

APPLICATION FOR PERMIT To Appropriate the Public Waters of the State of Idaho

Application No. 37306
Permit No. 19679
District No.

1. Name of Applicant: DAVID J. COOMBS

Postoffice address: Thatcher

County: Bannock

State: Idaho

I. If applicant is a corporation, give:

- (a) Date and place of incorporation:
- (b) Amount of capital stock:
- (c) Amount paid in:
- (d) Names and addresses of directors:

II. The financial resources of the applicant are:

- (a) Cash on hand:
- (b) Treasury stock:
- (c) Bonds to be issued:
- (d) Other resources:

2. Quantity of water claimed: One-half (0.5) cubic feet per second.

3. Source of water supply: Springs which is a tributary of water runs into a slough except during part of the year, overflow runs into Bear River

4. Location of point of diversion: 380 feet distant from the N. E. corner of Section 1, T. 12 S., R. 40 E., B. M., and is in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of Section 1, T. 12 S., R. 40 E., B. M., County of Bannock

5. Water is to be used for irrigation

6. If for mining, milling, power or manufacturing purposes, give:

(a) Point of use of water: feet distant from corner of Section T. , R. , B. M., in the of Section , T. , R. , B. M.

(b) Amount of power generated: H. P., under feet head.

(c) Water is to be returned to at a point feet distant from the corner of Section , T. , R. , B. M., in the of Section , T. , R. , B. M.

7. Estimated cost of works: \$ Nothing

8. Kind of works: Ditches

9. Height of dam None feet; length of dam at top feet; length of dam at bottom feet; material used in dam:

10. Size of headgate: Width None feet; height feet;

11. Ditch: Width at bottom 8 inches. feet; width at water line 8 inches feet; depth of water feet; dimensions of flume:

Diameter of pipe inches; length of conduit miles.

Average grade per mile feet.

12. The time required for the completion of such work is No years.

13. The time required for the complete application of the water to the proposed use is None additional years.

14. The land to be irrigated is described in the following tabulation: See remarks.

15. (a) Is reservoir to be used? no If so, fill in (b) and (c) below.
 (b) Name of Reservoir and number of Storage Permit:
 (c) Date of filing of Application for Storage Permit and Name of Applicant:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

DAVID J. COOMBS *Applicant.*

By _____ Agent.

Date of first receipt at Department of Reclamation: 4:00 P. M. August 18, 1945

Returned to applicant for correction: August 20, 1945

Corrected application received: August 26, 1945

Approval of State Reclamation Engineer

The number of this permit is 19679

Recorded in Book 71 Page 19579 Approved September 10, 1945

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before _____ Completed _____ and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which permit holder has no control.

One-fifth of the work above specified to be completed on or before

The whole of said work to be completed on or before December 10, 1945

Beneficial use of water appropriated in accordance herewith, to be made on or before December 10, 1945

Witness my hand this 10th day of September, 1945

MARK R. KULP

State Reclamation Engineer.

IN TESTIMONY WHEREOF, We, CHARLES C. COSSETT, Governor of the State of Idaho,

and LEAH L. BENTLEY, Secretary of State of the State of Idaho, have caused this instrument to

be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 10th _____

day of September, 1945.

STATE OF IDAHO

Countersigned:

(SEAL)

By IRA. H. MASTERS
Secretary of State.

By CHARLES C. JOSEPH
Governor

Remarks: The springs are located on land belong ing to the applicant.

August 20, 1945

Re: Application No. 27206

Mr. F. E. Tydemann
Dietrich Block
Pocatello, Idaho

Dear Mr. Tydemann:

We acknowledge receipt from you of the application of David J. Coombs, of Thatcher, Idaho, for permit to appropriate one half second foot of water from a spring, also your check for the \$5.00 filing fee, for which we enclose Departmental Receipt # 19170.

We are returning the application for the following corrections:

Question 4 states that the point of diversion is about 304 feet distant from the N E corner of Section 1, Township 12 South, Range 40 East, B.M., whereas the metes and bounds description of the land on which the spring is located, and which is to be irrigated, shows it as 313.5 feet distant from the N E corner of the NE $\frac{1}{4}$ NW $\frac{1}{4}$ of this section.

We assume the description in Question 4 is erroneous, and if so please correct it. And please indicate on the enclosed plat the exact location of the spring.
Answer Question 14-A.

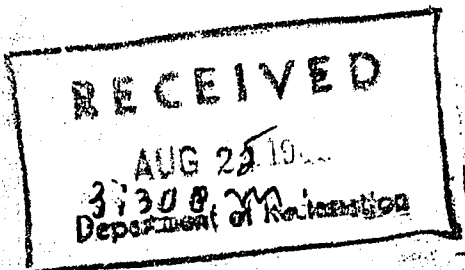

Very truly yours,

MARK R. KULP
State Reclamation Engineer .

Gentlemen;-

Re; Application No. 27206

Following the suggestions contained in your letter of the 20th. inst. I have corrected the application so that now it is correct. On the sketch accompanying the application I have indicated the location of the springs.

