

Application No. 17277, Permit No. 11997. - District No. 5-H.

APPLICATION FOR PERMIT

TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

1. Name of applicant: Village of Franklin

Postoffice address: Franklin County: Franklin State: Idaho.

I. If applicant is a corporation, give

(a) Date and place of incorporation: organized 1897

(b) The amount of capital stock: none

(c) The amount paid in:

(d) Names and addresses of directors: A.B. Nash, Chairman, A.W. Webster, S.L. Woodward, T.W. Durrant, Uriah Wilkinson, Trustees, Ezra P. Monson, Clerk.

II. The financial resources of the applicant are: (a) Cash on hand:

(b) Treasury stock:

(c) Bonds to be issued:

(d) Other resources:

2. The quantity of water claimed is (0.14 second feet from spring No. 1
 (0.10 " " " " " 2 cubic feet per second.
 (0.10 " " " " " 3.

3. Source of water supply: Springs which is a tributary of _____

4. Location of point of diversion: In the SE $\frac{1}{4}$ SE $\frac{1}{4}$ & NE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 15, T. 16 S., R. 40 E. B.M.

County of Franklin, Idaho.

5. To be used for: Domestic and culinary purposes.

I. Irrigation and domestic use: (a) Amount of land to be irrigated:

acres.

(b) In the following legal subdivisions:

II. Mining, milling, power, manufacturing, transportation or other purposes:

(a) At what point:

(b) Amount of power to be generated:

H. P. under ft. head

(c) Is water to be returned to any stream?
point of return:

(d) If so, name stream and locate

6. Estimated cost of works: \$3000.00

7. Description of works for diversion: Reinforced concrete collecting basin, with collecting
I. Kind of works: (pipes at each spring.

II. Dimensions of works:

(a) Height of dam

feet, length of dam at top

feet,

length of dam at bottom

feet. Material used in construction:

(b) Capacity of reservoir

acres feet.

(c) Size of headgate, width

feet,

Height

feet. (d) Conduit

width at bottom

feet,

width at water line

feet, depth of water

feet; diameter of pipe

5" metal inches; average grade per mile is 92 feet. Length of conduit is one miles,
and it crosses the following quarter sections:

8. The time required for the completion of the construction of such work is two years.

9. Time required for the complete application of the water to the proposed use is no
additional years.BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the
public waters of the State of Idaho as herein set forth.

Village of Franklin

Applicant.

By J.C. Walters.

Agent.

Date of first receipt at office of State Engineer 9:00 A.M. February 19, 1916.

Returned to applicant for correction February 21, 1916.

Corrected application received March 3, 1916.

APPROVAL OF STATE ENGINEER

The number of this permit is 11997

Recorded in Book 41 Page 11997 Approved March 18, 1916.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of _____ to be filed on or before _____

Work to begin on or before May 17, 1916. and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before March 18, 1917

The whole of said work to be completed on or before March 18, 1918

Beneficial use of water appropriated in accordance herewith, to be made on or before March 18, 1918.

Witness my hand this 18th day of March, 1916.

J.H. Smith.

State Engineer.

Remarks:

15 (a) Is reservoir to be used? No, except collecting basin.

The Village of Franklin has a completely constructed system of water works, owned by the municipality, and supplied with water from Maple Creek, for the purpose of furnishing to the inhabitants thereof, water for culinary and domestic purposes.

Said system consists of an 8" feed pipe, a 40' x 45' x 11' reinforced concrete reservoir and a 6" supply line as shown by the accompanying map.

The supply of water from Maple Creek is inadequate, and it is therefore proposed by this application to supplement the amount of water now used by the additional amount to be derived from the springs above described in this application, said additional amount of water to be conducted to the supply line already constructed, by 5300 feet of 5" metal pipe as shown on the accompanying map.

AFFIDAVIT OF PERMISSION TO FILE ON SPRINGS.

I, Eugene S. Hart of Franklin, County of Franklin, State of Idaho, do hereby certify that I am the owner or lessee of the land on which the spring mentioned in the application of Village of Franklin is located, to-wit: The NE $\frac{1}{4}$ SE $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 15, Township 16 S., R. 40 E.B.M. and that I do hereby grant unto the said Village of Franklin permission to file on the said spring as set forth in the foregoing application.

Eugene S. Hart.

STATE OF IDAHO,)
County of Franklin) SS:

On this 24 day of February, 1916, before me, a Notary Public for the State of Idaho, residing at _____ personally appeared Eugene S. Hart, known to me to be the person whose name is subscribed to the foregoing certificate, and acknowledged to me that he executed the same.

Witness my hand and seal, the day and year in this certificate first above written.

Ezra P. Monson,
Notary Public

Notarial Seal.

My commission expires March 8, 1919.

Proof of completion of works made January 2, 1918.
Certificate of completion of works issued January 25, 1918.

Permit No. 11997.

CERTIFICATE OF COMPLETION OF WORKS

To All Whom It May Concern:

This is to certify that The Village of Franklin of Franklin, County of Franklin, and State of Idaho, the holder of Permit No. 11997, issued upon Application No. 17277, bearing date of priority of February 19, 1916, authorizing the diversion of .34 second feet of the waters of three unnamed springs, which are tributary of Maple Creek, County of Franklin, State of Idaho, for domestic and culinary purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use .34 second feet of the waters of three unnamed springs; that the points of diversion of said waters are in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 15, T. 16 S., R. 40 E., B. M., and that the place of use of said water is in the Village of Franklin.

