No. 19524

APPLICATION FOR PERMIT
To Appropriate the Public Waters of the State of Idaho

Application No. 27003
Permit No. 19524
District No.

1. Name of Applicant: LEONARD HOBBS

Postoffice address: Franklin County: Franklin State: Idaho

I. If applicant is a corporation, give:
(a) Date and place of incorporation:
(b) Amount of capital stock:
(c) Amount paid in:
(d) Names and addresses of directors:

II. The financial resources of the applicant are:
(a) Cash on hand:
(b) Treasury stock:
(c) Bonds to be issued:
(d) Other resources:

2. Quantity of water claimed: Two cubic feet per second.

3. Source of water supply: Springs and waste water from irrigation which is a tributary of Cob River

4. Location of point of diversion: N E 400 feet distant from the Southeast corner of the $SE\frac{1}{4}$ $NW\frac{1}{4}$ of Section 18, T. 16 S., R. 40 E., B. M., and is in the $SE\frac{1}{4}$ $NW\frac{1}{4}$ of Section 18, T. 16 S., R. 40 E., B. M., County of - Franklin

5. Water is to be used for Irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet distant from the corner of Section , T. , R. , B. M., in the of Section , T. , R. . B. M.

7. Estimated cost of works: $ 800.00

8. Kind of works: Raising dam, installing electric pump

9. Height of dam 10 feet; length of dam at top 12 feet; length of dam at bottom 2 feet; material used in dam: Dirt

10. Size of headgate: Width 2 feet; height 3 feet;

11. Ditch: Width at bottom 2 feet; width at water line 8 feet; depth of water 2 feet; dimensions of flume: None
Diameter of pipe inches; length of conduit 80 rds. miles.
Average grade per mile Not much fall feet.

12. The time required for the completion of such work is Two (2) years.

13. The time required for the complete application of the water to the proposed use is)ne (1) additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? Yes If so, fill in (b) and (c) below.
(b) Name of Reservoir and number of Storage Permit:
(c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

LEONARD HOBBS *Applicant.*

By *Agent.*

Date of first receipt at Department of Reclamation: 3:30 P.M. April 21, 1944

Returned to applicant for correction: April 22, 1944

Corrected application received: July 22, 1944

Approval of State Reclamation Engineer

The number of this permit is 19524
Recorded in Book 70 Page 19524 Approved July 27, 1944
This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:
Bond in the sum of $ to be filed on or before
Work to begin on or before September 27, 1944 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.
One-fifth of the work above specified to be completed on or before July 27, 1945
The whole of said work to be completed on or before July 27, 1946
Beneficial use of water appropriated in accordance herewith, to be made on or before July 27, 1947

Witness my hand this 27th day of July, 1944

MARK R. KULP
State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, C. A. BOTTOLFSEN, Governor of the State of Idaho, and GEO. H. CURTIS, Secretary of State of the State of Idaho, have caused this instrument to be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 27th day of July, 19 44.

Countersigned:

(SEAL)

By GEO. H. CURTIS
Secretary of State.

STATE OF IDAHO

By C. A. BOTTOLFSEN
Governor

Remarks: A small reservoir has been built over 20 years and water from this reservoir has been usedon the land in question for over 20 years and right has never been disputed. The small reservoir catches the waste water from the adjoining farms and from small springs in the reservoir; water will have to be pumped about 10 feet out of the reservoir 14. so as to get it high enough to cover all of the land in question viz. 120 acres.

AFFIDAVIT OF PERMISSION TO FILE ON SPRINGS

I, Douglas Hobbs, of Franklin, County of Franklin, State of Idaho, do hereby certify that I am the owner of the land on which the spring and reservoir mentioned in the application of Leonard Hobbs is located, to-wit: Southeast quarter of the Northwest quarter of Section 18, Township 16 South, Range 40 East of the Boise Meridian, and that I do hereby grant unto the said Leonard permission to file on the said spring and reservoir, as set forth in the foregoing application.

STATE OF IDAHO)
County of Franklin) ss.

Douglas Hobbs

On the 11 day of October, 1943, before me a Notary Public for the State of Idaho, residing at Preston, personally appeared Douglas Hobbs, known to me to be the person whose name is subscribed to the foregoing certificate and acknowledged to me that he executed the same.

Witness my hand and seal the day and year in this certificate first above written.

(SEAL)

My commission expires May 1st, 1945.

J. N. Larsen
Notary Public

PERMIT NO. 19524
CERTIFICATE OF COMPLETION OF WORKS

TO ALL WHOM IT MAY CONCERN:

This is to certify that LEONARD HOBBS of Franklin, County of Franklin, and State of Idaho, the holder of Permit No. 19524, issued upon application No. 27003 bearing date of priority of April 21, 1944, authorizing the diversion of Two (2) second feet of the waters of springs and waste water County of Franklin, State of Idaho, for irrigation purposes has fully complied with the provisions of the laws of the State of Idaho relating to the proof of completion of the works of diversion set out and described in said Permit; that said works are adequate for diverting and conveying to the place of intended use Two (2) second feet of the waters of said springs and waste water; that the point of diversion of said waters is in the SE¼ NW¼ Section 18, Township 16 South, Range 40 East, B.M. and that the lands proposed to be irrigated by the use of said water are described as follows, to-wit: NE¼ SW¼, S½ SW¼ Section 18, Township 16 South, Range 40 East, B.M.

Witness my hand this 6th day of February, A. D. 1947.

MARK R. KULP
State Reclamation Engineer

Proof of completion of works made May 31, 1946.
Certificate of completion of works issued February 6, 1947.

APPLICATION FOR AMENDMENT
TO PERMIT TO APPROPRIATE THE PUBLIC WATERS
OF THE STATE OF IDAHO, NO. 19524.

Comes now LEONARD HOBBS, and represents to the State Reclamation Engineer of the State of Idaho:

That he is the owner and holder of Permit to Appropriate the Public Waters of the State of Idaho, No. 19524,

That the point of diversion is described in said permit as being located SE¼ NW¼ Section 18, Twp. 16 S. R. 40 E.

That he now requests that the point of diversion be changed to a point located NE¼ SW¼ Section 18, Twp. 16 S, R. 40 E.

That his reasons for desiring to make such change are as follows: When application was filed the applicant inadvertently stated that the point of diversion was in the SE¼ NW¼ Section 18, when it should have been in the NE¼ SW¼ Section 18.

That no one will be injured by such change, and that such change will be made at Permit Holder's own risk.

Signed at Franklin, Idaho, this 15th day of October, 1953.

LEONARD HOBBS

Date of receipt at Department of Reclamation October 17, 1953.

