

APPLICATION FOR PERMIT

To Appropriate the Subterranean Waters of The State of Idaho

Application No. G-32626
Permit No. G- 24813
District No.

1. Name of Applicant: WILLIAM G. REESE
Postoffice address: Preston County: Franklin State: Idaho
2. Quantity of water claimed:
 - (a) Rate of withdrawal in cubic feet per second. One Miners' inches or Idaho gallons per minute.
 - (b) Annual withdrawal in acre feet per annum
3. Source of water supply: Drilled well (subterranean)
4. Location of point of diversion or well is in the NW $\frac{1}{4}$ of the NW $\frac{1}{4}$ of Section 17
Twp. 16 S. , Rge. 40 E. , B.M., County of Franklin
5. Water is to be used for: Irrigation
6. If for municipal, industrial or recreational purposes, give:
 - (a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
 - (b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp. , Rge. , B.M.
7. Kind of works: Drilled well, steel 12" casing, pump and motor
8. Estimated cost of works: \$ 3,000.00
9. (a) Is reservoir to be used? No
(b) Capacity of reservoir:
10. The time required for the completion of such work and complete application of the water to the proposed use is Two (2) years.
11. If applicant is a corporation, give:
 - I. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:
 - II. The financial resources of the applicant are (a) Cash on hand: \$
(b) Treasury stock: (c) Bonds to be issued:
(d) Other resources:
12. The land to be irrigated is described in the following tabulation:
13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: 400 shares of water stock in Preston-Whitney Irrigation Company.
 - (a) one (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.
 - (b) (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks: a few hours each week. Then again the ditch is two miles long from the canal, and I lose a lot of water on the way by seepage and by trash getting into the head gate

BE IT KNOWN THAT The undersigned hereby makes appli cation for permit to appropriate the public waters of the State of Idaho as herein set forth.

Applicant.

Agent.

Date of first receipt at Department of Reclamation: 9:00 A. M. March 18, 1954

Returned to applicant for correction: March 18, 1954

Corrected application received: March 22, 1954

Approval of State Reclamation Engineer

The number of this permit is G-24813

Recorded in Book 88 Page 24813 Approved March 26, 1954

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:

Bond in the sum of \$ _____ to be filed on or before _____

Work to begin on or before May 26, 1954 and to continue diligently and uninterruptedly to completion, unless temporarily interrupted by circumstances over which the permit holder has no control.

One-fifth of the work above specified to be completed on or before March 26, 1955

The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made on or before March 26, 1956

Witness my hand this 26th day of March, 1954

Dear Mr. Reese:

In reply to your letter of February 3, 1954, we enclose a form of application for permit to appropriate subterranean water from a well together with a pamphlet giving regulations and instructions in regard to filing same.

When this application is approved, it will be signed by the proper State Officials and sent to you as a use permit under which you may proceed with the construction of the work described in the application.

In order to complete your water right, proofs of completion of works and application of the water to beneficial use are required. The time required for making these proofs should be indicated under Question 10.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

Re: Hearing application for permit
to appropriate Subterranean waters
of the State of Idaho

Dear Mr. Thompson:

This will acknowledge receipt of yours of January 16, 1956 enclosing therewith papers for beneficial use proof of permit No. G 24813 William G. Reese. I was in the office all during the day of March 26, 1956, no one came in to make protest on the application for permit. Mr. Reese forgot the date and did not come in and bring his witnesses until today. So I have dated the proof of application of Water to Beneficial Use made by William G. Reese and his witnesses Carl A. Mortensen and Arnold G. Sant on March 26, 1956.

I am herewith enclosing to you Proof of Application of waters to Beneficial Use made by William G. Reese of Preston R.F.D. No 3 and his witnesses Carl A. Mortensen of Clifton, Idaho and Arnold G. Sant of Preston, Idaho

Trusting that this will satisfy we are:

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. William G. New, Preston R.F.D. 3, Ida. Farming
Preston R.F.D. 3, Idaho

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. Not

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. G. 24813 March 18, 1954, March 26-1954

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. From Deep well NW 1/4 of Sec 17 T. 16 S. R. 40 E. B. M.

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Well 180 feet Deep, 12 inch casing, pump is used and it discharges
1 Cub. Sec ft per second of Time, sprinkling system with 60 nozzles, discharging
7.5 gal per minute for each nozzle, size of nozzle 1 1/66 x 3/32
104.5 ft head lift

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. For irrigation north West quarter of the North West quarter (40 acres)
and 30 acres in the Southwest quarter of the Northwest quarter of Sec 17, T. 16 S.
R. 40 E. B. M. Cultivated. 1/2 mile buried pipe line, also 2400 ft of
Potable pipe changed land from Dry Farm to irrigated farm

J 24813

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc

Ans. Just for irrigation

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. —

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. The original applicant

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. water from well was used during irrigation season Year 1954, 1955, and will use for Year 1956 and thereafter

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. none

(Sign)

William E. Reese

I hereby certify that the foregoing testimony was read to the above subscribed before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me, at my office in Preston County of Franklin

Proof of Application of Water to Beneficial Use
Deposition of Witness

The deposition of two witnesses, on this form, taken separately, required in each case.