Thanking you for having called these matters to our attention I remain,

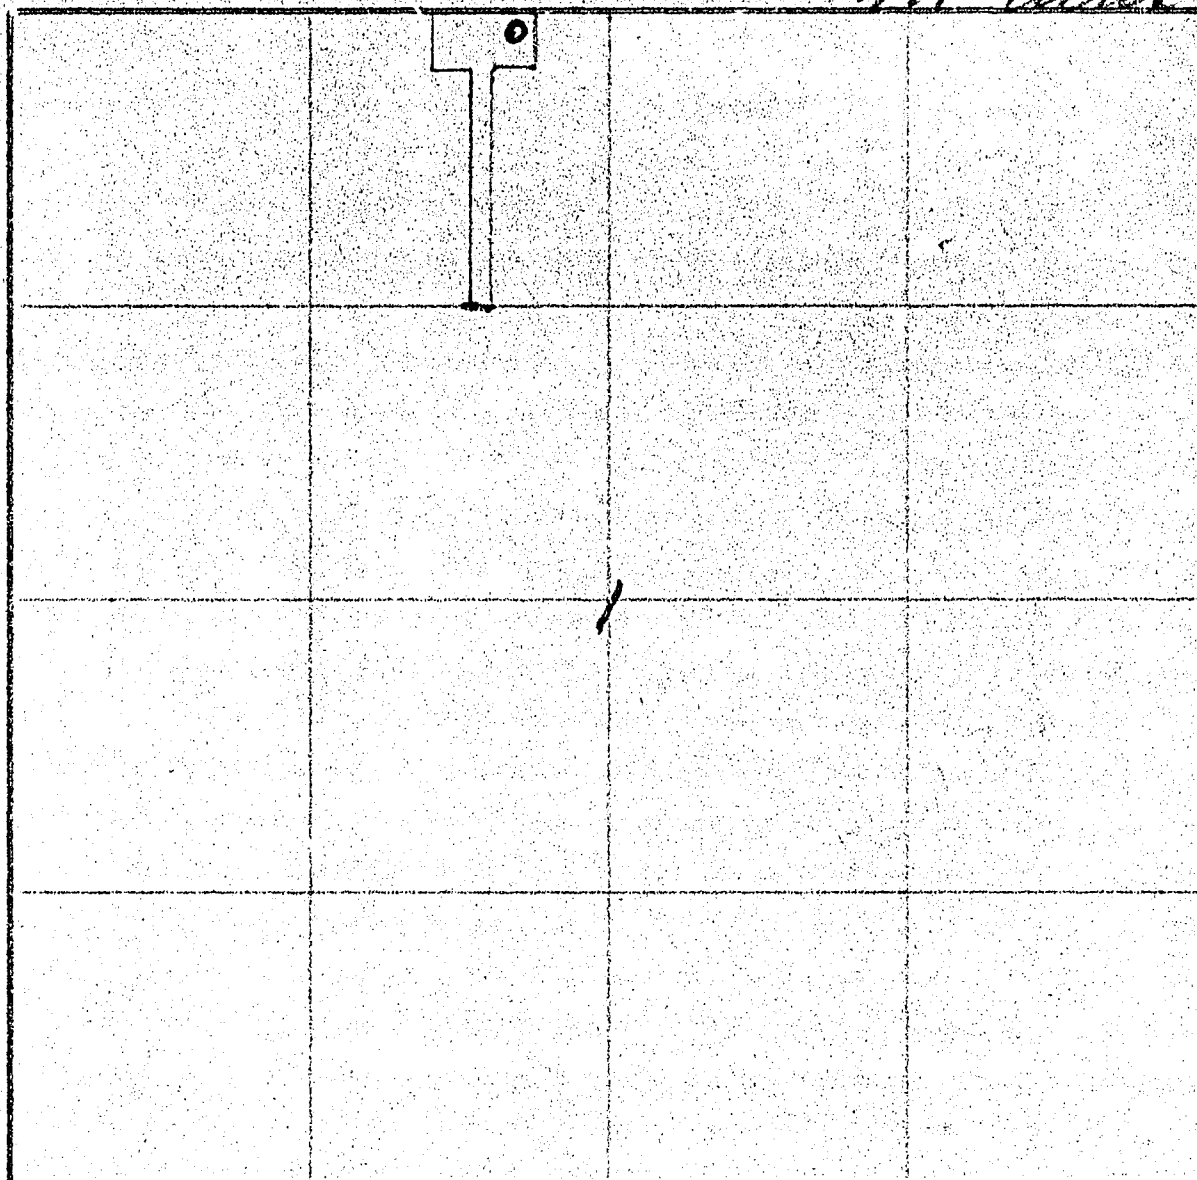

Very truly yours,

Re: Permit No. 19679

Mr. F. E. Tydeman
Attorney at Law
Dietrich Bldg.
Pocatello, Idaho

Dear Mr. Tydeman:

We enclose herewith Permit No. 19679, in the name of David J. Coombs, of Thatcher, Idaho, and attention is called to the terms and conditions as given on the fourth page thereof.

Since the application stated that no time was required for the completion of the works, we assume that they are already completed, and have allowed three months within which to make the statutory proofs necessary to complete the water right, both of which should be made on or before December 10, 1945.

The first, or completion of works proof, is made by executing the enclosed Affidavit- Form No. 6, before a Notary Public and returning to this office, with the fee of \$5.00- upon receipt and approval of which a Certificate of Completion of Works will be issued.

