RE: Permit No. 25775 BOISE April 1,1957

Mr; J.V. Kay
Swan Lake, Idaho

Dear Sir:

Under the terms of your permit No. 25775 you are required to complete your diversion works and make proof of beneficial use on or before June 30,1957.

We enclose herewith a blank affidavit to be filled out, sworn to by you before a Notary Public or Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the Completion of the Works substantially in accordance with the terms of the permit, together with a fee of $5.00, a Certificate of Completion of Works will be issued to you.

We also enclose blank notice for proof of application of water to Beneficial Use under this permit, which should be filled out and returned to this office at least forty (40) days before the date upon which you wish to make proof. The proof must be submitted before a Notary Public or other officer authorized by law to administer oaths. The date for proof as set out in your permit, is June 30, 1957, and if proof is submitted subsequent to said date, your priority will be brought down a length of time equal to the time elapsing between the date proof should have been made and the date proof is actually made.

Very truly yours,

Dear Mr. Kay:

We are returning herewith your Proof of Application of Water to Beneficial Use in connection with the above stated permit for the reason that same are not acceptable due to insufficient information.

It will be necessary that you answer question No. six (6) on your own deposition stating the number of acres irrigated within each 40-acre sub-division and legal land description describing each 40-acre sub-division giving Section number, Township and Range.

It will also be necessary for your witnesses to fill out in detail questions not answered in their depositions, such as under question No. two (2) witness should show the name of the permit holder and the number of permit. Under question No. three (3), the number of the permit should be stated. Under question six (6) state fully the requirements above stated under No six (6) of your deposition.

Please correct and return to this department.

Re: Permit No. 25775

Mr. J. V. Kay
Downey,
Idaho

Dear Mr. Kay:

This will acknowledge receipt of your letter of November 4, 1957, in connection with the above stated permit.

We wish to state that our files do not disclose that this department acknowledged receipt of your Proof of Application of Water To Beneficial Use relative to the above stated permit. We regret this error on our part.

However, before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Due to the lateness of the season, it will probably be next spring or early summer before this inspection can be made.

Very truly yours,

MARK R. MULP
State Reclamation Engineer
