PROOF OF COMPLETION OF WORKS

Boise, Idaho
January 4, 1965

RE: Permit No. 28569

Oneida Stake of the Church of
Jesus Christ of Latter Day Saints, a Corporation
Preston, Idaho

Dear Sirs:

Under the terms of your Permit No. 28569 you are required to complete your diversion works on or before March 30, 1965. I enclose blank affidavit to be filled out, sworn to by you before a Notary Public, or a Justice of the Peace, and returned to this office on or before the above date, or within ten days thereafter, for the purpose of making proof of completion under the permit. Upon receipt of this affidavit in this office, provided the same satisfactorily shows the completion of the works substantially in accordance with the terms of the permit, together with a fee of \$5.00, a Certificate of Completion will be issued to you.

The certificate to be issued under this proof will not give a perpetual right to the use of water for which application was made, as it only confirms the completion of works of a capacity to divert and convey to the place of intended use a certain amount of water. The law requires that another proof be submitted when the water has been fully applied to a beneficial use, at which time license is issued for the amount of water actually in use. Information in regard to this last proof will be furnished on request.

Very truly yours,

Dear Mr. Geddes:

Pursuant to your phone call of last week, we have reviewed the above referenced permit file.

We found that the proof of beneficial use depositions were submitted to this office in December, 1962, however, an affidavit of publication was never received. Enclosed is a copy of the notice that was to have been published for four consecutive weeks in the Preston Citizen. Also enclosed is a copy of the cover letter forwarding the notice to the newspaper.

Upon receipt of the affidavit of publication the Department could process the depositions made on November 23, 1962. If you do not have the affidavit in your records or it cannot be obtained from the newspaper, it will be necessary to refile proof of beneficial use of water. Enclosed is the Department's proof form for your consideration.

We have also enclosed a copy of the permit for your reference. If you have any questions regarding this matter, please feel free to contact us.

Gentlemen:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit. Enclosed is an Order which advances the priority date for this permit to June 23, 1967.

During the 1967 session of the Idaho Legislature, certain amendments were made in the law pertaining to the procedures for making proof of beneficial use of water. In order for the Department to comply with these changes, Rules of Practice and Procedure were adopted on August 1, 1968. Generally, these procedures and the amended law make it simpler for a permit holder to make proof of beneficial use of water. The enclosed Order modifies your permit to comply with these rules and regulations.

As a part of the new procedure, you will be required to publish a notice at your expense for two consecutive weeks in a newspaper as prescribed by the Department. If you will sign and return the enclosed advertisement authorization, we will cause the notice to be published.