APPROVAL OF STATE RECLAMATION ENGINEER

I, E. N. HUMPHREY, Deputy State Reclamation Engineer of the State of Idaho, hereby approve the above and foregoing application for amendment to Permit to Appropriate the Public Waters of the State of Idaho, No. 19524. This approval constitutes a new permit and is issued as an amendment to the original permit, to which it refers and of which it becomes a part, and said application is approved only insofar as the rights of others will not be adversely affected thereby.

Gentlemen:

We acknowledge receipt of your letter of June 8th, returning the application of Leonard Hobbs.

However, the land description under Question 14 describes the NW¼ SW¼ and S½ SW¼ of Section 18; whereas the plat shows the NE¼ SW¼ and S½ SW¼ of this section, as the land to be irrigated.

Please advise which is correct.

Very truly yours,

Gentlemen:

Reference is made to office letter addressed you on June 10, 1944, requesting information as to the correct description of the land to be irrigated under the above numbered application for permit, in the name of Leonard Hobbs.

The description given under Question 14 of the application describes the N½SW¼ and S½ SW¼ of Section 18; while the plat shows the NE¼SW¼ and S½SW¼ of this section.

Since the application was received on April 21st, 1944, nearly three months ago, it is necessary that this matter be given prompt attention in order for a permit to issue.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re:Application #27003- Leonard Hobbs

This will acknowledge receipt of yours of the 12th inst. calling attention to apparent discrepancies in the discription.

It should read the Northeast quarter of the Southwest quarter instead of the Northwest quarter of the Southwest quarter of Section 18.

Trusting this will clear up the matter.

Yours very truly,

J. N. LARSEN COMPANY

INSTRUCTIONS

PROOF OF COMPLETION OF WORKS

Mr. Leonard Hobbs

Franklin, Idaho

Boise, Idaho May 1, 1946

Dear Sir:-

Under the terms of your permit No. 19524 you are required to complete your diversion works on or before July 27, 1946. I enclose herewith blank affidavit to be filled out, sworn to by you before a Notary Public or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of $5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Yours truly,

MARK R. KULP

State Reclamation Engineer

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO
County of Franklin } ss.

Leonard Hobbs, being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to Appropriate the Public Waters of the State of Idaho, No. 19524, and that his postoffice address is Franklin, Idaho State of Idaho

Second: That the name of the stream from which said water is to be directed is Unnamed springs and waste water

Third: That the point of diversion of said water is in the SE¼ NW¼ Section 18, Twp. 16 South, Range 40 East, B.M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by July 27, 1946, 19....

Fifth: That the use for which said water is intended is Irrigation

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: Dam
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam 15 feet feet, length of dam at top 1200 feet, length of dam at bottom 30 feet. Material used in construction Earth
Water will be pumped out of reservoir. 10 feet run into a ditch to convey to the land irrigated.
(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir 100 acre feet.

(c) Size of headgate: Width 2 feet, height 3 feet.

(d) Conduit (State whether ditch, flume or pipe) width at bottom feet, width at water line feet, depth of water feet; diameter of pipe inches, average grade per mile is feet. Length of conduit is miles.

Seventh: That said works are capable of conducting to the place of intended use 2 second feet of water.

Eighth: That water appropriated under said permit is available for 75 acres of land described as follows: NE¼ SW¼, SW¼ SW¼, SE¼ SW¼ Section 18, Twp. 16 South Range 40 East, B.M.

Ninth: Remarks: That

Leonard Hobbs
(Sign here)

Subscribed and sworn to before me this 31st day of May, 1946.

MEMO FOR MR. TOLMAN

Leonard Hobbs, of Franklin, has Permit No. 19524, for two (2) second feet of water from springs and waste water, from irrigation,

Point of diversion- N E 400 feet from Southeast corner of SE¼ NW¼ Section 18, Twp. 16 South, Range 40 East, and in the SE¼ NW¼ of this section.

Water to be used for irrigation,

The works described consist of a dam 10 feet high, 12 ft. long at top and 2 feet long at bottom- made of dirt.

