

APPLICATION FOR PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF IDAHO

Application No. 18873.
Permit No. 13216.
District No. 5 F.

1. Name of Applicant: Louisa Medford.

Postoffice address: Niter

County: Bannock

State: Idaho.

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: two cubic feet per second.

3. Source of water supply: Cedar Springs which is a tributary of

4. Location of point of diversion: feet distant from the

corner of Section , T. , R. , B. M., and is in the center of Lot 3,
of Section 3 , T. 11 S. , R. 40 E. , B. M., County of Bannock.

5. Water is to be used for: irrigation and domestic.

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section
T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet
distant from the corner of Section , T. , R. , B. M., in the
of Section , T. , R. , B. M.

7. Estimated cost of works: \$ 250.00.

8. Kind of works: Ditch.

9. Height of dam feet; length of dam at top feet; length of dam at bottom
feet; material used in dam

10. Size of headgate: Width feet; height feet.

11. Ditch: Width at bottom 2 feet; width at water line $2\frac{1}{2}$ feet; depth of water $\frac{1}{2}$

feet; dimensions of flume

Diameter of pipe inches; length of conduit one miles.

Average grade per mile 10 feet.

12. The time required for the completion of such work is one years.

13. The time required for the complete application of the water to the proposed use is one-half additional years.

14. The land to be irrigated is described in the following tabulation: See Remarks.

15. (a) Is reservoir to be used? no. If so, fill in (b) and (c) below.
 (b) Name of reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT the undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

Louisa Medford.

Applicant.

By

Agent.

Date of first receipt at office of State Engineer 4:00 P. M. September 24, 1917.

Returned to applicant for correction

Corrected application received

APPROVAL OF STATE ENGINEER

The number of this permit is 13216.

Recorded in Book 46 Page 13216 Approved October 13, 1917.

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before December 12, 1917 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before **April 13, 1918.**

The whole of said work to be completed on or before **October 13, 1918.**

Beneficial use of water appropriated in accordance herewith, to be made on or before April 13, 1919.

Witness my hand this 13th day of October, 1917.

J. H. Smith,

State Engineer.

INSTRUCTIONS
PROOF OF COMPLETION OF WORKS

Louisa Medford
 Niter, Ida.
 Dear Sir:—

Boise, Idaho,
 JUL 13 1913

Under the terms of your Permit No. 13216, you are required to complete your diversion works on or before Oct. 13, 1918. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

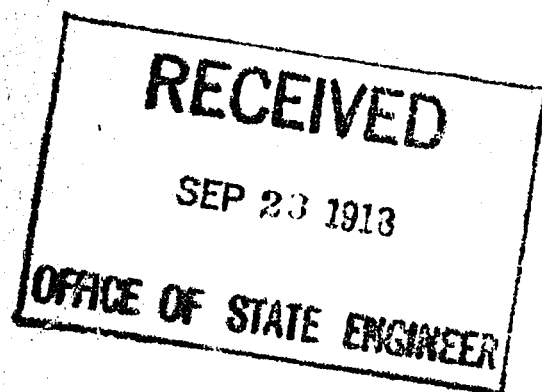

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

FRED A. WILKIE

~~J. H. SMITH,~~

State Engineer.

Permit No. _____

OFFICE OF STATE ENGINEER

PROOF OF COMPLETION OF WORKS

AFFIDAVIT OF HOLDER

STATE OF IDAHO,

County of Bannock

} ss.

Louise Medford

being first duly sworn, upon his oath deposes and says:

First: That ~~he~~ she is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 13216, and that his postoffice address is Hiter State of Idaho

Second: That the name of the stream from which said water is to be diverted is _____

Ceder Spring

Third: That the point of diversion of said water is N.W. Corner of lot 3 Township 11 south, Range 40 E.M.M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by Oct 13th, 1918

Fifth: That the use for which said water is intended is irrigation and domestic use

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: ditch

(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work: _____

(a) Height of dam _____ feet, length of dam at top _____ feet, length of dam at bottom _____ feet. Material used in construction earth

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir _____ acre feet.

(c) Size of headgate: Width _____ feet, height _____ feet.

