you acquainted with..... William H. Ames....., the holder of Permit No. 7567.....? How long have you known him and where does he reside?

Ans. I am acquainted with him--- I have known him for twenty one.... years--- He lives at Treasuraton Bannock County Idaho.....

Ques. 3. Have you read or heard read said Permit No. 7567...., and are you familiar with its provisions and conditions?

Ans. I have read the permit--- I am familiar with the springs ditch and garden that he irrigates and all the conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. The water is taken from springs and conducted to the land by a ditch that has been made by clearing the brush and rocks off the ground--- the springs have been cleaned out.....

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed.

Ans. Between thirty and forty inches can safely be carried to the land through the ditch--- I have seen about twenty inches running

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is used for irrigation purposes on the SW 1/4, NW 1/4, Sec. 17, Township 13, South of Range 45, E. B. N. on cultivated lands.... there being no meadows on the place.....

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. The water is not used for any power purposes of any kind.... but for irrigation purposes only.....

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is of lava nature and requires such water for profitable cultivation---.....

7567

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. I have no interest in the works, water nor the land above described.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I saw the water running on the land during the months of June, July and August of last year. The amount I saw was the same as the permit calls for.

D. 1912.

George H. Brown
United States Commissioner Notary Public

My Commission expires

April 6th, 1912.

Re: Permit #7567.

William H. Ames,
Treasurer, Idaho.

Sir:

Owing to the increased amount of work required of the water commissioners, it will be impossible for them to make the examinations in the matter of proof under the small water rights. It will, therefore, be necessary for you to have this work done by some one whom you know to be competent to make such examination and report. If you will send the name of such a party, instructions and blanks will be furnished him. A licensed surveyor is preferred where one can be conveniently obtained.

Very truly yours,

State Engineer.

AFFIDAVIT OF PUBLICATION.

STATE OF IDAHO,
COUNTY OF BANNOCK.

SS

Notice of Proof of Completion of Works and Application of Water to Beneficial Use.

NOTICE is hereby given that at 10 a. m. on the 15th day of March, 1912, at Preston, County of Oneida, State of Idaho, before George H. Carver, U. S. Commissioner, proof will be submitted of the completion of works for the diversion of one-fifth of one cubic foot per second of the waters of a spring, and of the application to beneficial use of said water in accordance with the terms and conditions of Permit No. 7567, heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person holding said permit, is WILLIAM H. AXES, Treasurerton, Bannock County, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of use, in accordance with the plans accompanying the application for such permit, is one-fifth of one cubic foot per second.

3. The use to which said water has been applied is irrigation and domestic purposes, and the amount applied to beneficial use is one-fifth of one cubic foot per second.

4. The place where said water is used is three quarters of an acre in the SW 1/4 of SE 1/4, Section 17, township 18 South, Range 40 East, Boise Meridian.

5. The date of priority which said user is prepared to establish is June 30, 1911.

A. E. ROBINSON, State Engineer.

First pub Feb. 15; last March 7.

I, W. H. HILDRETH, being first duly sworn, deposes and says that he is the publisher of THE SODA SPRINGS CHIEFTAIN, a newspaper published every week in Soda Springs, County of Bannock, State of Idaho; that the annexed advertisement was published once each week for Four successive issues in said newspaper proper and not in a supplement; that the date of the first publication of said advertisement was on the 15th day of February, 1912, and the date of the last publication was on the 7th day of

March, 1912

Permit 7567

William H. Ames,
Treasurer, Idaho.

Sir:-

I am today in receipt of your report under above permit. As you are the holder of the permit, you could not act as examining engineer and the report is, therefore, returned to you. Blanks were sent to Mr. Wm. C. McGregor for the examination and report and same should have been made by him and sworn to before some other officer authorized to administer oaths. Fresh blanks are inclosed herewith for his report. Upon receipt of said report, together with fees of \$7.00, the matter of issuing the certificate and license will be taken up.

