George R. Corey,

Applicant.

By

Agent.

Date of first receipt at office of State Engineer 9.00 a.m. December 11, 1914.

Returned to applicant for correction

Corrected application received

APPROVAL OF STATE ENGINEER

The number of this permit is 10883.

Recorded in Book 36. Page 10883 Approved December 11, 1914.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions.

Bond in the sum of \$1,000.00 to be filed on or before February 9, 1915.
Work to begin on or before and to continue diligently and uninterruptedly

to completion, unless temporarily interrupted by circumstances over which permit holder has no control.
One-fifth of the work above specified to be completed on or before June 11, 1917.

The whole of said work to be completed on or before December 11, 1919.

Beneficial use of water appropriated in accordance herewith, to be made on or before December 11, 1925.

Witness my hand this 11th day of December, 1914.

Herbert Wing,
Acting State Engineer.

Remarks: "A" Works will be as follows:

1. Four gates to sump, each gate with 4 x 4 feet opening.
2. Concrete sump, 12 feet by 40 feet by 12 feet deep.
3. Four electric motor driven centrifugal pumps, each with capacity for delivering 25 second feet with static lift 86 feet.
4. 1500 feet, 54 inch diameter, wood stave pipe.
5. Concrete outlet basin, 16 feet by 12 feet, by 4.5 feet deep.

"B"

1. South Canal will be five feet wide on bottom, nine feet wide at the water line and two feet deep.
2. Pump station will be located in southeast quarter of Sec. 20, T. 16 S. R. 39 E.B.B. M.
3. Pipe line crosses SE $\frac{1}{4}$ Sec. 20, NE $\frac{1}{4}$ Sec. 29, NW $\frac{1}{4}$ Sec. 28, T. 16 S. R. 39 E. B.B. & M.
4. Main or Northeast Canal crosses NW $\frac{1}{4}$ Sec. 28, S $\frac{1}{2}$ and NE $\frac{1}{4}$ Sec. 21, NW $\frac{1}{4}$ Sec. 22, S $\frac{1}{2}$ and NE $\frac{1}{4}$ Sec. 15, S $\frac{1}{2}$ and NW $\frac{1}{4}$ Sec. 10, E $\frac{1}{2}$ Sec. 3, N $\frac{1}{2}$ Sec. 2, N $\frac{1}{2}$ Sec. 1, Township 16 South, Range 39 East B. B. & M.
5. South Canal crosses W $\frac{1}{2}$ Sec. 28, Township 16 South, Range 39 East B. B. & M.

THIS INDENTURE, made this 7th day of April, A. D. 1916, between GEORGE R. COREY of the City of Preston, County of Franklin, State of Idaho, party of the first part, and Lewiston-Bear Lake Irrigation Company, a corporation of Utah, with principal place of business at Lewiston, Cache County, Utah, party of the second part,

WITNESSETH: that the said party of the first part, for and in consideration of Ten (\$10.00) Dollars and other good and valuable considerations, the receipt whereof is hereby acknowledged, does by these presents remise, release, convey and forever quitclaim unto the said party of the second part, and to its successors and assigns, all right in and to the use of the waters of Bear river by said first party acquired under Application for Permit, No. 15943, made to the State Engineer of the State of Idaho on December 11, 1914, and by such State Engineer on such last mentioned date approved as Permit No. 10883, which said permit is recorded in the official records on file in the office of said State Engineer at Boise, Idaho, in Book 36 of Permits at page 10883 thereof, to which records reference is hereby had for a more particular description of the rights in and to the use of Bear river waters by this Indenture assigned and conveyed.

Together with all and singular the appurtenances thereunto belonging to in any wise appertaining, and the rents, issues and profits thereof.

To HAVE AND TO HOLD, all and singular, the said premises, together with the appurtenances, unto the said second party, its successors and assigns, to its and their own proper use, benefit and behoof, forever.

IN WITNESS WHEREOF, I have hereunto set my hand and seal the day and year in this indenture first above written.

Permit No. 10883,

CERTIFICATE OF COMPLETION OF WORKS.

TO ALL WHOM IT MAY CONCERN:

Lake

This is to certify that Lewiston-Bear Irrigation Company, of Lewiston, County of _____ and State of Utah, the holder of Permit No. 10883, issued upon Application No. 15943, bearing date of priority of December 11, 1914, authorizing the diversion of 100 second feet of the waters of Bear River, County of Franklin, State of Idaho, for irrigation and domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 100 second feet of the waters of Bear River; that the point of diversion of said waters is N. 80° 51' W. 691.5 ft. from the S.E. Cor. of Sec. 20. T. 16 S., R. 39 E., B. M., and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: SE 1/4 SW 1/4 Sec. 23; W 1/4 NW 1/4 & SW 1/4 Sec. 25, all of Secs. 26, 27, & 28, and the E 1/2 of Sec. 29 T. 16 S., R. 39 E., B. M.

Witness my hand this 17th day of November, A. D. 1920.

W. G. SWENDSEN.
Commissioner of Reclamation

By S. T. Baer,
Deputy,

Proof of Completion of Works made December 9, 1919.
Certificate of Completion of Works issued November 17, 1920.

ASSIGNMENT

THIS INDENTURE, made this 5th day of December, 1923, between Lewiston-Bear Lake Irrigation Company, a corporation, party of the first part, and Cub River Irrigation Company, a corporation, of Idaho, with its principal place of business at Fairview, Idaho, party of the second part, WITNESSETH:

That the said party of the first part for and in consideration of \$10 and other good and valuable considerations, the receipt whereof is hereby acknowledged, does, by these presents, remise, release, convey and forever quit claim unto the said party of the second part, and to its successors and assigns all right in and to the use of the waters of Bear River by said first party acquired under application for Permit No. 15943 made to the State Engineer of the State of Idaho, on December 11, 1914, and by such State Engineer on such last mentioned date approved as Permit No. 10883, which said permit is recorded in the official records on file in the office of said State Engineer at Boise, Idaho, in Book 36 of Permits at page 10883 thereof, to which records reference is hereby made for a more particular description of the rights in and to the use of Bear River water by this indenture assigned and conveyed.

Together with all and singular the appurtenances thereunto belonging or in any wise appertaining, and the rents, issues, and profits thereof.

TO HAVE AND TO HOLD all and singular the said rights, together with their appurtenances unto the said second party, its successors and assigns forever.

IN WITNESS WHEREOF, the said first party has caused this instrument to be signed and its corporate seal to be hereto attached the day and year in this indenture first above written.

BOND

KNOW ALL MEN BY THESE PRESENTS. That George R. Corey of Preston, Idaho, as principal, and George L. Swendsen of Boise, Idaho, and Warren G. Swendsen of Boise, Idaho, as sureties, are held and firmly bound unto the State of Idaho in the full and just sum of One thousand (\$1000.⁰⁰) Dollars, lawful money of the United States, to the payment of which sum, well and truly to be made, said principal and sureties bind themselves, their heirs, administrators, executors and assigns, jointly and severally, under the terms and conditions hereinafter set forth.

The terms of this obligation are such that, whereas the above named principal on the eleventh day of December, 1914, filed in the office of the State Engineer in Boise, Idaho, a certain application for permit to appropriate the public waters of the State of Idaho, the said application being thereupon numbered No. 15943, in accordance with which said application the State Engineer granted and issued to the said principal herein a certain permit numbered No. 10883, a full, true and complete copy of which application No. 15943 and permit No. 10883, is of record in the office of the State Engineer, in Book 36 of Permits, at page 10883;

Now, if the above bounden principal shall faithfully carry to completion the said works of diversion as specified in said application No. 15943 and permit No. 10883, in the manner and form prescribed therein and within the time therein allowed, then the above obligation to be void otherwise to remain in full force and effect.

IN WITNESS WHEREOF, The said principal and sureties have hereunto set their hands and seals, this fourteenth day of December, 1914.

DEPARTMENT OF RECLAMATION
BOISE

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Boise, Idaho,
September 8, 1919

Lewiston Bear Lake Irrigation Co.,
Lewiston, Utah.

DEAR SIR:

I enclose herewith blank form upon which to give notice that you are prepared and desire to submit proof of completion of works under your permit No. 10883.

This form should be filled out and mailed to the Department of Reclamation, at least 60 days before the date upon which proof is to be submitted, which proof MUST be on or before Dec. 11, 1919. Upon receipt of the blank, properly filled out, notice for publication will be sent to the paper direct from this office, which notice must be published a period of four weeks prior to the date of proof.

The proof may be submitted at any place convenient to you and two witnesses, where there is a notary public or other officer authorized to administer oaths.

The certificate that shall be issued under this proof does not give you a perpetual right to the use of the water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours.

W. G. SWENDSEN,

Commissioner of Reclamation.

Thatcher & Bowen
Logan, Utah

October 6th, 1919.

Hon. W. G. Swenson,
COMMISSIONER OF RECLAMATION,
Boise, Idaho.

Dear Sir:

Will you kindly have the kindness to send us a copy of permit #10883 issued to Mr. Corry, and by him assigned to Lewiston-Bear Lake Irrigation Company? Apparently our client's copy has been misplaced.

We are having some difficulty in obtaining the description of the lands to be irrigated. We should like to obtain an extension of time so that accurate descriptions may be obtained. Can you grant us such an extension for say thirty or sixty days? As we do not have the permit we are unable to say whether five years has elapsed since the original application.

Thanking you in advance, we are,

Yours truly,

THATCHER & BOWEN.

Re Permit 10883.

Messrs. Thatcher & Bowen,
Attorneys at law,
Logan, Utah.

Gentlemen:--

Per your request the 6th inst.,
I am enclosing herewith certified copy of
Permit No. 10883, for which please to remit
\$1.50.

You will note, in the approval, that the
works are required to be completed by December 11,
1919, making the full five years from the date of
approval. No additional time could, therefore, be
granted for completion of the works.

Very truly yours,

W. G. SWENSON,

Commissioner of Reclamation.

BOISE, IDAHO, **November 12, 1919.**

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of completion of works under Permit No. 10883

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On December 9, 1919, the date set for proof of completion of works, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at your office

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

River, North 80° 51' West 591.5 ft. from the SE Cor. of Sec. 20, T. 15 S. R. 39, East of the Boise Meridian, County, of Franklin, Idaho.

Ques. 4. State purpose for which water is to be used, and, if for irrigation, state the number of acres and give description of the land you intend to reclaim.

Ans. Irrigation and domestic; 2520 acres; S.E. 1/4 of S. W. 1/4, Sec. 25 1/2 of N. 1/2 and S. W. 1/4 Sec. 25; all of Sections 26, 27, 28, and the E 1/2 of Sec. 29, All in Township 16 South, Range 59 East, Boise Base and Mer.

Ques. 5. State whether or not the water has been turned into your works of diversion, and, if so, when and to what extent.

Ans. yes; July 6th, 1916; full capacity of 100 sec. feet, and has been used each year thereafter.