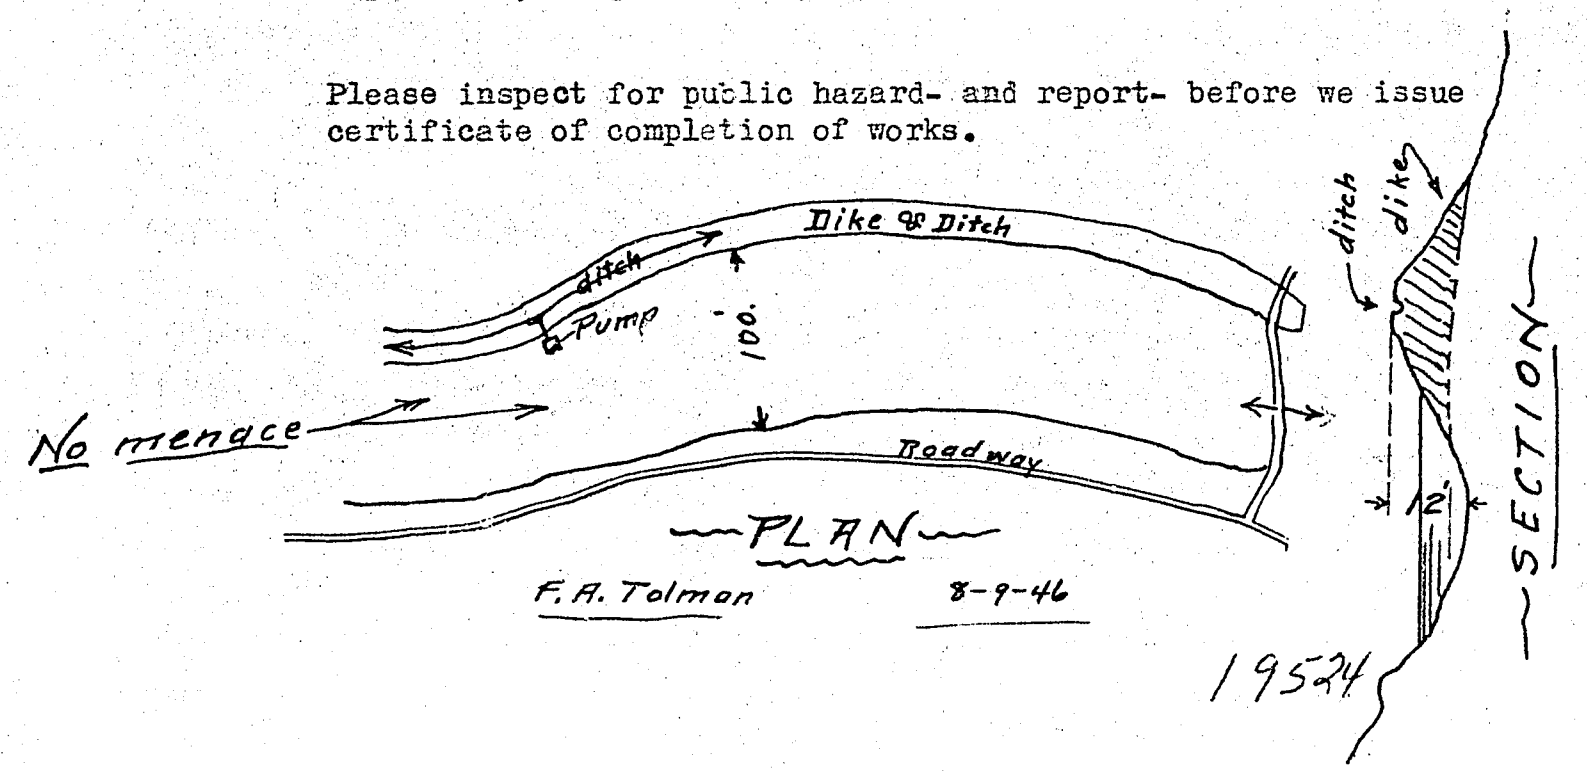

The works to consist of "Raising dam and installing electric pump."

In submitting his proof of completion of works he states that the dam is 15 feet high- 1200 feet long at top, and 30 feet at bottom.

"Remarks" on his permit application state that "A small reservoir has been built over 20 years and water from this reservoir has been used on the land in question for over 20 years and right has never been disputed. The small reservoir catches the waste water from the adjoining farms and from small springs in the reservoir. Water will have to be pumped about 10 feet out of the reservoir so as to get it high enough to cover all the land in question,"

The land consists of 120 acres- NE¼ SW¼, S½ SW¼ Section 18, Twp. 16 S., Range 40 East, B.M.

Please inspect for public hazard- and report- before we issue certificate of completion of works.

Re: Permit No. 19524

Mr. J. N. Larsen
Preston, Idaho

Dear Mr. Larsen:

We acknowledge receipt of your letter enclosing duplicate notice of Beneficial Use Proof, to be made on July 25, 1947, under Permit No. 19524, in the name of Leonard Hobbs.

A copy of this notice will be sent to the Preston Citizen, with instructions to publish it once a week for four consecutive weeks prior to the date set for proof and to send the affidavit of publication, together with statement of costs to Mr. Hobbs at Franklin, Idaho.

About ten days prior to the date set for proof we shall send you the necessary forms of depositions consisting of one for the holder and one for each of two witnesses, in order that you may have them in ample time for the proof.

At that time Mr. Hobbs should appear before you, together with two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder for the purpose of executing the depositions.

We return Certificate of Completion of Works enclosed in your letter.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Dear Sir: Notice of Proof of Water, Permit No. 19524, has been received and will be inserted according to instructions.

Don E. Smith
The Preston Citizen

19524

June 30, 1947

The Preston Citizen
Preston, Idaho

Gentlemen:

We acknowledge receipt of clipping of Notice of Beneficial Use under Permit No. 19524, in the name of Leonard Hobbs, and note the following corrections:

In the second line, it should be "25th" and not just "25".

In the last line of the second paragraph, after the word "County" insert "of Franklin", making it read, "Franklin, County of Franklin", etc.

In the second line of the fifth paragraph, there should be a comma separating "NE¼SW¼"from "S½SW¼", making it appear "NE¼SW¼, S½SW¼". The omission of the comma makes quite a difference in the land description.

Please see that these corrections are made in subsequent publications.

Thank you.

Very truly yours,

MARK R. KULP

INSTRUCTIONS

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, July 15, 1947

Re: Permit No. 19524
Leonard Hobbs

Mr. J. N. Larsen
Notary Public
Preston, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 19524

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On July 25, 1947, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Preston, Idaho before J. N. Larsen, Notary Public

2. When the depositions have been taken, they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

Yours truly,

MARK R. KULP

Commissioner of Reclamation.

Re Permit #19524
Leonard Hobbs

Dear Mr. Kulp:

With reference to the Proof of beneficial use of the waters designated by permitt #19524 Leonard Hobbs, this matter has been delayed due to conditions that Mr. Hobbs had no controle he was unable to meet at my office on July 25th. the date set for hearing, I was at the office all day no one put themselves into appearance to protest, and I advised Mr Hobbs that a posponment could be made till he was able to appear , he appeared later with his two witnesses, You will note that I have dated the depositions also Hobbs statement, July 25 the date they should have put in their appearance, and have had them executed.

I am also inclosing to you herewith Affidavit of Publication.

Trusting that this will be satisfactory.

Yours very truly

J. N. Larsen

My Commission Expires May 1, 1949.

NOTICE OF PUBLICATION

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10:00 A. M. on the 25th day of July 1947, at Preston, County of Franklin, State of Idaho, before J. N. Larsen, Notary Public, proof will be submitted of the application to beneficial use of two cubic feet per second of the waters of Springs and waste water in accordance with the terms and conditions of Permit No. 19524 heretofore issued by the State reclamation Engineer of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are Leonard Hobbs, of Franklin, County of Franklin, State of Idaho.

The use to which said water has been applied is for irrigation purposes.

The amount applied to beneficial use is 2 cubic Feet per second.

The place where said water is used NE¼ SW¼, S½ SW¼ Section 18 Township 16 South, Range 40 East of the Boise Meridian.

The name of the canal or ditch or other works by which said water is conducted to such place of use is private ditch.

The right to take water from such works is based upon Permit No. 19524.

The source of supply from which such water is diverted is springs and waste water.

The date of priority which said user is prepared to establish is April 21, 1944.

Re: Permit No. 19524

Mr. J. N. Larsen
Notary Public
Preston, Idaho

Dear Mr. Larsen:

We acknowledge receipt of your letter of August 16th, enclosing depositions of Leonard Hobbs and two witnesses, also affidavit of publication in the Preston Citizen, submitted in Proof of Beneficial Use under Permit No. 19524.

We note your statement that these proofs were not made on July 25th, as advertised on account of the inability of Mr. Hobbs to be present at that time, but that your office was open on the date set and that no protests were filed. Postponement will be allowed by this Department upon receipt from you of an affidavit setting forth the facts as above stated.

However, the depositions are returned herewith for the following corrections:

The deposition of Leonard Hobbs should be corrected as follows:

1- Under question 4, is the source only waste water? If so, waste water from what?
2- Question 5 indicates a pond. What other works of diversion such as ditch pipe and dam, etc.? State size of pond.
3- Under question 6, state the subdivision, section, township and range in which the land is located.
4- Under question 10, do you intend to irrigate all year or only during the irrigation season.