Ques. 1. State your name, age, residence, occupation and postoffice address.

Ans. Arnold G. Sant - 42 yrs - Merchant - Preston Id

Ques. 2. Are you acquainted with William G. Reese, the holder of Permit No. 924813? How long have you known him and where does he reside?

Ans. Over 20 years. Preston Id

Ques. 3. Have you read or heard read said Permit No. 924813, and are you familiar with its provisions and conditions?

Ans. Yes

Ques. 4. State source of water supply, place of diversion, and describe works for conveying water from point of diversion to place of use.

Ans. Water comes from a 12 inch Well 180 feet deep, Northwest quarter of Northwest quarter Sec - 17 - T. 16, S. R. 40 E. 10 N. Water is lifted from Well by a deep well pump and forced through a pipeline to sprinkler, and land is water by pressure sprinkling system

Ques. 5. How many second feet of water do you estimate said works will safely conduct to place of use, and how much water have you seen being so conveyed?

Ans. 1 Cu ft per second of time - one second foot

Ques. 6. (Pumps) How much water in cubic feet per second, miner's inches, or gallons per minute have you seen the pump deliver, and how did you measure or estimate the amount?

Ans. 1 Cu ft per second of time, estimated by the amount of land irrigated in one day.

924813

Ques. 7. State for what purpose water is used and at what place. (If for irrigation, give each subdivision in which water has been used and number of acres irrigated in each subdivision.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. *for irrigation on NW 1/4 NW 1/4 and 32 acres in NW 1/4 SW 1/4 of Sec 17, T16, R14, S40 EBM. Cultivated land. Water conveyed from well by Power through Pipeline and a sprinkling pipe system.*

Ques. 8. If for power or other purposes than irrigation, state how water has been applied and to what extent.

Ans. *not for Power*

Ques. 9. (If for irrigation) state character of land that has been reclaimed, and give your estimate of the amount of water required for its profitable cultivation.

Ans. *This land was formerly cultivated as a dry farm now as an irrigated farm.*

Ques. 10. Have you any interest in the works, water or lands above mentioned? If so, in what way and to what extent?

Ans. *none*

Ques. 11. State when, how, in what amount and to what extent you have witnessed the application to beneficial use of water diverted under said permit.

Ans. *I have witnessed above described land irrigated from the well in question during the irrigation season of 1954 and 1955.*

(Signed) *Arnold E. Saut*

I hereby certify that the foregoing testimony was read to the above subscriber before its signing, that I believe him to be the person he represents himself to be, and that said testimony was subscribed and sworn to before me in *Preston*, County of *Franklin*, State of Idaho, on this *26* day of *March*, A. Re: Permit No. G-24813

Mr. William G. Reese
R. F. D. #3
Preston, Idaho

Dear Mr. Reese:

We acknowledge receipt of the depositions of yourself and two witnesses, also affidavit of publication in The Preston Citizen, all submitted in proof of completion of works and beneficial use on Permit No. G-24813.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

MARK R. KULP
State Reclamation Engineer

RE: Permit No. G-24813

Mr. William G. Reese
R. F. D. 3
Preston, Idaho

Dear Mr. Reese:

Inspection is required in connection with any permit, for the use of water, being brought to license in the State of Idaho.

I will make inspection in connection with your Permit on Thursday, September 13, around noon, either before or after.

If I do not contact you prior to the time set for inspection, I will drive to the farm where the well is located.

Please be prepared to accompany me on the inspection or have someone there to represent you.

Yours truly,

MARK R. KULP
State Reclamation Engineer

RECEIVED
SEP 5 1956
Department of Reclamation

Dear Sir—

Received your letter of Aug. 30, 1956, in which you state you will be here Sept. 13, about noon to inspect my well, in regard to permit no. G-24813.

I will be watching for you. To find my home follow U.S. 91 through Preston South East to Sugar Factory, then just beyond is Whiskey Pea vineery. Turn off ^{and go} his way ^a straight east 1 mile from Pea vineery. Then turn north and my house is 1st one on west side of road. The well is south of my house about 2 miles.

Yours truly
Wm G. Reese

RE: Permit No. G-24813

Mr. William G. Reese
R.F.D. 3
Preston, Idaho

Dear Mr. Reese:

We now have on file the report of our field engineer on examination for completion of works and beneficial use on your Permit No. G-24813 which shows that your well in the NW¹/₄ Section 17, Township 16 South, Range 40 East, B.M. will deliver 41 inches or .82 second foot of water which has been used to irrigate 64 acres of land in the W¹/₂ Section 17, same Township and Range.

A Certificate of Completion of Works and License can, therefore, be issued for .82 second foot of water upon receipt of the statutory fees amounting to \$5.00 for completion of works and \$4.00 license fee, or a total of \$9.00.

Very truly yours,

MARK R. KULP
State Reclamation Engineer