Four weeks publication in a newspaper in the county where the water is located is required prior to the beneficial use proof. This notice should be made out in duplicate, on Form 10 enclosed, naming the Notary Public before whom the proof will be made, and setting time and place, which, of course, must be sufficiently far ahead to allow for the four weeks' publication.

Both copies of the notice are to be sent to this office, together with Form 11, which is your authorization for us to have the notice published at the permit holder's expense, in the newspaper that you may designate.

We shall then send the notice to the newspaper, with instructions in regard to publishing, and shall send to the Notary Public, about ten days prior to the date set, the proper forms of deposition to be executed by the permit holder and two disinterested witnesses, in order to make the proof.

Very truly yours,

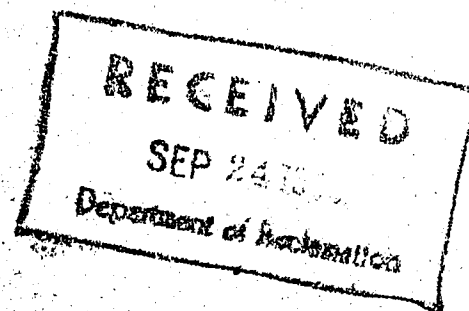

A

NOTICE TO ACCOMPANY THIS LETTER MUST BE MADE IN DUPLICATE

(Date) September 21, 1945.

(P. O.) Pocatello, Idaho

STATE RECLAMATION ENGINEER :

TO THE ~~COMMISSIONER OF RECLAMATION~~:

Boise, Idaho.

Dear Sir:

You are hereby authorized to have the attached notice published at my expense in the

McCammon News of McCammon, Idaho, published in
the county in which the works are situated.

Also sign in X LC avied J. Loomis

(In case of canals or other works designed to divert and carry more than 50 cubic feet of water per second, the following certificate must be signed by a well-known and competent engineer)

I hereby certify that the facts set forth in the attached notice are true.

Engineer.

19679

Permit No. 19679

STATE OF IDAHO
Department of Reclamation

Proof of Completion of Works

AFFIDAVIT OF HOLDER

STATE OF IDAHO

County of Bannock

SS.

David J. Coombs

being first duly sworn, upon his oath deposes and says:

First: That he is the holder and owner of Permit to appropriate the Public Waters of the State of Idaho, No. 19679, and that his postoffice address is Thatcher, Idaho
State of Idaho

Second: That the name of the stream from which said water is to be directed is a group of unnamed springs.

Third: That the point of diversion of said water is a point about 350 feet distant from the Northeast corner of the Northwest $\frac{1}{4}$, Sec 1, Township 12 South range 40 E. B. M.

Fourth: That under the terms and conditions of said permit, construction thereunder was required to be completed by December 10, 1945.

Fifth: That the use for which said water is intended is Irrigation.

Sixth: That on the date above mentioned, the works constructed under said permit were (or were not) fully completed and consisted of the following:

I. Kind of works: Ditch
(Reservoir, dam, ditch, flume, pipe or otherwise)

II. Dimensions of work:

(a) Height of dam feet, length of dam at top feet, length of dam at bottom feet. Material used in construction

(State whether wood, earth, stone or concrete)

(b) Capacity of reservoir acre feet.

(c) Size of headgate: Width feet, height feet.

(d) Conduit ditch width at bottom 1 feet, width at water line 5 feet
(State whether ditch, flume or pipe)

feet, depth of water feet; diameter of pipe inches, average grade per mile is feet. Length of conduit is about $\frac{1}{4}$ miles.

Seventh: That said works are capable of conducting to the place of intended use one second feet of water.

Eighth: That water appropriated under said permit is available for 4.1 acres of land described as follows: Commencing at a point 19 rods West from the NE corner of Lot 3, in section 1, Tsp. 12, S. Range 40 E. B. M., thence South 16 rods; Thence West $10\frac{1}{2}$ rods; thence So. 64 rods, thence West 4 rods; thence No. 64 Rods; thence West $10\frac{1}{2}$ rods; thence No. 16 rods; thence East 25 rods to the point of beginning.

Ninth: Remarks: That

David J. Coombs

19679

NOTICE FOR PUBLICATION
NOTICE OF PROOF APPLICATION OF WATER
TO BENEFICIAL USE

Notice is hereby given that at 10 A. M. on the 17th day of September, 1945
at Pocatello, County of Bannock, State of Idaho, before
F. E. Tydeman, proof will be submitted of the
application to beneficial use of 1 cubic feet per second of the waters of unnamed
springs in accordance with the terms and conditions of Permit No. 19679
heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are
David J. Coombs, Thatcher, Idaho

The use to which said water has been applied is irrigation

The amount applied to beneficial use is $\frac{1}{2}$ cubic foot per second

The place where said water is used (if for irrigation, give full and accurate description of the
lands irrigated) Commencing at a point 19 rods West from the NE cor-
ner of Lot 3, in section 1, Tsp. 12, S. Range 40E.B.M.,
thence So. 16 rods; thence West $10\frac{1}{2}$ rods; thence So. 64
rods; thence West 4 rods; thence No. 64 rods; thence West
 $10\frac{1}{2}$ rods; thence No. 16 rods; thence East 25 rods to the
point of beginning.

