

APPLICATION FOR PERMIT To Appropriate the Subterranean Waters of The State of Idaho

Application No. G- 37132
Permit No. G- 29138
District No.

1. Name of Applicant: Douglas Sorensen and Eugene Sorensen
Postoffice address: Swan Lake County: Bannock State: Idaho

2. Quantity of water claimed:

(a) Rate of withdrawal in cubic feet per second 10 or Idaho
Miners' inches 500 or gallons per minute
(b) Annual withdrawal in acre feet per annum

3. Source of water supply: Two wells. Subterranean

4. Location of point of diversion or well is in the SE $\frac{1}{4}$ NE $\frac{1}{4}$ - Sec. 7
Twp. 13 S , Rge. 36 E , B.M., County of Bannock SE $\frac{1}{4}$ of Section 18

5. Water is to be used for: Irrigation

6. If for municipal, industrial or recreational purposes, give:

(a) Point of use of water is in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.
(b) Waste water or sewage effluent is to be returned to
at a point in the $\frac{1}{4}$ of the $\frac{1}{4}$ of Section , Twp.
Rge. , B.M.

7. Kind of works: Electrical power - sprinkler

8. Estimated cost of works: \$ 15,000

9. (a) Is reservoir to be used? no
(b) Capacity of reservoir:

10. The time required for the completion of such work and complete application of the water to the proposed use is 5 years.

11. If applicant is a corporation, give:

1. (a) Date and place of incorporation:
(b) Amount of capital stock: \$ (c) Amount paid in: \$
(d) Names and addresses of directors:

11. The financial resources of the applicant are (a) Cash on hand: \$

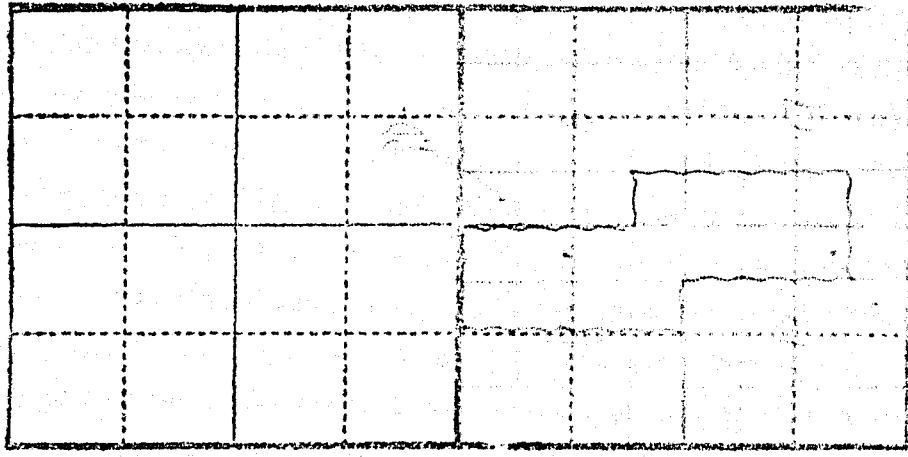

(b) Treasury stock:
(c) Bonds to be issued:
(d) Other resources:

12. The land to be irrigated is described in the following tabulation:

13. Existing water rights and/or valid permits appurtenant to the lands to be irrigated are: None

(a) (cubic feet per second, inches or gallons per minute) of the water herein applied for is to be supplemental to the existing water rights.

(b) 10 (cubic feet per second, inches or gallons per minute) is for new lands.

Remarks:

BE IT KNOWN THAT The undersigned hereby makes application for permit to appropriate the public waters of the State of Idaho as herein set forth.

s/ Douglas Sorensen
s/ Eugene Sorensen Applicant.

By Agent.

Date of first receipt at Department of Reclamation: 8:30 A.M. November 15, 1960

Returned to applicant for correction:

Corrected application received:

Approval of State Reclamation Engineer

The number of this permit is G- 29138
Recorded in Book 102 Page 29138 Approved November 21, 1960

This is to certify that I have examined the within application for a permit to appropriate the public waters of the State of Idaho, and hereby approve the same, subject to the following limitations and conditions:
Bond in the sum of \$ to be filed on or before and to continue diligently and uninterruptedly to completion, unless

Work to begin on or before temporarily interrupted by circumstances over which the permit holder has no control.
One-fifth of the work above specified to be completed on or before May 21, 1963

The whole of said work to be completed and beneficial use of water appropriated in accordance herewith, to be made and proofs offered on or before November 21, 1965

Witness my hand this 21st day of November, 1960
s/ RALPH W. THOMAS
Deputy STATE RECLAMATION ENGINEER.