Ques. 6. State whether or not the works of diversion are fully completed, and whether or not they comply in all respects with the terms of the permit.

Ans. yes. Yes, except reinforced concrete pipe instead of wood stave pipe

Ques. 7. If the works of diversion do not comply with all the terms of your permit, state fully those particulars in which there is any variance.

Ans. The wood stave pipe described under sub-division 4 A. was supplanted by a reinforced concrete pipe of the same dimensions

Ques. 8. Give description of works, state dimensions and capacity of each part, and give cost of same.

Ans. See Exhibit "A" hereto attached and hereby made a part of this deposition.

(Sign here.)

G. A. Hogen

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, in Preston, County of Franklin, State of Idaho, on this 9th day of December, A. D. 1919

My Commission expires December 16th, 1919.

Jesse P. Rich
Notary Public.
Residing at Preston, Idaho.

10883

EXHIBIT "A"

Kind of works: Pumping station, pipe line and ditches.

There is a concrete sump 12 feet by 40 feet by 12 feet deep, with four gates to the sump, each gate a 4 by 4 feet opening. There are four electric motor driven centrifugal pumps, each with capacity for delivering 25 second feet of water with a static lift of 86 feet. There are 15 hundred feet of 54 inch diameter reinforced concrete pipe, delivering the water into a concrete outlet basin 16 feet by 12 feet by 4.5 feet deep. The water is delivered from the outlet basin into the main canal which has a width at bottom of about 15 feet, a width at water line of 31 feet, and a depth of water of 4 feet. The length of the conduit is 1.5 miles. At two points the water is delivered from the canal belonging to Lewiston-Bear Lake Irrigation Company into the canals of the Cub River Irrigation Company, through which canals the water is carried to the lands where it is used for irrigation.

The pumps, when working at capacity, deliver 100 second feet of water into the canal, and the canal is of sufficient capacity to carry the whole amount and deliver it into the canals of the Cub River Irrigation Company. The total cost of the pumping station, pipe line and canals is the sum of \$98,000.00.

The water not used in Idaho is conveyed to and used in Utah.

G. A. Hogan

The Depositions of two Witnesses, in this form taken separately, required in each case.

Permit No. 10883

Proof of Completion of Works

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. George Warren, 53 years, Lewiston, Utah, farmer, Lewiston, Utah.

Ques. 2. Are you acquainted with Lewiston-Bear Lake Irrigation Company, the holder of Permit No. 10883, authorizing the diversion of 100 second-feet of the waters of Bear River, Sec. 20, T. 16-S. R. 39 E. B. M. and domestic for irrigation purposes? How long have you known him, and where does he reside?

Ans. Since its organization, about 1915, Lewiston, Utah.

Ques. 3. Have you read or heard read said Permit No. 10883, and are you familiar with its terms and conditions?

Ans. Yes

Ques. 4. (If for irrigation purposes). Are you acquainted with the land proposed to be irrigated under said permit? If so, describe same, state its character, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Yes. SW 1/4 of Sec. 23; W 1/2 of NW 1/4, and SW 1/4 of Sec. 25; all of Sections 25, 27, 28, and the E 1/2 of Sec. 29; All in Township 16 south, Range 39 East, Boise Base and Meridian; sand and sandy loam; 42 cubic feet per second.

Ques. 5. Are the works of diversion fully completed and of sufficient capacity to convey the entire amount of water set out in the permit from point of diversion to place of use?

Ans. yes

Ques. 6. Describe the works of diversion as they now exist, and give your estimate of their capacity.

Ans. See Exhibit "A", hereto attached and made a part of this deposition.

(Sign here.)

George Warren

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in the City of Preston, County of Franklin, State of Idaho, on this 9th day of December, A. D. 1919.

Affidavit of Publication

NOTICE FOR PUBLICATION

Notice is hereby given that at 11 p. m. on the 9th day of December 1919, at Preston, County of Franklin, State of Idaho, before Jesse P. Rich, Notary Public, proof will be submitted of the completion of works for the diversion of 100 cubic feet per second of the waters of Bear River in accordance with the terms and conditions of a certain permit heretofore issued by the State Engineer of the State of Idaho.

1. The name of the person or corporation holding said permit is Lewiston-Bear Lake Irrigation Company.

2. The post office address of such person or principal place of business of such corporation is Lewiston County of Cache, State of Utah.

3. The number of such Permit is 10883, and the date set for the completion of such work is.

4. Said water is to be used for irrigation and domestic purposes.

5. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conducting to the place of intended use, in accordance with the plans accompanying the appli-

cation for such permit is 100 cubic feet per second.

6. The amount of lands for which said water is available is 2,520 acres, particularly described as follows SE $\frac{1}{4}$ of SW $\frac{1}{4}$ Sec. 23; W $\frac{1}{2}$ of NW $\frac{1}{4}$, and SW $\frac{1}{4}$ Sec. 25; all of sections 26, 27, 28, and the E $\frac{1}{2}$ of Sec. 29; All in Township 16, South Range 39 East, Boise Base and Meridian.

REPORT OF ENGINEER

This proof is for completion of works.

In Water District No. 5-H

1. State name of applicant and number of permit: Lewiston-Bear Lake Irrigation Co., #10883
2. State source of water supply: Bear River
3. Location of point of diversion: N. 80°51' W. 691.5 ft. from S.E. cor. of Sec. 20,
T. 16 S., R. 39 E. B. M.
4. Describe works as they exist, giving dimensions and capacities of same:

Canal to pumping-plant, 40' B. 4' to 6' D. 1300' long.

Concrete pit to pumps. Pump-house, concrete and brick.

4 24 in. cent. pumps. Cap. 25 sec. ft. each.

4 350 H.P. elec. motors, direct con.

90' lift 4' concrete pipe, from pumps to canal.

Canal 12' B. 4' D.- Concrete liner, first 200 ft.
5. State whether or not water has been turned into works of diversion: Yes.
6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): SE $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 23; W $\frac{1}{2}$ NW $\frac{1}{4}$ SW $\frac{1}{4}$ Sec. 25; all of sections 26, 27, 28, and the E $\frac{1}{2}$ of Sec. 29; all in T. 16 S. R. 39 E. B.M.
7. Submit map on enclosed plat, showing location and details of above description.
8. How many parties conduct water in this system?
9. Give names and amount of each right:
10. What large stream would the water here appropriated finally reach? Bear River.
11. Describe the various tributaries en route, from point of diversion to the principal drainage stream: Thru drains to Bear River.

Remarks: All land in cultivation.