The following corrections should be made on the deposition of witness Paul M. Hansen.

1- Under questions 4 and 6, give the legal description of the point of diversion and place of use by legal subdivision, section, township and range.
2- Question 5 requires an answer as to the amount you estimate the works will carry and the amount you have seen actually diverted.
3- Answer question 8 as to the character of the land and the amount of water necessary.
4- Under question 10, state when you have seen the water used and how much was used.

19524

In the deposition of the witness, Max L. Hansen, question 8 should be answered as to the amount of water required.

Very truly yours,

MARK R. AULP
State Reclamation Engineer

Form 17

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

PERMIT NO. 19524

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Mar L. Hanson - 23 Preston, Idaho

Ques. 2. Are you acquainted with Leonard Hobbs, the holder of Permit No. 19524? How long have you known him and where does he reside?

Ans. Over 5 years

Ques. 3. Have you read or heard read said Permit No. 19524, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Springs, Waste water collected in a reservoir, and lifted out with a pump into irrigating ditches, water carried in ditches to the land owned by Mr. Hobbs.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Two.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. for irrigatin the followin described lands. W½ SW¼, S½ SW¼ Section 10, Township 16 South, Range 40 East of the Boise Meridian.

19524

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. no

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. Good land suitable for the raising of Hay, grain or sugar beets.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. none

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. For the past several years I have seen applicant watering the land above nameed

(Signed) Mary L Hansen

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in Preston, County of Franklin, State of Idaho, on this 25th day of July, A. D. 1947.

Notary Public.

My commission expires May 1st 1949.

Re: Permit No. 19524

Mr. J. M. Larsen
Preston, Idaho

Dear Mr. Larsen:

Reference is made to your letter of August 30th, which reached us this morning, returning the depositions in proof of beneficial use under Permit No. 19524, and also an affidavit of the holder, Leonard Hobbs.

You evidently misunderstood the sort of affidavit required, as mentioned in office letter of August 19th. What is necessary is an affidavit from yourself, as the Notary Public named in the notice, that your office was open at the time set in the notice, and that no protests were received, and that the proofs were postponed to a later date. Please furnish this department with an affidavit to this effect, if such was the case.

We are also again returning the depositions of Leonard Hobbs, and witness Paul Hansen, as the corrections indicated in our former letter do not seem to have been made.

We shall appreciate hearing from you again in these matters, at your early convenience.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Permit No. 19524

Mr. J. N. Larsen
Preston, Idaho

Dear Mr. Larsen:

We acknowledge receipt of your letter of September 17th, with enclosures as stated. Your affidavit is all right, but we regret that we must again return the depositions of Leonard Hobbs and Paul Hansen, as they are still incomplete.

Mr. Hobbs' deposition gives the place of use as in Section 19, while the permit, and also his completion of works proof describe the land as in the NE¼ SW¼ and S½ SW¼ Section 18, Twp. 16 South, Range 40 East, and it is descriped so in the published notice. Which is correct?

Under Question 4, state the point of diversion by subdivision, section, township and range. The permit gives this as in the SE¼ NW¼ Section 18.

Mr. Hobbs' deposition should also answer Question 8; and as stated in office letter of August 19th, he should clarify his answer to Question 10- Does he expect to irrigate all the year, or only during the irrigation season?

Paul Hansen's deposition should give the land description under Question 6; also the point of diversion given under Question 4 does not agree with permit; he should also answer Question 8, as to estimate of amount of water required.

Please take these matters up with Mr. Hobbs, and let us have corrected proofs at an early date.

Very truly yours,

MARK R. KULP

Permit No. 19524

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. Leonard Hobbs, Franklin, Idaho, Farming, Franklin, Idaho.

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. -----

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. Permit No. 19524

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Waste water, from adjoining farms, together with small springs collected in a pond, and pumped from pond for irrigation SE¼NW¼ sec.18 Tp/16 S.Range 40 E.B.M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. Pond filled with waste water, 24 hours per week useage Pump used to lift wate out of the pond, pomd was made by the construction of an old rail road grade on the land of applicant, pond will when full hold sufficient water to furnish a 2 sec.ft. of water for 24 Hours per week. after water is lifted from pond it is conducted to the land where used by an open ditch.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. Crop Irrigation. Cultivated land, 75 acres located in the S½ of SW¼, xxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxx and the NE¼ of SW¼ of Section 18 Township 16 South, Range 40 East of the Boise Meridian.

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. -----

19524

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. ---- 2 Cu. Ft per sec. of time

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans.

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Used all year, pump 15 fps per hour, approximately 24 hours of each week. during irrigation season

Water to be used only in the irrigating season.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water rights on this place.

(Sign) Leonard Hobbs

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Preston, County of Franklin, State of Idaho, on this 25th day of July, A. D. 1947.

Re: Permit No. 19524

Mr. J. N. Larsen
Preston, Idaho

Dear Mr. Larsen:

We acknowledge receipt of your letter of September 25th, enclosing corrected depositions in the matter of beneficial use proof on Permit No. 19524 in the name of Leonard Hobbs.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made, since this department has but one field engineer, who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will try to contact Mr. Hobbs at the time he makesthe examination, so that arrangements may be made to show him over the grounds.