(d) Conduit ditch width at bottom 2 feet, width at water line 2 1/2 feet, depth of water 1/2 feet; diameter of pipe _____ inches; average grade per mile is _____ feet. Length of conduit is one miles.

Seventh: That said works are capable of conducting to the place of intended use 2 second feet of water.

Eighth: That water appropriated under said permit is available for 100 acres of land described as follows: _____

2 acres in the N.E. 1/4 of N.W. 1/4 36 acres N.W. 1/4 of N.W. 1/4 32 acres S.W. 1/4 of N.W. 1/4 30 acres N.W. 1/4 of S.W. 1/4

Ninth: Remarks: That all land belong to Mrs Louise Medford and spring is on her own land.

INSTRUCTIONS

PROOF OF BENEFICIAL USE

BOISE, IDAHO,

August 2, 1919

Louise Medford
Care: John Allsop
Grace, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of application of water to beneficial use under Permit No. 13216

DEPOSITION OF PERMIT HOLDER.

DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of the permit holder's rights:

1. On Sept. 26, 1919, the date set for the proof of application of water to beneficial use, the enclosed deposition forms (one for permit holder and one each for two witnesses) should be filled out and sworn to at office of John Allsop

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice. When these have been received, together with report of examining engineer, you will be further advised as to fees due before issuing license.

Yours truly,

W. G. Swendsen
Comm. of Reclamation
~~XXXXXXXXXX~~

13216

GRACE IDAHO SEPT.3. 1919.

W. G. SWENDSEN,
BOISE IDAHO.

DEAR SIR. Mrs LOUISE MEDFORD , asked if I could come to her ranch and inspect the ditch and water works pertaining to her proof on beneficial use of water from cedar springs,

I have been called on by the state ENGINEER on several occasions to do this kind of work, if it is to send A man to inspect the works it would be better for her than to send A man from BOISE,

GEORGE JACOBS has used water from neighbors above him for 2 years he asks me the question if he can file on this water as wast water and be entitled to the use of against any other person coming in at A later date, I was down to his place yesterday on some NOTARY PUBLIC work and he showed me the result of wast water, he has A good crop where he would not have had anything, please advise me on this question that I may put JACOBS right,

YOURS TRULY.

JOHN ALLSOP,

NOTARY PUBLIC.

13216

13216

September 8, 1919.

Mr. John Allsop,
Grace, Idaho.

Dear Sir:

I am in receipt of yours of September 3d regarding the examination under proof of application of water to beneficial use by Mrs. Louise Hedford.

It is perfectly satisfactory to me to have you examine this work since I am reasonably certain that I am very familiar with this development myself and will therefore be able to check up any engineering matter that may have been involved. You are therefore hereby authorized to conduct this examination and report on the enclosed blanks.

With respect to George Jacobs filing on waste water which he has heretofore used, I may say that this will be permitted, provided he obtains a written statement from the person who originally diverted this water from the stream, setting forth the fact that the said water has passed beyond his control, and no longer claimed by him.

Very truly yours,

WGS:MB
Encl.

Commissioner of Reclamation.

13214

PERMIT No. 13216.**Proof of Application of Water to Beneficial Use****DEPOSITION OF HOLDER**

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. LOUISE MEDFORD, 47, R. F. D. No. 1, from GRACE,A FARMER.

Ques. 2. If acting in behalf of a corporation, state its name, principal place of business (if a foreign corporation, give name and postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. I am acting wholly for my self.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. No. of permit 13216, date I want to establish, is 2, years,

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. cedar springs about center of N. E. 1/4 of the N. W. 1/4 of sect 3, T, 11, S, range 40 E, B. M. then north and north west to sect line

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. ditch work made of earth all the way through and large enough to convey 2 second feet of water, (known as medfords ditch from cedar springs)

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. water is used for cultivated hay and grain on the N. W. 1/4 of the N. E. 1/4 of SECT 3, (orchard garden) 2, acres, on S. W. 1/4, of ~~XXXXXX~~ the N. W. 1/4, of sect 3, 36, acres on the N. E. 1/4 of the S. W. 1/4, sect 3, 32, acres

Ques. 7. If for other than irrigation purposes, state how applied, amount of horse power generated, etc.

