Dear Sir:

I am sending in all necessary
papers for showing completion of work on
said spring in question. I am not sure if
I should send in the permit but felt best
to do so - Also sending $\$5.00$ for fee but don't know
if it should be $\$5.00$ or $\$2.00$ but will leave it to
you to put me right and if convenient let me
hear by return mail if all is O.K. and send final
papers.

Re: Permit No. 16934

Mr. V. R. Fisher,
Oxford, Idaho.

Dear Sir:-

Referring to your letter of the 4th inst., in which you enclose depositions for proof of completion of works for re-instatement of the above permit, together with \$5.00 bill for fees, would say that these forms should not have been used for proof under this permit inasmuch as the permit had not lapsed, proof of completion of works not being required until January 20, 1929. Your earlier permit, No. 16241, lapsed and was canceled several months ago but your later permit, 16934, is still in good standing. The depositions are, therefore, herewith returned to you, together with the fee of \$5.00.

If you still desire to make proof of completion of works under Permit No. 16934, all that is required is your affidavit upon the enclosed form, No. 8, with the fee of \$5.00.

Your permit is also being returned to you as we have the record of same in this office.

Very truly yours,
GEO. H. CARTER,
Commissioner of Reclamation.

Dear Sir:—

I enclose herewith blank notice of proof of application of water to beneficial use under your permit No. 16934, which should be filled out and returned to this office at least 60 days before the date upon which you wish to make proof. The date for proof, as set out in your permit, is Jan. 20, 1929, and, if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Yours truly,

GEO. N. CARTER,
Commissioner of Reclamation.

Dear Sir.

I thought my Permit was recorded and receipt sent and that I was through with my part. I have nothing else to do here. At once know if you will explain more fully what terms I have not complied with.

Re: Permit No. 16934

Mr. V. R. Fisher,
Oxford, Idaho.

Dear Sir:-

Referring to your note received today would say that two proofs are required to be made under every permit. The first is for completion of the diversion works, upon which the certificate of completion of works issues. The second is for beneficial use of the water, and it was for this proof that notice was mailed to you in regular order.

The blanks sent you should be filled out and returned to this office, the date for making proof being set far enough ahead to allow for the required four weeks publication. Deposition blanks for holder and two witnesses will then be mailed to the officer designated by you in your notice to take the proof on the date set.

We are today mailing you, under separate cover, a copy of the last biennial report of this department, upon page 215 of which, and following, you will find the statutes covering the appropriation of water.

Very truly yours,
GEO. H. CARTER,
Commissioner of Reclamation.

Dear Sir:

I am herewith inclosing blanks filled out as well as I know how to convey final proof of Beneficial use of the soil spring water.

I would like to have it published in the Boncroft Paper of Bonrock Co.

If there is further work for me to do will you please tell me -

Sincerely yours -

J. R. Fisher

I don't know if the \$1.00 is necessary or not but felt best to send it to avoid delay - if not right you can return it.

Please tell me the cost of Publication.

Dear Sir:-

We are returning herewith your check for \$1.00 as there is no fee due at this time. We cannot advise you as to the publication fees as these are paid direct to the paper and not through this office. Notice for publication has today been mailed to the Mancroft Standard and you will no doubt receive a statement from the publisher.

In view of the fact that January 20 falls on Sunday, the date for making proof has been changed to January 19. Deposition blanks for holder and two witnesses will be mailed to the notary public at Oxford in time for proof to be made on the date set.

Very truly yours,
GEO. N. CARTER,

Oxford, Idaho.

Dear Sir:-

Referring to your letter of the 19th inst. would say the depositions of yourself and two witnesses are in proper form and will be placed on file in this office, together with the Affidavit of publication, until the examination can be made by our field engineer, later in the season.

The fees will be only \$2.00 as part of only one legal subdivision is irrigated.

Very truly yours,
GEO. N. CARTER,
Commissioner of Reclamation.

Gentlemen:-

The snow has sufficiently gone here
now so that your Inspector could finish
the required work on the Spring Permit -
I thought I would just let you know this
in case you were waiting for the snow to leave.

Other do you figure to have the work
looked over

Yours truly

Re: Permit No. 16934

MR. V. R. FISHER
Oxford, Idaho

Dear Sir:-

Referring to your letter of the 27th inst. would say that it will be at least a month or six weeks before we will have a man in the field for examination of proofs made under ~~water~~ permits. We try to arrange these examinations so that as many as possible in the same vicinity may be made on the same trip.

Very truly yours,
GEO. H. CARTER
Commissioner of Reclamation.

Gentlemen:

You wrote me sometime
that you Field Engineer would look
over my spring permit so final proof
could be made. Just wondering if you
had forgotten. I am sure I look for
this investigation to be made. I would
like to know if possible.

Thanking you I remain