IN TESTIMONY WHEREOF, We, W. E. DREWLOW, Acting Governor of the State of Idaho, and ARNOLD WILLIAMS, Secretary of State of the State of Idaho, have caused this instrument to be executed in the name of the State of Idaho, and caused the Great Seal of the State of Idaho to be hereunto affixed, this 21st day of November, 1960.

LICENSE PAGE NO. 8117

State of Idaho
License and Certificate of Water Right

Water License No. G-29138 Amount \$300.00
Water District No. Priority November 15, 1960

THIS IS TO CERTIFY that DOUGLAS SORENSEN and EUGENE SORENSEN
of Swan Lake, Idaho, made application for a permit to appropriate the
public waters of the State of Idaho, dated November 15, 1960; that Permit No. G-29138
was issued under said application; that Certificate of Completion of works, with a carrying capacity of
3.36 second feet, was issued thereunder on April 7, 1965, showing that said works
were completed on the 7th day of June, 1963; and that on the 7th
day of June, 1963,

DOUGLAS SORENSEN and EUGENE SORENSEN
of Swan Lake, State of Idaho, made proof to the satisfaction of the
State Reclamation Engineer of Idaho, of the right to use the waters of a well
, a tributary of subterranean flow, for the purpose of irrigation
, under Use Permit No. G-29138 of the Department of Reclamation
and that said right to the use of said waters has been perfected in accordance with the laws of Idaho,
and is hereby confirmed by the State Reclamation Engineer of Idaho and entered of record in Volume

13 of Licenses at page 8117, on the 7th day of April, 1965;
The right hereby confirmed dates from November 15, 1960;

The Point of Diversion is located

In the NE 1/4 Sec. 18, Twp. 13 S, R. 36 E, B. Blaine County

That the amount of water to which such right is entitled and hereby confirmed, for the purposes
aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall
not exceed 3.36 cubic feet per second.

Description and location of use:

Twp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated

NOTICE OF PROOF OF COMPLETION OF WORKS
and
APPLICATION OF WATER TO BENEFICIAL USE

RECEIVED
APR 28 1960
Department of Reclamation

Notice is hereby given that at 2:00 P.M., on the 7th day of June 1963, at Pocatello, County of Bannock, State of Idaho, before Merrill K. Gee, Notary Public, at (address) 746 E. Lander, proof will be submitted of the completion of works for the diversion of 10 cubic feet per second of underground water from a well, and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G29138, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Douglas Sorenson and Eugene Sorenson, Swan Lake, Idaho
2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is six cubic feet per second.
3. The use to which said water has been applied is agricultural irrigation purposes, and the amount applied to beneficial use is six cubic feet per second.
4. The point of diversion of said water is NE 1/4 SE 1/4, S. 18, T. 13 South, Range 38 E.B.M.
5. The place where said water is used is NE 1/4 and SE 1/4 of Sections 7; SW 1/4 SW 1/4, Section 8; and NE 1/4, NE 1/4, SE 1/4, Sec. 18; all in Township 13 South, Range 38 E.B.M.
6. The date of priority which said user is prepared to establish is Nov. 15, 1960

Re: Permit No. 0-25118
Douglas & Eugene Sommer

Mr. Merrill L. Roe,
Attorney at Law,
The Elmer Lander,
Pocatello, Idaho.

Dear Mr. Roe:

This acknowledges the Notice of Proof of Completion of Works and Application of Water to Beneficial Use under Permit No. 0-25118, in the name of Douglas and Eugene Sommer. Final Proof is to be made before you, as Notary on the 14 day of June, 1963, at 2:00 o'clock P.M., 706 E. Lander, Pocatello, Idaho.

As of this date we have mailed the Notice to the Idaho State Journal, Pocatello, Ida. with instructions to publish it once a week for four consecutive weeks prior to the date set for final proof and then mail the Affidavit of Publication and statement of costs to you.

It is important that the enclosed depositions be executed by the permit holder and two disinterested witnesses who are familiar with the terms of the permit and the work done thereunder, at the time, on the date and before you, as Notary, as stated in the publication notice. It is very important and necessary that each question be answered in detail.

In returning the depositions to this office, be sure that all copies have been signed, that your Notary's seal has been placed on each and that all depositions, (holder and two witnesses) are being returned. Also be sure to enclose the Affidavit of Publication.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

Permit No. 29138

Proof of Application of Water to Beneficial Use and Completion of Works

Deposition of Holder

Ques. 1. State your name, residence, occupation and postoffice address.

Ans. DOUGLAS SORENSON & EUGENE SORENSON, SWAN LAKE,
IDAHO, FARMERS, SWAN LAKE, IDAHO

Ques. 2. If acting in behalf of corporation, state its name, principal place of business (if a foreign corporation, give name of postoffice of statutory agent), your position with reference to same, and your authority for appearing in its behalf.