Ans. no power, for irrigation,

Ques. 8. What is the minimum amount of water required for the use specified above?

Ans. 2, second feet,

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. I am the original applicant for said permit No. 13216,

13216

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. in 1910, I made the ditch that now conveys said water from cedar springs to my land and has been used on my farm every year since, I have used 2, second feet, till this year it has been a little short on acct of the water on the bench above me, being short,

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. I have a one half interest in sand springs with Leonard E. Hansen this spring furnishes about 2, second feet of water at the best, the one half of sand springs is converted on to her farm from the south and covers the ground that is higher up than the cedar spring will cover,

(Sign) *Louise Medford*

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe ^{her} him to be the person he represents ^{himself} himself to be, and that said testimony was subscribed and sworn to before me, at my office in GRACE, County of BANNOCK, State of Idaho, on this 26, day of SEPTEMBER, A. D. 1912.

John Alsop
NOTARY PUBLIC.
GRACE IDAHO.

MY COMMISSION. EXPIRES JAN. 24. 1913,

13214

Permit No. 13216

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. DANIEL MILES. 52. NITER, IDAHO. FARMER.

Ques. 2. Are you acquainted with LOUISE MEDFORD, the holder of Permit No. 13216? How long have you known him and where does he reside?

Ans. ABOUT 25 YEARS. SHE RESIDES on her farm on sect 3, T. 11 range 40. E. M.

Ques. 3. Have you read or heard read said Permit No. 13216, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. water comes from cedar springs about the center of the N. E. 1/4 of the S. W. 1/4, of sect 3, T. 11, S range 40. E B. M. and then runs north and north west to and across section line about 3 rods, and then south west and south, through the west 3, 40, s of Louise medfords farm,

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. I have seen 2 second feet used and carried through said ditch,

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. water has been used mostly on alfalfa and grain, irrigation on the N. W. 1/4 sect 3, 2, acres on the S. W. 1/4 of the N. W. 1/4 about 36, acres, on the N. W. 1/4 of the S. W. 1/4, SECT 3 32, acres

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. not for power,

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. for irrigation, land is black loam, amount of water for A good crop 3, inches per acre,

13216

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. not any,

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. I have been over the ditch seen the water diverted from the spring to the field and seen the crops raised in the last 9 years,

(Sign)

Dan C. Niles

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in GRACE, County of BANNOCK, State of Idaho, on this 26 day of SEPTEMBER, A. D. 1919.

Permit No. 13216,...

Proof of Application of Water to Beneficial Use

DEPOSITION OF WITNESS

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. LEONARD E. HANSEN, 37, FARMER, GRACE R.F.D., 1,

Ques. 2. Are you acquainted with ERLISE MEDFORD, the holder of Permit No. 13216? How long have you known ^{her} him and where does he reside?

Ans. about 11 years.

she lives on her farm on sect 3, township 11 sect 3.

Ques. 3. Have you read or heard read said Permit No. 13216, and are you familiar with its provisions and conditions?

Ans. yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. water comes from cedar springs located about the center of the S. E. 1/4 of the S. W. 1/4 of sect. 3, township 11, S. RANGE 40, BOISE MERIDIAN. and then north and north west to section line and about 2, or 3 rods across said section line then south west and south

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 2, second feet.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. for irrigation on the N.W. 1/4, about 2, acres has been irrigated on the south west 1/4 of the N. W. 1/4 of sect 3, about 36, acres and on the N. W. 1/4 of S. W. 1/4, about 32, acres has been irrigated

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent. not power,

Ans.

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. sandy loam about three inches to the acre, use the ditch version, that to ditch water is just right.

13216

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no way at all

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. lived across the road from said land for 5 years and have seen the water used on said land and seen good crops raised by the use of said water.

