1. The name of the person or corporation holding said permit is.....

Seabell E. Forman

2. The postoffice address of such person or principal place of business of such corporation is.....

Perry County of Bannock State of Idaho.

3. The number of such permit is 8600 and the date set for the completion of such work is

Nov. 15 - 1912 Feb. 24 - 1913

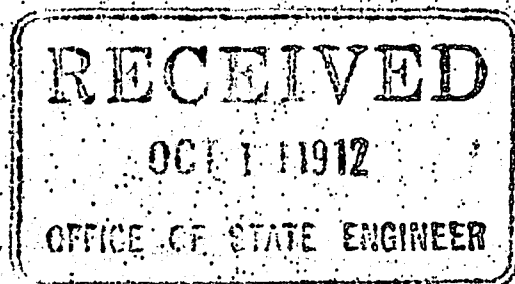

4. Said water to be used for Irrigation & Domestic purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the application for such permit, is 2.4 cubic feet per second.

6. The amount of lands for which said water is available is One hundred & two acres, particularly described as follows: South half of section Twenty & North half of section 2 north half of section 2 north Township 12 S. Range 11 East B. M.

Permit 8600

Mrs. Isabell Ferman,
Perry, Idaho.

Madam:-

I am just in receipt of your letter of the 11th inst., enclosing notices for proof under above permit, together with check for \$10.00, also, your letter of the 12th inst. relative to date of proof. The check is returned to you as we have nothing to do with paying the fees for advertising the notice. This is settled direct with the publisher of the paper.

In checking the notices for proof I find that the description of the lands to be irrigated does not agree with the description given in the permit. The permit gives the E2 of NW4 and NW4 of NW4 Sec. 29 while the notices give the E2 of Sec. 28 and E2 of Sec. 29. If the description given in the permit is not correct, it will be necessary for you to file an application for amendment upon the inclosed forms. Two maps should accompany the application. Upon receipt of correct land list, the matter of publishing the notice will be taken up.

Very truly yours,

State Engineer.

Dear Sir:

I am in receipt of blanks upon which to take the deposition of witnesses in relation to the proof of ~~####~~ completion of works in connection with the permit of Isabell Forman. She called on me the other day, and she was of the opinion that she is to make proof on the application of water to beneficial use at the same time. At least that was her intention, as she is to make proof on a Desert Land Entry in the very near future.

If application has not been made by her for the proof on the beneficial use of water kindly send her the necessary papers and instructions to Perry Idaho, so that she may attend to it at once.

Yours very truly,

Wm. H. Crocker

Sir:-

I am today in receipt of a letter from Mr. Wm. H. Mendenhall, of Thatcher, in which he states that you desired to make proof of beneficial use of water under the above permit and asked that the necessary blanks be furnished you. I am, therefore, inclosing you blank notices to be filled out and returned to this office in time for the required four weeks publication.

Very truly yours,

State Engineer.

Proof of Beneficial Use.

Boise, Idaho, December 4, 1912.

Dear Sir: ~~Madam~~ Madam:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your permit No. 8600.

Deposition of Permit Holder,

Depositions of Two Witnesses.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On December 30th, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at Lago, before Wm. H. Mendenhall, E.P.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received, together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

DEAR SIR:

Isabell E. Porman, residing at Perry
County of _____, State of Idaho, has requested that
you make examination required under Permit No. 8600. Will you
therefore, arrange with the holder of said Permit to make such examination as will
enable you to answer the questions on the enclosed blank? Also, make a sketch on
the enclosed blank plat showing source of supply, point of diversion, route of ditch
and place of use. You should, also, arrange with the holder of said Permit for the
payment of your fee for your services, and such proper expenses as you will incur in
making this examination and report.

Please advise me promptly of receipt of this communication, and whether or not
you will be able to make the examination and report as required.

Very truly yours,

A. E. ROBINSON,

State Engineer.

You will please note that your former report was for completion
of works only while this is for beneficial use of water. The
acreage under cultivation in each forty should be given.