Ans. _____

Ques. 3. State number and date of permit, and date of priority you propose to establish under the permit.

Ans. 29138 - November 21, 1960 11-15-60

Ques. 4. State source of water supply and give exact location of point of diversion.

Ans. Well - NE 1/4 SE 1/4 Section 18 Township 13 South
R. 38 EBM - Diversion Point - the same

Ques. 5. Describe your works of diversion, and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use. If a well, state depth of well, depth and size of casing and depth to water. If pump is used, state discharge of pump and tell how it was measured or determined. If sprinkler irrigation, give number and size of nozzles and operating pressure.

Ans. Deep Well Turbine Pump - Connected To Sprinkler Pipe - Well
Depth 400 Ft. 20" casing 200'; 16" casing 200'; Water Depth 390'
Depth to water 10'. Pump Discharge 2400 gal. per minute. 300 Nozzles
1/4". 35 lb to 85 lb. pressure

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have actually been irrigated with said water.) State whether cultivated or natural meadow land and the nature of all improvements which have been made as a direct result of said use.

Ans. IRRIGATION OF 40 ACRES NE 1/4, 30 ACRES NW 1/4, 30 ACRES SW 1/4, 40 ACRES SE 1/4
NE 1/4 S 7 T 13 R 38 EBM; 40 ACRES NE 1/4, 30 ACRES NW 1/4, 10 ACRES SW 1/4, 40
ACRES SE 1/4 or SE 1/4 S 7 T 13 S R 38 EBM; 40 ACRES SW 1/4, SW 1/4 S 8 T 13
R 38 EBM; 40 ACRES NW 1/4, 40 ACRES SW 1/4 of NW 1/4 and 40 ACRES NW 1/4 SW 1/4
S 7 T 13 S R 38 EBM and 40 ACRES NE 1/4, 40 ACRES SE 1/4 NE 1/4 and 40 ACRES NE 1/4 S 7 T 13
R 38 EBM

Ques. 6-a If this is a ground water permit, give name and address of person that drilled the well.

Ans. Puckett & Thomas, Blackfoot, IDAHO

Ques. 7. If for other than irrigation purposes; state how applied, amount of horse power generated, etc.

Ans. _____

Ques. 8. What is the minimum amount of water required for the purpose specified above?

Ans. 300 INCHES

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent the water diverted under above mentioned permit has been used.

Ans. BETWEEN 250 & 300 INCHES USED ALL SEASON OF 1961 AND 1962

Ques. 11. State when, how, in what amount and to what extent waters other than those diverted under the above mentioned permit have been diverted and applied to beneficial use upon the lands herein described. Give full particulars regarding such other appropriations and rights claimed thereunder.

Ans. THIS IS ONLY WATER NOW AVAILABLE FOR THESE LANDS.

NOTICE OF PROOF OF COMPLETION OF WORKS AND APPLICATION OF WATER TO BENEFICIAL USE

Notice is hereby given that at 2:00 p. m. on the 7th day of June, 1963, at Pocatello, County of Bannock, State of Idaho, before Mr. E. R. Gee, Notary Public, at 736 E. Linder, proof will be submitted of the completion of works for the diversion of 40 cubic feet per second of underground water from a well and of the application to beneficial use of said water, in accordance with the terms and conditions of Permit No. G29138, heretofore issued by the Department of Reclamation of the State of Idaho.

1. The name and postoffice address of the person or corporation holding said permit is Douglas Sorenson and Eugene Sorenson, Swan Lake, Idaho.

2. Said works of diversion will be fully completed on the date set for such completion, and the amount of water which said works are capable of conveying to the place of use is six cubic feet per second.

3. The use to which said water has been applied is irrigation purposes, and the amount applied to beneficial use is six cubic feet per second.

4. The point of diversion of said water is NE 1/4, SE 1/4, S. 18, T. 12, R. 30, Range 30 E.B.M.

5. The place where said water is used is E 1/2 of Section 7 SW 1/4, Sec. 31, NW 1/4, NW 1/4, Section 47, E 1/2, NE 1/4, Sec. 18, all in Township 13 South, Range 30 E.B.M.

6. The date of priority which said user is prepared to establish is Nov. 15, 1960.

GEO. W. CARTER

State Reclamation Engineer

May 2, 9, 16, 23, 1963

being first duly sworn on oath deposes and says: That.....she..... was at all times herein mentioned a citizen of the United States of America, more than 21 years of age, and the Principal Clerk of THE IDAHO STATE JOURNAL, a daily newspaper, printed and published at Pocatello, Bannock County, Idaho, and having a general circulation therein.

