Dear Mr. Ralphs:

Your application for change in point of diversion
will be approved.

Your request to change the amount water claimed from
66 to 91 miners inches cannot be approved under Permit G-27967.

You may complete the enclosed blank application for
permit form for additional water from your well, however, you
will have to show additional land as your present permit shows one
miner's inch per acre of land to be irrigated.