Very truly yours,

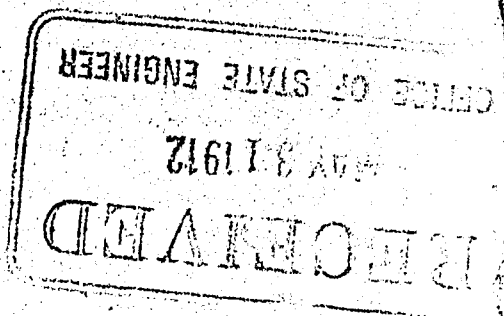

State Engineer.

Dear Sir please find
in closed no of Receipts for money
I have paid I enclose this for
I thought that there might be some
mistake in the seven Dollars

The first Receipt - no 6282 \$ 1.00

Dated July 1, 1911

Second dated Apr 17, 1912 \$ 5.00

no 4407.

7567

" 4408. \$ 2.00

The all in the paper was 8.00

the Land comes over Bill was ⁸ ~~6~~ ⁶⁰⁰
 I have paid more than the water
 is worth but as I have got things
 a going I want to complete it
 if I can get the last paper from
 you this time all right the stream
 of water is so small that it looks
 big to pay out so much for it
 if Mrs. McGregor gets the paper
 all right this time and we can
 get things all right - I will ~~get~~ be
 glad as I am a poor man but
 am willing to do all that I can
 in doing what is right Hope to
 hear from you soon Wm. H. Lines

S T A T E O F I D A H O.

Water License No. 7567.

WHEREAS, On the 30th day of June, A. D. 1911, WILLIAM H. AMES, of Treasureton, County of Bannock, State of Idaho, duly made application (No. 10986) to me for a permit to use 1/50th of one cubic foot per second of the waters of SPRING, County of Bannock, State of Idaho, for irrigation and domestic purposes, and

WHEREAS, On the 12th day of August, A. D. 1911, Permit No. 7567 was issued to said applicant for the diversion of said water, and providing for the completion of the works of diversion therein described on or before the 12th day of February, A. D. 1912, and for the application to beneficial use of said water on or before the 12th day of February, A. D. 1912, and,

WHEREAS, On the 18th day of March, A. D. 1912, WILLIAM H. AMES, the holder of said permit duly made proof of the completion of adequate works for the diversion of 1/50th of one cubic foot per second of said waters, as evidenced by my Certificate No. 7567, dated June 6th, 1912, confirming the completion of works of sufficient capacity for diverting and conveying to the place of intended use 1/50th of one cubic foot per second of water, with date of priority of June 30th, 1911, and,

WHEREAS, On the 18th day of March, A. D. 1912, WILLIAM H. AMES, the holder of said permit duly made proof of the application to beneficial use of 1/50th of one cubic foot per second of said water:

NOW, THEREFORE, By virtue of authority vested in me by the laws of the State of Idaho, I hereby grant and confirm to WILLIAM H. AMES, of Treasureton, County of Bannock, State of Idaho, the holder and owner of said Permit No. 7567, a perpetual right, dating from August 4th, 1911, to the use of 1/50th of one cubic foot per second of the waters of SPRING, in the County of Bannock and State of Idaho, or so much thereof as may be necessary for the purposes hereinbelow mentioned, to be diverted at a point in the East half of the Southeast quarter (E $\frac{1}{2}$ SE $\frac{1}{4}$) Section 17, Township 13 South, Range 40 East of the Boise Meridian, and conducted to and upon (1 acre in the Southwest quarter of the Southeast quarter (SW $\frac{1}{4}$ SE $\frac{1}{4}$), Section 17, Township 13 South, Range 40 East of the Boise Meridian, for the purpose of irrigation and domestic use, subject, however, to the laws of the State of Idaho applicable to a license for the use of the waters of the State, and subject, also, to the local or community customs, rules and regulations which have been or may be adopted from time to time by a majority of the users from a common source of supply, canal or lateral from which such water may be taken, when such rules and regulations have for their object the economical use of such water.

WITNESS, My hand and the seal of my office at Boise, Idaho, this 6th day of June,
A. D. Nineteen hundred and twelve.

A. E. Robinson,

State Engineer.