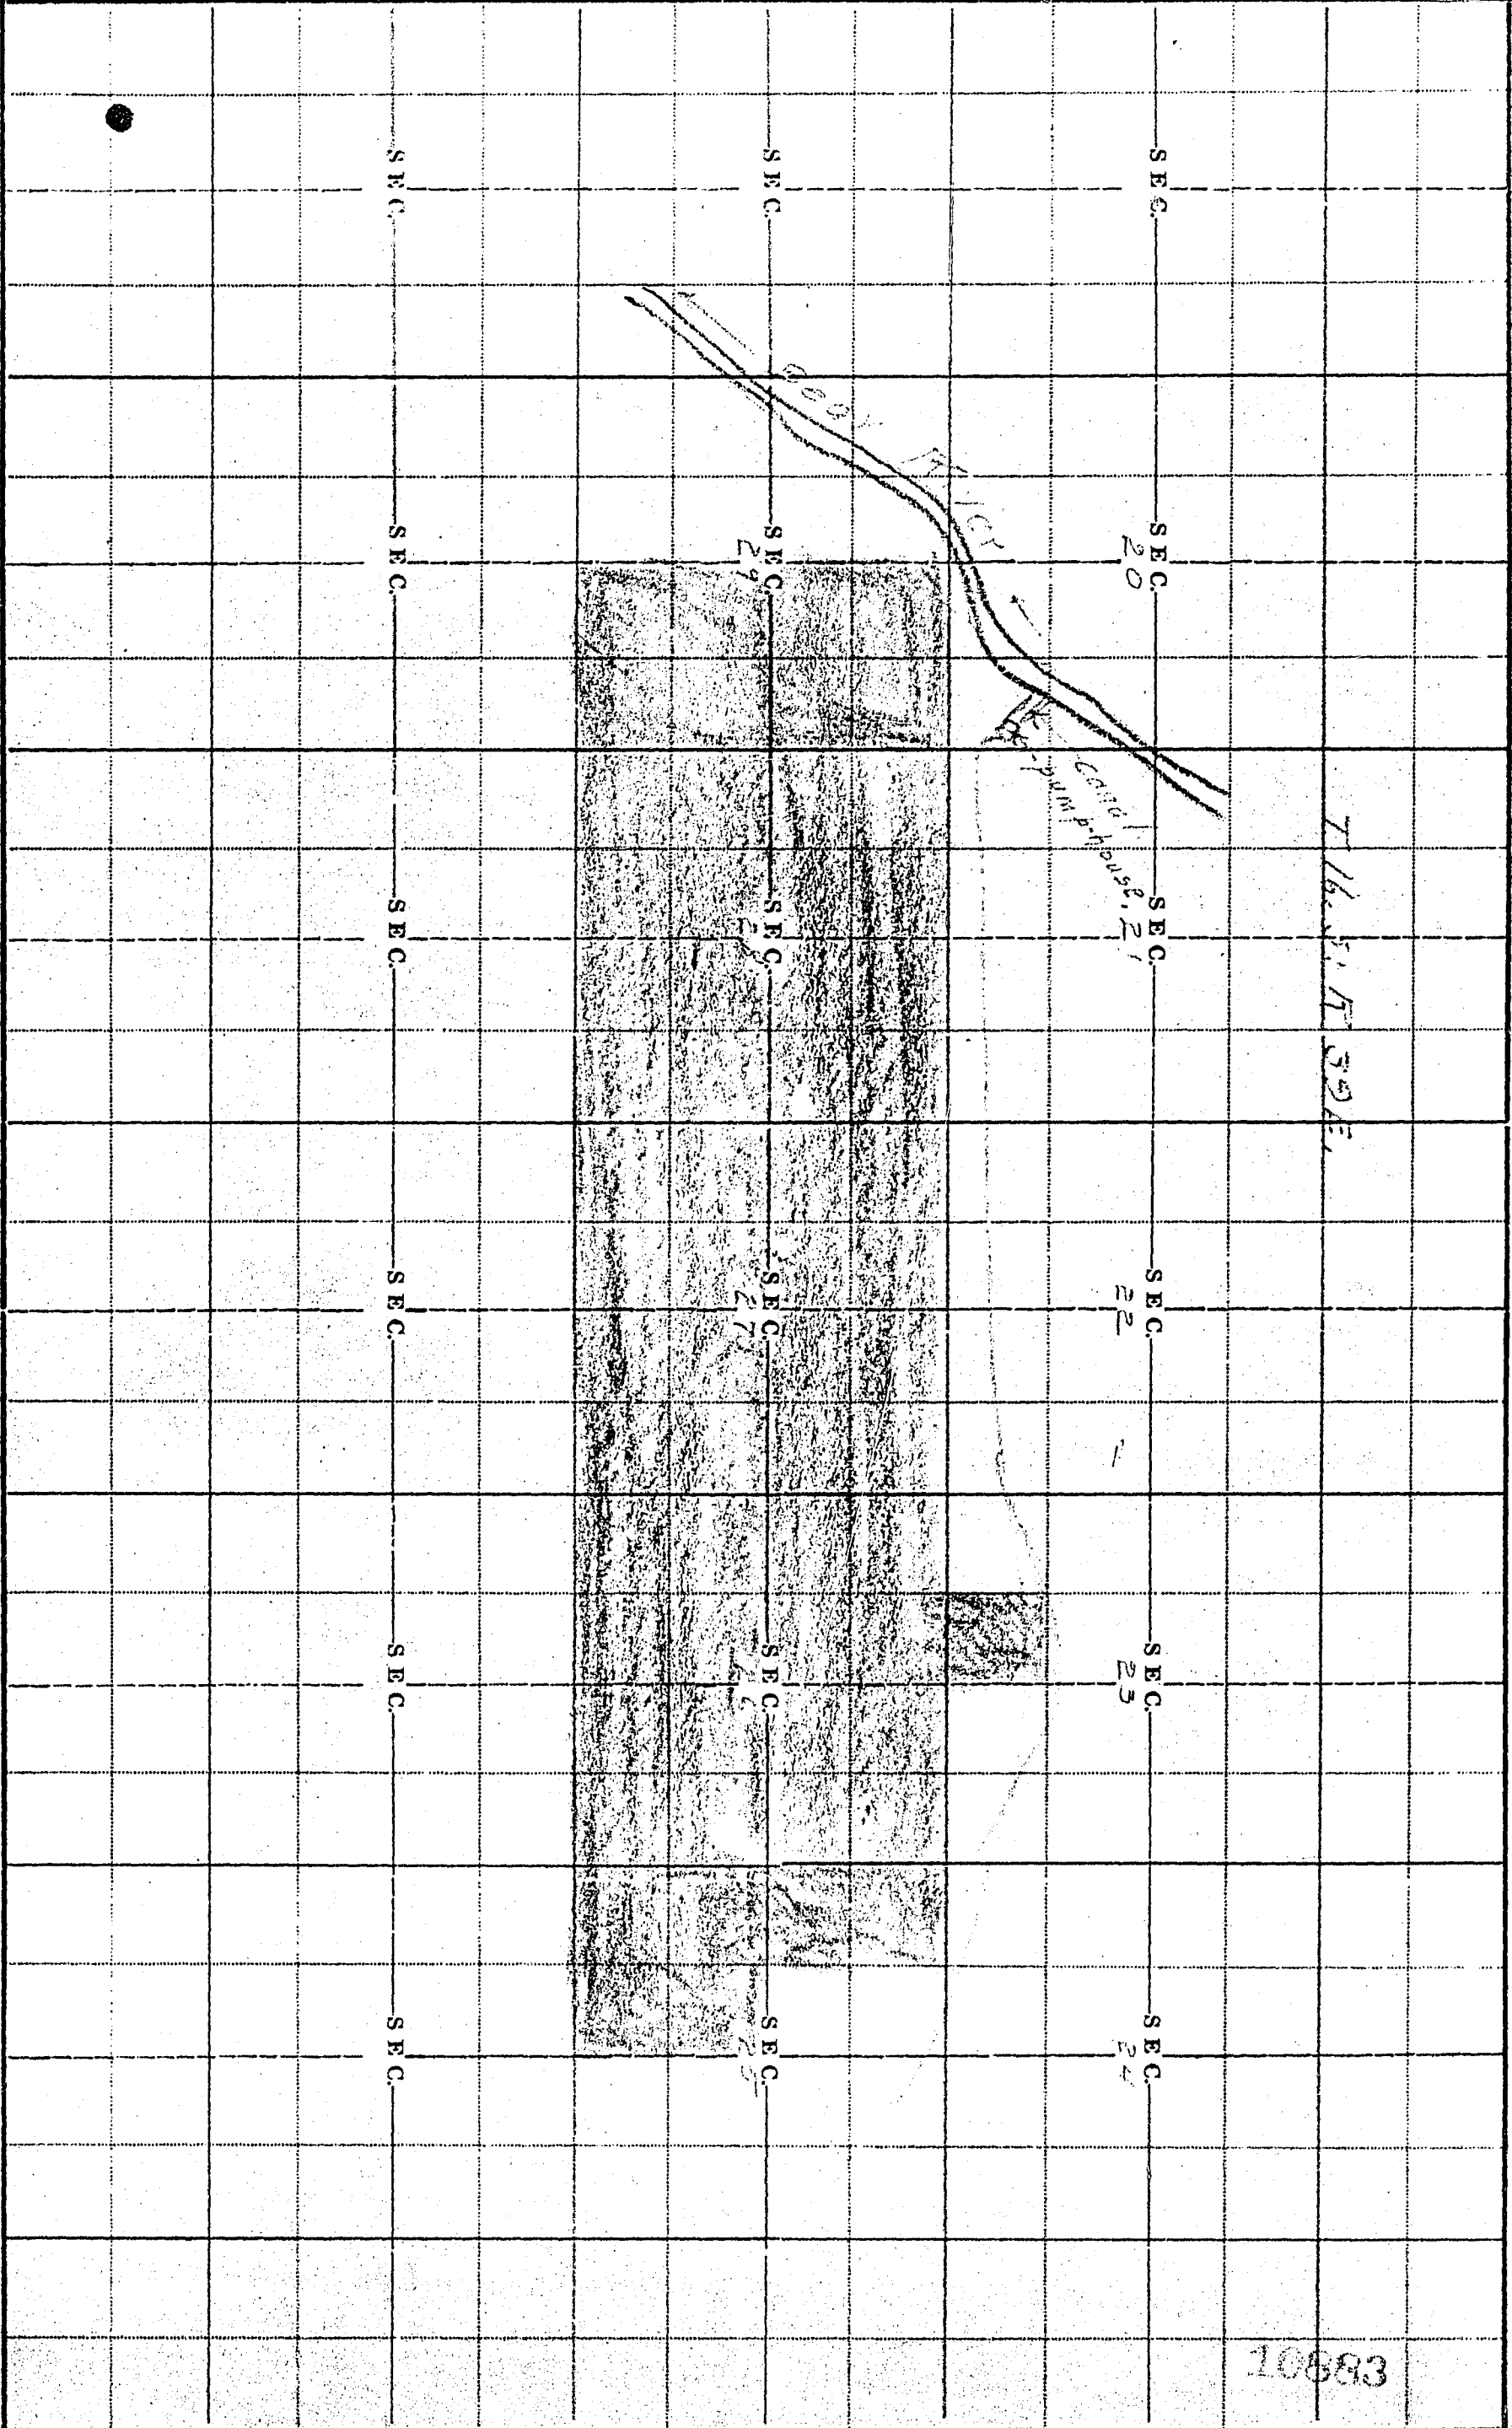

This examination was made on the 13 th day of May, 1920.

(Signed) *R. B. Annett*

Honorable Warren G. Swendsen
Commissioner of Reclamation
Boise, Idaho

Dear Sir:

On December 11, 1914 a permit was issued to George R. Corvey by the State Engineer of the State of Idaho, no. 10,883 issued on application no. 15, 943, for 100 second feet of water of Bear River for irrigation purposes. This application and permit was assigned by Mr. Corvey to the Lewiston Bear Lake Irrigation Co. The Company *diverted and applied* the water under application to the beneficial uses described in the permit. Proof of the completion *of work and beneficial use* of the water was made before the State Engineer two or more years ago as I recall it. I am under the impression that the final certificate ~~issued~~ but we cannot find it. If your records show that the certificate did issue will you kindly forward me a certified copy of it together with your charges. If the certificate did not issue will it be possible to have same issued before the 22, of this month? On that date we must present our proofs of water right in the Utah Power and Light case pending in the Utah courts. We have the stipulation of the plaintiff and of the defendants admitting our rights subject only to the proof of issuance of certificate.

Very truly yours,

AEB Bowen

Re: Permit 10883.

Mr. A. E. Bowen,

Logan, Utah.

Dear Sir:-

Replying to your letter of the 12th would say that proof of completion of works was made under the above permit and certificate issued but final proof has not yet been made. This proof is not due until December 11, 1925. If you desire certified copy of the certificate of completion of works, the same will be sent you immediately upon request.

Very truly yours,

W. C. SWENDESEN,

Commissioner of Reclamation.

By _____
Chief Clerk.

P.S.- It would not be possible to issue license before the 22nd of this month as notice of proof is required to be published four full weeks prior to the date of proof.

Dear Sir:

Permit 10883 for appropriation of 100 second feet of the waters of Bear River was issued to George R. Corey and by him assigned to the Lewiston Bear Lake Irrigation Company. As I understand it, that Company made proof of the completion of its works and has the certificate of your office therefor.

The holder of this permit now desires to make final proof of application to beneficial use, and obtain its license. As I understand it, your office furnishes forms for the notice of final proof, and I would be greatly obliged to you if you will send us such proper forms, as your office issues for the purpose indicated.

Yours truly,

A. E. Bowen

Engineer.

LAW OFFICES
CLARK, RICHARDS & BOWEN
BOSTON BUILDING
SALT LAKE CITY, UTAH

November 5th, 1924.

Honorable W.G. Swensen,
Commissioner of Reclamation,
Boise, Idaho.

Dear Mr. Swensen:

Pursuant to my conversation with you, I am handing you herewith the request of the Cub River Irrigation Company for the publication of notice of proof of application of water to beneficial use. I am accompanying the letter of request with the notice in duplicate filled out on blank forms furnished by your office.

You will observe that I have left the day and hour of the hearing at Preston blank, to be filled in by you, because I do not know just when you will get this notice to the paper. Will you kindly fill in the dates and get the notice going at the earliest possible time?

The filing was originally made by Geo. Corey and was by him assigned to the Lewiston Bear Lake Irrigation Company. The Lewiston Bear Lake Irrigation Company in turn has conveyed its right to the Cub River Irrigation Company. I know this transfer has been made, but I do not know whether the assignment has been filed with your office for record. I have written the Company to ascertain whether they have so filed their assignment, but have not received a reply from them. However, you may be sure that if the assignment is not there now, it will be immediately forthcoming, so that the Cub River Irrigation Company will be the proper party in interest.

Trusting that these matters will all be found to be in order, and with kind personal regards, I am

Very truly yours,

AEB*AA
INC.

P.S. Whatever fees are requisite, if you will go ahead with the filing and publication, we will remit upon demand.

NOTICE FOR PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 11.30 ^{P.}~~A.~~ m. on the 12th day of December, 1924,
at Preston, County of Franklin, State of Idaho,
before P.M. Condie, Notary Public, proof will be submitted
of the application to beneficial use of one hundred cubic feet per second of the
waters of Bear River in accordance with the terms and conditions of
Permit No. 10883 heretofore issued by the State Engineer
of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are.....

