Height feet. (d) Conduit width at bottom feet,

width at water line feet, depth of water feet; diameter of pipe

one inches; average grade per mile is feet. Length of conduit is 200 ft, miles,
and it crosses the following quarter sections:

8. The time required for the completion of the construction of such work is three mo. years.

9. Time required for the complete application of the water to the proposed use is
additional years.

BE IT KNOWN That the undersigned hereby makes application for a permit to appropriate the public waters of the State of Idaho as herein set forth.

James Frew.

Applicant.

By

Agent.

Date of first receipt at office of State Engineer 9:00 A.M. May 15, 1917

Returned to applicant for correction

Corrected application received

APPROVAL OF STATE ENGINEER

The number of this permit is 12960

Recorded in Book 45 Page 12960 Approved May 28, 1917

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of _____ to be filed on or before
Work to begin on or before July 27, 1917 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before August 28, 1917

The whole of said work to be completed on or before November 28, 1918

Beneficial use of water appropriated in accordance herewith, to be made on or before November 28, 1918

Witness my hand this 28th day of May, 1917.

J.H. Smith.

State Engineer.

Remarks:

14. The land to be irrigated is described in the following tabulation: None.

15(a) Is reservoir to be used? No.

The spring is situated on the land owned by applicant and is to be developed to increase the flow, and in addition a small reservoir is to be constructed for the purpose of storing additional water.

Proof of Completion of Works made August 19, 1918.

Certificate of Completion of Works issued October 26, 1918.

PERMIT NO. 12960.

CERTIFICATE OF COMPLETION OF WORKS.

To All Whom It May Concern:

This is to certify that James Frew of Preston, County of Franklin, and State of Idaho, the holder of Permit No. 12960, issued upon Application No. 18541, bearing date of priority of May 15, 1917, authorizing the diversion of 0.02 second feet of the waters of a small spring, County of Bannock, State of Idaho, for domestic purposes, has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use 0.02 second feet of the waters of said spring; that the point of diversion of said waters is in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 20, T. 13 S., R. 39 E., B. M., and that the place of use of said water is at home of applicant.

Witness my hand this 26th day of October, A. D. 1918.

FRED A. WILKIE,
State Engineer of the
State of Idaho.

To the Hon. J. H. Smith,

Boise, Idaho,

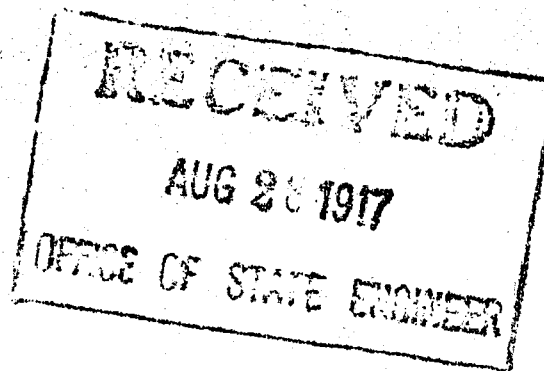

Dear Sir:

We enclose herewith the affidavit of James Frew which is self explanatory. We trust you will advise us of any disposition made of the controversy between the parties Frew and Allen. Kindly inform us what further steps are to be taken in this matter.

Very sincerely,

C:

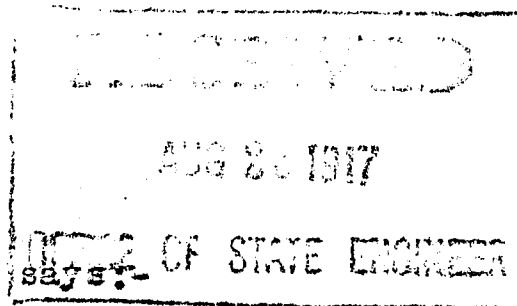

A. D. Erickson

*File
Per. 12960
185-41*

12960

State of Idaho,
SS
County of Franklin,

James Frew being first duly sworn deposes and

says: OF STATE ENGINEER

That he is the holder of application for permit No. 18541,
Permit No. 1296 ^{distinct} certificate No. 53. That under said application
he applied for the appropriation of a small spring for culinary
and domestic purposes, to be used in the South West quarter of the
South West quarter of Sec. 20 Tp., 13 South, range 39 E. B. M. range
39 E. B. M. That the source or point of diversion of said spring is
in the South West quarter of the South West quarter of Section 20
Tp., 13 South, range 39 E. B. M. That he and his predecessors in
interest have used the said water continuously and uninterruptedly
for a period of 6 years last past.