(Sign)

Leonard E. Hansen

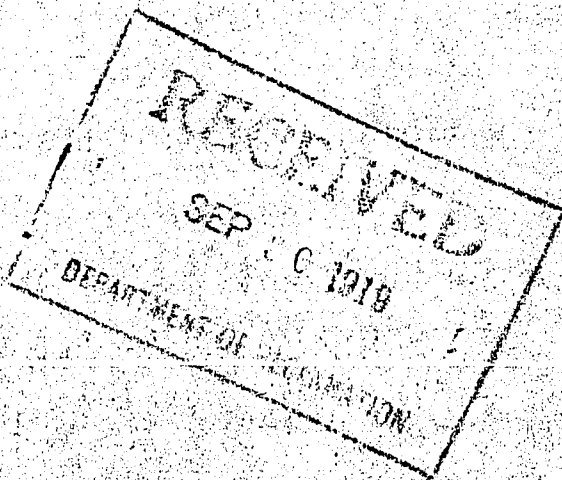

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in GRACE, County of BANNOCK, State of Idaho, on this 26, day of SEPTEMBER, A. REPORT OF ENGINEER

This proof is for beneficial useIn Water District No. 5 F1. State name of applicant and number of permit: Louisa Medford, Permit: 1A2162. State source of water supply: Cedar Springs - 2 sec. ft.3. Location of point of diversion: Lot 3, Sec. 3, T. 11 S., R. 40 E. B. M.

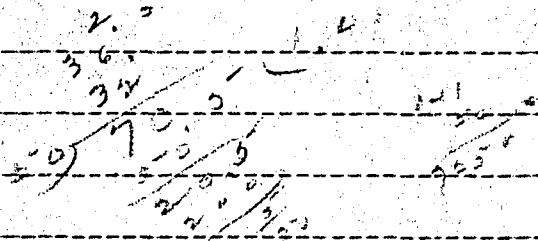

4. Describe works as they exist, giving dimensions and capacities of same:

I went over said works on 23 and find the works is earth of long standing possibly 9, years the ditch is 18 inches wide in the bottom and 2 18 inches deep in the smallest place. with 1/4 of an inch fall to the rod, the ditch is plenty large for all the water that comes from cedar springs. I find that the flow of water from last chance canal makes this spring, the last 3 summers this spring has been a good strong stream. but this summer from July it has gone down half

5. State whether or not water has been turned into works of diversion: yes for 7 years that I know of

6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation):

NE 1/4 NW 1/4, NW 1/4 NW 1/4, SW 1/4 NW 1/4, NW 1/4 SW 1/4, Sec. 3, T. 11 S., R. 40 E. B. M.
orchard, 36, 32,

7. Submit map on enclosed plat, showing location and details of above description.

8. How many parties conduct water in this system? one LOUISE MEDFORD9. Give names and amount of each right: LOUISE MEDFORD is the only one interested10. What large stream would the water here appropriated finally reach? it might run to Bear river11. Describe the various tributaries en route, from point of diversion to the principal drainage stream: not anyRemarks: I know that LOUISE MEDFORD has used this spring for 7 years unmolestedThis examination was made on the 23 day of SEPTEMBER 1910.

Instructions To Examiners

1. Examiners will not be permitted to examine any of the records in the office pertaining to this permit. They are to furnish a report of the facts and conditions as they exist, from their own observations and inquiries.
2. Always carefully note the location of the point of diversion, and accurately plat same.
3. Find out how many parties own rights in the ditch or canal and give their names and amount of right.
4. When proof is for beneficial use, carefully check up the number of acres actually irrigated in each forty and accurately plat same.
5. Make a map showing the correct location of streams and ditches, and the irrigated lands, and any adjacent permanent landmarks, such as towns, lakes, large streams and public roads.
6. If any unusual conditions are discovered, make a plain statement of them under remarks.
7. Always see the holder, if possible, and go over the whole ground with him, and make your report only upon actual existing facts and conditions.

In re: Permit: #13216

Lonisa Medford,
Grace, Idaho.

Dear Madam:

Before license can be issued to you under the above numbered permit it will be necessary for you to submit to this Department the statutory fee of \$2.00 for each 40 or fraction thereof served by the permit.

The report of our Examining Engineer shows 3 40's served, consequently the fee amounts to \$6.00.