Cub River Irrigation Company, Fairview, Idaho.

The use to which said water has been applied is irrigation

The amount applied to beneficial use is one hundred cubic feet per second

directly and by exchange is on lands in Township 16

The place where said water is used/(if for irrigation, give full and accurate description of the
South, Range 39 E.B.M., described as follows:

lands irrigated) S $\frac{1}{2}$ S. 1, SW $\frac{1}{4}$ S. 2, SE $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 3, E $\frac{1}{2}$ S. 10, All S. 11, S $\frac{1}{2}$, and E $\frac{1}{2}$
of NE $\frac{1}{4}$, and W $\frac{1}{2}$ of NW $\frac{1}{4}$ S. 12, N $\frac{1}{2}$ S. 13, N $\frac{1}{2}$ of NE $\frac{1}{4}$, & SE $\frac{1}{4}$ of NE $\frac{1}{4}$, & W $\frac{1}{2}$ S. 14, S $\frac{1}{2}$ of
NE $\frac{1}{4}$, and SE $\frac{1}{4}$ S. 15, SE $\frac{1}{4}$ S. 21, All S. 22, NW $\frac{1}{4}$ & N $\frac{1}{2}$ of SW $\frac{1}{4}$, & SW $\frac{1}{4}$, S $\frac{1}{2}$ of SE $\frac{1}{4}$ S. 23,
W $\frac{1}{2}$ of NW $\frac{1}{4}$, & S $\frac{1}{2}$ of SW $\frac{1}{4}$, & NE $\frac{1}{4}$ of SW $\frac{1}{4}$, & E $\frac{1}{2}$ of NW $\frac{1}{4}$ of SW $\frac{1}{4}$, & SW $\frac{1}{4}$ of SE $\frac{1}{4}$ S. 25,
SE $\frac{1}{4}$ of SW $\frac{1}{4}$ S. 23, W $\frac{1}{2}$ of NW $\frac{1}{4}$ of SW $\frac{1}{4}$ S. 25, All Sec. 26, All Sec. 27, E-3/4 & W $\frac{1}{2}$ of
SW $\frac{1}{4}$ Sec. 28.

The name of the canal or ditch or other works by which said water is conducted to such place of use
is Cub River Irrigation Company's canal

The right to take water from such works is based upon Permit No. 10883

The source of supply from which such water is diverted is Bear River

The date of the priority which said user is prepared to establish is December 11, 1914.

DEPOSITION OF PERMIT HOLDER.

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On December 12, 1924, the date set for proof, the enclosed forms ~~one~~ ^{two} for permit holder and ~~two~~ ^{one} each for two disinterested witnesses) should be filled out and sworn to, at Preston before P. M. Condie, notary public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

W. G. SWENDSEN,

Commissioner of Reclamation.

10683

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT No. 10883

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. G. A. Hogan, 53 years, Lewiston, Utah, farmer, Lewiston, Utah.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Cub River Irrigation Company, Place of business, Fairview, Franklin County, Idaho.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 10883, priority and date of permit Dec. 11, 1914.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Bear River, North 80° 51' West, 691.5 feet from the SE. corner of Section 20, Township 16 South, Range 39 E. B. M. Franklin County, Idaho.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Supply canal, pump house, electric and hydraulic equipment, discharge pipe, diversion canal. Capable of conveying 100 second feet of water, name of canal: Cub River Irrigation Canal.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivate or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

directly and by exchange

Ans. For Irrigation of the following described land in Franklin County

Directly and by exchange upon lands in Township 16 South, Range 39 East of the Boise Meridian, Franklin County, Idaho, particularly described as follows:

SE $\frac{1}{4}$ Section 1, SW $\frac{1}{4}$ Section 2, SE $\frac{1}{4}$ of SE $\frac{1}{4}$ Section 3, E $\frac{1}{2}$ section 10, all Section 11, S $\frac{1}{2}$ and E $\frac{1}{2}$ of NE $\frac{1}{4}$, and W $\frac{1}{2}$ of NW $\frac{1}{4}$ Section 12, NE $\frac{1}{4}$ Section 13, N $\frac{1}{2}$ of NE $\frac{1}{4}$, and SE $\frac{1}{4}$ of NE $\frac{1}{4}$, and W $\frac{1}{2}$ Section 14, S $\frac{1}{2}$ of NE $\frac{1}{4}$, and SE $\frac{1}{4}$ Section 15, SE $\frac{1}{4}$ Section 21, all Section 22, NW $\frac{1}{4}$ and E $\frac{1}{2}$ of SW $\frac{1}{4}$, S $\frac{1}{2}$ of SE $\frac{1}{4}$ of Section 23, W $\frac{1}{2}$ of NW $\frac{1}{4}$ and S $\frac{1}{2}$ of SW $\frac{1}{4}$, and NE $\frac{1}{4}$ of SW $\frac{1}{4}$, and E $\frac{1}{2}$ of NW $\frac{1}{4}$ of SW $\frac{1}{4}$, and SW $\frac{1}{4}$ of SE $\frac{1}{4}$ Section 25, SE $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 25, W $\frac{1}{2}$ of NW $\frac{1}{4}$ of SW $\frac{1}{4}$ Section 25, all section 26, all section 27, East three-fourths and W $\frac{1}{2}$ of SW $\frac{1}{4}$ of Section 28.

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. One hundred second feet per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

George R. Corey made application and received permit; he assigned same to
Ans. Lewiston-Bear Lake Irrigation Company, who assigned it to Cub River Irrigation Company.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

All of said water has been used beginning with the year 1917 and since
Ans. that time, for the irrigation of the lands above described.

10883

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and right claimed thereunder.

11. The Cub River Irrigation Company appropriated certain of the waters of Cub River in 1878 for the irrigation of 30,000 acres of land. The water supply was sufficient to irrigate said land only partially. During the early spring flood water period there is available to this appropriator 160 c.f.s but this flow subsides so that a lesser supply is available during the irrigation season, and is wholly insufficient to irrigate said lands. The appropriation on the permit herein being proved upon was made to augment the earlier appropriation for said lands. To avoid the expense of higher lifts by means of the pumps installed an arrangement has been effected among those entitled to the waters so appropriated and those entitled ~~xxxxxx~~ under the original appropriation from Cub River whereby the waters of Cub River are used on lands above the line to which water is elevated by the pumps, and the lands below said line formerly watered and entitled to be watered from the Cub River appropriation are now watered by means of the waters of Bear River taken under the appropriation here being proved upon. The quantity of water available under the two appropriations is still inadequate to the complete irrigation of the said land with the result that about 10,000 acres thereof is still only partially irrigated and because of insufficiency of water supply cannot be devoted to intensive cultivation of the irrigated crops common to the locality

10883

My commission expires Oct. 16, 1926.

Ques. 8. What is the minimum amount of water required for the purpose specified above?
Ans. One hundred second feet per second.

Ques. 9. If you are not the person or representative of the corporation to whom it was originally issued, please state how ownership

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT No. 10883

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. T. M. Judah, 49 years, reside in Preston, Idaho, during irrigation season, and in Logan, Utah, in winter; P. O. address: Logan, Utah.

Ques. 2. Are you acquainted with Cub River Irrigation Company, the holder of Permit No. 10883? How long have you known him and where does he reside?

Ans. Yes, I know of said company, and said company has its principal place of business in Fairview, Franklin County, Idaho.

Ques. 3. Have you read or heard read said Permit No. 10883, and are you familiar with its provisions and conditions?

Ans. Yes, I am familiar with the provisions and conditions of said permit, having read the same.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Bear River. Point of diversion: North 80° 51' West, 691.5 feet from the SE. corner of Section 20, Township 16 South, Range 39 E. B. M.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 100 cubic feet per second.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigating about 6280 acres of land as described in the deposition of G. A. Hogan filed herewith.

10883

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is sandy loam in character, with clay at a depth of from seven to fifty feet. Requires one ^{cubic} ~~XXXXXX~~ foot per second for irrigation of 50 acres.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest whatever in water, lands or works of diversion.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I am manager of the West Cache Irrigation Co. the company that diverts the water from Bear River in Idaho and irrigates approximately 25,000 acres of land in close proximity to the lands of the Dub River Irrigation Co. I am constantly during the whole irrigation season over the section of country irrigated by the Cub River Irrigation Co. and that throughout the irrigation season since the installation of the diverting works in 1917 they have carried the full amount of their appropriation and devoted it to the purposes hereinbefore specified.

PERMIT No. 10883

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. L. R. Humpherys, age 40 years, Logan, Utah, Civil and Irrigation Engineer.

Ques. 2. Are you acquainted with Cub River Irrigation Company, the holder of Permit No. 10883? How long have you known him and where does he reside?

Ans. Yes. I have known of said company for fifteen years. Said company has its principal place of business at Fairview, Franklin Co., Idaho.

Ques. 3. Have you read or heard read said Permit No. 10883, and are you familiar with its provisions and conditions?

Ans. Yes, I have read said permit and am familiar with its provisions and conditions.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Bear River. Point of diversion: North 80° 51' West, 691.5 feet from the SE. corner of Section 20, Township 16 South, Range 39 E. B. M.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 100 cubic feet per second. I was at the works at the time the canal was operated, saw water measured, and have seen it conveying 100 second feet and the capacity of safely 100 second feet.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for irrigating about 6280 acres of land as described in the deposition of G. A. Hogan filed herewith.

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. The land is sandy loam, underlaid at a depth of from seven to fifty feet with clay, and requires one second foot to water 50 acres.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. No interest whatever.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. Business has taken me into locality the last seven years at frequent intervals during the irrigation season, and at all times during the irrigation season have found canal carrying what I estimate to have been 100 second feet of water.

NOTICE FOR PUBLICATION

Notice of Proof Application of Water to Beneficial use.

Notice is hereby given that at 1:30 p. m. on the 12th day of December, 1924, at Preston, County of Franklin, State of Idaho, before P. M. Condie, notary public, proof will be submitted of the application to beneficial use of 100 cubic feet per second of the waters of Bear River in accordance with the terms and conditions of Permit No. 10883 heretofore issued by the State Engineer of the State of Idaho.

The name and post office address of the person or corporation holding said permit are Cub River Irrigation Company, Fairview, Idaho.

The use to which said water has been applied is irrigation purposes.

The amount applied to beneficial use is 100 cubic feet per second.

The place where said water is used, is directly and by exchange, on land in twp. 16 S., R. 39 E., described as follows: Sec. 1: SW 1/4 Sec. 2; SE 1/4 Sec. 3; SW 1/4 Sec. 11; S 1/2 E 1/2 Sec. 13; N 1/2 NE 1/4 & W 1/4 Sec. 15; SE 1/4 Sec. 21; all Sec. 22; NW 1/4, N 1/2 SW 1/4, SW 1/4, S 1/2 SE 1/4 Sec. 23; W 1/2 NW 1/4 SW 1/4 SE 1/4 Sec. 25; SE 1/4 SW 1/4 Sec. 26; all Sec. 27; E 1/2 & W 1/2 SW 1/4 Sec. 28, Twp. 16 N. R. 29 E. B. M.