The name of the canal or ditch or other works by which said water is conducted to such place of
use is unnamed springs no name

The right to take water from such works is based upon Permit No. 19679

The source of supply from which such water is diverted is unnamed springs
in the NE $\frac{1}{4}$ NE $\frac{1}{2}$ Section 1, Township 12 South, Range 40 East, B.M.

The date of priority which said user is prepared to establish is August 18, 1945
August 13, 1946

MARK R. KULP

State Reclamation Engineer.

19679

October 15, 1945

Re: Permit No. 19679
David J. Coombs

Mr. F. L. Tydeman
Attorney at Law
Dietrich Building
Bozeman, Idaho

Dear Mr. Tydeman:

We enclose herewith Certificate of Completion of Works issued under the above numbered permit in the name of David J. Coombs, to appropriate one-half second foot of water from unnamed springs in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 1, Township 12 South, Range 40 East, B.M., Benneek County, for irrigation purposes.

The notice of proof of beneficial use has been sent to the McCammon News, with instructions to publish it once a week for four consecutive weeks prior to November 17th, 1945. This is the date we have sent for making the proof, since you did not give any date in filling out this form of notice, and that is about as early as the proof can be made, allowing for the necessary four weeks' publication.

We have corrected the notice in another particular, namely the priority to be established by this permit, which cannot be earlier than the date the application was originally filed in this Department, or August 18, 1945. If the water has been used for a long period such earlier priority would have to be established through the district court.

If for any reason 10:00 A.M., November 17th, will not suit you or your client for making this proof, please notify the McCammon News at once, before publication starts on October 19th, and advise us accordingly should there be any change of date.

Very truly yours,

Dear Mr. Tydeman:

Your letter of November 10th has just reached us this morning, having been delivered first, by mistake, to the Bureau of Reclamation.

Under date of November 13th we mailed you the forms to be used in making proof of beneficial use under Permit No. 19679, in the name of David J. Coombs.

These consisted of a deposition for the holder, and one for each of two witnesses- and at the time set for proof Mr. Coombs should appear before you, with two disinterested witnesses, who are familiar with the terms of the permit and the works constructed thereunder, for the purpose of executing the depositions.

All three depositions, together with the affidavit of publication, which the McCammon News was instructed to send to Mr. Coombs, are to be forwarded to this Department.

PROOF OF BENEFICIAL USE OF WATER

BOISE, IDAHO, November 13, 1945

Re: Permit No. 19679
David J. Coombs

Mr. F. E. Tydeman
Notary Public
Pocatello, Idaho

DEAR SIR:

I enclose herewith the following forms to be used in connection with proof of beneficial use of water under Permit No. 19679

DEPOSITION OF PERMIT HOLDER,
DEPOSITIONS OF TWO WITNESSES.

In submitting this proof the following instructions should be CAREFULLY followed out, since failure to do so may result in the loss of rights:

1. On November 17, 1945, the date set for proof, the enclosed forms (one for permit holder and one each for two disinterested witnesses) should be filled out and sworn to, at Pocatello, Idaho before F. E. Tydeman, Notary Public

2. When the depositions have been taken they should be mailed to this office, together with affidavit of publication of notice.

When these have been received, together with report of the examining engineer, if everything is properly executed, you will be further advised as to fees due, etc., before certificate is issued.

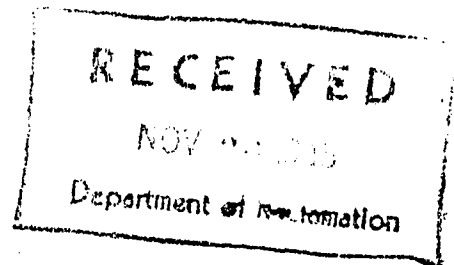

Yours truly.

STATE OF IDAHO
DEPARTMENT OF RECLAMATION
BOISE, IDAHO

Permit No. 19679

Proof of Application of Water to Beneficial Use

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. David J. Coombs, Thatcher, Idaho, farmer, Thatcher, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans.

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. # 19679, August 18, 1945.

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. From springs 350 feet distant from the NE corner of the NW $\frac{1}{4}$ of Section 1, Township 12 South Range 40E. B. M and in the NE $\frac{1}{4}$ of the NW $\frac{1}{4}$ of said section.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use.

Ans. consists of a ditch with some dikes which gather up the water from the springs and convey it to the place of use. There is no name of the canal or ditch or other works.

Can carry One cubic ft. per second.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. The water is to be used for irrigation of the following described land located in Bannock County, State of Idaho, commencing at a point 19 rods West from the N E corner of Lot 3 in section 1, Twp. 12 S., Range 40 E.B.M, thence South 16 rods; thence West 10 $\frac{1}{2}$ rods; thence South 64 rods; thence West 4 rods; thence North 64 rods; thence West 10 $\frac{1}{2}$ rods; thence North 16 rods; thence East 25 rods to the point of beginning, containing

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc. acres

Ans. Irrigation is the only purpose.

19679

Ques. 8. What is the minimum amount of water required for the purpose specified above?
Ans. one half of one cubic ft. per second.

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.
Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. Water diverted under the above mentioned permit has been used by
me since I acquired Title to the land on the July 22 19. 1927
Have used all of the water for the purpose of irrigating the
land described herein.

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. No other water is used upon the said land.