That there are no other springs in the vicinity within a
radius of 200 rods;

Affiant further says on information and belief that one H. H.
Allen Jr., is applying for the appropriation of the same spring
That according to published notice of proof of application for
water to beneficial use the 1st day of September 1917, at Preston,
Idaho, County of Franklin, before George H. Carver has been set
for the hearing of his proof. That the spring applied for by the
said H. H. Allen Jr., is the same spring which James Frew, affiant
herein claims to which he has a permit to appropriate.
That there are no springs of water in the South East quarter of the
South East quarter of Section 19 Tp., 13 South, range 39 E. B. M.
and that affiant fully believes that the said H. H. Allen Jr.,
is applying to appropriate the water of the spring that has been
applied for by James Frew affiant herein, which arises in Section
20 and not in Section 19. That the said H. H. Allen has ^{not} been used
nor is entitled to use the water of the spring applied for.

Wherefore James Frew hereby contests the application of said
H. H. Allen Jr. and prays that the application of said Allen be
disallowed.

James Frew

Subscribed and sworn to before me this 25th day of August 1917.

12960

George H. Carver
Notary Public, Preston, Idaho.

August 28, 1917.

Mr. A. D. Erickson,
Preston, Idaho.

Dear Sir:

We have yours of the 25th and have placed the protest on file where it will receive due consideration at the time of final proof upon the spring mentioned.

It is not likely that there will develop any serious difficulty over the matter because the first right will hold priority any way.

The matter will be thoroughly gone over before any license is issued.

Yours very truly,

J. E. Smith,

State Engineer.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

James Frew
Preston, Ida.

Boise, Idaho, **AUG 12 1918**

Dear Sir:—

Under the terms of your Permit No. **12960**, you are required to complete your diversion works on or before **Nov. 28, 1918**. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

FRED A. WILKIE

PERMIT NO. 12960

Proof of Application of Water to Beneficial Use

DEPOSITION OF HOLDER

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. James Frew age 71 years, Farmer
Preston Id.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. No Corporation

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. # 12960 May 28, 1917, May 28, 1917

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. a small spring located NW 1/4 of NW 1/4 of Sec. 20,
T. 13 S. R. 39, E. 7 N

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. a box 6 ft x 6 ft x 6 ft. at spring for storage then conveyed through small pipe to a small reservoir & cistern for storage for domestic use & for watering horses and cattle

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Water is used for domestic purposes & for watering cattle & horse while on pasture. No irrigation. hilly land used for pasture a small home used during summer months while pasture feed in good

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. only for domestic purposes

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. all that flows from spring if not gathered it all would sink in a few rods

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I own homestead

12960

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. I have used water about 3 years and
now I purchased land for used it for about 6 years
has only been used for culinary and domestic
purpose & watering cattle and horses