Very truly yours,

W. G. SWENSEN

Commissioner of
Reclamation.

Dear Sirs:

I now own the old
Guldsbury or Lenord Hansen
Place and am having
some misunderstanding
about the spring water.
Would you send me a plat
or exact description of the
water (springs) decreed
to the Lenord Hansen &
Louise Medford Claims.

Yours Truly
Nels Roholt
Grace Ida.

Mr. Nels Roholt
Grece, Idaho

Dear Mr. Roholt:

In reply to your letter of June 23, we give below an extract from the Decree rendered by Judge District, in the case of the Utah Power & Light Company vs. The Last Chance Canal Company, Limited.

Pats Hollow or Sand Springs.

308. Leonard Hansen and Louise
Medford:

Date of Priority	Amount in Second Feet	Point of Diversion and Place of Use.
1884--May 22	2.4 c.f.s.	To be diverted from said Pats Hollow at a point North 87° East 2060 feet from the quarter corner on the West boundary of Section 3, Township 11 South, Range 41 East, B.B.M., for the irrigation of 101 acres of land in Lot 1 of Section 4, Lots 3, 4, 5, and 6, Section 3, Township 11 South, Range 40 East, B. M.

License No. 13216 was issued to Mrs. Louise Medford for 1.41 cubic feet per second of water from Cedar Springs, with priority of March 9, 1912. Point of diversion in Lot 3 (or NE $\frac{1}{4}$ NW $\frac{1}{4}$) Section 3, Township 11 South, Range 40 East B. M. for irrigation and domestic use on the W $\frac{1}{2}$ NE $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 3.

However, it is our opinion that the Decree includes and supersedes the License.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
By

Chief Clerk

13216

Point of diversion is the location of Cedar Spring,
Engineer's report states that Cedar spring is located approximately in
the center of the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 3, Twp. 11.S. R. 40.E.
Examining engineer states that he thinks the spring is fed from the
waters of the Last Chance Canal.

RECEIVED
JUN 25 1953
Department of Reclamation

Department of Reclamation
Boise, Idaho

Attn: Jeanne L. Anderson

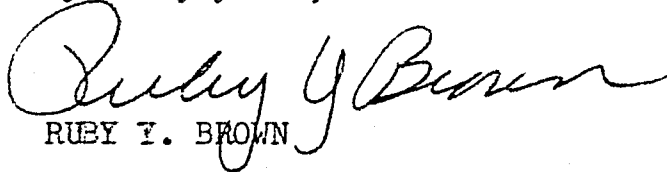

Gentlemen:

Under date of June 27, 1949, you advised Mr. Nels Roholt as follows:

"License No. 13216 was issued to Mrs. Louise Medford for 1.41 cubic feet per second of water from Cedar Springs, with priority of March 9, 1918. Point of diversion in Lot 3 (or NE $\frac{1}{4}$ NW $\frac{1}{4}$) Section 3, Township 11 South, Range 40 East B. M. for irrigation and domestic use on the W $\frac{1}{2}$ NW $\frac{1}{4}$ and NW $\frac{1}{4}$ SW $\frac{1}{4}$ of said Section 3."

Will you please advise the location of Cedar Springs? The above merely refers to the point of diversion. What we would like to know is the approximate location of Cedar Springs itself.

Very truly yours,

RE: Permit No. 13216

Ruby Y. Brown
C/o Mr. O. R. Baum
Pocatello, Idaho

Dear Madam:

In reply to your letter of June 24, 1953, in regard to the location of Cedar Springs as mentioned in License No. 13216.

The point of diversion is the location of Cedar Springs.

The report of our field engineer states that Cedar Springs is located approximately in the center of the NE 1/4 NW 1/4 Section 3, Township 11 South, Range 40 East, B.M. He also states that he thinks that the spring is fed from the water of the Last Chance Canal.