The name of the canal or ditch or other works by which said water is conducted to such place of use is Cub River Irrigation Company's Canal.

The right to take water from such works is based upon Permit No. 10883.

The source of supply from which such water is diverted is Bear River.

The date of the priority which said user is prepared to establish is December 11, 1914.

W. G. Swenson
Commissioner of Reclamation.

LOGAN, UTAH

June 29th. 1925.

Mr. G.A.Hogan. Pres. Cub River Irrigation Co.
Lewiston, Utah.

Dear Sir:-

Complying with your verbal request of the 27th. inst. I am sending herewith information requested by the Commissioner of Reclamation of Idaho, or his Agent, for use in connection with your proof of application to beneficial use of water diverted thru your pumps;

General Statement. Water is diverted from Bear river near the S.E. cor. of sec. 20, twp. 16 S. range 39 E. B.M. into a supply canal, from which it is pumped thru a pipe into a delivery canal and thence conveyed to the Co.'s East and West Branch canals and distributed. The canal systems together with the lands served are shown on the accompanying maps.

Supply canal. The supply canal begins in Bear river and terminates in a concrete sump. It is 1300 ft. long, 11 ft. wide, side slopes 2 to 1, and at a normal depth of 4 ft. carries 100 sec. ft. of water.

Pump House, Sump, Hydraulic and Electric Equipment. The sumps are of concrete 12 ft. wide, 30 ft. long and 20 ft. deep over which are mounted 4 18 inch, double suction centf. pumps each connected to 350 HP electric induction motor supplied with energy from The Utah Power and Light Co's sub-station at Ireston. The juice is purchased at the plant at 44000 volts and reduced to 440 by 3-500 k v a transformers for use by the motors. The pumps are provided with hydraulic valves, priming pump electrically operated, sump pump, crane and switch board all of the most modern type. The equipment is covered by a modern brick house 26 x 54 ft.

Discharge Pipe. The pumps are connected to a 5 ft. reinforced concrete pipe 300 ft. long by a steel manifold pipe 60 ft. in length, which terminates in the Diversion canal. The discharge pipe is provided with vacuum and relief valves, man-holes and has a capacity of 100 sec. ft.

Diversion Canal. The delivery canal is about one mile in length and has a capacity of 100 sec. ft. It takes the water from the delivery pipe and supplies the East and West Branch canals all as shown on accompanying map. This canal has a bottom width of 12 ft. side slopes of 1 1/2 to 1, and 3 ft. depth of water. All structures are durable and of modern type.

Cost. The structures as above set out were constructed in 1916 and cost \$125,000.

Power contract. On April 3rd. 1916, a contract was entered into with the Utah Light and Power Co. for energy to operate the pumps at 1¢ per k w h and a seasonal minimum of \$4200. The pumps have operated each and every year since and including 1917. Electric energy from 1917 to 1924 inc. has cost \$90,700.00

Area Irrigated. From the pumps there are irrigated in Idaho directly 1900 acres, - shown on accompanying map thus ~~XXX~~, and indirectly, or by exchange 4300 acres shown thus ~~///~~ making a total of 6200 acres, and described as follows to wit:

Lands irrigated directly.

SE 1/4 of SW 1/4	-----	Sec. 23, T, 16S, R39E.	40 acres.

W $\frac{1}{2}$ of NW $\frac{1}{4}$, and E $\frac{1}{2}$ of SW $\frac{1}{4}$ and NE $\frac{1}{4}$ of SW $\frac{1}{4}$ and E $\frac{1}{2}$ of NW $\frac{1}{4}$ of SW $\frac{1}{4}$ and SW $\frac{1}{4}$ of SE $\frac{1}{4}$. ---	" 25	260 "
TOTAL		<u>4380</u> "

Cub River Irrigation Co's Gravity Canal. The Cub River Irrigation Co. owns and operates a gravity canal from Cub river and is supplimented by the pumping plant above described as the water recedes. There are about 7000 acres irrigated in Idaho. The canal carries a maximum of 170 sec. ft. When the water from Cub river fails and is inadequate for lands both in Idaho and Utah, the the pumps supply the Utah lands by exchange and the Cub river water is allowed to be used in Idaho.

Respectfully submitted,

Engineer.

R. L. SUTCLIFFE.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO
REPORT OF ENGINEER

Permit No. 10883This proof is for Beneficial UseIn Water District No. 5-1

1. Name of applicant: Cub River Irrigation Co.
2. Source of water supply: Bear River
3. Location of point of diversion: Is in the 80°51' W. 691.5 ft. from S.E. ^{cor.} of Section 20,
T. 16 S., R. 39 E. County of Franklin

4. Describe works as they exist, giving dimensions and capacities of same:

*see letter + map attached**Letter describes observations made.*

5. Water is used for: Irrigation

6. State whether or not water has been turned into works of diversion: Yes

7. List legal subdivisions of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): SE 1/4 Sec. 1, SE 1/4 Sec. 2, SE 1/4 SE 1/4 Sec. 3, E 1/2 Sec. 10, all Secs. 11, 12, 13, 14, E 1/2 Sec. 15, SE 1/4 Sec. 21, all Secs. 22, 23, 24, 25, 26, 27, 28, all in Tp. 16 S., R. 39 E., B.M.

(Submit map on attached plat, showing location and details of above description.)