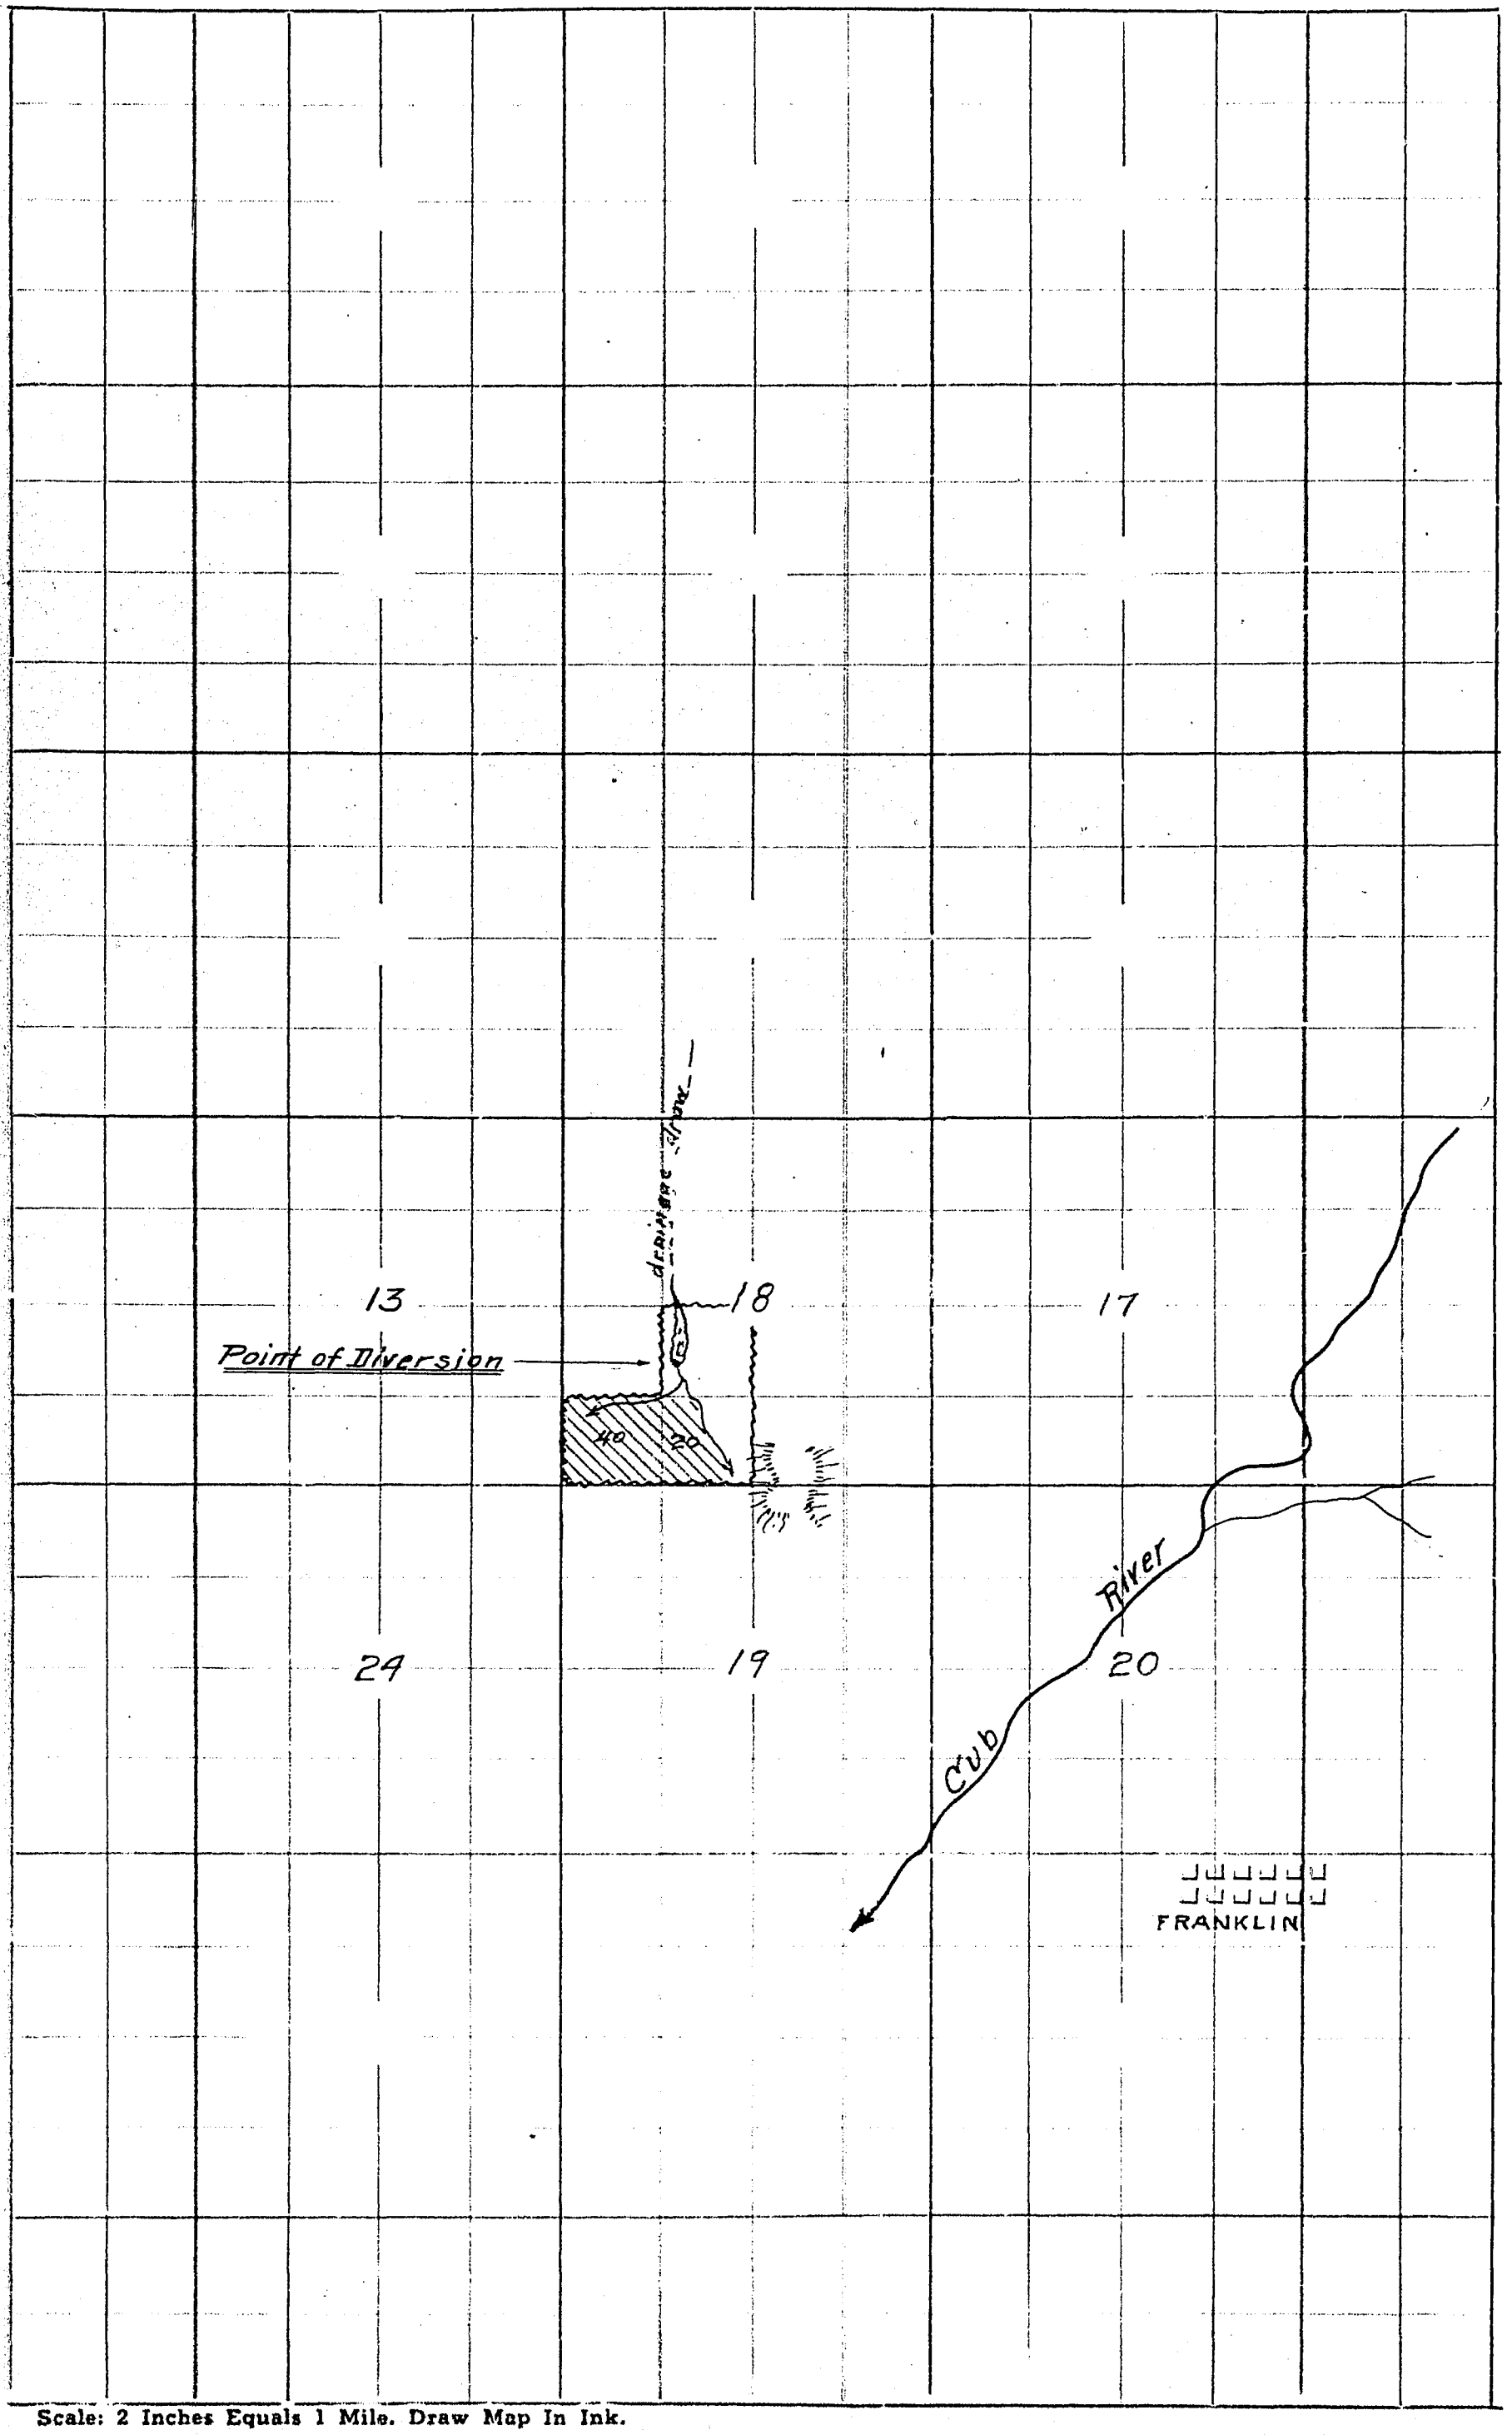

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Oct. 8, 1953.

Dear Mr Mark N. Kelp.
am writing about
permitt No. 19524.
I called Mr J. J. Larsen
he said he had sent
papers to you, will
you please check your
files and see what
was wrong? In 1947.
It was in publication at
the Preston Citizen.
I am getting a loan
on my place and it
is necessary for me to
have this finished.
hoping you can
find some-thing
on this optic Slide
many years - 1952

Yours truly
Leonard Holbe.
Box 9 Franklin
Idaho.

October 13, 1953

RE: Permit No. 19524

Mr. Leonard Hobbs
Box 9
Franklin, Idaho

Dear Mr. Hobbs:

We acknowledge receipt of your letter of October 8, 1953, in which you state that you have never received license on Permit No. 19524.

The reason license was not issued is because the point of diversion described by the field engineer was not in the same forty as described in the permit. On March 18, 1949, we wrote you requesting you to file an application for amendment for change in point of diversion, which was never done.

We have prepared an application for amendment changing the point of diversion from the SE¼ NW¼ Section 18, Township 16 South, Range 40 East, B.M., as shown in the original permit, to the NE¼ SW¼ Section 18, which according to the engineer's report is the correct point of diversion.

If you will sign this amendment and return it to this department together with the $4.00 license fee, license will be issued and sent you.