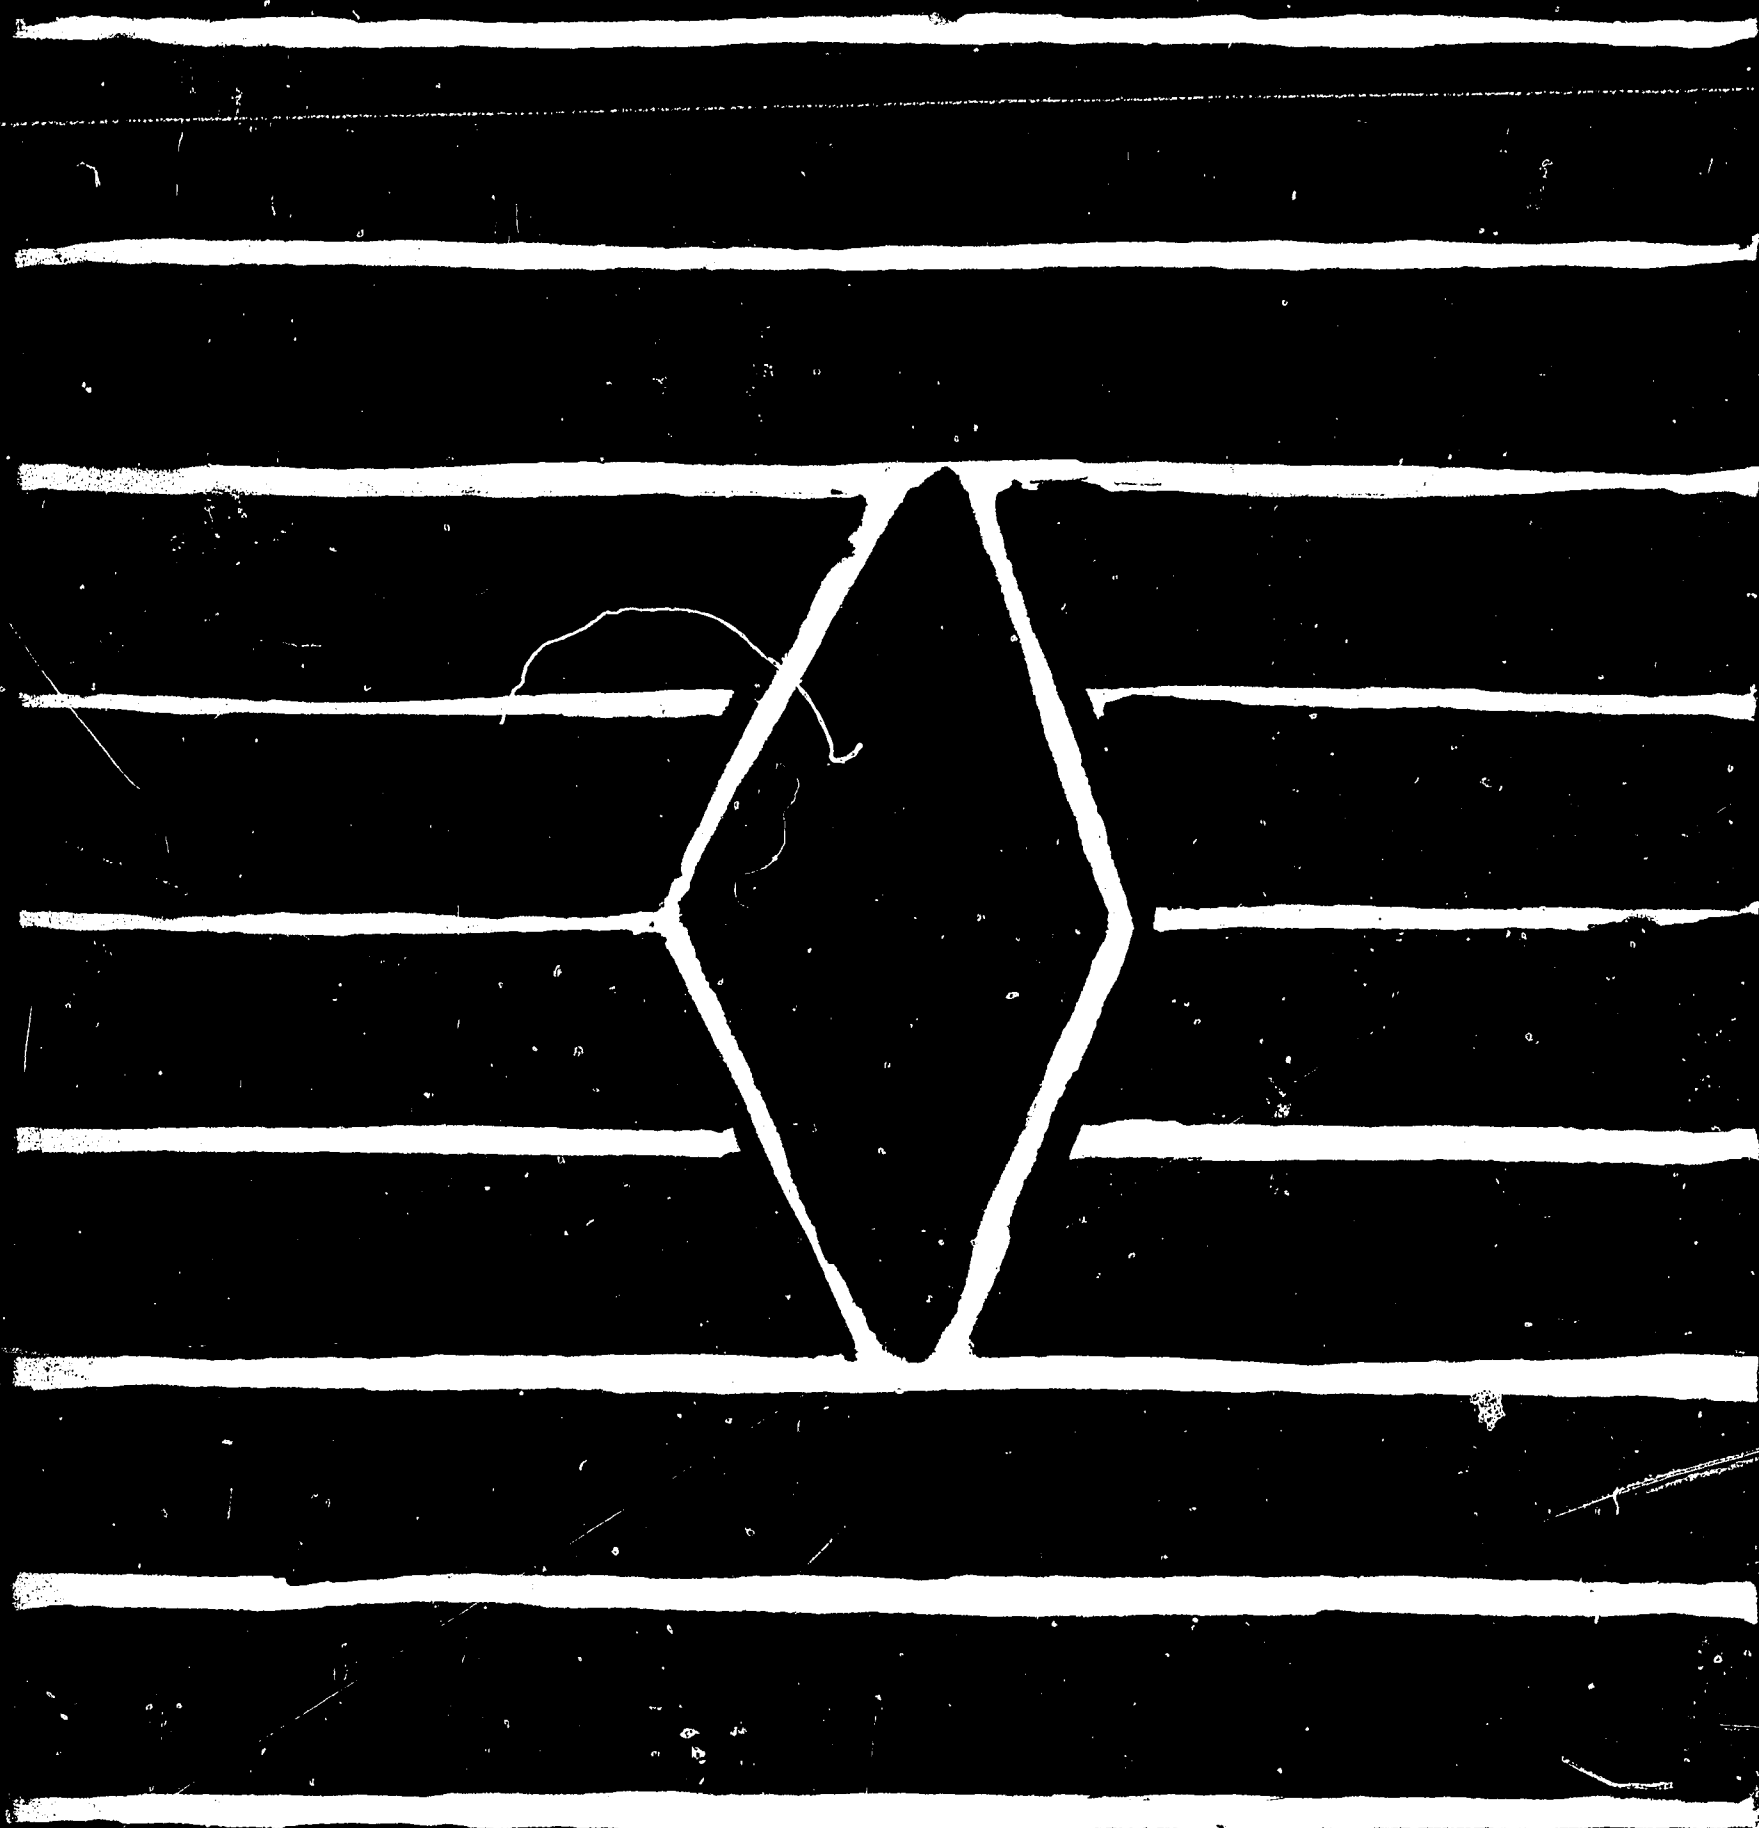

Very truly yours,

MARK R. KULP
State Reclamation Engineer

State of Idaho

License and Certificate of Water Right

Water License No. 13216
 Water District No. 5-F

Amount 1.41 sec. ft.
 Priority March 9, 1918

THIS IS TO CERTIFY that Louisa Medford
 of Grace, Idaho, made application for a permit to appropriate the
 public waters of the State of Idaho, dated September 24,, 1917; that Permit No. 13216
 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 2
 second feet, was issued thereunder on October 26, 1918, showing that said works
 were completed on the 20th day of September, 1919; and that on the 26th
 day of September, 1919,

Louisa Medford

of Grace, State of Idaho, made proof to the satisfaction of the