8. What large stream would the water here appropriated finally reach? This is Bear River water.

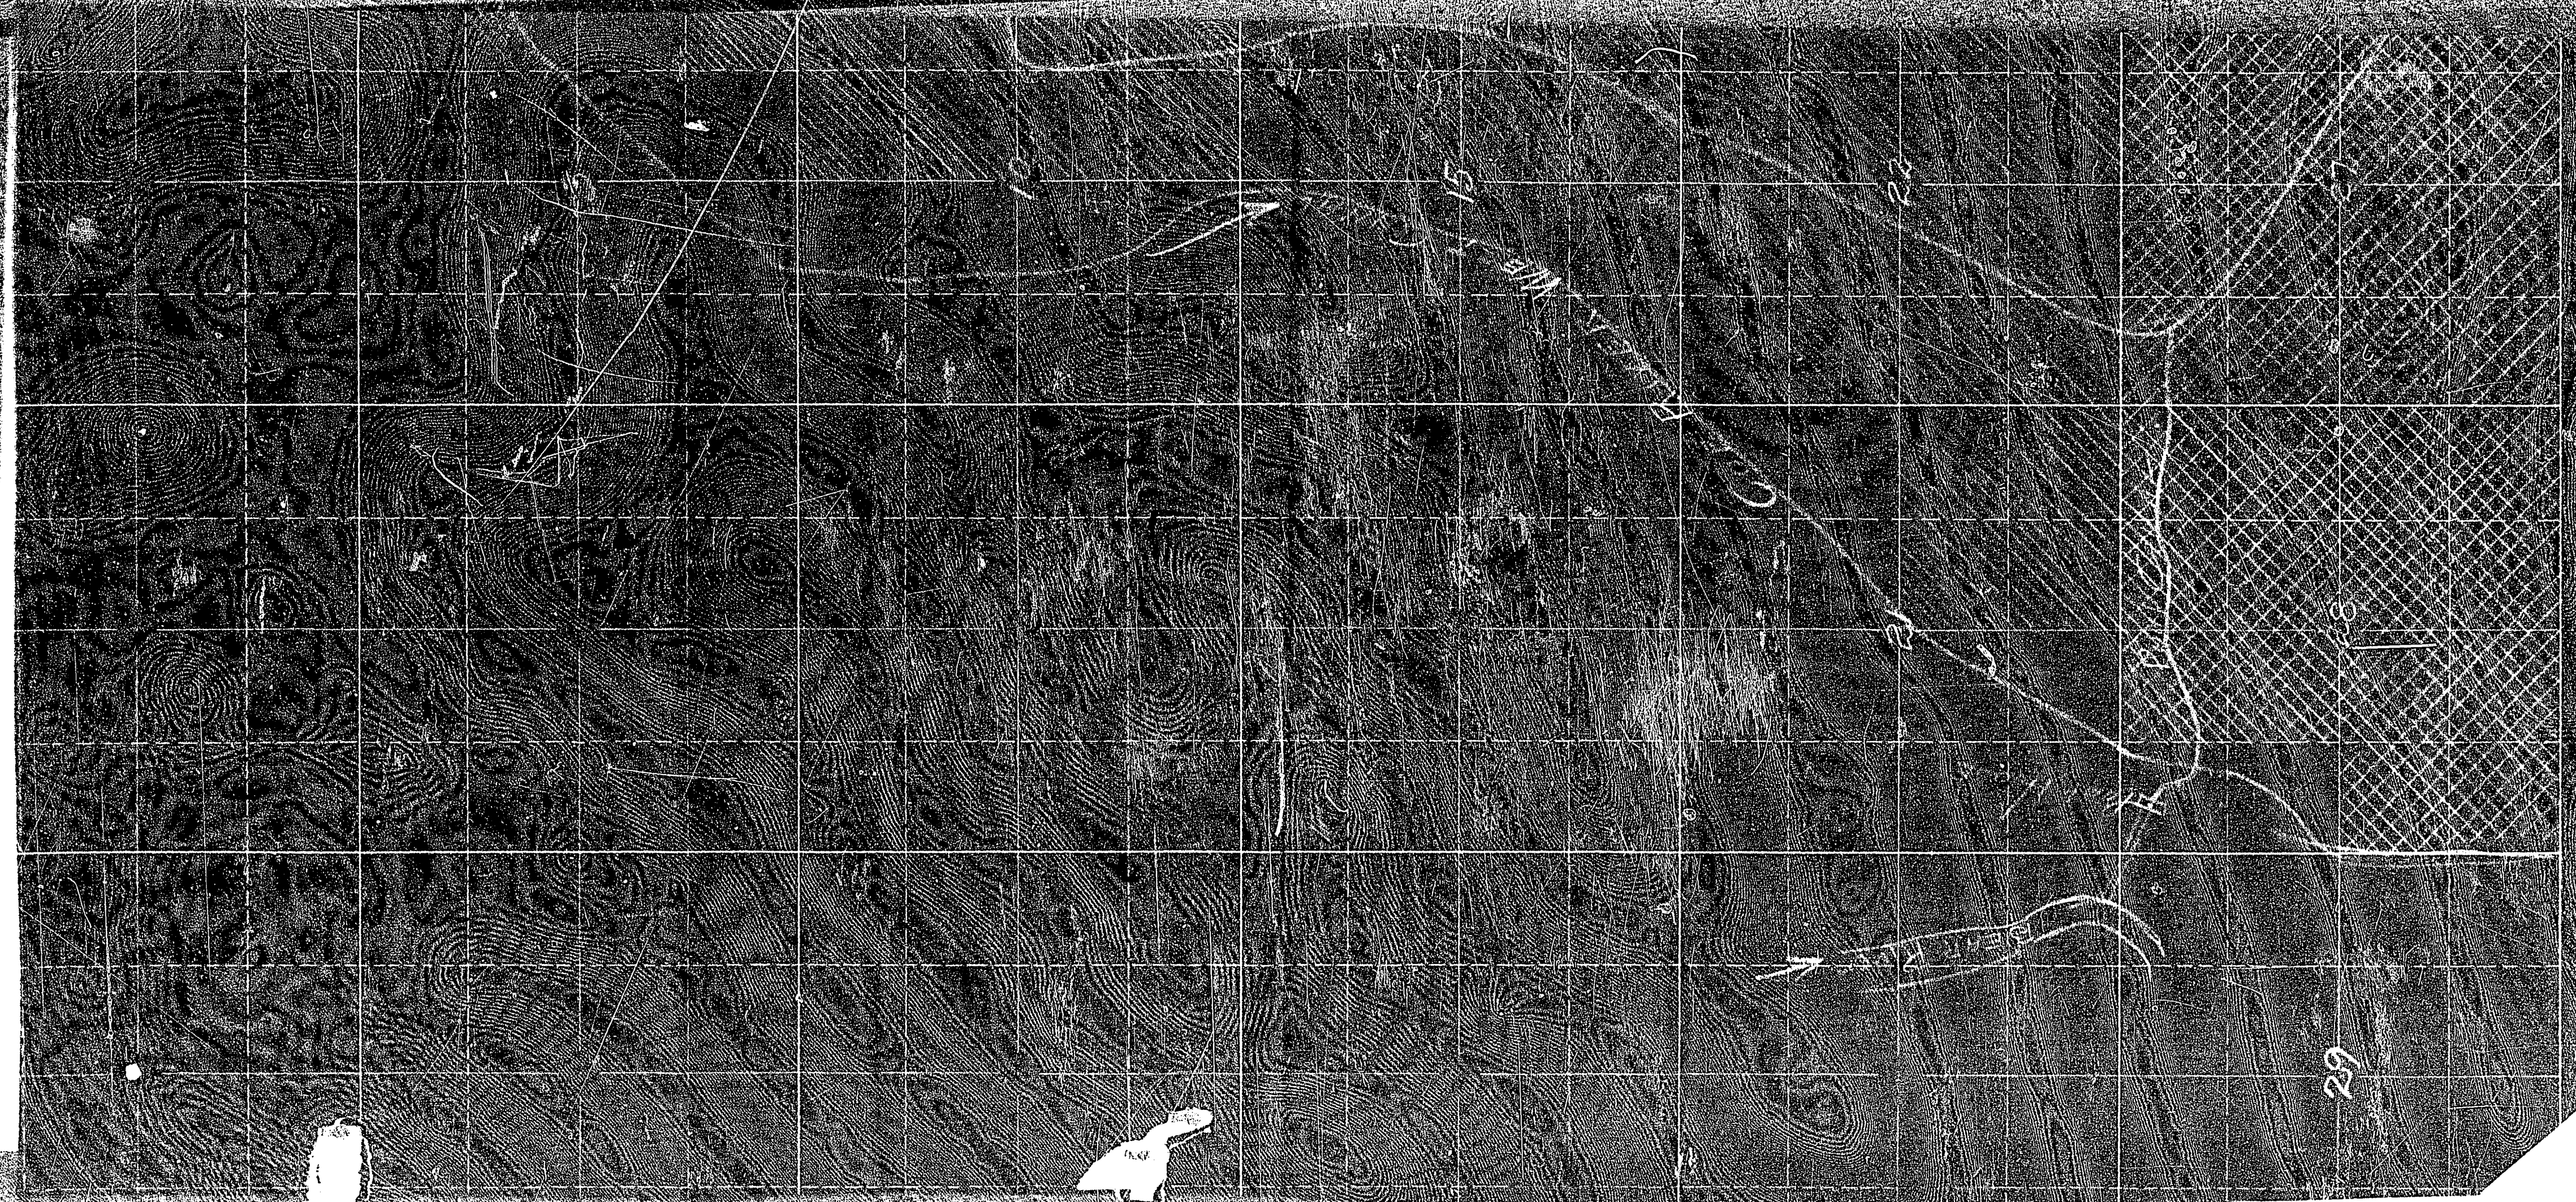

Remarks: Note in letter attached the remark about exchange of water
This letter and map confirm observations made by me.