For your information, we are enclosing a copy of our letter of March 18, 1949, which was never answered.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. 19524

Mr. Leonard Hobbs
Box 9
Franklin, Idaho

Dear Mr. Hobbs:

We return your application for amendment to the point of diversion described in Permit No. 19524, which has been approved by the State Reclamation Engineer and recorded in this department.

We also enclose License and Certificate of Water Right issued under this permit, confirming your right to the use of 1.2 second feet of water from springs and waste water, diverted in the NE¼ SW¼ Section 18, Township 16 South, Range 40 East, B.M., with priority of April 21, 1944, for irrigation of the S½ SW¼ of said Section 18.

We also enclose departmental receipt No. 26290 for the $4.00 fee in connection therewith.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Rt. 3
Preston, Idaho
February 12, 1954

Mark R. Kulp, State Engineer
State Bureau of Reclamation
Boise, Idaho

Dear Sir:

I am enclosing to you a plat of my farm, described as $E\frac{1}{2}SE\frac{1}{4}$ & $E\frac{1}{2}W\frac{1}{2}SE\frac{1}{4}$ of Section 7 and $NE\frac{1}{4}NE\frac{1}{4}$ of Section 18, all in Township 16 South, Range 40 EBM, showing thepresent drainage system.

Drainage from the pond is to the west and is very inadequate. Due to this approximately ten acres of land in the $NE\frac{1}{4}NE\frac{1}{4}$ of Section 18 ispermanently unuseable and the tile drainage system in the land located in the $SE\frac{1}{4}$ of Section 7 does not operate effeciently.