(Sign) David J. Cassels

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was

subscribed and sworn to before me, at my office in Pocatello, County of Bannock,
17th.

BOISE, IDAHO

PERMIT NO. 19679

Proof of Application of Water to Beneficial Use

Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Clarence Bennett, 41 years old, Preston, Idaho, farmer

P.O. Address Preston, Idaho. Star Route

Ques. 2. Are you acquainted with David J. Coombs, the holder of Permit No. 19679? How long have you known him and where does he reside?

Ans. Have known him x for 31 years, and he resides at Thatcher, Idaho.

Ques. 3. Have you read or heard read said Permit No. 19679, and are you familiar with its provisions and conditions?

Ans. Yes.

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Source of water is from springs. Place of diversion is about 350 feet distance from the NE coner of NW $\frac{1}{4}$ of Section One Twp 12, So. Range 40 E.B.M. Water is conveyed from point of divirsn to place of use through a ditch.

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. Will safely conduct one cubic ft. per second. Have seen one half of one ft. per second being so conveyed.

Ques. 6. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use. Water is used for irrigation of pasture and meadow land on the following land.

Ans. Located in Bannock County, State of Idaho, commencing at a point 19 rods West from the N E corner of Lot 3 in section 1, Twp. 12 $\frac{1}{2}$ S Range 40 E B M, thence South 16 rods; thence West 10 $\frac{1}{2}$ rods; thence South 64 rods; ~~thence~~ ~~thence~~; thence West 4 rods; thence North 64 rods; thence West 10 $\frac{1}{2}$ rods; thence North 16 rods; thence East 25 rods to the point of beginning, containing 4.1 acres

19679

Ques. 7. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. non other purpose

Ques. 8. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. pasture land. one half of one cubic ft. per second.

Ques. 9. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. no.

Ques. 10. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. For the past 15 years I have seen the water used as described herein
have seen this land continuously and have lived in the
immediate vicinity and have been over and past the land &
Have seen this water used as above described at all times.

(Signed)

Clarence Bennett

Dear Mr. Coombs:

We have received from Mr. F. E. Tydeman, Notary Public, the depositions of yourself and two witnesses in proof of beneficial use under your Permit No. 19679.

However, the affidavit of publication is necessary to complete this proof.

The McCammon News was instructed to send this affidavit of publication either to you direct, or to Mr. Tydeman- and if it has not been received, we suggest that you take the matter up with that newspaper, so that your proofs may be completed.

Very truly yours,

PROOF OF PUBLICATION

STATE OF IDAHO
COUNTY OF BANNOCK

SS

NOTICE OF PROOF APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 10 a.m. on the 17 day of November, 1945, at Pocatello, County of Bannock, State of Idaho, before F. E. Tydeman, Notary Public, proof will be submitted of the application of beneficial use of $\frac{1}{2}$ cubic feet per second of the waters of unnamed springs in accordance with the terms and conditions of Permit No. 19679 heretofore issued by the Department of Reclamation of the State of Idaho.

The name and postoffice address of the person or corporation holding said permit are: David J. Coombs, Thatcher, Idaho.

The use to which said water has been applied is irrigation.

The amount applied to beneficial use is $\frac{1}{2}$ cubic foot per second.

The place where said water is used Commencing at a point 15 rods West from the NE corner of Lot 1, in section 1, Twp. 12, S. Range 40 thence West 4 rods; thence No. 44 E. B. M., thence So. 16 rods, thence West $10\frac{1}{2}$ rods; thence So. 44 rods, rods; thence West $10\frac{1}{2}$ rods; thence No. 16 rods; thence East 25 rods to the point of beginning.

The name of the canal or ditch or other works by which said water is conducted to such place of use is no name.

The right to take water from such works is based upon Permit No. 19679.

The source of supply from which such water is diverted is unnamed springs in the NE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 1 Township 12, South Range 40 East B. M.

The date of priority which said user is prepared to establish is August 13, 1945.

Re: Permit No. 19679

Mr. F. E. Tydeman
Dietrich Building
Pocatello, Idaho

Dear Mr. Tydeman:

We acknowledge receipt of your letter of January 4th, enclosing affidavit of publication from the McCammon News, which we find to be correct, and which completes the beneficial use under Permit No. 19679, in the name of David J. Coombs.

Before final action can be taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot say just when this examination will be made, since this department has but one field engineer, who makes examinations all over the state.

However, Mr. Tolman, Field Engineer for this department, will try to contact Mr. Coombs at the time he makes the examination, so that he may arrange to show him over the grounds.

Very truly yours,

MARK R. KULP

April 17, 1945

Re: Permit No. 19679

Mr. Wm. H. Mendenhall
Thatcher, Idaho

Dear Mr. Mendenhall:

Reference is made to your letter of April 10th, in which you inquire as to a filing to appropriate waters of a spring, by David J. Coombs, of Thatcher, Idaho.

In reply will state that Permit No. 19679, with priority of August 13, 1945, was issued to David J. Coombs, to appropriate 1/2 of a second foot of water from springs located on the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 1, Township 12 South, Range 40 East, B.M.

Proof of completion of works was made and Certificate of completion of works issued, September 16, 1945.

Notice of intention to make beneficial use proof on November 17, 1945, was advertised in the McCammon News for four consecutive weeks, from October 18th to November 8th, inclusive, and proof of beneficial use was made on the date set.