~~Commissioner of Reclamation~~
~~State Engineer~~ of Idaho, of a right to the use of the waters of Cedar Springs,
 a tributary of _____, for the purpose of irrigation and domestic uses _____,
 under Use Permit No. 13216 of the ~~State Engineer~~ Commissioner of Reclamation, and that said right to the use of said
 waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the ~~State~~
~~Commissioner of Reclamation~~
~~Engineer~~ of Idaho and entered of record in Volume 5 of Licenses, at page 2480, on the 10th
 day of October, 1919;

The right hereby confirmed dates from March 9, 1918;

The Point of Diversion is located
 in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 3, Tp. 11 S., R. 40 E., B.M. Cedar

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
 aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not
 exceed 1.41 cubic feet per second.

Description and location of use:

Twsp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
11 S.	40 E.	3	NW $\frac{1}{4}$ NW $\frac{1}{4}$	36	2.5
			SW $\frac{1}{4}$ NW $\frac{1}{4}$	32	36
			NW $\frac{1}{4}$ SW $\frac{1}{4}$	30	32
			Total area irrigated - - -	- - -	70.5 acres

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of
 use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the ~~State Engineer~~ Commissioner of Reclamation, affixed at Boise, Idaho, this 10th
 day of October, 1919.

W. G. SWENDSEN,
 Commissioner of Reclamation. ~~State Engineer~~