Witness my hand this 25th day of January, A. D. 1918.

J. H. SMITH,

State Engineer of the State of Idaho.

Feb. 21, 1916.

17277-Village of Franklin.

Mr. J.C. Walters,
Logan, Utah.

Transfer application to new form now in use, copy of which is inclosed, together with instructions.

Note that land tie to point of diversion is not required, for small appropriations, in as much as maps show distances to corner, it will be sufficient to describe point of diversions in application, by naming the forty in which each is situated.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Village Clerk,
Franklin, Idaho.

Boise, Idaho, Dec. 11, 1917.

Dear Sir:—

Under the terms of your Permit No.-----**11997**-----, you are required to complete your diversion works on or before---**March 18, 1917**--- I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

J. H. SMITH,

State Engineer.

INSTRUCTIONS

PROOF OF BENEFICIAL USE

Ezra P. Monson, Chairman,
Village of Franklin, Idaho.

BOISE, IDAHO, February 15, 1918.

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under your Permit No. 11997.

DEPOSITION OF PERMIT HOLDER,

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of your rights:

1. On February 28, 1918, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to, at Franklin, before I.E. Nash, notary public.

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice and fee of \$2.00 for each 40-acre tract, or fraction, to which water has been applied. When these have been received together with report of examining engineer, if everything is properly executed, License will issue.

Yours truly,

J.E. SMITH,

State Engineer.

NOTICE FOR PUBLICATION

Notice of Proof of Application of Water to Beneficial Use

Notice is hereby given that at 10 a. m. on the 28th day of February, 1918,
 at Franklin County of Franklin State of Idaho,
 before E. H. Hahn, Notary Public proof will be submitted
 of the application to beneficial use of 0.34 cubic feet per second of the
waters of un-named springs, - tributaries of Maple Creek,
 in accordance with the terms and conditions of
 Permit No. II997, heretofore issued by the State Engineer of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit are The Village of Franklin & Ezra P. Monson Chairman Village Board, Franklin, Franklin County, Idaho.
2. The use to which said water has been applied is for domestic and cullinary purposes.
3. The amount applied to beneficial use is 0.34 sec. ft.
4. The place where said water is used (if for irrigation, give full and accurate description of the lands irrigated) _____

5. The name of the canal or ditch or other works by which said water is conducted to such place of use is The Upper Extension of the Franklin Village Water System.
6. The right to take water from such works is based upon Permit No. II997.
7. The source of supply from which such water is diverted is springs which are tributaries of Maple Creek.
8. The date of the priority which said user is prepared to establish is March 14-1916.

PERMIT No. 11997**Proof of Application of Water to Beneficial Use****DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Village of Franklin - Ezra P. Monson, Chairman Village Board
age 43 years, Franklin, Franklin Co. Idaho - Merchant.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Ezra P. Monson, Chairman Village Board

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. 11997- Approved May 6, 1916. Date of Priority March 1, 1916.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Three unnamed springs tributary to Maple Creek, the point of
diversions are in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ and NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 15
Tp. 16 S. R. 40 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. 5" metal pipe 6" metal pipe - Reinforced Concrete Collecting
Basin and Collecting Pipes, amount of water 0.44 second feet. The
Maple Creek Extension to the Franklin Village Water System

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Domestic, Culinary and Municipal purposes

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. Domestic, Culinary and Municipal purposes

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. 0.44 second feet

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

11997

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Since the completion of our water extension in 1917 said waters have been in continual use for domestic and culinary purposes to the amount of 0.44 second feet

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans.

(Sign)

Era P. Mouson
Chairman Village of Franklin

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Franklin, County of Franklin, State of Idaho, on this 28th day of February A. THIS IS TO CERTIFY that The Village of Franklin of Franklin, Idaho, made application for a permit to appropriate the public waters of the State of Idaho, dated February 19th, 1916; that Permit No. 11997 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 0.34 second feet, was issued thereunder on January 25th, 1918, showing that said works were completed on the 2nd day of January, 1918; and that on the 28th day of February, 1918,

The Village of Franklin

of Franklin, State of Idaho, made proof to the satisfaction of the State Engineer of Idaho, of a right to the use of the waters of three unnamed springs, a tributary of Maple Creek, for the purpose of domestic use and municipal purposes, under Use Permit No. 11997 of the State Engineer, and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State Engineer of Idaho and entered of record in Volume 5 of Licenses, at page 2379, on the 21st day of December, 1918;

The right hereby confirmed dates from February 19th, 1916;

The Point of Diversion ^{are} located in the NE¹/₄ of SE¹/₂ and in the SE¹/₄ of SE¹/₄, Sec. 15, Tp. 16 S., R. 40 E., B. M.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 0.34 cubic feet per second.

Description and location of use: In the Village of Franklin, Franklin County Idaho.

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Engineer, affixed at Boise, Idaho, this 21st day of December, 1918.

(SEAL)

FRED A. WILKIE

State Engineer.