The application for permit stated that the applicant owned the land on which the springs are located, and the proof stated that he had owned the land since July 19, 1927, and had used the water.

However, the field examination has not yet been made, and if you wish to file a notarized protest against the issuance of a license under this permit, it will be placed on file, and given due consideration before final action is taken.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Wm. H. Mendenhall

Notary Public

JUSTICE OF PEACE

THATCHER, IDAHO

April 30. 1946.

Department of Reclamation
Mark R. Kulp. State Engineer
Boise, Idaho.

Dear Mr. Kulp:-

Since your letter of the 17th inst. relative to permit #19679 issued to David J. Coombs, he has disposed of the land to my son who with me owns the land surrounding . and the water is going back to the land where it has been used for the last 50 years and more. Mr Coombs bought 3 acres of land from the Gentile Valley Creamery Co. when they went out of business. The only right the creamery had to the water was sufficient use for culinary purposes at the creamery the balance went to me where it had always been used. Coombs bought the land and then he tried to hold the water from me by running it in a slough located on my land. That's why he did his advertising in the Mc Cammon news that has no circulation here. therefore no one was aware what he was doing.

It now seems the water will go back to the land where it has always been used and there is no need of considering the matter further. Thanking you very kindly for the information and advise you have given me.

Yours very truly .

Re: Permit No. 19679

Mr. David J. Coombs
Thatcher, Idaho

Dear Mr. Coombs:

We are now in receipt of the report of our Field Engineer on examination for beneficial use under the above numbered permit.

This report shows that you are irrigating approximately four and a half acres of pasture land in the NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 1, Township 12 South, Range 40 East, BM.

Therefore, upon receipt of the statutory fee of \$2.00, a license will be issued for 0.09 of a second foot, or 4 $\frac{1}{2}$ inches, of water from unnamed springs, as applied for.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Thatcher. Idaho

July 22. 1946

Department of Reclamation
Boise. Idaho.

Dear Sir:-

Since your inspector has visited the place of appropriation of water at Thatcher Idaho by David J. Coombs, he has undoubtedly reported as follows and ^{on} these findings I ask that his application for permit be cancelled. ^

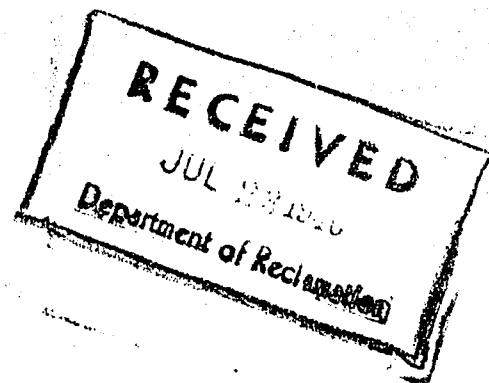

That the application asks for .5 second ft . of water while he has but $2\frac{1}{2}$ acres of land in his lot and the spring from which the water is taken will cover not more than $\frac{2}{3}$ of the land the balance being above the water line and has not had the water on it.

The advertisement was made in the Mc Cammon news which has no circulation here that gave general information.

In the absence of any notice given to the paper will you please send me a copy of the proof with the names of the witnesses?

Yours very truly.

W H. Mendenhall

Re: Permit No. 19679

Mr. Wm. H. Mendenhall
Thatcher, Idaho

Dear Mr. Mendenhall:

We have your letter of July 22nd, asking that the application for permit of David J. Coombs be cancelled.

From your previous letter of April 30, 1946, we considered that satisfactory arrangements had been made and that you did not have further objections.

Our field engineer found 4.1 acres irrigated, and a license was issued for 0.09 of a cubic foot per second, with a priority of August 18, 1945.

The deposition of the permit holder, David J. Coombs, states: "Water under the above mentioned permit has been used by me since I acquired title to the land on July 19, 1927. Have used all of the water for the purpose of irrigating the land described herein."

The deposition of witness Clarence Bennett states: "For the past fifteen years I have seen the water used as described herein. Have seen this land continuously and have lived in the immediate vicinity and have been over and past the land. Have seen the water used as above described at all times."

The deposition of witness Ruben Coombs states: "Was raised near this land and have seen it almost daily all my life. Have seen the pasture irrigated with this water all my life."

Certified copies of the depositions of the holder and witnesses can be furnished at a cost of \$1.50 each- or \$4.50 for all three.

Very truly yours,

Re: Permit No. 19679

Dear Sir:-

Reference to your letter of 25th inst.

If the exchange of land is carried out I will not raise any objection.
but no transfer of deeds have yet been made.

From the enclosed map you will see that I own all the land around,
This plat was transferred to the creamery and they moved to grace
and sold the land to D. J. Coombs. He then tried to hold all the
water from me after I had used it for years and ran it into
a slough so marked on the enclosed map.