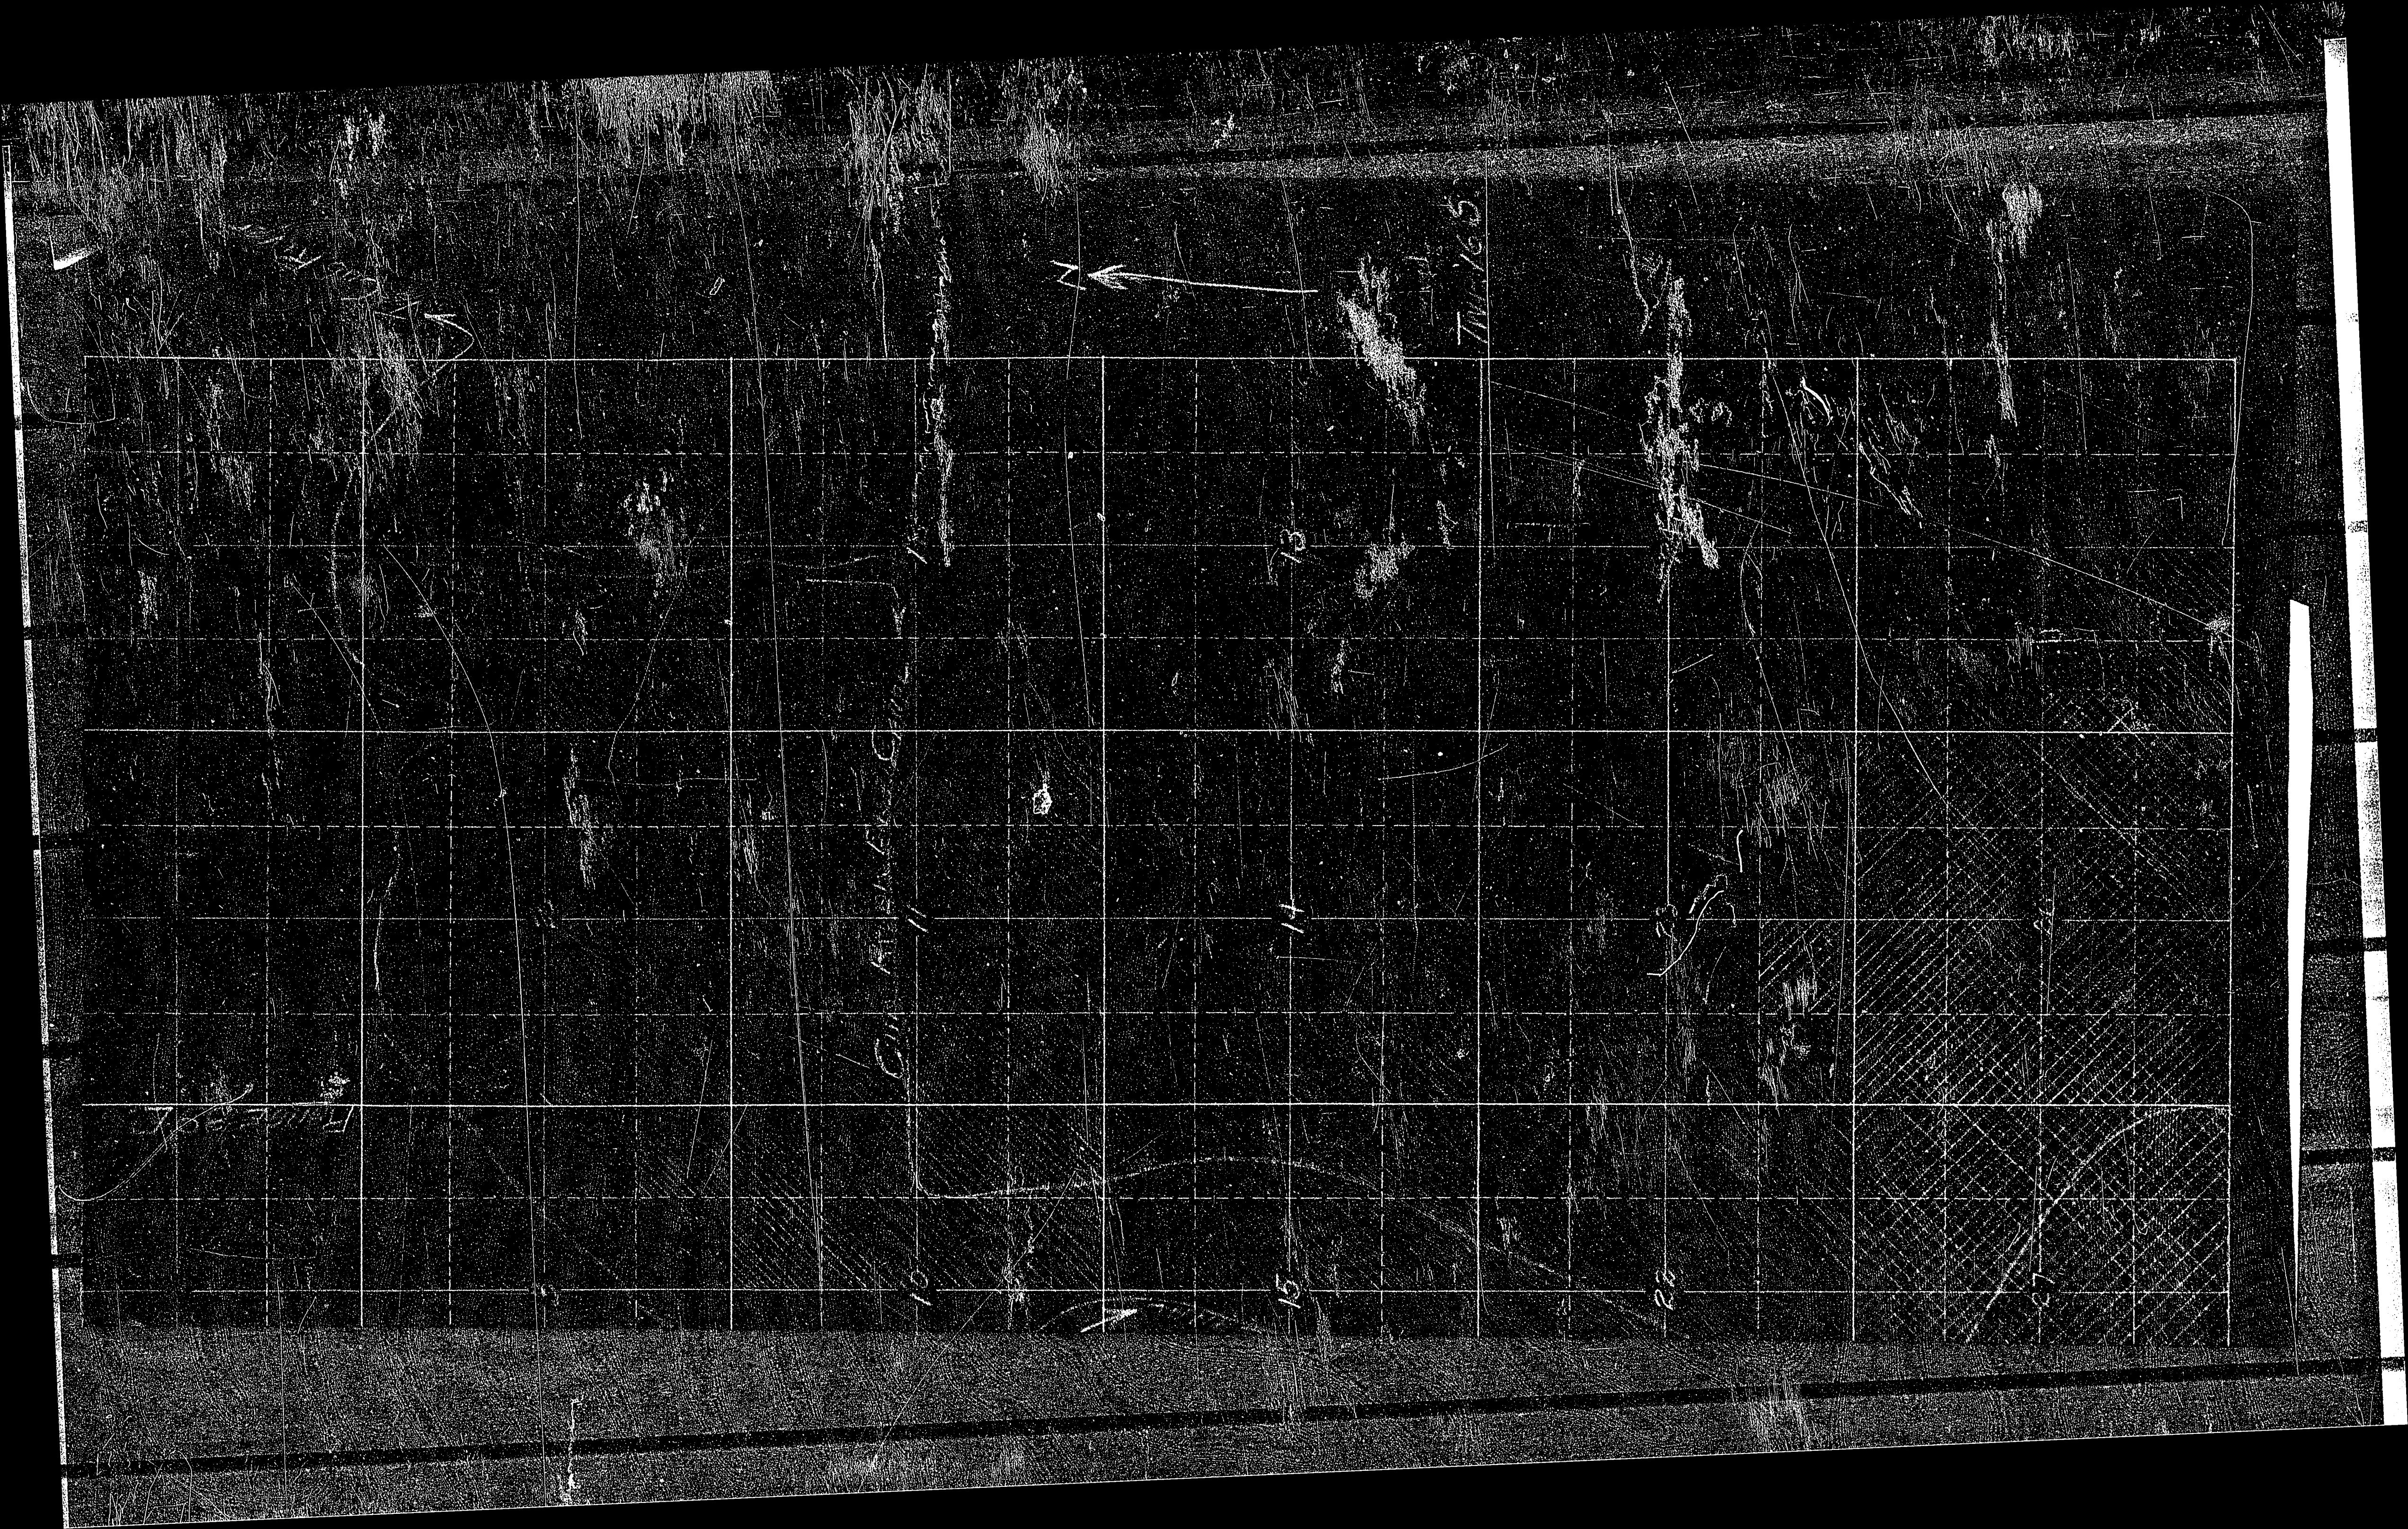

This examination was made on the 22 day of June 19 25

Re: Permit No. 10883
Cub River Irrigation Company

Messrs. Clark, Richards & Bowen,
Boston Building,
Salt Lake City, Utah.

Gentlemen:

The report of our examining engineer on proof of beneficial use of water under the above numbered permit has just been filed in this office. Upon receipt of fees in the sum of \$158.00 license will be issued.

These fees are based upon the number of legal subdivisions irrigated, allowing \$1.00 for each 40 acre tract or fraction thereof. The report shows 48 legal subdivisions directly irrigated and 110 indirectly irrigated.

Very truly yours,

W. G. SWENDSEN
Commissioner of Reclamation

Dear Sir:-

It is my understanding that the Cub
River Irrigation Company filed on some 10,000 acre
feet of water on Bear Lake, about the year 1914.

I shall appreciate very much having
a copy of the bona fide record of such filings in
case you have them at your state office.

Yours very truly,

Dear Sir:

We are enclosing herewith a copy of the above permit which was assigned to the Cub River Irrigation Company. This company holds a licensed right under this permit for 100 cubic feet per second from Bear River, and since the filing date was in 1914, it is very likely it represents the right you have in mind.

This company, however, has nothing on record showing any right to appropriate 10,000 acre feet of water per annum from Bear Lake or any part of that amount.

Will you kindly remit \$2.50 for the enclosed copy. If you desire a copy of the license you should make your check for \$3.50 since accopy of the license would be \$1.00 extra.

Very truly yours,

R. E. FARIS
Commissioner of Reclamation

Department of Reclamation
R. W. Paris, Commissioner
Boise, Idaho.

Dear Sir:

We are enclosing herewith our check for \$3.50. Two dollars fifty cents (\$2.50) is for the copy of the permit assigned to the Cub River Irrigation company sent to Mr. Saul E. Hyer with your letter of May 17, and for the \$1.00 we are asking for a copy of the license as your letter states this would be the extra cost.

Thanking you very kindly, we remain,

Yours very truly,

CUB RIVER IRRIGATION CO.

Geo. J. Rawlins
Secretary.

Re: WATER LICENSE No. 10883

CUB RIVER IRRIGATION COMPANY
Lewiston,
Idaho

Attention Mr. Geo. F. Rawlins, Secretary

Gentlemen:

In response to your letter dated June 1, 1935, we are enclosing herewith copy of the License and Certificate of Water Right issued under the above permit. We are also enclosing our office receipt in the amount of \$3.50, which is the amount you remitted for this license and a copy of the permit that was furnished to you some time ago.

Very truly yours,

R. W. FARIS,
Commissioner of Reclamation

STATE ENGINEER

Jan. 25, 1936.

Commissioner of Reclamation of Idaho,
Boise, Idaho.

Dear Sir:

RE: Permit 10883, Issued by the State
Engineer of Idaho to the Lewiston
Bear Lake Irrigation Co. See Page 11
of the Final Decree of Judge James N.
Kimball in the First District Court of
Utah, filed Feb. 21, 1922.

Kindly advise me if the final certificate
has been issued to the Lewiston Bear Lake Irriga-
tion Company, fixing the priority of the said Co.
to the use of the waters of Bear river and oblige.

Yours very truly,

Collins T. Cannon.

WATER COMMISSIONER FOR LOWER BEAR RIVER.

Re: Permit No. 10883

Mr. COLLINS T. CARRON
State Engineer's Office
Salt Lake City, Utah

Dear Sir:

Reference is made to your letter of January 25.