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. None

State of Idaho
DEPARTMENT OF RECLAMATION
BOISE

Mr. James Frew,
Preston, Idaho

February 3, 1926

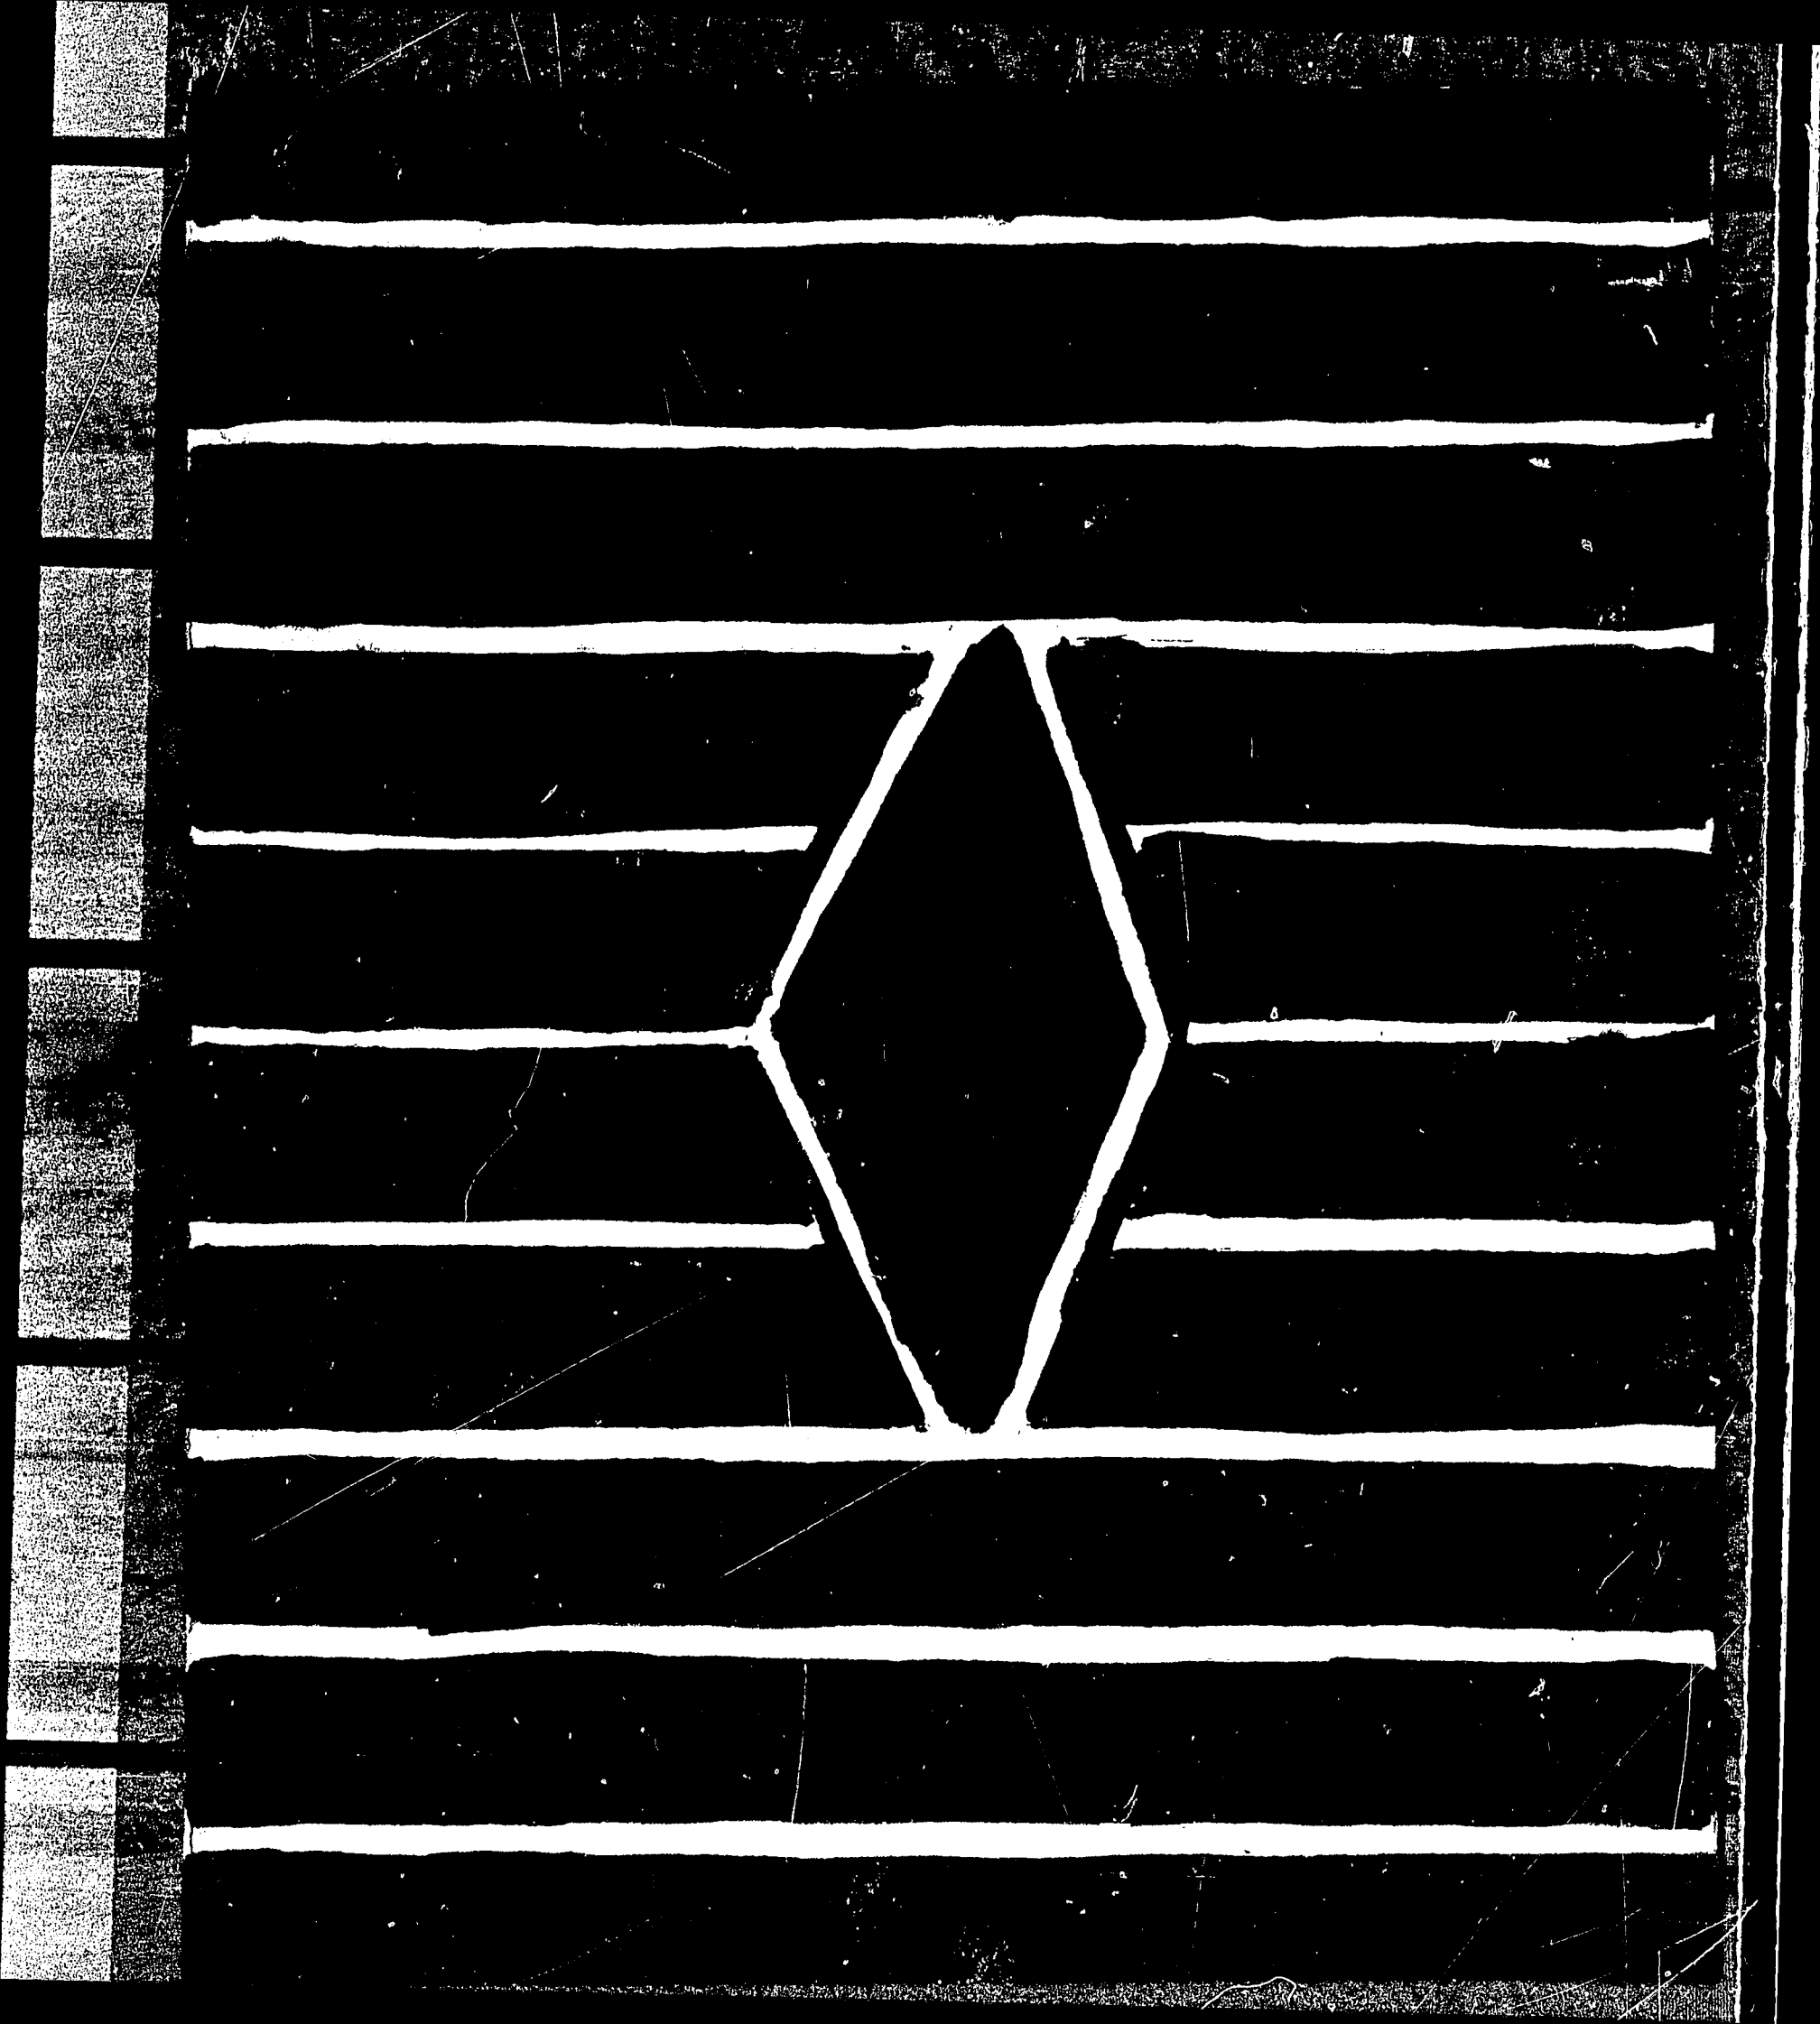

Dear Sir:

I enclose herewith blank notice of proof of Application of Water to Beneficial Use under your Permit No. **12960**, which kindly fill out and return to me at least 60 days before the date upon which you wish to submit proof. The date of the proof is set out in your permit, and if proof is submitted subsequent to that your priority will be advanced a time equal to the difference of the time between the date proof should have been submitted and date it is submitted.

Yours truly,

W. G. SWENDSEN
Commissioner of Reclamation.

12960

State of Idaho
License and Certificate of Water Right