It is not economically feasable to drain the land to the west since there is not enough fall in the topography, however, by cutting an open drain ditch, approximately 800 feet in length to the east, I can connect with a natural drainage running north and south that has sufficient fall to carry this water away.

Before undertaking this work, will you please advise me if it is necessary to obtain a permit from your office? Also, would this in anyway infringe upon any rights of Leonard P. Hobbs who I understand has filed on waste water under permit #19524?

Any information you can give me will be appreciated.

Very truly yours,

Oliver Morrison

SCALE: 2 Inches Equal 1 Mile. Draw Plan In Ink.

1953

19524

February 17, 1954

Mr. Oliver Morrison
Route 3
Preston, Idaho

Dear Mr. Morrison:

I have your letter of February 12, on your drainage problem and asking two questions.

Q. 1. "Is it necessary to obtain a permit from your office?"
Ans. It is not necessary as this office is concerned only in the appropriation of public water. Generally a person has the right to improve his land by drainage.

Q. 2. "Would this infringe in any way upon any rights of Leonard C. Hobbs?"
Ans. It is impossible to say whether it would or not. Mr. Hobbs has a License Right to 1.2 cubic feet per second of water from waste water and springs. If it is your waste water you do not have to continue to waste it. But if your drain ditch dries up the springs interference with his right might be claimed, although I do not know what a court would decide under the particular circumstances.

License No. 19524 gives the point of diversion in a pond in the NE¼ SW¼ Section 18, Township 16 South, Range 40 East, B.M.

Very truly yours,

MARK R. KULP

Dear Sirs:

We are enclosing State of Idaho Water License No. 19524 issued to Leonard Hobbs.

In making my appraisal of the property I find the point of diversion in this water license is incorrect. It should be in the Northwest Quarter of the Northeast quarter and also the East half of the Northwest Quarter in place of the Northeast Quarter of the Southwest Quarter as shown on the license. Can this license be corrected and reissued?

Will you please take the necessary action and return this license to our office.

Very truly yours,

RE: Permit No. 1952h

National Farm Loan Association
Preston, Idaho

ATTENTION: Mr. J. P. Garner

Dear Mr. Garner:

A recheck has been made of the file on Permit and License Number 1952h. All proofs are in harmony as to both the point of diversion and place of use.

If the point of diversion is now in the Northwest of the Northeast and the East Half of the Northwest of Section 18 as indicated by your letter and it is desired to have it so indicated on the records, it is possible under Section 42-222 of the Idaho Code to make a change in the point of diversion.

It will be necessary for such to have an application on the standard form and then it must be published at the expense of the applicant for two consecutive weeks in a newspaper in the County where the change is proposed, after which a hearing is held within five days.

Enclosed find application form for use in same.

If this change is being made by someone other than Leonard Hobbs, it will be necessary to show the succession of title from Hobbs to the present owner.

Yours truly,

MARK R. KULP

Dear Sir:-

This is to advise that the "Notice of Proposed Transfer of Water Right", regarding the action of R. A. Thomson, to be heard on the first day of March, 1919, reached our office too late to be published in our last Friday's edition, and in order to give it four weekly publications before the date set for hearing, it will make it necessary to change the date. We can publish it in four Tuesday's editions by changing the date to March 4, 1919, provided we ~~xxxx~~ are authorized to do so, before Monday noon.

Or better still if the date can be changed to March 7, 1919, we can give it four Friday publications.

We shall wait for further orders from you, and trust that the adjustment can be made satisfactorily.

We talked the matter of changing date, over with W. A. Beakley, attorney, but he suggested that we communicate directly with you.

Hoping to have a prompt response, we are,

Very truly yours

Re. Transfer Water right--R.A. Thomsen.

State Engineer,

Boise, Idaho.

Dear Sir,-

Mr. Thomsen wants to change the water right from one piece of land to another and from one point of diversion to another.

In other words this water is to be taken from Blackfoot River at a different intake from the one where it was originally decreed and to entirely different land from the land for which it was decreed.

I enclose you a copy of my former letter in this matter.

If there is any forther information that you desire, please let me know at once. We desire to get this matter settled as soon as practicable on account of the examination of the abstract by the Attorney of the loan company.

Very truly yours,

BEAKLEY & STEVENS,

Gentlemen,-

In November, 1918, we sent you "Application for Transfer of Water Right" in the matter of R. A. Thomson. We received a communication from your office dated December 5, 1918 relative to this matter and duly answered the same, giving the information that we supposed your office desired.

This is a matter that is desired for the purpose, as we have stated to your office, only to show your approval of the transfer, as in fact the transfer has been made several years ago and the water has been used on the land in question, but they desire your approval of the change so that some loan company may be satisfied with the water right.

Kindly look into this matter and let us hear from you at an early date.

Re: Application for transfer of water.

Dear Sir,-

Your letter received, and I note what you say in regard to transfer of water.

This is what my client desires: This water was taken up and decreed to A. Whitten and others many years ago. It was found that he could get water from another source to irrigate certain of his lands for which this water was originally taken. He and others constructed what is known as the "Fox" ditch to convey this water to their land; but when the water was secured from another source, A. Whitten sold portions of this water to other persons for other lands and the water has been used for a considerable time by other persons on other lands, and through an entirely different intake.

It is true that it is still taken from the Blackfoot river, but it was formerly taken out some TEN miles above Blackfoot and now it is being taken out about four miles below Blackfoot.

The use is not questioned, but we desire the approval of the state engineer to meet approval of loan company. We desire intake changed and also for the irrigation of different lands. It was not decreed to any particular lands. Is the enclosed paper the proper one?

Application for Transfer of Water Right

STATE OF IDAHO,
County of Bingham } ss.

R. A. Thomson, being first duly sworn, deposes and says:

That his name is R. A. Thomson: that he is of lawful age, a citizen of the United States and of the State of Idaho, and that his postoffice address is Blackfoot, Idaho.