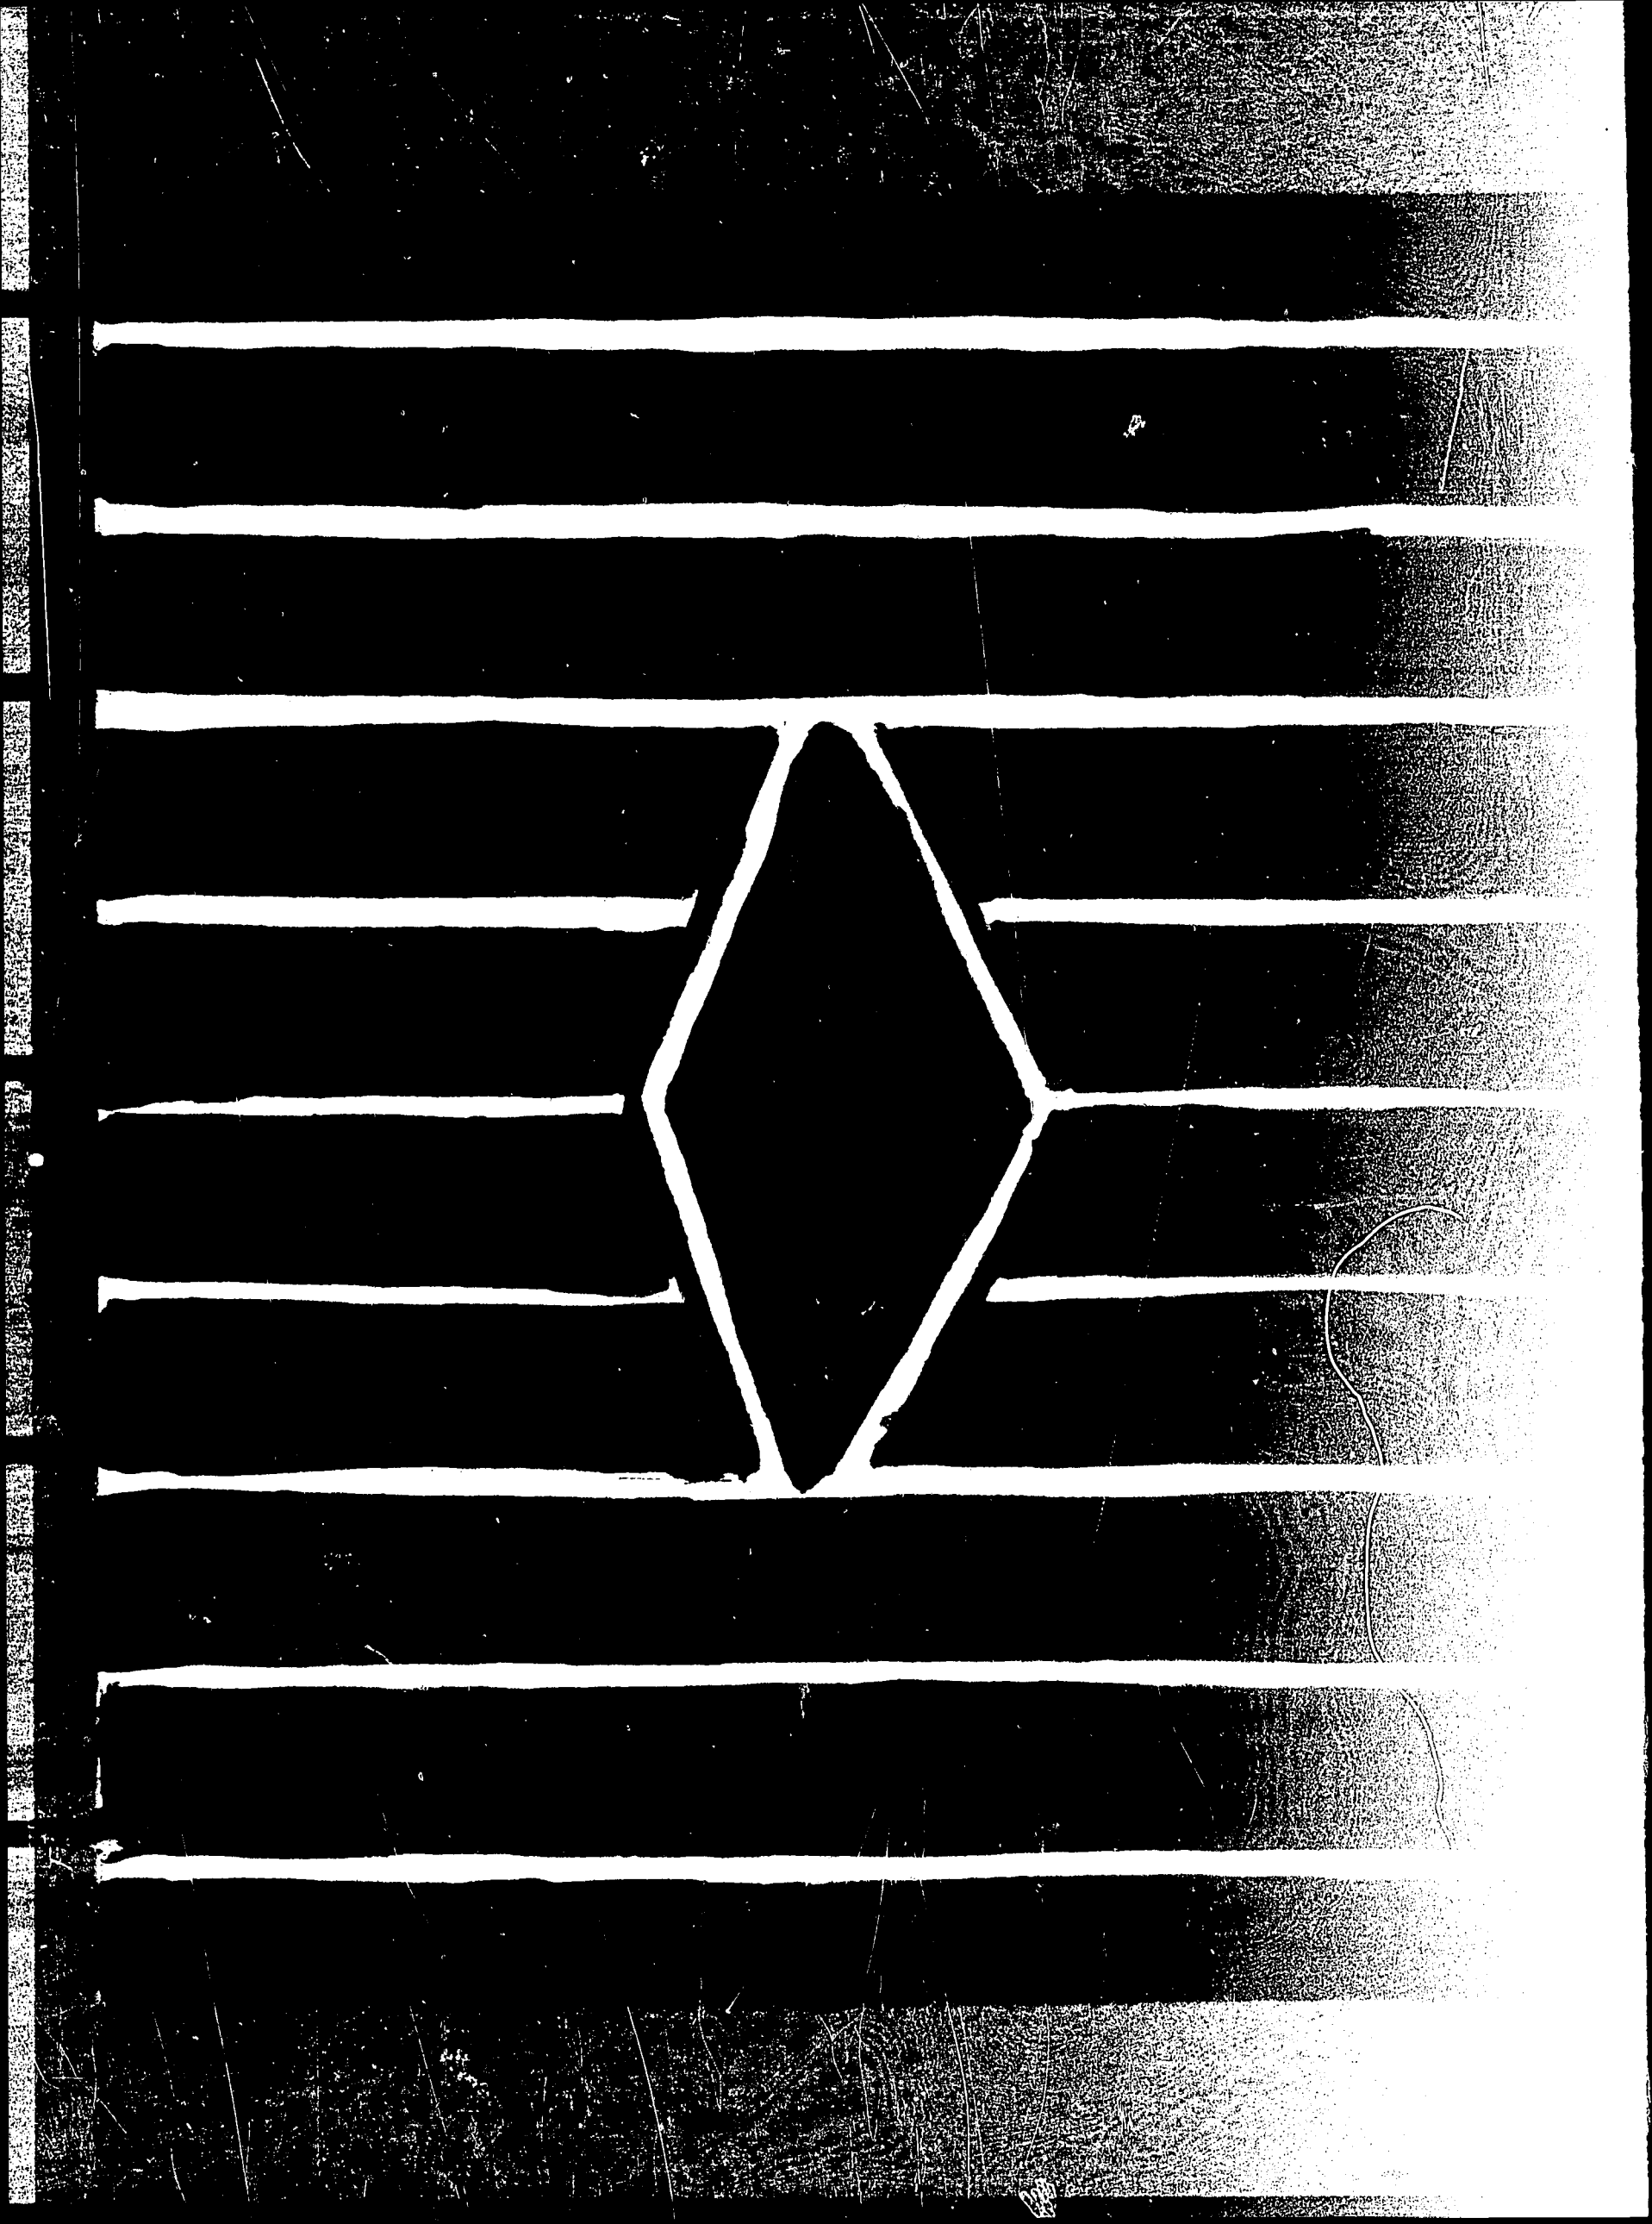

Upon examining the record of the above permit, I find that it was issued to GEORGE R. COREY, of Preston, Idaho. It authorized the appropriation of one hundred (100) second feet of the waters of Bear River. A certificate of Completion of Works for this amount was issued to the Lewiston Bear Lake Irrigation Company, to whom the permit had been assigned. This company, in turn, conveyed its interests to the Cub River Irrigation Company of Fairview, Idaho. Final Proof was offered and a license issued July 30, 1925, for one hundred second feet, bearing priority as of December 11, 1914.

Yours very truly,

Paul L. Henry,
Chief Clerk & Office Engineer

Re: Permit No. 10883

Mr. A. E. Bowen
Attorney at Law
Boston Building
Salt Lake City, Utah

Dear Sir:

Referring to your letter of the 5th instant, would say that December 12 has been set as the date for making proof under the above numbered permit and notice for publication will be mailed to the Franklin County Citizen at Preston, Idaho, in time for the five publications prior to the date set for making proof.

Deposition blanks, one for holder and one each for two witnesses will be mailed to Mr. C. M. Condie, the notary public before whom proof is to be made, at Preston.

This permit stands upon the records of this office in the name of the Lewiston-Bear Lake Irrigation Company, to whom the certificate of completion of works was issued. The transfer to the Cub River Irrigation Company will be placed on record under the permit, in this office as soon as the same is received and the original will be returned to you. A recording fee for this transfer will be charged at the rate of 20¢ a folio. This fee should accompany the transfer when mailed to this office.

We are enclosing herewith a copy of the notice which we are sending to the paper for publication, in order that your files may be complete.

Very truly yours,

W. G. SWENDSEN
Commissioner of Reclamation