Water License No. 12960
Water District No. 5-J

Amount 0.02 sec. ft.
Priority 5 - 15 - 1917

THIS IS TO CERTIFY that James Frew
of Preston, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated May 15th, 19 17; that Permit No. 12960
was issued under said application; that Certificate of Completion of works, with a carrying capacity of 0.02
second feet, was issued thereunder on October 26th, 19 18, showing that said works
were completed on the 19th day of August, 19 18; and that on the 28th
day of September, 19 18,

James Frew

of Preston, State of Idaho, made proof to the satisfaction of the
State Engineer of Idaho, of a right to the use of the waters of a spring,
a tributary of 12960, for the purpose of Domestic use,
under Use Permit No. of the State Engineer, and that said right to the use of said
waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the State
Engineer of Idaho and entered of record in Volume 5 of Licenses, at page 2401, on the 21st
day of December, 19 18;

The right hereby confirmed dates from May 15th, 19 17;

The Point of Diversion is located
in the SW 1/4 of SW 1/4, Sec. 20, Tp. 13 S., R. 39 E., B. M.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not
exceed 0.02 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
			At home of applicant located near said spring.		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of
use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the State Engineer, affixed at Boise, Idaho, this 21st
day of December, 19 18.

(SEAL)

FRED A. WILKIE,
State Engineer.