That he is the owner and using a certain water right, bearing date of priority of June 1, 1895, for 80 inches ~~cubic feet~~ per second of the waters of Blackfoot river County of Bingham, State of Idaho, decreed to A. Whitten et al by decree of Judge Chas. Cobb, of the Fifth Judicial District of the State of Idaho in and for the County of Bingham, in the case of Fred S. Stevens, et al vs. Eastern Idaho Water Co., et al, said decree bearing date of August 1, 1891, ~~(or obtained by virtue of License No. issued by the State Engineer of the State of Idaho, dated , 19),~~ bearing date of priority of , 19 , for the purpose of irrigating the following described lands situate, lying and being in Water District No. 34 in the County of Bingham and State of Idaho, to-wit: Decree being for 1500 inches, covering a large tract belonging to A. Whitten, Susan F. Whitten, R. F. Ivy Sr., and Wilson Howard in Bingham County, Idaho, all living near Aspelle, Id. ~~Co.~~, with not decreed for any particular tract of land, and is the person (or the representative of the corporation) to whom such right so issued, or has become the owner thereof in the following manner, i. e. warranty deed as per abstract of title of said water right hereto attached and made a part of this statement;

That said waters are now diverted from said stream at intake of Riverton Ditch Co., and formerly through said ditch before incorporation the land of this affiant have been watered, but were formerly conducted to deeded land through the Fox Ditch partially owned by predecessor of applicant. and conducted to the above described lands through as per map hereto attached and of this affidavit made a part;

That affiant and petitioner desires to abandon the use of the 80 inches of said water upon the above described land, and to convey and use same upon the following tract situate, lying and being in the County of Bingham and State of Idaho, to-wit:

SW¼ of SW¼ of SE¼ of sec. 13 and W½ of NW¼ of NE¼ and W½ of Lot 3 all in sec. 24, Twp. 3 S. R. 34 E. B. M. containing 81.81 acres.

That his reasons for desiring to make such transfer are as follows: The parties securing the original decree have other water with which to irrigate their land, and this water was purchased by petitioner to irrigate this particular land and a part of it has been used by petitioner and his predecessors in interest for many years, to irrigate the most above described land.

T-237

13-2149

That he intends to divert and convey said 20 inches of water to the tract of land last above described in the following manner, to-wit: through the Riverton Ditch Co located in Bingham County, State of Idaho, a carrying corporation.

as set forth upon the map hereto attached; and that no one will be injured by such transfer.

WHEREFORE, Affiant and Petitioner prays that the State Engineer of the State of Idaho issue to him the proper certificate authorizing such transfer, and give proper notice of the same to the Water Master of Water District No. 34, in accordance with the provisions of Section 3264 of the Revised Codes of Idaho, as amended.

R. A. Thomson

Subscribed and sworn to before me this 5th day of November, A. D. 1912.

Notary Public for State of Idaho,
By residing at Blackfoot, Idaho.

Applicant will answer the following questions:

From what stream is the water diverted? Blackfoot river.

Where is the diversion point located? Intake of Riverton Ditch Co.

Through what ditch is it now conducted? Same Ditch company.

How much land is now irrigated by the water sought to be transferred? 81.61 acres.

Give the description: W½ of SW¼ of SW¼ sec.19 and W½ of NW¼ of NW¼ and W½ of Lot 2 all in sec.24, Twp. 3 S.R.34 E.B.M. containing 81.61 acres.

What is the total amount of water in inches, or second feet, dedicated to said land? none

What kind of crops are being raised? General crops, hay, grain beets potatoes.

How much water per acre is now required to irrigate said land? about 1 inch to acre.

What will be the effect on the land now irrigated, if the use of water on it is discontinued? None, for they have secured water for the land owned by the original parties to whom this water was decreed from another source.

From what stream will the water be diverted if the transfer is made? Blackfoot river.

Give location of new point of diversion Intake of Riverton Ditch Co. a corporation.

Through what ditch will it be conducted after transfer? Riverton Ditch.

How much water will be required per acre to irrigate the land to which this water is transferred? about 1 inch per acre.

Do you claim any other water right for the land from which you seek to abandon the use of this water? The owners of the land do.

Is there now any other water right for the land to which you seek to make this transfer? Yes, what is known as "High water right" appropriated.

Signed R. A. Thomson
Applicant.

RE: Application of Lenard G. Hobbs
Point of Diversion Transfer

Dear Mr. Smith:

Relative to the Affidavit for change of point of diversion of water right in the name of Lenard G. Hobbs, changing the point of diversion from the NE¼SW¼ Section 18, Township 16 South, Range 40 East, to the SE¼NW¼ Section 18, Township 16 South, Range 40 East.

Notice of proposed transfer of water right is being published in the Preston Citizen of Preston, Idaho, at the present time. Publication notice calls for November 30 as being the last day for anyone to protest this said proposed transfer.

Upon receipt in this office of the affidavit of publication from the publishers and $1.00 fee for recording said Certificate a Certificate in Change of Point of Diversion will be issued Mr. Hobbs.

Very truly yours,

Dept. of Reclamation
Boise, Idaho

Gentlemen:

Mr. Leonard Hobbs has recently made application for correction of his water permit No. 19524 through Attorney Dell Smith. We understand the notice was dully advertized and the required waiting period has passed.

The Federal Land Bank is ready to close a loan to Mr. Hobbs pending receipt of the corrected water license. Can you check this matter and inform us when Mr. Hobbs can expect this corrected permit? If it is stalled and we can be of any assistance here in Preston please advise us and we will be happy to help in any way we can to clear the matter.

Very Truly Yours,

J P Garner

CERTIFICATE OF CHANGE OF POINT OF DIVERSION OF STATE LICENSE WATER RIGHT NO. 237

THIS IS TO CERTIFY That Leonard Hobbs of Franklin, Idaho is the owner of and using a certain water right for 1.2 cubic feet per second of the waters of springs and waste water with the priority of April 21, 1944, said water right being licensed to Leonard Hobbs by the State Department of Reclamation.

Said license bearing date of October 29, 1953, and being appurtenant to the following described lands to-wit:

NE¼SW¼, SW¼SW¼, SE¼SW¼ of Section 18, Township 16 South, Range 40 East, B. M.

That said license has been entered in the records of the Department of Reclamation of the State of Idaho in Volume 8 of Licenses, beginning at page 5166 thereof.

That the said Leonard Hobbs has become the owner of said water right by filing State Permit No. 19524 and by Receipt of License No. 19524.

And that now, upon the application of the said Leonard Hobbs of Preston, Idaho for Certificate of Change for Point of Diversion of 1.2 cubic feet per second of the waters of springs and waste water, made before the State Reclamation Enginner of the State of Idaho, and said application having been granted, the right to change such point of diversion is HEREBY GRANTED.

That said change of point of diversion will not modify in effect said water right or place of use.

Said water is to be limited at any given time to an amount actually needed and beneficially used, and shall not exceed the following amount, to-wit:

1.2 cubic feet per second, with priority of April 21, 1944.

That said water right is appurtenant to the following described lands:

NE¼SW¼, SW¼SW¼, SE¼SW¼, Section 18, Township 16 South, Range 40 East, B. M.

That the water right hereby described has heretofore been diverted from springs and waste water, with point of diversion in the NE¼ of the SW¼ of Section 18, Township 16 South, Range 40 East, B. M.

That the water right hereby described will hereafter be diverted from springs and waste water, with point of diversion in the SE¼ of the NW¼ of Section 18, Township 16 South, Range 40 E., B. M.