That the document or notice, a true copy of which is attached, was published in the said IDAHO STATE JOURNAL, on the following dates, to-wit:

May 2, 19 63

Re: Permit No. 0-27138

Douglas and Eugene Sorensen
Swan Lake, Idaho

Gentlemen:

We acknowledge receipt of the depositions of holder and two witnesses, also affidavit of publication in the Idaho State Journal, all submitted in proof of completion of works and beneficial use on Permit No. 0-27138.

Before final action is taken in the matter, the law requires that a field examination be made by an engineer from this department.

We cannot tell just when this examination will be made, but our field engineer will try and contact you at the time he makes the examination so that arrangements may be made to show him over the grounds.

Very truly yours,

GEO. N. CARTER
State Reclamation Engineer

RECEIVED
SEP 11 1963

Swan Lake, Idaho
September 9, 1963

Department of Reclamation

Carl E. Tappan
State Reclamation Engineer
Room 107, State House
Boise, Idaho

Dear Mr. Tappan:

We received your letter regarding our well, and to say the least, we were somewhat surprised. We don't know what Mr. Cushman is trying to accomplish by saying that the well is no good, but whatever it is, surely it shouldn't be to our discredit.

Cushman and Johnson were the contractors and drillers for this well located in the NE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 18, T. 13S, R. 38 E., B. M. We have had no other wells drilled because this one is sufficient for the time. If you received a log from him, you are fortunate, because that is something that we have never been able to do. He promised us one within three weeks after completion of the well, but it never came. He telephoned the other night to get the description of the land, and he thought that with the well being in the southwest corner of our property it of necessity had to be the SW $\frac{1}{4}$ SW $\frac{1}{4}$. We don't know where he got the section.

Our well checked out at 2079 gpm, and Mr. Cushman was there and watched it. The first year, 1961, we had 264 outlets on the system with an initial pump pressure of 60 lbs. This year we have had 275 outlets with an initial pump pressure of 80 lbs. This is the reason for estimating 2400 gpm. In spite of Mr. Cushman's estimation, we feel that this well is quite satisfactory. It is powered by a 150 HP electric motor and when in use, operates for 24 hours per day.

We are enclosing our well test report and you will observe that there are two of them. At the 185 ft. level, the drillers hit a rock crevice and had some difficulty going through. The rock was approximately 11 ft. through. They then went the remaining distance through sandstone. Mr. Cushman said it was conglomerate and wouldn't need casing. His man on the rig said it was sandstone and would have to be cased. Mr. Cushman was boss, and so we agreed on 185 feet of 20-inch casing. During the first test, the sandstone all caved in and necessitated re-drilling and a 16-inch sleeve. It was not a loss, however, because it increased the water flow considerably and we feel it is still increasing. Enclosed also is a picture of the well during testing. We would appreciate the return of these reports so that we can keep them in our files.

29/38

Carl E. Tappan
Page 2
September 9, 1963

All we want to do, Mr. Tappan, is prove up on a well that we feel is without equal in this vicinity. We had people from all parts of this valley watching during the test and all stated that it was better than they had ever seen.

Very truly yours,

SORENSEN BROTHERS

Mr. Douglas Sorenson
Swan Lake,
Idaho 83281

Dear Mr. Sorenson:

We are returning your application for permit and copy, along with your check #92-273, for \$45.00, in order that you may make some changes.

You presently have Water License No. 13-2222, in the amount of 3.36 cubic feet per second, for the irrigation of 465 acres. This is a permanent water right and will retain the priority date of November 15, 1960, as long as there is never a five (5) year period of non-use of the water.

Your new application can only be submitted to bring your total water right up to 0.02 cubic feet per second, per acre, from any one source. The maximum amount that you can file this application for, if it is from the same well that is covered under your existing license, is 5.94 cubic feet per second, which when combined with your License Number 13-2222, will equal 9.3 cubic feet per second.

Please make these corrections on your new application and re-submit it to our office, along with the correct filing fee. The fee for 5.94 cubic feet per second is \$75.00. Enclosed, please find our fee schedule for your convenience.

If we can answer any questions in this matter, please feel free to contact our office.

Very truly yours,

James Booker
Appropriation Examiner

7th day of April, 1965.

RALPH W. THOMAS
Deputy State Reclamation Engineer.

(SEAL)

13 2222

This image shows a single sheet of white paper with horizontal black ruling lines. The lines are evenly spaced and run across the width of the page. There is no handwriting or printed text on the paper. A faint, light-colored triangular mark is visible near the top right corner. The bottom left corner of the paper appears slightly torn or folded.