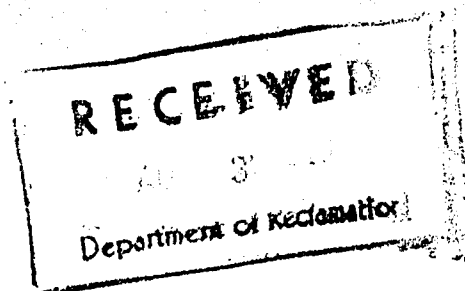

On the map you can figure the acreage owned by him and I have given
the figures to be less than $2\frac{1}{2}$ acres to be irrigated,

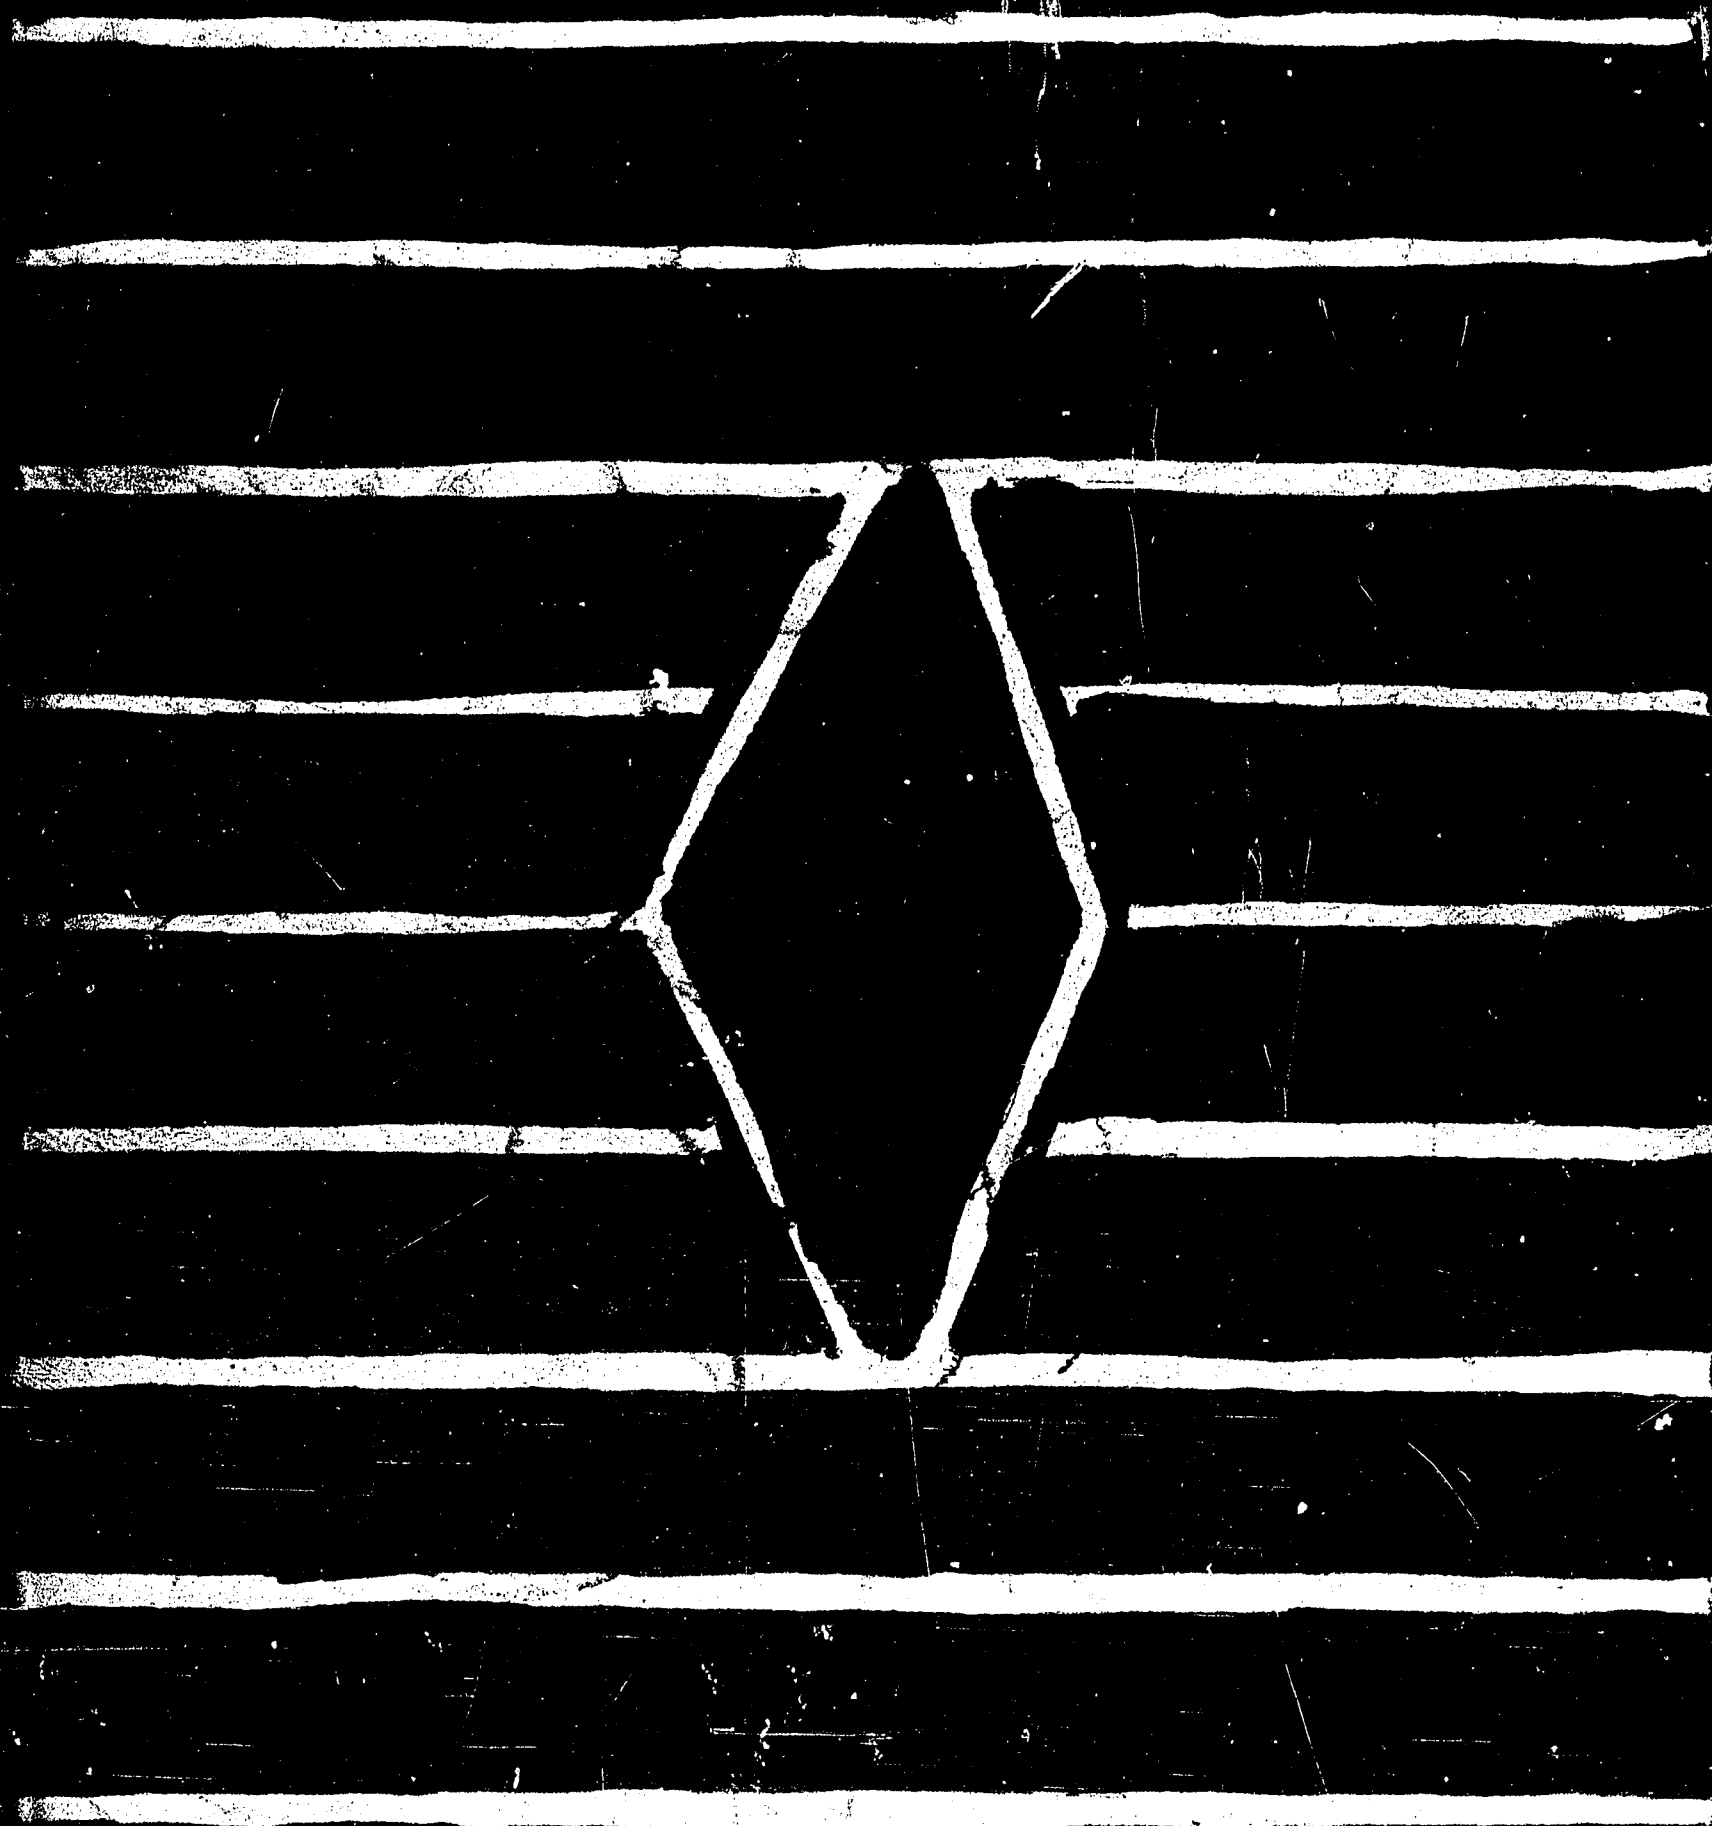

Witness Bennett is a son in law and Coombs is a son neither very good
witnesses. AND NOT RELIABLE.

Yours very truly.
